(a) When, on the basis of adequate investigation, the establishment shows excellent promise of efficiently training the veteran to a point of satisfactory employability in the chosen employment objective. The factors which are to be considered as constituting excellent promise of satisfactory training will include:

(1) Existence in the establishment of space, equipment, instructional material, and instructor personnel, adequate in kind, quality, and amount for the desired training in the particular case.

(2) Full acceptance by the establishment of the obligation to give training in all of the constituent parts of the training program which has been prepared for the particular veteran.

(3) Willingness on the part of the establishment to cooperate with the Veterans' Administration in the supervision of the trainee by the Veterans' Administration training officer and to execute report forms covering the trainee's attendance, performance, and progress in training.

(b) When the establishment agrees to furnish to the Veterans' Administration monthly, a statement in writing, as required by paragraph 3, section 2, Public Law 16, 78th Congress, showing wages, compensation, or other income paid directly or indirectly by the establishment to a veteran in training during the month as a wage compensation or other income.

(c) When the establishment indicates a willingness to enter into written agreement of the matters covered by paragraphs (a) and (b) of this section, by signing in duplicate an agreement captioned Agreement to Train on the Job Disabled Veterans of World War II (VA Form 7-1904).

(d) Provisions of the Fair Labor Standards Act of 1938, Public Law 718, 75th Congress, require an employer, as a statutory obligation, to pay to any person, not specifically exempt, who is suffered or permitted to work in commerce or in the production of goods for commerce, without regard to other source of income, a minimum wage of 40 cents per hour or a subminimum hourly wage rate which the Administrator of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, may approve for handicapped workers under section 14 of the act. Similarly, the Walsh-Healey Public Contracts Act, Public Law 846, 74th Congress, requires that all persons employed by a contractor on work subject thereto be paid not less than the applicable minimum wages as determined by the Secretary of Labor. When the hours of employment-training exceed 40 in any one workweek (or 8 in any 1 day, if the work performed is subject to the Public Contracts Act), the overtime provisions of the acts are applicable.

(e) When a prospective employer-trainer, as a condition precedent to his acceptance of a trainee for training on the job, indicates he will not meet the minimum wage requirements of the Fair Labor Standards Act and the Walsh-Healey Public Contracts Act, the use of such training establishment will not be favorably considered unless:

(1) Other opportunities for the desired training do not exist or are not available in the veteran's community.

(2) The trainee's disabilities preclude initial entrance into training at the minimum wage otherwise applicable.

(f) When, after investigation, the above conditions are found to exist, the chief, vocational rehabilitation and education division, is authorized to approve induction in training on the job at subminimum rates. To accomplish this purpose, the Administrator of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, has delegated to the vocational rehabilitation officers of the field stations having regional office activities authority to issue to a prospective employer a temporary certificate for each trainee valid for a period of not longer than 3 months from the date of issuance, authorizing the employment-training of a trainee at an hourly wage rate not less than 75 percent of the applicable minimum wage unless after investigation a different wage rate appears to be clearly justified. In exceptional and unusual cases, the chief, vocational rehabilitation and education division, may authorize employment-training at lower rates. A certificate, however, should not necessarily be issued at a rate as low as 75 percent of the minimum. In each case, the rate should be set at a figure designed adequately to reflect the individual trainee's earning capacity.

(g) Payments made on a piece rate basis to a trainee in training on the job must be at the rate paid nonhandicapped employees in the same occupation, but in no case less than the hourly wage rate set forth in the certificate.

§ 21.402 *Establishments-inclusion of joint apprenticeship committees.* For the purposes of Public Law 16, 78th Congress, joint labor-management committees may be recognized as training institutions when it is found that the establishments which any such committee utilizes for training are actually qualified to provide a satisfactory course of training on the basis of adequate space, equipment, and instructor-personnel and that the joint committee is performing the functions delegated to it in a satisfactory manner. (See comment regarding use of such committees under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), and § 21.412 (d)).

§ 21.403 *When to make approvals; Public Law 16, 78th Congress.* Institutions and establishments will be approved for education or training as the need develops for a definite course or courses. This does not mean that it is necessary to wait until a particular veteran is ready for induction. There must be reasonable assurance, however, that the institution or establishment will be utilized. Approval may cover any number or all of the courses or job objectives offered by an institution or establishment which it is expected will be utilized even though the need for such courses is not present at the time the proposal is made.

§ 21.404 *Approval must precede induction into training.* Trainees will not be entered into training until an institution or establishment has been approved by the Veterans' Administration.

EDUCATIONAL AND TRAINING INSTITUTIONS UNDER PUBLIC LAW 346, 78TH CONGRESS, FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C. CH. 12), TRAINEES

§ 21.412 *Institutions and training establishments for education and training-inclusion of schools, colleges, and business, industrial, and other establishments.* (a) Educational institutions will be considered as schools or colleges, as distinguished from training institutions, when that part of the institution in which the veteran is enrolled as a student is operated solely to give courses of instruction to students. Such schools and colleges may be public or private and will include those listed in paragraph 11, section 400, title II, Public Law 346, 78th Congress, as amended.

(b) Training institutions to be used for training on the job will consist of business, agricultural, and industrial enterprises, governmental agencies, educational and medical institutions, or other establishments which provide apprentice training or other training on the job, including especially those under the supervision of any State apprenticeship council, State apprenticeship agency, or Federal Apprentice Training Service, when the enrollee's course leads to the development of the desired skills and knowledges.

(c) Public Law 346, 78th Congress, as amended by Public Law 679, 79th Congress, prescribes the following with respect to "other training on the job":

(1) Any establishment desiring to undertake an on-the-job-training program will be required to submit to the appropriate State approving agency a written application setting forth the course of training for each job objective for which a veteran is to be trained.

(2) The appropriate approving agency of the State or the Administrator may approve the application of the establishment when such establishment is found upon investigation to have met or made provision for meeting the following criteria:

(i) The training content of the program is adequate to qualify the veteran for appointment to the job for which he is to be trained.

(ii) There is reasonable certainty that the job for which the veteran is to be trained will be available to him at the end of the training period.

(iii) The job is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job and not on such factors as length of service and normal turn-over.

(iv) The wages to be paid the veteran for each successive period of training are not less than those customarily paid in the establishment and the community to a learner in the same job and who is not a veteran and are in conformity with State and Federal laws and applicable bargaining agreements.

(v) The job customarily requires a period of training of not less than 3 months and not more than 2 years of full-time training.

(vi) The length of the training period is no longer than that customarily required by the establishment and other establishments in the community to provide the trainee with the required skills, and to arrange for the acquiring of job knowledge, technical information, and other facts which the trainee will need to learn in order to become competent on the job for which he is being trained.

(vii) Provision is made for related instruction for the individual veteran who may need it.

(viii) There is in the establishment adequate space, equipment, instructional material, and instructor personnel to provide satisfactory training on the job.

(ix) Adequate records are kept to show the progress made by the veteran toward his job objective, and a periodic report showing the conduct and progress made in the course of training on the job will be provided for the Veterans' Administration.

(x) Appropriate credit is given the veteran for previous job experience, whether in the military service or elsewhere, his beginning wage adjusted to the level to which such credit advances him and his training period shortened accordingly. No course of training will be considered bona fide if given to a veteran who is already qualified by training and experience for the job objective.

(xi) A copy of the training program as approved by the State agency is provided to the veteran and to the Veterans' Administration by the employer.

(xii) Upon completion of the training, the veteran is given a certificate by the employer indicating the length and type of training provided and that the veteran has completed the course of training on the job satisfactorily.

(d) The Administrator has determined that joint apprenticeship committees or similar labor-management committees may be recognized as educational or training institutions within the meaning of paragraph 4, Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), provided the appropriate agencies of the States in which such committees function have so recognized them.

(1) Whenever in a given craft a joint labor-management committee has been charged with the responsibility for controlling the training of persons in standard apprentice courses, such committee may be considered to be the training institution provided it has been approved by the appropriate State agency. The committee's assigned responsibility may include the acceptance of an applicant for apprenticeship training, the determination of the establishment or establishments in which the training is to be provided, the arranging for the placement of the applicant in the chosen establishment, the determination that the establishment provides the prescribed course in accordance with the accepted standards, and that the applicant continues diligently to apply himself to the course and efficiently to accomplish its purposes. The existence of such an arrangement presumes that it is with the full agreement of management and labor and that the arrangement has become the accepted means through which all applicants are started on and carried through a standardized course of apprentice training.

(2) As a rule, such joint committees do not actually give education in the strict sense of the term since the education is being provided by business establishments. It may be presumed for the time being, however, that the appropriate agencies of the respective States will have determined in advance that each joint committee which it approves is actually performing the functions for which it was established in an efficient manner and is arranging for training in establishments which are adequately equipped and staffed to provide complete and well-rounded courses of instruction. It is on this assumption that the Administrator determined that joint apprenticeship committees may be recognized as qualified and equipped to provide suitable training to veterans under Public Law 346, 78th Congress, as amended, in those States in which recognition has been granted.

APPLICATION OF THE PROVISIONS OF THE SERVICEMEN'S READJUSTMENT ACT, TITLE II, AS AMENDED BY PUBLIC LAW 377, 80TH CONGRESS, APPROVED AUGUST 6, 1947

§ 21.413 *Policy governing approval of institutional on-farm courses.* (a) The appropriate agency of the State shall determine whether an educational or training institution is qualified to furnish institutional on-farm training and whether the courses which such institutions furnish are in accordance with the standards prescribed in Public Law 377, 80th Congress. Authority given the Administrator to approve institutions initially will be exercised only under extraordinary circumstances.

(b) A list of the training institutions approved by the appropriate agency of the State together with the courses of instruction approved by the appropriate agency of the State will be transmitted by such agency to the Manager of each regional office of the Veterans' Administration in the State. An appropriate certified statement that institutions and courses approved prior to September 1, 1947, comply with Public Law 377 will be acceptable.

(c) The State approving agency shall be responsible for assuring that all courses for institutional on-farm training which have been approved continue to meet the requirements of Public Law 377, and, when the agency finds that such courses do not meet the requirements of such law, it will notify the Veterans' Administration immediately in order that subsistence allowance and tuition payments for any veteran pursuing such course may be discontinued effective as of the date of such finding by the State approving agency. Where it is found by a Veterans' Administration Manager that the State approving agency fails to discontinue a course which does not meet the requirements of Public Law 377, the manager shall take immediate action to discontinue subsistence allowance and tuition payments in the case of any veteran pursuing such a course.

(d) The term "farm or other agricultural establishment" shall mean those places where the farm is operated for the purpose of raising and harvesting fruits and vegetables and crops and/or the breeding and management of poultry and livestock. Training which is given on farms as herewith defined shall be classified as institutional on-farm training and such training shall conform to the provisions of Public Law 377. Institutional on-farm training will not apply to training in those establishments which are engaged exclusively in either the processing, distribution, or sale of agricultural products, or combination thereof, such as dairy processing plants, grain elevators, packing plants, hatcheries, stockyards, and florist shops. These must qualify under Public Law 679, 79th Congress.

(e) The approved institution which is offering the approved course of institutional on-farm training in accordance with the provisions of Public Law 377 shall permit only those veterans to enter such courses where it finds and reports to the Veterans' Administration:

(1) In the case of the veteran who performs part of his course on a farm under his own control:

(i) That the farm is properly equipped.

(ii) The size and quality of the farm is such that it will be a satisfactory facility for his training and productive enough to insure the trainee an income sufficient under normal conditions for reasonable living at least by the end of the training program.

(iii) The course meets the particular needs of the individual veteran in the type of farming for which he is training, for proficiency in planning, producing, marketing, farm mechanics, conservation of resources, food conservation, farm financing, farm management, and the keeping of farm and home accounts.

(iv) That the veteran is assured control of such farm at least until the completion of his course.

(2) In the case of the veteran who performs part of his course as the employee of another:

(i) That the farm is properly equipped.

(ii) That the farm is of a size and character which will occupy the full time of the veteran and permit instruction in all aspects of the management of a farm of the type for which the veteran is being trained.

(iii) That the course meets the particular needs of the individual veteran in the type of farming for which he is training, for proficiency in planning, producing, marketing, farm mechanics, conservation of resources, food conservation, farm financing, farm management, and the keeping of farm and home accounts.

(iv) That his employer has agreed to instruct him in various aspects of farm management in accordance with the training schedule developed for the veteran by his instructor working in cooperation with his employer.

(f) No course of institutional on-farm training will be approved for a veteran who is already qualified by training and experience for the course objective.

(g) The duration of an approved course shall be as long as, but no longer than, necessary to attain the objective of the course outlined to meet the particular needs of the individual veteran. (The 2-year limitation of Pub. Law 679 does not apply to training under this program.)

(h) A course of institutional on-farm training shall provide for continuous training for the duration of the course and shall be pursued on a full-time basis as defined by Public Law 377.

(i) The approved institution offering the approved course of institutional on-farm training shall be responsible for supervising the veteran while in training and evaluating his accomplishments and for determining and notifying the Veterans' Administration immediately when the veteran-trainee's conduct or progress is not satisfactory, such as to raise a question as to the desirability of his continuance as a trainee or when the veteran ceases to be in attendance.

(j) A veteran who has applied for a course of institutional on-farm training shall not be permitted to begin his course for the purpose of receiving subsistence allowance or the payment of tuition until his individual course which meets his needs has been outlined and approved by the approved school; nor will the veteran be permitted to enter a class which has already been organized and the course of instruction has begun unless the approved institution is satisfied that the veteran will be able to complete the approved course, and not impede the progress of other trainees, in the time allotted to such class.

(k) The number of veterans who may be processed into training under a self-proprietorship or self-control arrangement on a single farm ordinarily will be limited to one. However, in a particular case, where an approved training institution and the Veterans' Administration have found that conditions are so highly favorable as to assure the success of two veterans for training and subsequent self-employment on the same farm, two, but not more than two, may be processed into or continued in training on a single farm: *Provided*, The training situation with reference to each veteran meets in every respect the criteria set forth in Public Law 377, 80th Congress, and this section: *And provided further*, That there is furnished documentary evidence that the two veterans have entered into a bona fide partnership agreement which provides for equal authority between the partners in the management and operation of the farm. Under no circumstances will a veteran be processed into training as an employee-trainee on the farm of another person who is himself enrolled as a trainee. Where it is proposed to train more than one veteran on a farm under an employer-trainer or where the employer-trainer is a near relative, the institution should exercise extreme care to determine that a bona fide training situation will exist for the individual veteran.

(l) A veteran who pursues a course of institutional on-farm training shall be entitled to that leave which the approved institution grants to other students but not in excess of 30 days provided such leave does not interfere with the progress of the trainee. No attendance reports need be made to the regional office.

§ 21.414 *Application.* A veteran desiring to elect a course of institutional on-farm training shall fill out VA Form 7–1921, Application for Course of Institutional On-Farm Training, and transmit such application to that institution which has been designated by the appropriate agency of the State responsible for offering institutional on-farm training courses in his locality. Upon receipt of this application, this institution will determine the course of training which the veteran needs and the type of farming for which he needs training after giving due consideration to the size and character of his farm. The institution will indicate its approval on this form and transmit it through channels designated by the State approval agency to the proper regional office of the Veterans' Administration. Upon the receipt of this form by the Veterans' Administration, it will determine whether the veteran meets the eligibility requirements of Public Law 346, as amended, and, if the veteran is eligible, the Veterans' Administration will notify the institution through the channels designated by the State approval agency of the beginning date of his subsistence allowance and the period of his entitlement. The effective date of entrance into training will be that date on the application certified to by the approved institution as the beginning date of his course. If the veteran fails to begin the approved course of training, the institution will report this fact to the regional office of the Veterans' Administration through the channels designated by the State approval agency in order that subsistence allowance may not be paid to the veteran.

§ 21.415 *Review.* (a) All veterans who are now pursuing institutional on-farm training courses under Public Law 346, 78th Congress, will be required to fill out VA Form 7–1921 in accordance with the procedure outlined in § 21.414 in order to determine whether such courses which are now being pursued are in accordance with the provisions of Public Law 377, 80th Congress, or this may be done by blanket certification by the approving agency or approved institution for all cases which on September 1, 1947, conform to the provisions of Public Law 377.

(b) In those States having or instituting approved institutional on-farm training courses, all courses in on-the-job farm training must be reviewed by the appropriate agency of the State in order to determine that such courses are in accordance with the provisions of Public Law 377 and certification made by the approved institution that such courses have been approved by the appropriate agency of the State as meeting the provisions of Public Law 377. If, in any individual case, such course cannot be made to comply with the requirements of Public Law 377, it may nevertheless be pursued to completion under the provisions of Public Law 679, 79th Congress; but in no event will new enrollments in such States be made in farm training except in accord with the provisions of Public Law 377 and these regulations. The review required in this paragraph and certification to the Veterans' Administration must be accomplished as soon after September 1, 1947, as is possible but in no event later than January 1, 1948.

(c) In reviewing the cases of veterans now pursuing courses of institutional on-farm training or on-the-job farm training, the provisions of § 21.413 (d) will be applied.

EDUCATIONAL AND TRAINING INSTITUTIONS

§ 21.418 *Approval and disapproval of educational institutions and business or industrial establishments by State approving agency or Administrator.* Institutions and establishments in which education or training is provided must be approved by the appropriate State approving agency in which they are located, or by the Administrator of Veterans' Affairs, as being qualified and equipped to furnish education or training in accordance with Public Law 346, 78th Congress, as amended.

(a) The appropriate State approving agency, or agencies, designated by the governor will have sole authority to approve educational or training institutions within its State, other than Federal agencies and establishments and except as provided in paragraph (b) of this section.

(b) Authority given the Administrator to approve additional educational or training institutions will be exercised only under extraordinary circumstances. In requesting the Administrator's approval of such institutions or establishments, the manager will submit a report through the branch office setting forth the circumstances necessitating the request and showing that a complete investigation has been made which indicates that the institution is qualified and equipped to offer the desired courses in accordance with the standards set up for approving a training facility for use under Public Law 16, 78th Congress, and that in the case of "other training on the job," the establishment meets the requirements of Public Law 679, 79th Congress. The branch office will forward the report to the Assistant Administrator for Vocational Rehabilitation and Education, Washington 25, D. C., together with the recommendation of the branch office relative to approval or disapproval.

(c) When the manager of a Veterans' Administration regional office receives a notice from a State approving agency that a course of training or an institution or establishment in which veterans are enrolled has been removed from the approved list by the State approving agency, prompt action will be taken as follows:

(1) Where the disapproval is of a school:

(i) The manager will request a statement from the state approving agency as to the reasons for the removal of the institution from the approved list and determine whether there is a likelihood that such institution will be reapproved within a reasonable length of time.

(ii) The chief, training facilities section, will assign a training facilities officer or cause a qualified employee to visit the institution for the purpose of determining whether the evidence indicates a definite intention and effort on the part of the institution to correct the inadequacies which necessitated revocation of its approval as well as the ability of the institution to correct such inadequacies within a reasonable length of time.

(iii) The manager will, upon recommendation of the chief, vocational rehabilitation and education division, set a specified date, not to exceed 60 days from the date of revocation of approval, after which no further payments by the Veterans' Administration are to be made to the institution or to the veterans in training therein, unless reapproval is received in the Veterans' Administration regional office by the expiration date.

(iv) The manager will submit a full report to the deputy administrator on the action of the State approving agency. The deputy administrator will forward the report to the Assistant Administrator for Vocational Rehabilitation and Education, Veterans' Administration, Washington 25, D. C., and when conditions warrant such action, the deputy administrator will request the Administrator's authority to continue subsistence allowances and other payments, if any, beyond the 60-day period.

(v) The institution will be notified by letter that the Veterans' Administration

will discontinue all payments to the institution as of the expiration date unless a notice of reapproval from the State approving agency is received in the Veterans' Administration regional office by the expiration date.

(vi) Each veteran in training in the institution will be notified by letter that payments to him by the Veterans' Administration will terminate as of the expiration date unless he effects a transfer to an approved institution or establishment by the expiration date or unless a notice of reapproval from the State approving agency is received in the Veterans' Administration regional office by the expiration date.

(vii) In the event the institution is also approved for training under Public Law 16, the manager will determine whether the Veterans' Administration will revoke its approval of the institution, and if such action is taken, the institution and each Public 16 veteran in training therein will be notified of such action and every effort will be made to effect the prompt transfer of each veteran to another approved institution offering the same course of training so that the training of each veteran may be continued without interruption.

(2) Where the disapproval is of a training-on-the-job establishment:

(i) The same procedure will be followed as in the case of institutions when the revocation of approval by the State approving agency is based upon reasons other than failure to meet the criteria of paragraphs 11 (b), 1 and 2, Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12). (See § 21.412 (c).)

(ii) Each veteran enrolled in the establishment will be notified that, in view of the revocation of approval by the State approving agency, the Veterans' Administration will discontinue all payments to the veteran unless he effects immediate transfer to an approved institution or establishment.

(iii) When the revocation of approval by the State approving agency is based upon failure to meet the criteria of paragraphs 11 (b), 1 and 2, Veterans' Regulation 1 (a), as amended, the provisions of paragraph 11 (b), 3 of that law will apply.

§ 21.419 *Relation to State approving agency.* "No department, agency, or officer of the United States, in carrying out the provisions of this part, shall exercise any supervision or control, whatsover, over any State educational agency, or State apprenticeship agency, or any educational or training institution, * * *" (Veterans' Regulation No. 1 (a), as amended by paragraph 8, Part VIII, title II, Pub. Law 346, 78th Cong.). Therefore, no supervision or control may be exercised by any representative of the Veterans' Administration over any State approving agency. In all dealings with State approving agencies, Veterans' Administration personnel will refrain from any intimation which may be construed as an attempt to supervise or control the agency.

(a) Cooperation, when requested, will be given State approving agencies by Veterans' Administration branch and regional office personnel wherever possible. Such information as may be desired by the State approving agency concerning any educational or training institution and any standards being used in connection with selecting training facilities under Public Law 16, 78th Congress, will be supplied upon request. It must not be assumed by the State approving agency, however, that the Veterans' Administration will be responsible for approving such institutions under Public Law 346, 78th Congress, as amended.

(b) Full information concerning the inadequacy of any approved institution or establishment which has been called to the attention of the manager will be immediately presented to the appropriate State approving agency and the branch office for whatever action it or the branch office deems desirable.

§ 21.420 *Extent of supervision of schools or colleges.* (a) Pursuant to the terms of Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), schools and colleges being utilized for purposes of education or training will not be subject to any supervision or control whatsoever by the Veterans' Administration. It is presumed and expected that the designated State approving agency will approve only such institutions as are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current inspection, well-established service, and reputation to furnish effective education and training. It is also presumed that approved institutions will accept only veterans who are qualified to pursue the courses they select. It is also presumed that the State approving agencies themselves will maintain such supervision over approved institutions as may be needed.

(b) Representatives of the Veterans' Administration, as required by law, will carefully refrain from assuming any responsibility for any training program elected by a veteran enrolled under authority of title II, Public Law 346, 78th Congress, and from overseeing or directing any of the practices of any school or college insofar as they relate to a veteran enrolled under that law. However, assistance of an advisory nature may be given when requested by the institution.

(c) The following will not be considered as supervising or controlling the institutions:

(1) Requests for information concerning the component parts of a course offered by a school or college.

(2) Obtaining such information as is necessary to determine whether an institution is qualified or equipped to furnish training.

(3) Determination of wages or salaries to be paid.

(4) Determination as to adequacy of space, equipment, and instructional personnel.

(5) Verification of charges made by the institution to the Veterans' Administration.

§ 21.421 *Related training taken in another regional area when claims and R&E folders are located in regional office having jurisdiction over principal trainer.* (a) When a veteran in training under Public Law 346, 78th Congress, takes related training in an adjacent area of another regional office, the claims folder and the R&E folder will be retained in the regional office having jurisdiction of the area in which the principal trainer is located. The training facilities section in the regional office having jurisdiction over the area in which the principal trainer is located, upon notification by the registration and research section, will determine whether the institution at which it is proposed to give a related instruction is approved by the appropriate State-approving agency. If no evidence of such approval is available, the training facilities section in the regional office having jurisdiction over the principal trainer will request the training facilities section in the regional office having jurisdiction over the secondary trainer to determine whether the secondary institution has been approved or disapproved by the appropriate State agency. If the secondary institution has never previously been approved or disapproved by the State agency, the training facilities section will take such measures as necessary to initiate State agency survey and decision and any required contractual arrangements. A certification as to the approved or disapproved status of the secondary trainer will be provided by the training facilities section in the secondary regional office to its counterpart in the regional office having jurisdiction of the principal trainer.

(b) When it is determined that the institution which is to provide the related instruction is approved as a trainer, the training facilities section will notify the registration and research section of this fact. The registration and research section thereupon will issue the necessary authorizing letters in accordance with the regulations in this part. VA Form Letter 7–15, which authorizes enrollment of the veteran in related instruction, will be amended to include the following phrase: "Vouchers, reports of progress, and all correspondence will be forwarded directly to the above regional office of the Veterans' Administration."

(c) The regional office having jurisdiction over the area in which the principal trainer is located will have responsibility for the training of the veteran and for the payment, if any, for the related instruction. Where payment is to be made, this regional office will secure a photostatic or certified copy of the contract with the institution or a copy of its catalog that shows the rates which the Veterans' Administration will be required to pay. The regional office having jurisdiction over the institution which provides related instruction will be required only to perform such checking and notification as to the approved status of the secondary institution as is described above and to conduct such supervision contacts as may be requested by the regional office having jurisdiction over the principal trainer.

(d) When a veteran in training under Public Law 16, 78th Congress, is provided related training in an adjacent area of another regional office, payment for the related training will be made in accordance with the procedures prescribed in

paragraph (c) of this section, insofar as they are applicable.

TRAINING IN FEDERAL AGENCIES FOR PARTS VII AND VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C. CH. 12), TRAINEES

§ 21.425 *Policies and regulations.* In accordance with the Veterans' Administration Administrator's Decision 576, August 7, 1944, "Authority for Vocational Training On-the-job in Federal Agencies With and Without Compensation," authority for the vocational training of veterans under both Public Laws 16 and 346, 78th Congress, by Federal agencies is permitted.

AUTHORIZATION FOR PAYMENT OF ALLOWABLE EXPENSES OF EDUCATION AND TRAINING FOR PARTS VII AND VIII, VETERANS REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES

§ 21.433 *Payment to institutions.* The manager of a Veterans' Administration regional office is authorized to pay the approved institution for each eligible veteran enrolled therein for a full-time or part-time course of education or training, the proper charge for tuition and incidental fees or other allowable expense, and for such books, supplies, and equipment issued to the trainee, as are generally required for the successful pursuit and completion of the course by other students in the institution for the period covered by the properly certified voucher or invoice, subject to the provisions of §§ 21.442 through 21.448 for part VII trainees, and §§ 21.468 through 21.476, 21.484, 21.485, 21.493 through 21.495, 21.503 through 21.520, 21.529, 21.531, 21.539, 21.540, 21.548, 21.549, and 21.557 through 21.559, for part VIII trainees.

§ 21.434 *Payment to other than institutions.* The manager is authorized to pay for certain services rendered by other than an institution for Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainees when such services are authorized as a part of the prescribed vocational rehabilitation program for such Part VII trainees. Ordinarily such services will be covered by a separate contract. (See §§ 21.457 through 21.460.)

AMOUNTS PAYABLE FOR VOCATIONAL REHABILITATION OF PART VII, VETERANS REGULATION 1 (A), AS AMENDED (38 U. S. C. CH. 12), TRAINEES

§ 21.442 *Authority.* The provisions of Public Law 16, 78th Congress, as amended, permit the payment of any expenses necessary to accomplish the vocational rehabilitation of a Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainee.

§ 21.443 *Basis of payments for residence courses—(a) Tuition and fees.* Contracts covering courses of vocational rehabilitation for Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees shall provide for payments based on the charges customarily made other students pursuing the same courses, except as follows:

(1) The amount to be paid for Part VII trainees shall not exceed the amount determined as fair and reasonable and payable for Part VIII, Veterans' Regulation 1 (a), as amended, trainees where such determination is required for Part VIII trainees.

(2) A contract with a nonprofit institution, which is exceeding its normal program and is required to furnish additional facilities, personnel, or supplies to provide education and training for Part VII trainees, may provide for payment of tuition on one of the following bases (see § 21.446):

(i) $15 a month, $45 a quarter, or $60 a semester.

(ii) An amount equivalent to the nonresident fee of the institution.

(iii) Estimated cost of teaching personnel and supplies for instruction determined in accordance with the provisions of § 21.531.

Payment for Part VII trainees may not exceed the amount payable for Part VIII trainees enrolled in the same course and receiving the same services.

(3) Optional fees for services not required to be paid by all students may be paid for Part VII trainees if the services covered by such fees are considered by the manager to be necessary for the vocational rehabilitation of the trainee. (Such optional fees are not authorized for Part VIII trainees.)

(4) The full cost of any special services or courses furnished at the request of the Veterans' Administration may be paid.

(b) *Books, supplies, and equipment.* (1) Books, supplies, and equipment required to be owned personally by other students pursuing the same course will be furnished trainees through arrangements with the institution or by the Veterans' Administration direct. (See §§ 21.539 and 21.540 for detail instruction.)

(2) Ten-percent compensation for handling and issuance of books, supplies, and equipment. (See §§ 21.539 and 21.540.)

CROSS REFERENCES: *Rates for flight training.* (See §§ 21.601 to 21.612.)

Rates for correspondence courses. (See §§ 21.625 to 21.628.)

§ 21.446 *Adjustment of tuition payments to nonprofit educational institutions—(a) Administrator's decision.* Pursuant to the provisions of Administrator's Decision 711, June 22, 1946, an institution which finds it necessary to exceed its normal budgetary program to enable it to furnish additional facilities, such as teaching personnel and instructional supplies in order to accept veterans under Public Law 16, 78th Congress, may be paid a rate of tuition that will enable the institution to furnish such facilities.

(b) *Application.* An institution desiring an adjustment of its customary tuition charges for the education or training of veterans under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), will be required to submit a letter signed by the president of the institution to the manager of the regional office of the Veterans' Administration having jurisdiction over the territory in which the institution is located requesting such an adjustment and giving the following information:

(1) Total enrollment of students receiving resident instruction for the school year 1939–40 compared with the estimated enrollment for the school year 1946–47 or the year for which the adjustment is requested.

(2) Lump-sum total instructional expenditure for the school year 1939–40 compared with the same budget for the school year for which the adjustment is requested.

(3) A statement that payment over and above customary charges is required to enable the institution to furnish the additional facilities necessary to accommodate veterans under Part VII.

(4) The date on which it is proposed to make the adjustment effective.

(c) *Additional facilities.* If the above information shows that the institution is exceeding its normal program and is being required to furnish additional facilities, personnel, or supplies which are required for veterans under Part VII, the manager of the regional office is authorized to contract for such additional facilities and, if the nonprofit institution is not willing to furnish same for the customary tuition charges, to provide for payment of tuition on one of the following bases that is acceptable to the institution:

(1) $15 a month, $45 a quarter, or $60 a semester.

(2) An amount equivalent to the nonresident fee of the institution.

(3) Estimated cost of teaching personnel and supplies for instruction determined in accordance with the provisions of § 21.531.

(d) *Increased tuition charges.* The payment of increased tuition charges to a nonprofit institution for veterans enrolled under Part VII, as herein provided, will be limited in the case of each individual veteran to the amount payable for the veterans under Public Law 346 for the same services in the same courses. This provision does not affect the authority under § 21.443 (a) (4) to pay the full cost of special services rendered by institutions for Part VII trainees at the request of the Veterans' Administration, as these are not included in such limitations.

(e) *Contracts and effective date.* Contracts under the provisions of paragraph (c) of this section may be made effective with the first term, quarter, or semester, beginning subsequent to the date a formal request for such an adjustment is received in the regional office. In consideration of the additional facilities to be furnished, an existing contract on the basis of customary charges covering terms, quarters, or semesters for which a prospective adjustment is requested may be modified by a supplemental contract, effective prospectively, to provide payment of tuition on one of the bases set forth in paragraph (c) of this section.

§ 21.447 *Limitations on payments.* The following are limitations on amount of payments to institutions or establishments:

(a) Institutions furnishing apprentice or other training on the job, including business or other establishments, and Government agencies, may not be paid tuition or incidental fees for such train-

ing. (See §§ 21.539 and 21.540 for books, supplies, and equipment.)

(b) When more than one standard charge is made for the same service, the Veterans' Administration will pay the lowest price for the entire course, semester, quarters, or term which is offered or published.

(c) When the total cost of instruction is paid from Federal funds, or when a portion of the cost is covered by grants from the Federal Government, i. e., Smith-Hughes or other laws, due consideration to such subsidy will be given in determining the charge to the Veterans' Administration.

(d) Consideration of special features in § 21.448 may result in limitations.

§ 21.448 *Special conditions.* Some special conditions under which amounts payable may have to be determined are as follows:

(a) *Payment on behalf of a veteran who receives a fellowship, scholarship, grant-in-aid, assistantship, or similar award in complete or partial payment of either tuition or fees, or both.* Payment on behalf of a veteran who receives a fellowship, scholarship, grant-in-aid, assistantship, or similar award in complete or partial payment of either tuition or fees, or both, will be made in accordance with the following:

(1) Awards which constitute a waiver of either tuition or fees, or both, will reduce to the extent of the award the amount of either tuition or fees, or both, for which the Veterans' Administration will be responsible.

(2) Awards which are not paid in cash will reduce to the extent of the award the charges for which the Veterans' Administration will be responsible, except that awards which are made specifically for the purposes of defraying the cost of room and board in dormitories will be disregarded.

(3) Awards which are paid in cash may be retained by the veteran and not be deducted from the charge for tuition and other fees ordinarily payable by the Veterans' Administration.

(4) Waivers of tuition and fees provided under law by States or other Government authority will be utilized, and the charges which the Veterans' Administration will pay on behalf of veterans eligible thereunder will be reduced in accordance with such waivers.

(b) *Enrollment fees.* The Veterans' Administration may pay a registration or enrollment fee which will reimburse an institution for services in connection with registering a veteran at an amount sufficient to cover the reasonable expense of registration.

(c) *Breakage fees.* See § 21.576 (d) (1) (iii).

(d) *Tutoring for Part VII, Veterans' Regulations 1 (a) as amended (38 U. S. C., ch. 12), trainees.* Payment may be made for tutoring under Part VII when it is indicated that, in order for a veteran to be successfully rehabilitated, there is need for special assistance beyond that given to other students pursuing the same or comparable courses. This policy is based on the fact that under Part VII the Veterans' Administration has a definite responsibility to restore employability lost by a handicap due to service-incurred disability.

(e) *Reader service.* (1) When reader service is prescribed for the successful pursuit of a course of vocational rehabilitation for a veteran with visual impairment, such service may be furnished in accordance with Veterans' Administration policy and procedure.

(2) The regional manager is authorized to procure needed reader service for trainees under Part VII, as amended, through the execution of written contracts on VA Form 1903, Proposal for Vocational Rehabilitation Training Under Public Law 16, 78th Congress, with schools in which such veterans are following courses of vocational training; or, if the school is unable to provide adequate service, the manager is authorized to execute such contracts with individuals who adequately meet the qualifications indicated in subparagraph (6) of this paragraph or agencies which commonly provide satisfactory reader service.

(3) Where reader service for a veteran in school training is provided by the school as mentioned in subparagraph (2) of this paragraph, provisions for this service may be included in the general contract with the school or in a supplemental contract (in accordance with the provision in § 21.577.)

(4) Trainees with visual impairment who are in training on the job will be provided with reader service only when study is required in connection with their training and when the need for such assistance is established. The regional manager is authorized to procure the needed reader service for such trainees through the execution of written contracts on VA Form 1903 with individuals who adequately meet the qualifications indicated in subparagraph (6) of this paragraph or with agencies which commonly provide satisfactory reader service.

(5) In each contract involving reader service, the rate of payment per hour and the maximum number of hours per week of necessary reader service should be stated under paragraph "Second" of VA Form 1903, with provision for reducing the number of hours when requirements may be met with a reduced amount of service. It should also be stipulated that payment will be made only for the hours of service actually rendered. The rate per hour for reader service may vary from one community to another, but the hourly rate for such service will not exceed the rate generally paid in the community for reader service for a nonveteran student with visual impairment. The number of hours of service in each case will be determined by the amount of reading necessitated by the course. For school training, the criterion of 2 hours of reading service per week for each credit hour may be utilized as a general guide in estimating the amount of reader service required.

(6) The suitability of any prospective reader with regard to personality, background of education, and experience should be scrutinized to determine that the reader is a person who has some insight into the problems of a newly blinded adult and who can provide, as an incidental part of his work, assistance to the trainee in becoming oriented to the school or training establishment. A reader for a veteran in training on the job should be an individual whose vocational interest lies in the occupational field in which the veteran is being trained. For the school trainee, a superior student taking the same courses as the veteran usually can provide excellent reader service. If such a student is not available, an upper-class student or a graduate student studying in the same major field as the veteran should be satisfactory. In order that the quality and quantity of the service may be adequate in different subjects, in some instances it may be advisable to provide more than one reader for the trainee. A member of the trainee's family should not be employed as a reader unless it is impossible to obtain satisfactory service through any other source.

(7) The functions of a reader should be more than simply to read mechanically. His services should serve a twofold purpose:

(i) To read printed material with a degree of intelligence commensurate with the importance of the subject matter.

(ii) To test the veteran's understanding of what has been read.

(f) *Hard of hearing and deafened veterans.* Where specialized education such as lip reading, speech and voice correction, training in speech and voice retention, and acoustic training is required as an integral part of the training program for a hard-of-hearing or deafened veteran, contractual arrangements may be made not only with institutions but also with individuals who are qualified in the special fields and have properly equipped facilities for training. Hard-of-hearing and deafened veterans, for whom on-the-job training is prescribed under Part VII may also be provided with specialized education. It is desirable that all services be procured from the institution in which the veteran is enrolled for education or training. However, if adequate instruction in specialized education cannot be obtained in the institution in which the veteran is enrolled, the services of another institution or of an individual teacher or teachers may be provided by separate contracts.

(g) *Payments for equivalency examinations.* An equivalency examination is one in which qualified students by previous study or experience have gained the information to be derived from the pursuit of a subject and may, by taking an examination, gain credit for an elective or required college subject or unit course without actually studying the subject at the institution. Such an equivalency examination in the required or elective subject is given to students enrolled in the institution who request college credit for these subjects; if the student successfully passes the credit examination, he is given credit for the subject toward a degree and is not required to pursue that particular subject or unit course at the institution. When a veteran is entitled to benefits under Public Law 16, the fees for an equivalency examination may be paid by the Veterans' Administration if such examination is prescribed by the Veterans' Administration as a necessary part of the veteran's rehabilitation program.

(h) *Payments of expenses for required degree thesis.* (1) If a manager of a regional office determines that the cost of typing, printing, microfilming, or otherwise reproducing the minimum required number of copies of a required degree thesis is an essential part of the course of training required to restore employability of a Public Law 16 trainee, such expense may be authorized.

(2) Such research expense as is generally considered essential for completing a thesis may be paid when the research work is an integral part of the course leading to the granting of a degree and the appropriate official of the institution (the veteran's committee chairman, "major" professor, department head, or appropriate dean) certifies that such expense is required in order to complete the course which requires the preparation of a thesis.

(3) Arrangements should be made with institutions to provide for furnishing of the services as indicated above, or to have invoices charged to and paid by the institution so that payment may be effected in a manner similar to that followed in connection with books and supplies. The institution should furnish an estimate of the cost at the time the veteran is enrolled in the course. Such cost must be reasonable and not in excess of the cost generally required to be incurred and paid by other students for the same services or items.

(4) The contract with the institution must include provision for payment for such services and, if the original contract does not include provision for payment for such services and it is determined that such services are necessary for the rehabilitation of Part VII trainees, contracts should be supplemented to cover payment for such services.

§ 21.449 *Medical services for Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees.*—(a) *Purpose.* Where satisfactory arrangements for Part VII trainees can be made with the school, contracts for education and training should also provide for the furnishing, or arrangements for furnishing, medical and hospital care for illnesses of relatively short duration. Such medical service and hospital care may be provided for by the institution through payment of a student health fee customarily charged to all students, or arrangements may be made by the institutions with doctors and hospitals in the immediate area where complete services are not available in the school-owned and operated facilities. Section 21.253 (a), relative to medical treatment of trainees receiving vocational rehabilitation, refers particularly to considerations incident to supervision by the training officer and to treatment necessary to prevent interruption of training. In cases where it is necessary to interrupt the training of the veteran for an extended period because of illness, consideration should be given to transferring him to a Veterans' Administration hospital. Managers of the regional offices should establish a procedure whereby the institutions would notify promptly the regional office having jurisdiction over Veterans' Administration activities in the area in which the institutions are located of the veteran's illness or injury in order that arrangements may be made for medical service in a Veterans' Administration field station.

(b) *Availability of medical service.* Contract officers will, in their contract negotiations with educational institutions for education and training under Part VII, determine the nature and extent of medical service which is available to students at the institutions upon payment of a health fee and additional allowable fees or other charges; and will provide in the contract for the furnishing of medical treatment and hospital care to veterans for illnesses of relatively short duration. Where an institution is in position to furnish medical service and hospital treatment upon payment of additional fees and charges which are not covered by the health fee or where the institution can arrange with a hospital which is not connected with the institution to furnish the service for its students, the contract should be supplemented to include provision for such available service. In those cases where the records of the institution do not distinguish between Public Law 16 veterans and Public Law 346 veterans, the manager should provide the institution with a list of disabled veterans who are entitled to medical service.

(c) *Determination of fee rate payable.* The Department of Medicine and Surgery, Veterans' Administration, has negotiated contracts with virtually all States to furnish outpatient treatment to veterans with service-connected disabilities and has negotiated contracts with a number of State associations to furnish hospital care. Where it is contemplated that a contract will be negotiated with an institution to include medical and hospital services for Public Law 16 veterans, the regional office will ascertain from the division of medicine and surgery whether there is a medical contract covering the area in which the institution is located. Where such a contract exists, the fees established in the Public Law 16 contract negotiated by the regional office for medical service and the charges for hospital services furnished outside of the regular services covered by the health fee will not exceed the charges negotiated by the Department of Medicine and Surgery. Customary charges will be paid to the institution for the services covered by the regular health fee. In those cases where the Department of Medicine and Surgery does not have a contract covering medical treatment and hospital care, the charges for such service will be checked with the division of medicine and surgery to determine that they are not in excess of the general rates being approved for such services by that division.

(d) *Treatment by fee physicians.* In those cases where contractual arrangements cannot be made with educational institutions but where the institution designates a physician or physicians to whom students are referred for treatment, the regional offices will arrange with the institution to have disabled veterans report to the institution's health officer for assignment to designated physicians for treatment or referred to designated hospitals for hospitalization. In such cases, the fees for medical services and charges for hospital services shall not exceed charges provided for in contracts negotiated by the division of medicine and surgery, and, where the medical division does not have a contract, the charges for medical and hospital services will not exceed the charges approved for such services by the division of medicine and surgery.

(e) *No certification from medical division required.* No certification is required from the division of medicine and surgery for medical services provided Part VII trainees under VR&E contracts or through arrangement made by VR&E with the institutions for fee physicians and hospital care, as these services are separate and distinct from any medical services to which veterans may otherwise be entitled under the jurisdiction of the division of medicine and surgery.

(f) *Voucher preparation.* The institution which provides medical services other than those covered by the health fee of the institution or by special arrangements with outside individuals or organizations will be required to submit to the regional office an itemized voucher each month showing the name and C-number of each trainee, the nature and date of services, and fees charged.

FEES AND EXPENSES PAYABLE UNDER PART VII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TO OTHER THAN THE EDUCATIONAL AND TRAINING INSTITUTION

§ 21.457 *Administrator's Decision 557.* Administrator's Decision 557, March 7, 1944, expressly authorizes payment of certain fees or expenses for Part VII Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees payable to other than educational or training institutions in which the trainee is enrolled.

(a) Fees charged by a State or political subdivision in connection with licensing a trainee to engage in a particular occupation may be authorized under the provisions of Public Law 16, 78th Congress, as reasonable incidents of the rehabilitation of the trainee necessary to make him employable in the vocation for which he is trained.

(b) The cost of transportation incident to the taking of the required examination for a license is an incident of the program to attain employability and may lawfully be paid.

(c) Other fees required by law as a condition to the practice of a profession are exactions conditioning the practice of the profession or vocation, as distinguished from preparation for or admission to practice, and are not payable by the Veterans' Administration as a part of the training expense.

(d) Fees and other charges which are not prescribed by law, but by non-government organizations, such as initiation fees required to become a member of a labor union and the dues necessary to maintain membership in the unions, which are incident to training on the job may be paid, provided there are no fa-

cilities feasibly available whereby the necessary training can be accomplished without paying such charges as a necessary incident of the training.

(e) Union initiation fees and membership dues required to begin work following completion of training are not payable as a necessary part of preparation for employment.

§ 21.458 *Tutoring service.* In exceptional cases, payment for private tutoring for Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainees is authorized. (See § 21.448 (d).)

§ 21.459 *Reader service.* The manager is authorized to pay for the needed reader service for a Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainee with visual impairment which makes it impossible or inadvisable for the trainee to use his eyes for reading. (See § 21.448 (e).)

§ 21.460 *Specialized education for a hard-of-hearing or deafened veteran.* If instruction in specialized education cannot be obtained in the institution in which the veteran is enrolled, the services of another institution or of an individual teacher or teachers may be provided by separate contracts. (See § 21.448 (f).)

AMOUNT PAYABLE TO APPROVED NONPROFIT INSTITUTIONS FOR PART VIII, VETERANS REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES, FOR RESIDENCE COURSES OF 30 WEEKS OR MORE, EITHER FULL TIME OR PART TIME

§ 21.468 *Definition of nonprofit institution.*

Corporations and any community chest fund, or foundation organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual and no substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation. (Par. (6), sec. 101, I. R. C.)

§ 21.469 *Course of education or training of 30 weeks or more.* For purposes of payment, a course of education or training of 30 weeks or more embraces all regular and special full-time or part-time courses customarily requiring 30 or more weeks for completion, including short-unit and complete-unit courses when such are included as a part of a course of 30 or more weeks. Examples:

(a) Academic courses requiring 30 or more weeks for completion.

(b) Summer session courses conducted by the institution in addition to its ordinary school year of 30 weeks or more which are within the required and elective courses for which credit is granted toward a degree.

(c) Short, complete courses including regular courses reorganized in duration or content to meet the needs of veterans only, if included in a course of 30 or more weeks.

(d) One or two subjects (in a course of 30 or more weeks, from the regular curriculum of an institution) for a quarter, semester, or other division of the school year.

(e) Regular courses in vocational, trade, proprietary, and other schools customarily requiring 30 or more weeks for completion.

§ 21.470 *Total payments to nonprofit institutions for courses of 30 weeks or more*—(a) *Payments authorized.* Payments are authorized to approved nonprofit institutions for eligible veterans enrolled therein for courses of 30 weeks or more. Such payments, subject to the rules and regulations set forth in §§ 21.400 to 21.671 will consist of the amounts charged to the Veterans' Administration for tuition either on a customary basis or on other than a customary basis as provided herein, plus the amounts customarily required to be paid by all students for other fees and necessary expenses and for books, supplies, and equipment which are required to be owned personally by other students pursuing the same courses and which are furnished to veterans by the institution.

(b) *Limitation on total payments by the Veterans' Administration.* The maximum amount which the Veterans' Administration will pay to a nonprofit school for eligible veterans enrolled therein for courses of 30 weeks or more is determined as follows:

(1) *Customary charges for tuition, fees, books, supplies, equipment, and other necessary expenses.* Where the charges to the Veterans' Administration for eligible veterans for tuition (if any), fees, books, supplies, equipment, and other necessary expenses are those customarily required to be paid by all students pursuing the course, veterans or nonveterans, the total payment by the Veterans' Administration for an individual veteran will not be made in an amount to exceed the rate of $500 for a full-time course for an ordinary school year unless the veteran elects on VA Form 7–1950a, Application for a Course of Education or Training Where the Customary Charges Are in Excess of the Rate of $500 for an Ordinary School Year, to have his entitlement charged with one additional day for each $2.10 of the amount by which the total customary charge for tuition, fees, books, supplies, equipment, and other necessary expenses exceeds the rate of $500 for a full-time course for an ordinary school year. If the veteran does not elect to have his entitlement charged with the amount the total customary charge for tuition, books, supplies, equipment, and other necessary expenses exceeds the rate of $500 for a full-time course for an ordinary school year, then the veteran must pay such excess amount to the institution. (See § 21.505 for exceptions.)

(2) *Other than customary charges for tuition and customary charges for fees, books, supplies, equipment, and other necessary expenses.* Where the nonprofit school elects and is permitted to charge the Veterans' Administration for eligible veterans enrolled therein on the basis of other than customary tuition and the amounts customarily required to be paid by all students pursuing the same course for fees, books, supplies, equipment, and other necessary expenses, the total payment to the institution for the other than customary tuition will be limited to an amount which, together with the customary charges for fees, books, supplies, equipment, and other necessary expenses will not exceed the rate of $500 for a full-time course for an ordinary school year. An individual veteran will not be permitted nor required either to elect on VA Form 7–1950a to have his entitlement charged at an accelerated rate or to pay personally for any part of the total charge for tuition, fees, books, supplies, equipment, and other necessary expenses where such total charge would exceed the rate of $500 for a full-time course for an ordinary school year because of the payment of tuition to the institution on other than a customary basis. (See § 21.505 for exceptions.)

§ 21.471 *Tuition payments to nonprofit schools for courses of 30 weeks or more.* (a) The Veterans' Administration is authorized to pay customary charges to a school for eligible veterans enrolled therein for courses of 30 weeks or more and is further authorized, if the school has no customary tuition or if the customary tuition is found by the Administrator to be insufficient to permit the institution to furnish education and training to eligible veterans, or inadequate compensation therefor, to pay such fair and reasonable tuition as will not exceed the estimated cost of teaching personnel and supplies for instruction.

(b) Managers are authorized to pay tuition to nonprofit schools for eligible veterans enrolled therein for courses of 30 weeks or more on any one of four alternative bases as follows:

(1) *Alternative 1.* Customary charges.

(2) *Alternative 2.* As much as $15 per month, $45 per quarter, or $60 per semester in lieu of but not in addition to customary tuition: *Provided,* Such rates do not exceed the estimated cost of teaching personnel and supplies for instruction.

(3) *Alternative 3.* Nonresident tuition for all veterans in lieu of but not in addition to customary tuition: *Provided,* That the amount of the nonresident tuition does not exceed the estimated cost of teaching personnel and supplies for instruction: *And provided further,* That the charges are not in conflict with existing State laws or other legal requirements.

(4) *Alternative 4.* Tuition based on the estimated cost of teaching personnel and supplies for instruction computed in accordance with the formula set forth in § 21.531.

(c) Subject to the limitations contained in the regulations in this part, an approved nonprofit school providing education and training to eligible veterans enrolled under the provisions of Part VIII, Veterans' Regulation 1 (a), as amended, (38 U. S. C., ch. 12), for a course of 30 weeks or more, may be paid all required customary fees that are not designated by the institution as tuition fees, such as hospital or health, library, incidental, activity, student union, diploma, matriculation, registration, laboratory, and course fees, together with the allowable customary charges for books, supplies, equipment, and other necessary expenses, and, in addition thereto, may be paid tuition on any one of the four

alternative bases provided in §§ 21.472 to 21.475.

§ 21.472 *Alternative 1; tuition on the basis of customary charges.* Payment will be made for tuition customarily charged to other students pursuing the same or comparable courses, as set forth in the published catalogs or bulletins of the school or college (except as otherwise stated herein). In the event an institution does not publish a bulletin, a responsible official of the institution will individually certify to the manager of the regional office within whose territory the institution is located the customary tuition charges for the courses offered.

§ 21.473 *Alternative 2; $15 a month, $45 a quarter, or $60 a semester.* Institutions with no established tuition or whose established tuition is inadequate compensation for furnishing education or training to veterans, if they so desire may be paid as much as $15 a month, $45 a quarter, or $60 a semester for each eligible veteran enrolled in a full-time course under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12); *Provided,* That the proper official certifies to the manager the charges customarily made to other students pursuing the particular course. No contract is required for such payments for Part VIII veterans.

§ 21.474 *Alternative 3; tuition based on the nonresident tuition*—(a) *Institutions which have nonresident tuition.* If they so desire, institutions which have nonresident tuition may be paid for each veteran enrolled under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), such customary tuition as is applicable to all nonresident students; *Provided,* That the charges are not in conflict with existing laws or other legal requirements. Managers will obtain evidence from the institution or proper official that such charges are legal. No contract is required for such payments for Part VIII veterans.

(b) *Limitation.* Where the institution has more than one nonresident fee, the Veterans' Administration will pay only the minimum nonresident fee for the veterans who are legal residents of the State (county, municipality, if appropriate) in which the institution is located. Payments for veterans who are not legal residents may be at the nonresident rate indicated in the institution's publication.

§ 21.475 *Alternative 4; estimated cost of teaching personnel and supplies for instruction.* When charges permitted under alternatives 1, 2, and 3 (§§ 21.472 to 21.474) are claimed by an institution to be inadequate compensation for the education or training furnished, the institution may request and the manager is authorized to contract for payment on the basis of the estimated cost of teaching personnel and supplies for instruction. (See § 21.531.)

§ 21.476 *Authorization for tuition payments on the basis of §§ 21.473 or 21.474.* (a) Paragraph 5, title II, Public Law 346, as amended by Public Law 268, 79th Congress, provides that the Administrator shall pay to the educational or training institution the customary charges for instruction of veterans and provides further that any institution may apply to the Administrator for an adjustment of tuition and that the Administrator, if he finds that the customary tuition charges are insufficient to permit the institution to furnish education or training to eligible veterans or inadequate compensation therefor, may provide for the payment of such fair and reasonable compensation as will not exceed the estimated cost of teaching personnel and supplies for instruction. Prior to the enactment of Public Law 268 on December 28, 1945, the adjustment permitted under Public Law 346 was not limited to the cost of teaching personnel and supplies for instruction. Administrator's Decision 720, September 20, 1946, provides that payments in lieu of customary charges on the basis of the second and third alternatives stated above can be effective only if the Veterans' Administration determines, on proper data, that such cost does not exceed the cost of teaching personnel and supplies for instruction.

(b) It has been determined administratively from reports submitted and studies made that the payment of other than customary tuition charges to nonprofit institutions on either the basis of $15 a month, $45 a quarter, or $60 a semester, or nonresident fees as set forth in alternates 2 and 3 (§§ 21.473 and 21.474), does not exceed the estimated cost of teaching personnel and supplies for instruction prescribed in paragraph 5, Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12).

(c) Authority is granted for payments of other than customary tuition charges to nonprofit educational institutions subsequent to December 28, 1945, on either of alternatives 2 or 3 set forth in §§ 21.473 and 21.474, in accordance with instructions relating to such payments.

AMOUNT PAYABLE TO AN APPROVED INSTITUTION OTHER THAN NONPROFIT FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES FOR RESIDENCE COURSE OF 30 WEEKS OR MORE, EITHER FULL TIME OF PART TIME

§ 21.484 *Definition of profit institution or other than nonprofit institution.* An institution which has not been recognized by the Bureau of Internal Revenue as a nonprofit institution is a profit or other than nonprofit institution. (See § 21.468.)

§ 21.485 *Customary charge basis; applicability and limitations (as outlined in alternative 1, § 21.472).* (a) The total charge may not exceed the rate of $500 for a full-time course for an ordinary school year of 34 weeks, unless:

(1) It is determined to be fair and reasonable under the method outlined in § 21.530.

(2) The trainee elects to have his entitlement charged with one additional day for each $2.10 of the amount the customary charge exceeds the rate of $500 for a full-time course for an ordinary school year. If the veteran does not so elect, then he must pay such excess to the institution.

(b) Charge for books, supplies, and equipment issued to the trainee by the institution is included in the total charge for determining whether the rate of $500 is exceeded.

(c) A contract will be required if the charge is in excess of the rate of $500 for a full-time course for an ordinary school year.

AMOUNT PAYABLE TO APPROVED INSTITUTIONS FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES FOR RESIDENCE COURSES OF LESS THAN 30 WEEKS' DURATION, FULL TIME OR PART TIME

§ 21.493 *Definition of a short, intensive, post-graduate or training course.* For the purposes of paragraph 3, Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), a short, intensive, post-graduate or training course is defined as that course of less than 30 weeks in duration for which the customary charges are in excess of the rate of $500 for a full-time course for an ordinary school year and is further defined as:

(a) Special courses of less than 30 weeks in duration offered by universities, colleges, and other higher educational institutions outside of and in addition to the regular established curriculum which are not within the required and elective courses for which credit is granted toward a degree or regular courses reorganized in duration or content to meet the needs of veterans only for which veterans may be granted credit toward a degree.

(b) Regular courses offered by training institutions where the course of instruction is less than 30 weeks.

(c) Special courses of less than 30-weeks' duration offered by training institutions which are not offered to regularly enrolled students pursuing a normal course of more than 30 weeks. Veterans who enroll in one or two individual subjects from the regular curriculum of an institution whose school year is more than 30 weeks and who pursue such courses for only one quarter or one semester will be considered part-time students and the institution will be paid for such students under instructions covering courses of more than 30 weeks.

§ 21.494 *Basis for payment to all institutions.* There is no differentiation in basis between nonprofit and other than nonprofit institutions for courses of less than 30 weeks, except for:

(a) Difference in method of determining fair and reasonable, when such determination is necessary. (See §§ 21.530 and 21.531.)

(b) Difference in amount payable when trainee fails to complete a subject. (See § 21.592 (c) (6).)

§ 21.495 *Amount payable by the Veterans' Administration for a course of less than 30 weeks.* (a) The amount payable by the Veterans' Administration for a course of less than 30 weeks will not:

(1) Exceed the customary charge.

(2) Exceed $500 total.

(b) The amount payable by the Veterans' Administration for a course of less than 30 weeks will be based on one of the following applicable conditions:

(1) Customary charge if it has been found to be fair and reasonable in accordance with the provisions of § 21.587.

(2) A fair and reasonable charge where the customary charge is determined not to be fair and reasonable.

(c) If the charges under paragraphs (b) (1) or (2) of this section exceed $500 total, the veteran must pay the excess over $500 to the institution, since the Veterans' Administration's payment is limited by law to a maximum of $500.

(d) If the charge under paragraphs (b) (1) or (2) of this section exceeds the rate of $500 (but not a total of $500), the veteran must elect to have his entitlement charged at an accelerated rate or to pay the excess to the institution.

(e) Charges for books, supplies, and equipment to be furnished to the trainee by the institution must be included in or added to the customary charge for purpose of determining whether the total customary charge exceeds the total of $500 or the rate of $500.

THE ORDINARY SCHOOL YEAR; ENROLLMENT FOR FULL-TIME OR PART-TIME COURSES

§ 21.503 *The ordinary school year.* (a) The "ordinary school year" for instruction ordinarily given on a semester or quarterly basis is defined as a period of two semesters or three quarters—not less than 30 nor more than 38 weeks in total length.

(b) The "ordinary school year" for instruction not ordinarily given on a semester or quarterly basis is defined as a period of 34 weeks.

§ 21.504 *Measurement of enrollment for full-time or part-time.* For purposes of determining the maximum allowable amount of tuition and other charges to be paid without requiring the individual veteran to exhaust his entitlement at an accelerated rate or to determine whether the total charge for part-time courses exceeds the rate of $500, full-time and part-time courses are measured in the following terms:

(a) *Measurement of full-time residence courses.* (1) In collegiate institutions which use a standard unit of credit recognized by an accrediting association, a full-time course during the regular school year will consist of 12 or more standard semester hours of credit for a semester or their equivalent in such terms as quarter hours, term hours, majors, or courses. Summer session study will be determined in accordance with the policy of each individual institution. Students are ordinarily permitted to enroll for not more than one semester hour of credit or the equivalent for each week of attendance. For graduate or advanced professional courses pursued on a full-time basis in colleges or universities, the certification of that fact by a responsible official of the institution will be accepted.

(2) In all other schools, including high schools, a full-time course of education or training will consist of 25 or more clock hours of required attendance per week.

(3) In a combination of on-the-job and school training, the portion of each kind of training will be determined in accordance with the policy herein. For full-time training, the fractional parts of the combined course must total not less than one.

(4) Decreases in amount of credit or hours of attendance during a course which result in a veteran's carrying less than the full-time program as defined herein will necessitate an adjustment which will be based on the provisions of "Measurement of Part-Time Study."

(b) *Measurement of part-time study for Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), students.* Courses which occupy the person for less time than that set forth under paragraph (a) of this section are part-time courses. The certified statement of enrollment furnished by the training institution, insofar as applicable, will be used for making the required fractional part-time determinations.

§ 21.505 *Maximum amount payable for a quarter, semester, or term without VA Form 7–1950a—(a) Enrollment for ordinary school year.* Where the veteran enrolls for an ordinary school year in an educational institution in which the total charges for the ordinary school year are within the rate of $500 for a full-time course for an ordinary school year, such charges will be paid by the Veterans' Administration without regard to the portion allocated to each quarter, semester, or term. Thus, payment will be made when due under Veterans' Administration regulations for a particular quarter, semester, or term within the ordinary school year even though such charges for that particular semester, quarter, or term exceed the pro rata part of the $500 for a full-time course for an ordinary school year. A VA Form 7–1950a is not required in such cases, and such payments by the Veterans' Administration will not constitute overpayment.

(b) *Enrollment for less than ordinary school year.* Where the veteran enrolls for less than an ordinary school year, the maximum amount the Veterans' Administration may pay for such period of time will be that pro rata portion of $500 that the length of the period of enrollment bears to the length of the ordinary school year of the institution involved. Payment of customary charges in excess of the amount thus determined will be made by the Veterans' Administration only if the veteran elects to exhaust his period of entitlement at an accelerated rate and executes VA Form 7–1950a accordingly. Where an institution under these circumstances is charging the Veterans' Administration other than customary tuition, the veteran will not be permitted nor required to execute a VA Form 7–1950a nor shall the institution be allowed to charge the veteran personally for any amount in excess of the rate of $500. It may be necessary in certain instances to adjust the amount of other than customary tuition that the institution would expect to receive in order to stay within the maximum amount that the Veterans' Administration may pay under the conditions set forth in this paragraph.

(c) *Application of payment policy.* Where the veteran enrolls in an institution for a course where it has been determined that the charges for the ordinary school year will not exceed the rate of $500 for a full-time course for the ordinary school year and then interrupts or discontinues his course at any time prior to the completion of the ordinary school year, the institution will be paid the amount due it under the regulations of the Veterans' Administration without regard to the fact that the amount of such payment, based on the period of the veteran's attendance in the institution, may exceed the rate of $500 for a full-time course for an ordinary school year. Such payment will be made without requirement of a VA Form 7–1950a and will not constitute an overpayment on the part of the finance officer. Examples of this are as follows:

(1) A veteran enrolls at the beginning of an ordinary school year consisting of two semesters for which the total charges are $500, payable $300 for the first semester and $200 for the second semester and discontinues or interupts at the end of the first semester. In such a case, the Veterans' Administration will pay the institution $300 for the first semester in the same manner as payment would have been made for a student attending for the full ordinary school year, and the payment of such charges will not require the execution of a VA Form 7–1950a and will not constitute an overpayment on the part of the finance officer.

(2) A veteran enrolls in a nonprofit institution which has a refund policy for veterans equivalent to that set forth in § 21.656 where the total charges for the ordinary school year of two semesters are $500, payable $300 for the first semester and $200 for the second semester. Such veteran interrupts or discontinues his course at the expiration of 5 weeks. Under the refund policy set forth in § 21.656, the institution is entitled to bill and be paid for the full semester's charges of $300 for such veteran and the full $300 will be paid by the Veterans' Administration in the same manner and at the same time that payment would have been made had the veteran continued for the full ordinary school year. Payment of the $300 will be effected without the execution of a VA Form 7–1950a, and such payment will not constitute overpayment on the part of the finance officer.

(3) A veteran enrolls for a 48-week course of instruction at a profit institution but discontinues his training after 4 weeks. The tuition charge for the 48-week course of instruction is $360 and the cost of books, supplies, and equipment actually furnished to the veteran amounts to $100. The Veterans' Administration will pay $100 for books, etc., plus 4/48 of $360 for tuition, without the execution of a VA Form 7–1950a and such action will not constitute an overpayment.

§ 21.506 *Determinations necessary in case of part-time course.* In the case of part time, it is necessary to determine whether the charge:

(a) Exceeds the rate of $500 for an ordinary school year.

(b) Is such that a contract is required under Veterans' Administration regulations.

(c) Is allowable under Veterans' Administration regulations.

(d) Requires the execution of VA Form 7–1950a by the veteran or payment of additional funds by the veteran.

§ 21.507 *Maximum charge for part-time course without VA Form 7–1950a.* In the absence of an executed VA Form 7–1950a, the maximum charge to the Veterans' Administration for a part-time course will be that proportion of the $500 allowable for an ordinary school year which the part-time training bears to full-time training.

Examples:

(a) Veteran enrolled for four semester hours of credit for one semester and does not elect to shorten his period of eligibility through the execution of VA Form 7–1950a, the charge will not exceed $83.33, derived as follows: $\frac{4}{12}$ of $\frac{1}{2}$ of $500.

(b) Veteran enrolled for nine clock hours of required attendance per week for 10 weeks in a part-time course in an institution and does not elect to shorten his period of eligibility through the execution of VA Form 7–1950a, the maximum allowable charge will be $52.94, derived as follows: $\frac{9}{25}$ of $\frac{10}{34}$ of $500.

§ 21.508 *Maximum charge with VA Form 7–1950a.* If a veteran is enrolled in a part-time course for an ordinary school year, measured as above, and elects to have his period of entitlement charged at an accelerated rate on VA Form 7–1950a, then it is only necessary to determine whether the charge for the part-time course exceeds the rate of $500 for a full-time course and that a contract is or is not required.

§ 21.509 *Maximum charge for summer session or other period not part of ordinary school year without VA Form 7–1950a.* For purposes of computing the maximum pro rata portion of $500 that can be paid as customary charges by the Veterans' Administration for a summer session, or other period outside of the ordinary school year as defined in § 21.503, without election on the part of the veteran to have the excess customary charges paid by the Veterans' Administration and his entitlement charged with such excess, the following will apply: The maximum payment will be computed as that fractional part of $500 that is derived by using as the numerator of the fraction the number of weeks of instruction in the summer session or other period of instruction and as the denominator the number of weeks of instruction in the ordinary school year as determined by the institution.

DETERMINATION OF AMOUNTS PAYABLE FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES

§ 21.516 *Review of charges.* (a) The training facilities section is responsible for determining whether the charges made by institutions to the Veterans' Administration for the education and training of veterans are in accord with the provisions set forth herein. (See § 51.589.)

(b) In order to determine that charges by institutions where contracts are not required are being made to the Veterans' Administration in accordance with Veterans' Administration regulations, the basis for charges to the Veterans' Administration by each approved institution in which Public Law 346, 78th Congress, veterans are enrolled and with which a contract has not been executed will be examined from time to time by personnel of the training facilities section. Such personnel will, insofar as possible, as part of their prescribed duties, visit the institutions involved to determine that charges being made for the education and training of veterans are in accordance with Veterans' Administration regulations. From time to time, training facilities section personnel will confer with finance personnel in the regional office concerning the validity of the charges being made by such institutions.

(c) Close liaison will be maintained between the personnel of the training facilities section and the training officer or officers assigned to the institution for the purpose of ascertaining that services being rendered to the trainee are those for which charges are being made.

§ 21.517 *Limitations applicable to payments to institutions for Part VIII, Veterans' regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees—(a) Priority of charges—(1) Customary charges.* When an institution is charging the Veterans' Administration customary tuition charges applicable to all students, the customary charges for tuition and incidental fees will constitute a first charge on the maximum expenditure allowable for any one person for an ordinary school year. Charges for books, tools, equipment, supplies, and other necessary expenses will be paid from any amounts remaining after the charges for tuition and incidental fees are provided for.

(2) *Other than customary tuition.* Where a nonprofit school elects and is permitted to charge the Veterans' Administration for eligible veterans enrolled therein on the basis of "other than customary" tuition, the total payment to the institution for "other than customary" tuition will be limited to an amount which, together with customary charges for fees, books, supplies, and equipment, and other necessary expenses, will not exceed the rate of $500 for a full-time course for an ordinary school year. (See § 21.470 (b) (2).) Administrator's Decisions 638 and 720 provide that the Veterans' Administration may pay by way of increased tuition or fees only so much as will not increase the maximum cost to the individual veteran and that the Veterans' Administration may not authorize an institution to charge "fair and reasonable compensation" for instruction on the basis of nonresident fees or the cost of teaching personnel and supplies in an amount which, together with other necessary allowable fees and costs, exceeds $500 for an ordinary school year. Accordingly, "other than customary" tuition may be authorized only in such amount as to permit a complete billing for the customary expense of required and allowable fees, books, supplies, and equipment, and, in view of this, it may be necessary to adjust the charges for "other than customary" tuition in order that the full amount for other allowable expenses may be paid without exceeding the $500 maximum. The priority of charges in the case of an institution receiving "other than customary" tuition is, first, the customary fees of the institution other than those labeled "tuition" by the institution; second, the charges for books, supplies, and equipment which are required to be owned personally by all students pursuing same or similar courses; and third, "other than customary" tuition. As the 10-percent compensation for furnishing books, supplies, and equipment is an administrative expense and not a charge against the period of eligibility of an individual veteran for such compensation, it will not be included in the total charges when determining that such charges exceed the rate of $500 for an ordinary school year.

(b) *Responsibility for notification by manager.* When the estimated total customary charges exceed the rate of $500 for an ordinary school year for a full-time course or a pro rata amount for a shorter or longer period or for part-time study, the maximum amount allowable will be allocated: (1) To tuition and incidental fees, and (2) to books, supplies, and equipment, and other necessary expenses. Unless the veteran has executed and filed VA Form 7–1950a, the veteran and the institution concerned will be notified by the manager in confirming the enrollment that the Veterans' Administration will be responsible only for a total expenditure not to exceed the rate of $500 for an ordinary school year for the tuition, incidental fees, books, supplies, and equipment. Arrangements for any excess amount will be made between the veteran and the institution concerned and there will be a clear understanding to that effect before the enrollment of the veteran is approved.

(c) *The following limitations will be observed in payments for Part VIII trainees, regardless of the amount payable.* (1) Institutions furnishing apprentice or other training on the job, including business or other establishments and Government agencies, may not be paid tuition or incidental fees for such training. (See §§ 21.539 and 21.540 for books, supplies, and equipment.)

(2) When more than one standard charge is made for the same service, the Veterans' Administration will pay the lowest price for the entire course, semester, quarter, or term which is offered or published.

(3) When the total cost of instruction is paid from Federal funds, the Veterans' Administration will not approve any payments for tuition. When a portion of the cost is covered by grants from the Federal Government, i. e., Smith-Hughes or other laws, due consideration to such subsidy will be given in determining the proper charge to the Veterans' Administration.

(4) Under Part VIII there is no authority to pay a State license examination fee.

(5) Under Part VIII, payments are limited to cost of tuition, supplies, and other necessary expenses required for the successful pursuit and completion of the veteran's course, none of which can be construed to include union dues (not student union).

(6) Payments for trainees who discontinued during an instructional period are specially treated in §§ 21.655 to 21.657.

(7) A general fee of the institution which includes certain travel (i. e., travel expenses in connection with field trips taken by veterans in training under Part VIII) is allowable under the conditions outlined as follows:

(i) *Field trip transportation expense covered by regular tuition or laboratory fees.* Where field trips are required of all students pursuing the course as an integral part of the instruction in that course and the transportation expense for such trips is included as a part of the regular tuition or laboratory fees required of students pursuing such course, payment of the full amount of such tuition charges and fees may be made by the Veterans' Administration for veterans enrolled under Part VIII without deduction by reason of the inclusion therein of travel costs.

(ii) *Field trip transportation expense not authorized.* The Veterans' Administration cannot pay for the transportation expense for trainees enrolled under Part VIII, whether for an occasional field trip, summer camp, or for data for research or thesis, where the charge to the student is a separate fee not included in the tuition or laboratory fee customarily paid by all students enrolled in that course. Laboratory fees specifically designed to cover only the cost of travel expense will not be paid. Such field trip expenses may be paid for Part VII trainees if the services covered by such fees are considered by the manager to be necessary for the vocational rehabilitation of the trainee.

(8) (i) When a veteran who is enrolled in and pursuing a course of education or training under Part VIII needs special tutoring not generally required for the successful pursuit and completion of the course by other students in the institution, to meet the regularly prescribed standards of the institution, such tutoring will not be provided at Government expense, inasmuch as such a cost cannot be considered as either "customarily charged" or "generally required" as set forth in paragraph 5, Part VIII. Similarly, if an institution finds that a veteran does not meet the established entrance requirements but accepts him as a student subject to his receiving special tutoring during the pursuit of his course, such tutoring will not be provided at Government expense.

(ii) Tutoring as referred to in subdivision (i) of this subparagraph does not apply to individualized or tutorial methods of instruction employed by some institutions for all students pursuing the same course, inasmuch as any required or elective unit course listed in the official publication of the institution may be taken by the veteran regardless of the method of instruction employed by the institution. Neither does it apply to those situations where the institution makes adjustments in its course to meet the needs of veterans in the form of special classes which become part of the course.

(9) The special conditions in § 21.518 may present limitations.

§ 21.518 *Special charges and conditions*—(a) *Incidental fees.* Fees incidental to tuition and required of all students taking the same or comparable courses are payable by the Veterans' Administration. Such fees include matriculation fee, registration fee, laboratory fee, library fee, health and/or infirmary fee, student body or student activity fee, if required of all students. A fee for repeating a subject of a course would be allowable if it is required of all students who repeat a course.

NOTE: Library fines, or penalty fees, are not incidental fees payable by the Veterans' Administration. Deposits, all or part of which are normally refundable, are not incidental fees and are not payable by the Veterans' Administration as such. (See paragraph (c) of this section.

(b) *Physical and entrance examination fees.* A physical examination fee or an entrance examination fee required by an educational institution as a prerequisite of enrollment in courses of education or training may be paid by Veterans' Administration in behalf of eligible veterans: *Provided, that:*

(1) Such fee is required of all enrollees, veterans, and nonveterans.

(2) The eligible veteran actually is accepted for enrollment and begins the course for which the examination was a prerequisite.

(c) *Breakage fees.* Breakage fees or other deposits commonly required by an institution as a guarantee against contingent loss and which are refundable in whole or in part should not be included as authorized charges. Instead, it should be understood and agreed that at the conclusion of the course or term the Veterans' Administration will pay, upon being vouchered, the exact amount of breakage or loss, provided such breakage or loss is a normal one and not due to vandalism or misconduct of the trainee.

(d) *Student activity fees.* (1) Under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), there is no authority to pay any fees other than those specifically required by an institution to be paid by all students pursuing the particular course. If a fee is charged for an activity identified by an institution as a part of a course or for an activity or article which, although not a part of a course, is, nevertheless, required of all students pursuing the course for which the veteran is enrolled, such fee is considered to be authorized as an expense necessary to the pursuit of the course.

(2) If an item of expense such as the charge for a student yearbook or photograph for a yearbook or other similar items not directly a part of the course is required to be paid by all students pursuing the same or similar course as that pursued by the veteran, the charge for such item is considered an authorized item of expense.

(3) If an activity carries a fee for which the student may elect to pay or refrain from the activity, the charge for such an activity may not be considered an authorized expense. Similarly if an institution does not require all students to pay fees for glee club purchase lecture course or athletic association tickets, subscribe to yearbooks, furnish pictures for yearbooks, or purchase other items, but allows students to exercise an option or election in the matter, then the fee or expense for such activity or item may not be considered an authorized expense.

(e) *Fellowships, scholarships, or similar awards as tuition or fees.* Payment in behalf of a veteran who receives a fellowship, scholarship, grant-in-aid, assistantship, or similar award in complete or partial payment of either tuition or fees, or both, will be made in accordance with the following:

(1) Awards which constitute a waiver of either tuition or fees, or both, will reduce to the extent of the award the amount of either tuition or fees, or both, for which the Veterans' Administration will be responsible, except in those cases where the award is made specifically to cover tuition and fees in excess of the $500 limit for an ordinary school year or proportionate amount for a longer or shorter course or part-time study.

(2) Awards which are not paid in cash to the veteran will reduce to the extent of the award the charges for which the Veterans' Administration will be responsible, except that awards which are made specifically for the purposes of defraying the cost of room and board in dormitories will be disregarded.

(3) Awards which are paid in cash may be retained by the veteran and not be deducted from the charge for tuition and other fees ordinarily payable by the Veterans' Administration.

(4) Waivers of either tuition or fees or both, provided under law by States or other Government authority, will be utilized and the charges which the Veterans' Administration will pay on behalf of veterans eligible thereunder will be reduced in accordance with such waivers.

(f) *Payment for auditor courses and noncredit courses.* (1) This policy applies to a subject course which is referred to by various educational institutions in such terms as an "audit" course, an "auditor" course, an "auditing" course, a "hearer" course, a "noncredit" course, or a "refresher" course. The policy further applies to one or more of these subject courses whether prescribed or recommended by the educational institution as a part of an eligible veteran's course of training or whether constituting the veteran's entire course of training.

(2) Subject to the limitations of the law, measurement of the courses listed in subparagraph (1) of this paragraph for purposes of determining contract requirements will be on a semester-hour basis (or its equivalent in such terms as quarter hours, term hours, major, or courses) for courses pursued without credit, but requiring all of the work prescribed for students enrolled for credit, except for taking the credit examinations; and on the basis of one-half of the ordinarily granted semester-hour credit (or its equivalent) for courses pursued without credit and requiring only attendance and listening at class.

(3) Payments may be made for books and instructional supplies required of all students in courses listed in subparagraph (1) of this paragraph when the veteran is required to perform all of the work which all students enrolled for credit must perform in the course with the exception of taking credit examinations. Payments may not be made for books and instructional supplies for veterans enrolled in courses listed in subparagraph (1) of this paragraph which require only attendance and listening at class.

(4) In the case of those educational institutions which have a regular auditor's fee, usually less than the customary tuition fee for credit courses, wherever applicable the Veterans' Administration will pay the auditor's fee in lieu of the regular tuition fee.

(g) *Payment of expenses for required degree theses or dissertations*—(1) *Research expense.* The cost of such research as is generally considered essential for completing a thesis may be paid when the research work is an integral part of the course leading to the granting of a degree and the appropriate official of the institution (the veteran's committee chairman, "major" professor, department head, or appropriate dean) certifies that such expense is required in order to complete the course which requires the preparation of a thesis. Research expense considered allowable, when certified as a necessary cost as set forth herein, may include such items as duplication of questionnaires, postage required to submit questionnaires to the field, reproduction of maps and charts, purchase and development of film, etc. Travel expense of the student may not be included as a part of the cost to be paid by the Veterans' Administration.

(2) *Final preparation of thesis.* In the final preparation of the required degree thesis or dissertation, only the expense of typing the minimum number of final copies required by the institution for the granting of the degree may be paid for by the Veterans' Administration. Except as stated below, the cost of binding, printing, microfilming, or otherwise reproducing copies of a thesis or dissertation is not authorized.

(3) *Payment of customary fees.* Notwithstanding the provisions of subparagraph (2) of this paragraph, where an institution has a uniform customary fee published in the appropriate catalog or bulletin of the institution which includes the cost of printing of abstracts of a thesis, binding, microfilming, or other similar charge in connection with a course involving the submission of a thesis or dissertation and such fee is required to be paid in the same amount by all students who are enrolled for that particular subject or unit course, such customary fee may be paid by the Veterans' Administration as a part of the cost of education and training for an eligible veteran.

(4) *Institutions to arrange for services.* Arrangements should be made with institutions to provide for furnishing of the services as indicated above, or to have the invoices charged to and paid by the institution, so that payment may be effected in a manner similar to that followed in connection with books and supplies. The institution should furnish an estimate of the cost at the time the veteran is enrolled in the course. Such costs must be reasonable and not in excess of the costs generally required to be incurred and paid by other students for the same services or items.

(h) *Payments for equivalency examinations.* (1) An equivalency examination is one in which qualified students by previous study or experience have gained the information to be derived from the pursuit of a subject and may, by taking an examination, gain credit for an elective or required college subject or unit course without actually studying the subject at the institution. Such an equivalency examination in the required or elective subject is given to students enrolled in the institution who request college credit for these subjects and if the student successfully passes the credit examination he is given credit for the subject toward a degree and is not required to pursue that particular subject or unit course at the institution.

(2) *Authorized payments under Public Law 346.* The Veterans' Administration will pay the customary charge made by an institution for an equivalency examination, *Provided:*

(i) That the customary charge as published in its catalog or bulletin must be paid by all students, veterans or nonveterans, who elect to take the examination for credit to be applied toward the selected course of instruction.

(ii) That the veteran is pursuing a course in the institution under Public Law 346 and is actually enrolled as a student of the institution at the time of the examination and such student has applied for the equivalency examination for the purpose of obtaining credit toward his selected course of instruction.

(3) *Payments not authorized under Public Law 346.* Conditions under which the Veterans' Administration will not pay for equivalency examinations for Public Law 346 trainees:

(i) When the equivalency examination or a similar examination is given to a veteran who is not pursuing a course of instruction as an enrolled student in an approved institution at the time of the examination.

(ii) When the fee for such examination is not customarily charged by the institution to all students, veterans or nonveterans, who are permitted to take the examination in connection with the pursuit of the selected course of instruction.

(iii) When such examinations are given to Public Law 346 trainees prior to enrollment in an approved educational institution.

§ 21.519 *Extent of payment when entitlement has expired and is extended.* (a) Paragraph 2, Part VIII, Veterans' Regulation 1 (a), as amended by section 5 (b), Public Law 268, 79th Congress (38 U. S. C. ch. 12), reads as follows:

Provided further, That wherever the period of eligibility ends during a quarter or semester and after a major part of such quarter or semester has expired, such period shall be extended to the termination of such unexpired quarter or semester.

(b) The following interpretation will guide managers in such cases:

(1) *If enrollment is for the quarter or semester in a course of 30 weeks or more.* (i) Whenever the period of eligibility ends during a quarter or semester and after a major portion of such quarter or semester has expired, such period will be extended to the termination of such unexpired quarter of semester: *Provided,* The customary charge for tuition does not exceed the rate of $500 for an ordinary school year.

(ii) In case the customary charge exceeds the rate of $500 for an ordinary school year and the veteran has executed a VA Form 7–1950a, the period of eligibility will be extended either to the end of the quarter or semester or for a period of time during which the charge to the Veterans' Administration for tuition, fees, books, supplies, equipment, and other necessary expenses equals $125, whichever is the lesser. The period the entitlement is to be extended may be determined as follows:

(*a*) Find the total charge by the institution for 1 week by dividing the total charge for the quarter or semester by the number of weeks in the quarter or semester.

(*b*) Divide $125 by the cost per week found in subdivision (*a*) of this subdivision.

(*c*) The result will be the weeks and fractions of weeks which will be the maximum period for which the period of eligibility and entitlement can be extended.

(2) *If enrollment is for a course of 30 weeks or more in an institution which does not subdivide the year.* (i) When a veteran trainee is enrolled in and attending an educational institution which does not divide its course into quarters or semesters and his period of eligibility ends after half the period or year of instruction is completed, or after 9 weeks, whichever is the lesser in time, the period of eligibility will be extended either to the end of the course or for not to exceed nine additional weeks, whichever is the lesser in time: *Provided,* The trainee is enrolled for and pursuing a course for which the customary charge does not exceed the rate of $500 for an ordinary school year.

(ii) When the institution does not divide its course into quarters or semesters and the charge for the course exceeds the rate of $500 for an ordinary school year and VA Form 7–1950a has been executed, the period of eligibility will be extended either to the end of the course or the year or for a period of time during which the charge to the Veterans' Administration for tuition, fees, books, supplies, equipment, and other necessary expenses equals $125, whichever is the lesser. The period the entitlement is to be extended may be determined as follows:

(*a*) Find the total charge by the institution for 1 week by dividing the total charge for the course or the year by the number of weeks in the course of the year.

(*b*) Divide $125 by the cost per week found in subdivision (*a*) of this subdivision.

(*c*) The result will be the weeks and fractions of weeks which will be the maximum period for which the period of

eligibility and entitlement can be extended.

(d) If, as in flight training, the cost per week cannot be found because instruction is charged by the hour, the extension of period of entitlement will be limited to that period for which the charge to the Veterans' Administration will not exceed $125.

(3) *If enrollment is for a course of less than 30 weeks.* The rules set forth in subparagraph (1) or (2) of this paragraph will apply for a veteran-trainee, except that in no case can the Veterans' Administration pay more than the total of $500 for a course of less than 30 weeks.

§ 21.520. *Payment of tuition where a veteran has insufficient entitlement to complete a major portion of a semester, quarter, or unit period of education or training under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12).* (a) *Method of computation.* The period of entitlement for a course of education or training under the provisions of Public Law 346, as amended, is measured in calendar time. Where a veteran has insufficient entitlement to complete a major portion of the semester, quarter, or other appropriate unit of time for which the veteran desires to enroll, the maximum total payments to be made on his behalf by the Veterans' Administration will be determined as follows:

(1) *Total charges less than the rate of $500 for a full-time course for an ordinary school year.* Where the total charge, including the charge for tuition, fees, books, supplies, equipment, and other necessary expenses for such unit does not exceed the rate of $500 for an ordinary school year, such total charge for the term, semester, quarter, or other unit will be reduced to a rate per week or day, whichever is applicable, and such weekly or daily rate will be multiplied by the remaining number of weeks or days of the veteran's entitlement. The resulting amount is the maximum total payment that may be made on behalf of the veteran.

Example: To determine the payment authorized for a veteran with 6 weeks of entitlement who enrolls in a semester of 16 weeks for which the charge is $160, divide the $160 by 16 weeks and multiple the $10 per week rate by the 6 weeks of remaining entitlement. The amount of $60 is the maximum total payment that may be made by the Veterans' Administration under the above circumstances.

(2) *Total charges in excess of the rate of $500 for a full-time course for an ordinary school year.* Where the total charge, including the charge for tuition, books, supplies, equipment, and other necessary expenses exceeds the rate of $500 for an ordinary school year, the veteran's remaining days of entitlement will be multiplied by $2.10. The resulting amount is the total maximum payment that the Veterans' Administration may make on behalf of such veteran.

Example: A veteran with 3 weeks of entitlement who enrolls in a course of 16 weeks for which the charge is $300 would be entitled to have paid on his behalf 21 (days) times $2.10 or $44.10.

(b) *Notification to institution and veteran.* In any case where the veteran has insufficient entitlement to complete the major part of a term, semester, quarter, or other appropriate unit of time, the veteran and the institution will be advised of the exact amount of the veteran's entitlement. The maximum amount of payment that will be made by the Veterans' Administration on behalf of such veteran will be determined as set forth in paragraph (a) (1) and (2) of this section, and arrangements for the payment of any excess costs not covered by the veteran's entitlement must be made between the individual veteran and the institution in which he is enrolled. In the procedure of settlement, it will be necessary to prorate the total of the charges. Using the example in paragraph (a) (1) of this section, where the total charges are $160, the Veterans' Administration would pay $60 which would be partly applied to tuition, partly to fees, and partly to books, supplies, and equipment. Thus the Veteran's Administration would pay 60/160ths of the cost of each of the component parts. For example, if the $160 consisted of $100 for tuition, $20 for fees, and $40 for books, etc., the Veterans' Administration would pay 60/160ths (37½%) on account of each, or $37.50 for tuition, $7.50 for fees, and $15 for books, etc. Arrangements for the $100 balance would then be a matter between the individual veteran and the institution in which he is enrolled. Up to the end of the veteran's entitlement, the arrangements for payments for tuition, fees, books, etc., would be in accordance with Veterans' Administration regulations. For the 10 weeks balance of the period of instruction, arrangements would be the same as between a nonveteran and the institution and the Veterans' Administration would not be an interested party for such a period.

METHOD OF DETERMINING FAIR AND REASONABLE COMPENSATION AND COST OF TEACHING PERSONNEL AND SUPPLIES FOR INSTRUCTION

§ 21.530 *Determination of fair and reasonable compensation.* The determination of fair and reasonable compensation by the manager, as in the case of courses of less than 30 weeks, or courses of 30 weeks or more in institutions other than nonprofit will require the submission by the educational or training institution of detailed, certified financial statements showing the most recent actual cost experience of the institution for the specific courses involved including cost data on the items of expense which will be used for the determination of fair and reasonable compensation, the basis on which teaching salaries and other expenses have been allocated to the courses involved, and the number of students enrolled and the number of clock hours or credit hours during the period covered by the cost data. In the case of new courses for which no actual cost experience is available, estimated costs may be submitted.

(a) *For nonprofit institutions when course is less than 30 weeks.* For nonprofit institutions, as defined in subparagraph (6), section 101, Internal Revenue Code (see § 21.468), fair and reasonable compensation will be based on the allowance of the following expenses within the limits designated:

(1) Actual cost of teaching and related personnel at reasonable salaries. Teaching and related personnel will include personnel essential to the teaching function such as laboratory supply room attendants and clerical personnel assisting teachers in the preparation of instructional material and records. The salaries of personnel serving both an administrative and teaching function will be prorated accordingly. The cost shown for teaching personnel will be supported by a schedule listing the name, title, annual salary rate, and will show whether employment is part- or full-time for each person included in such cost.

(2) Consumable instructional supplies.

(3) Depreciation on equipment actually used for instruction of students at Bureau of Internal Revenue rates allowed for income tax purposes.

(4) Rental at 4 percent per year of the original construction cost of building space used for instructional purposes when the property is owned by the institution or the actual rental cost when the space is rented by the institution.

(5) Cost of heat, light, power, water, janitor service, and building maintenance.

(6) Taxes and insurance.

(7) Actual administrative expenses which are considered reasonable and necessary in the operation of the school and are properly allocable to the courses under review. Such expenses may include salaries of administrative and clerical personnel representing reasonable compensation for services actually performed and the cost of such items as postage, telephone and telegraph, travel, interest, legal and accounting fees for actual services (not retainers), stationery and office supplies, and such other similar expenses as are reasonable and necessary for the operation of the school, provided that in no case will there be included in the fair and reasonable cost determination a base salary in excess of the rate of $10,000 per annum for an individual who has a proprietary or bonus interest in the institution. The administrative cost must be itemized, and the salary items must be supported by a statement showing for each person the name, title, annual salary, percentage of time devoted to administration, and the amount of salary allocated to the cost of the courses under review. All cases where requested administrative costs exceed 15 percent of suparagraphs (1), (2), (5), and (6) of this paragraph shall be forwarded to Assistant Administrator for Vocational Rehabilitation and Education, central office, for review and approval.

(8) Expenses for advertising, sales commissions, and promotional plans will not be allowed.

(b) *For institutions other than nonprofit for either courses of less than 30 weeks or courses of 30 weeks or more.* Fair and reasonable compensation for schools operated for profit will not exceed the actual or estimated costs to the institution for providing the instruction, plus an allowance for profit as indicated below. In determining the fair and reasonable compensation all expenses, except expenses for sales commissions and promotional plans, which are reasonable and necessary for the operation of the courses involved will be included in the cost statement and such expenses will be grouped into the general categories set forth below within the limits designated.

(1) Actual cost of teaching and related personnel at reasonable salaries. Teaching and related personnel will include personnel essential to the teaching function such as laboratory supply room attendants and clerical personnel assisting teachers in the preparation of instructional material and records. The salaries of personnel serving both in administrative and teaching functions will be prorated accordingly. The cost shown for teaching personnel will be supported by a schedule listing the name, title, annual salary rate, and will show whether employment is part-time or full-time for each person included in such cost.

(2) Consumable instructional supplies.

(3) Depreciation on building and equipment actually used for instruction of students at rates allowed by the Bureau of Internal Revenue for income tax purposes.

(4) Reasonable rent.

(5) Cost of heat, light, power, water, janitor service, and building maintenance.

(6) Taxes and insurance, exclusive of income taxes.

(7) Actual administrative expenses which are considered reasonable and necessary in the operation of the school and are properly allocable to the courses under review. Such expenses may include salaries of administrative and clerical personnel representing reasonable compensation for services actually performed and the cost of such items as postage, telephone and telegraph, travel, interest, legal and accounting fees for actual service (not retainers), stationery and office supplies, and such other similar expenses as are reasonable and necessary for the operation of the school, provided that in no case will there be included in the fair and reasonable cost determination a base salary in excess of the rate of $10,000 per annum for an individual who has a proprietary or bonus interest in the institution. The administrative cost must be itemized and the salary items must be supported by a statement showing for each person the name, title, annual salary, percentage of time devoted to administration, and the amount of salary allocated to the cost of the courses under review. All cases where requested administrative costs exceed 15 percent of subparagraphs (1), (2), (5), and (6) of this paragraph shall be forwarded to the Assistant Administrator for Vocational Rehabilitation and Education, central office, for review and approval.

(8) Advertising expense calculated in accordance with the procedure set forth below and not to exceed the limitations prescribed herein.

(i) *Determination of amount allowable for advertising expense.* Well-established profit institutions may be permitted to include actual advertising expenses for the period covered by the cost data in determining fair and reasonable costs where the percentage of actual advertising expense in relation to gross income from resident instruction for the period covered by the cost data does not exceed the average percentage of gross income expended by the institution for advertising over the 5-year period immediately preceding June 22, 1944, as evidenced by a certified statement of the institution as to advertising expenses and gross income from resident instruction for the periods covered, and where the percentage of advertising expense in relation to gross revenue from tuition does not exceed the average percentage of advertising costs for other comparable well-established schools in the area. Where the institution has not been established for a period of 5 years prior to June 22, 1944, and therefore does not have a fair standard of experience with relation to advertising costs prior to the enactment of Public Law 346, the institution may be permitted to include advertising expense actually incurred during the period covered by the cost review in an amount not to exceed the average percent of gross income from resident instruction which other well-established comparable schools in the area have expended for advertising for the 5-year period immediately prior to June 22, 1944. If there are no other comparable schools in the area and if the institution does not have a 5-year experience prior to June 22, 1944, the schools may be authorized to include actual advertising costs at a rate shown by their experience but not in an amount to exceed 8 percent of the total gross income from resident instruction for the period covered by the cost review without prior approval of central office. Where there are no other comparable well-established schools in the area and the actual advertising experience of the institution exceeds 8 percent of gross income from resident instruction, more than 8 percent may not be included in the fair and reasonable cost determination unless all facts are submitted to the Assistant Administrator for Vocational Rehabilitation and Education and approval is granted for the inclusion of advertising costs in excess of 8 percent. In no event will a newly established school, without actual cost experience for advertising expense, be permitted to include in a fair and reasonable cost statement, advertising expense in excess of 8 percent of gross income from tuition for resident instruction.

(ii) *Definition.* The term "advertising expense" as used herein includes the expenses incurred in the operation of an advertising department within the contractor's organization, as well as expenses incurred in the use of advertising media, such as newspapers, magazines, radios, brochures, pamphlets, bulletins, and catalogs. Promotional activities involving gifts, scholarships, contests, prizes, and sales commissions are not permitted to be included as allowable advertising expenses.

(9) Profit not to exceed 10 percent of the amount customarily charged to nonveteran students for the course. For example, if the customary charge for the course is $200 and the amounts listed in subparagraphs (1) to (8), of this paragraph, divided by the total number of students equals $170, there will be added to the $170 a profit allowance of $20 (10 percent of $200), making a total maximum rate of $190, which can be determined to be fair and reasonable. If no nonveteran students are enrolled and there is therefore no real customary charge actually being paid by nonveteran students, the profit allowance will be determined as one-ninth (1/9th) of the total allowable costs included in subparagraphs (1) to (8) of this paragraph.

(10) Expenses for sales commissions and promotional plans will not be allowed.

(c) *When the manager has completed his analysis of the cost data.* When the manager has completed his analysis of the cost data, he will determine on the basis of the total number of all students trained and cost of the items listed herein after reflecting known changes in costs whether the customary charges of the educational or training institution are fair and reasonable. In making this determination, the manager will give consideration to the fact that it is not fair and reasonable for the Veterans' Administration to pay a charge based on the full cost of operating an educational institution under abnormal situations, such as periods when enrollments in the institution are far below the normal capacity and expectancy of the institution, or where operating costs are greatly in excess of normal operating costs for other comparable institutions in the same general locality. Contracts, when required, will be negotiated to provide payment not to exceed the amounts determined by the manager to be fair and reasonable as provided herein.

(d) *Books, supplies, and equipment.* Books, supplies, and equipment required to be owned personally by other students pursuing the same course will be furnished by the institution to veterans (see § 21.539), and the institution will be compensated therefor on the basis of customary charges in addition to "fair and reasonable compensation" as defined above.

§ 21.531 *Adjustment of tuition on the basis of the cost of teaching personnel and supplies for instruction (see § 21.475).*—(a) *Application.* (1) An institution desiring an adjustment of customary tuition charges for instruction will forward a letter to the manager of the regional office of the Veterans' Administration having jurisdiction over the territory in which the institution is located requesting such an adjustment and such letter will include:

(i) The date on which it is proposed to make the adjusted tuition fees effective.

(ii) A certification that the customary tuition charges are insufficient to permit the institution to furnish education or training to eligible veterans or are inadequate compensation therefor.

(2) The institution, in order to have its application considered, will be required to submit with the application or within 30 days of the date of the application the following supporting data:

(i) A statement of the adjustment in customary tuition charges requested.

(ii) A statement of the fees to be charged in addition to the adjusted tuition charge.

(iii) A calculation of the cost of teaching personnel and supplies for instruction.

(iv) A copy of the latest published financial report of the institution or, if such a report is not published, a certified financial statement of the institution showing the detail income and expense of the institution during the last fiscal period.

(b) *Definition of teaching personnel and supplies for instruction.* (1) The cost of teaching personnel is defined as that part of the salary of any individual on the staff of an education or training institution applicable to the time spent by the individual in actually conducting classes and laboratories. The salaries of deans, department chairman, or other faculty members whose credit hour teaching load is reduced because of administrative or other duties will be allocated to teaching costs on the basis of the ratio that the credit-hour teaching load of the individual bears to the average full-time credit hour teaching load for a faculty member of equivalent academic rank in the department in which the individual teaches. Research performed by a faculty member in addition to teaching duties for which the institution does not receive compensation or charge a part of the salary of the individual to research costs will not be used as a basis for reducing the allocation of a salary to teaching costs. Teaching personnel would not include such personnel as presidents, treasurers, registrars, alumni secretaries, deans of men and women, business officers, football coaches, clerical personnel, service personnel, instrument makers, librarians, student assistants, or others if their functions do not include the actual instruction of students in classes or laboratories. The salary of a faculty member engaged full-time in research will not be allowed as a teaching cost. The salaries of teaching personnel applicable to services rendered for medical or other care in hospitals or clinics or for the instruction of pupils in practice schools and other similar service laboratories or divisions will not be allowed as a cost of teaching personnel.

(2) Supplies for instruction are defined as those consumable supplies required for student instruction in the classroom and laboratory. Teaching supplies do not include such items of expense as labor, utilities, communications, travel expense, library books, office supplies, and equipment.

(c) *Procedure for calculating the cost of teaching personnel and supplies for instruction.* (1) For nonprofit institutions using a semester-hour, quarter-hour, or similar credit system:

(i) Payments of tuition to an institution on the basis of the estimated cost of teaching personnel and supplies for instruction will be made in terms of a rate per credit hour for instruction applicable to all regularly enrolled veterans in all colleges, divisions, and departments of an institution except professional courses of medicine, dentistry, pharmacy, veterinary medicine, and such special professional courses for which a separate rate per credit hour should be determined if the institution desires an adjustment of customary tuition charges for these courses.

(ii) The rate per credit hour for instruction will be determined on the basis of the enrollment and the cost experience for the most recent quarter or semester for which data are available. (For purposes of the calculation, the cost and enrollment figures must cover the same instructional period.) The rate will include the cost of teaching personnel determined by dividing the total of teaching salaries as defined in paragraph (b) of this section by the total credit hours for which part- and full-time students are enrolled. To the rate per credit hour of instruction so determined will be added an allowance of 15 percent to cover the cost of personnel related to the actual teaching process and supplies for instruction.

(2) For other nonprofit schools not using a credit-hour system.

(i) Payments of tuition on the basis of the estimated cost of teaching personnel and supplies may be made in terms of clock hours of instruction; per man week; per man month; per course; or other terms as may be applicable and as may be agreed upon.

(ii) The principles, definitions, and allowances for other teaching personnel and supplies set forth herein will be used to calculate a unit cost for teaching personnel and supplies for instruction.

BOOKS, SUPPLIES, AND EQUIPMENT, INCLUDING TOOLS, FOR PARTS VII OR VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES

§ 21.539 *Furnished by the institution*—(a) *General.* (1) It is very much desired that schools furnish supplies to enrollees because such practice facilitates service to the enrollee.

(2) "Supplies" is a general term including books, consumable supplies, and equipment (including tools) and other necessary articles certified by the institution as required of all students, whether or not trainees, taking the same or comparable course or courses.

(b) *Estimates for "supplies"—(1) For Part VIII, Veterans' Regulation 1 (a), as amended, (38 U. S. C., ch. 12), trainees.* After the veteran has been admitted, the institution will forward to the regional office of the Veterans' Administration the VA Form 7–1950 presented by the veteran upon entering. On this form the institution certifies the veteran's course and the estimate charge for tuition, fees, and "supplies." The importance of such total estimated is two-fold:

(i) To determine whether the total charge will exceed the rate of $500.

(ii) To serve as a guide to all concerned as to the probable charge for supplies.

(2) *For Part VII, Veterans' Regulation 1 (a), as amended, trainees.* The estimate for "supplies" ordinarily will be stipulated in the contract.

(c) *Promptness in furnishing "supplies."* Managers will arrange with institutions so that required "supplies" will be available promptly to trainees. Such items will be issued only as they are needed except that a majority of the items which will be required and useful throughout the term or semester may be issued at the beginning of such term or semester.

(d) *"Supplies" for which payment may be made and items for which payment may not be made.* (1) Payment by the Veterans' Administration for "supplies" will be limited to those customarily required to be owned personally by all students, whether or not trainees, taking the same or comparable course or courses, and in no instance will they be greater in variety, quality, or amount than required of other students.

NOTE: Required is in contradistinction to requested or desirable to have or necessary for a future profession or job but not required by the institution of all students in the course.

(2) Where an article is available in several prices, grades, or qualities, Veterans' Administration may pay for only such quality or grade as will meet the requirements as specified in the standard list prepared by the institution. (See paragraph (g) (2) of this section.) Veterans' Administration may pay only for that grade or quality of "supplies" required of all students in standard established schools. In arriving at the judgment as to whether "supplies" should be required, consideration should be given to the best practice in established institutions in a given field of instruction in the decade previous to passage of Public Law 346, 78th Congress. In cases where the institution's book or supply store, or other stores chosen by the institution to furnish "supplies," do not have a required item and it cannot be obtained by such store on the market, the institution will then determine whether the entry with reference to the item on the standard list should be changed to accord with the grade available.

(3) Items commonly used for personal purposes such as fountain pens, brief cases, typewriters, desk sets, reading lamps, etc., are not interpreted within the definition of "supplies" and payment therefor will not be made by the Veterans' Administration except that in the case of Part VII trainees such items may be paid for when furnished on specific authorization of the Veterans' Administration.

(4) Items worn in lieu of ordinary clothes will not be classed as "supplies." Therefore, athletic or physical education clothing, laboratory coats and trousers, nurses' or technicians' uniforms, school or military uniforms, coveralls, or similar articles will not be interpreted as within the definition of "supplies" and are not paid for by Veterans' Administration. Protective items worn primarily to protect the wearer from physical harm as distinguished from protecting his undergarments may be furnished and paid for by the Veterans' Administration when required of all students.

(5) Any expensive items susceptible of use for personal amusement or recreation will be interpreted as within the definition of "supplies" paid for by Veterans' Administration only when managers of regional offices have satisfied themselves that the veteran possesses sufficient aptitude, talent, and interest to indicate likelihood of success as a result of a chosen course. Required conditions will be considered as fulfilled when approved advisement procedures have been followed and the course (requiring such articles) prescribed on that basis, or when veterans have successfully pursued courses for such time as to establish the fact that they possess the necessary aptitude to complete the course successfully.

(6) Payments may be made for "supplies" for a trainee registered in an auditor's or noncredit course, provided they are required of all students, and provided further the trainee is required to perform all of the work which all students enrolled for credit must perform in the course with the exception of taking credit examination. Payments may not be made for "supplies" for Part VIII trainees registered in such a course which requires only attendance and listening in the course.

(7) Because a veteran may be required to return the articles or repay a reasonable value thereof, Veterans' Administration cannot enter into any arrangement for partial payment, sharing payment with the veteran or installment payment, except in the case of Part VIII where the total cost of the course exceeds $500, the veteran may elect to pay the excess.

(8) The Veterans' Administration will not relace at Government expense articles of "supplies" which have been issued to a trainee which are subsequently lost, stolen, or misplaced, except in the case of Part VII trainees where the replacement is specifically authorized by the Veterans' Administration.

(9) The Veterans' Administration will not reimburse a trainee who pays personally for "supplies." This does not preclude the institution from reimbursing a trainee for an authorized expenditure and billing the Veterans' Administration therefor.

(10) When a particular article is required for use in more than one prescribed subject or in another quarter or semester or school year such article will not be duplicated at Veterans' Administration expense.

(11) Expenditures incurred by the institution in connection with trainees' theses may be included with the billing for "supplies." (See § 21.518 (g) for limitations.)

(e) *Charge.* The amount billed by the institution to the Veterans' Administration for "supplies" rests on the following:

(1) The institution will assure itself that the Veterans' Administration is not billed at an unreasonable price.

(2) If an institution operates a bookstore or supply store for students, regardless of whether they are trainees, the "supplies" authorized and issued to trainees through such store will be charged at no higher rate than that paid by any other student.

(3) If an institution chooses to arrange for issuance of "supplies" by stores or agencies not institutionally owned, where other students may purchase such items, and to pay the store or agency for authorized items issued to trainees, it may properly bill the Veterans' Administration for such "supplies" at such reasonable price as may be charged the institution for such items.

(4) If the bookstore or vendor provides a discount to the institution for "supplies" purchased by students or furnished to trainees, the institution will pass the discount on to the Veterans' Administration in the charges for authorized items issued.

(5) If the discount is granted to students, the charge to the Veterans' Administration for authorized items issued to the trainee will be on the basis of the net price to students.

(6) If the institution furnishes items of "supplies," specifically purchased for trainees only, i. e., not handled through a book or supply store for all students, such items will be billed at cost to the institution.

(7) Where it is customary in a survey subject to permit each student to obtain the aggregate of books for the subject (referred to as a rental set) on a rental basis and the ownership or permanent possession by the student of such books is not required for the satisfactory completion of the subject, trainees should be provided the rental sets on the same basis as they are rented to other students and the rental instead of purchase price charged to the Veterans' Administration.

(8) When a "used" book or piece of equipment is issued in place of a new book, the charge should be that customary for "used" and so marked on the individual bill.

(f) *Billing for "supplies."* (1) Charges for "supplies" furnished by an institution to trainees may be billed immediately after such articles are issued or may be included in the billing for tuition and incidental fees. Billing may be made on Standard Form 1034, Public Voucher for Purchases and Services other than Personal, or on the invoice of the institution or a combination of the two; i. e., SF 1034 supported by a number of invoices (normally not more than 50). Where the institution does not submit SF 1034, the original invoice will bear the following certification:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that state and local sales taxes are not included in the amounts billed.

There will be shown on each voucher or invoice the following for each veteran trainee: Name and C-number, date of enrollment, amount of charge and period covered by the charge (in column "Date of Delivery or Service"). Books, supplies, equipment, etc., need not be itemized to show the individual items for which charges are made but sufficient information should be indicated so that the character of the charges may be determined. For instance, where it is the practice of an institution to submit its charges to cover both tuition and other items in one amount, it will be sufficient to state on the voucher or invoice "Tuition, books, supplies, etc.," without break-down. However, if the school's charges as reflected by contract, catalog, or otherwise are stated separately as to tution, as to fees, as to supplies, or as to equipment (including books), the voucher or invoice should show the amount applicable to each such general breakdown. The face of the voucher will show the authority for the expenditure as, for example, "Public Law 346, 78th Congress."

(2) The 10-percent charge for handling and issuance of "supplies" (see paragraph (i) of this section for limitation) may be shown as one item following the total charge for such "supplies" and need not be itemized for each veteran trainee.

(3) In addition to the certificate of the payee appearing on SF 1034, vouchers or invoices submitted by institutions for "supplies" will contain certification to the effect that "no amount received from the Government is used or will be used as a rebate, prize, or other payment in goods or money to the veteran trainee." Where "supplies" are not itemized, a statement will accompany the voucher or invoice certifying that the articles represented by the charge for each veteran were delivered to the trainee or expenditures were made in his behalf and the institution has on hand and available for inspection by the Veterans' Administration evidence of such delivery and expenditure. If found convenient, this statement may be stamped on, or otherwise added to, the face of the voucher or invoice, in which case the signature following the payee's certificate will be considered as subscription to the statement. The following is illustrative of the added certification required:

I certify that the supplies, equipment, and miscellaneous services have been delivered or furnished to the trainees and evidence of expenditure and delivery of the articles or services on account of each veteran is available for the inspection of the VA; that no amount received from the Government is used or will be used as a rebate, prize, or other payment in goods or money to the veteran trainee.

(g) *Necessary record at the institution to support the charge for "supplies."* While it is not the desire of the Veterans' Administration to require the institution to comply with any one system for authorizing, issuing, and accounting for "supplies" issued to trainees for which the institution bills the Veterans' Administration, it is required that the evidence on hand include the following:

(1) Certification by the instructor, dean, or president of the institution of the itemized list of "supplies" required of each student, veteran-trainee, or otherwise, in a given subject of the course. This file of certification may be an annex to or a part of a standard list.

(2) A standard list (by subjects) of the "supplies" required for each quarter, semester, or year (with duplicate items of nonexpendable books, supplies,

and equipment or items susceptible to duplication as between subjects, courses, quarters, semesters, or years starred or otherwise marked).

(3) A file for each individual trainee showing the items authorized for issuance to him, and evidence of such issuance consisting of his signature as indicating receipt, and the prices charged, as a supporting basis for the bill to the Veterans' Administration for "supplies." (Such file can be helpful to the institution in checking on duplicate items and ascertaining whether items actually issued were authorized in paragraphs (a) and (b) of this section.)

(h) *Responsibility of regional office.* Managers will require the training facilities section to review the supporting records of approved institutions within their region to ascertain whether the requirements of paragraph (g) of this section are being met. If deemed feasible, they may require the institutions to file a standard list with the regional office.

(i) *Compensation for handling and issuing "supplies" for Part VII and Part VIII trainees.* (1) Educational and training institutions furnishing to trainees "supplies," which are customarily required to be owned personally by other students pursuing the same or similar courses, may be compensated for such services on the basis of 10 percent of the customary charge for the "supplies" furnished except as provided in subparagraph (10) of this paragraph.

(2) The provision for a 10-percent handling charge applies when the institutions do not customarily furnish such items for all students but which either permit or require all students to purchase "supplies" from any available source of supply.

(3) The provision for a 10-percent handling charge applies also when the institution provides through the operation of an institutional supply store or bookstore for furnishing such "supplies"; or the institutions may arrange with bookstores or agencies not connected with or operated by the institution to furnish "supplies" as authorized by it. In such cases, the institution is entitled to the 10-percent handling charge, provided the billing to the Veterans' Administration for such "supplies" is done by the institution.

(4) Where it is customary in a survey subject to permit all students to obtain the aggregate of books for the subject (referred to as a rental set) on a rental basis and the ownership or permanent possession by the student of such books is not required for the satisfactory completion of the subject, trainees should be granted the rental sets on the same basis as they are rented to other students and the rental instead of purchase price charged to the Veterans' Administration. The 10-percent handling charge applies in such case. Note that this provision is limited to rental sets. (For cases where the institution provides other books by rental, see subparagraph (5) of this paragraph.)

(5) Where the institution customarily furnishes "supplies," or any of these items, for all students enrolled either on a rental charge, or fee basis and either includes the charge for such items in the tuition or collects an additional amount therefor from each student, the provision for a 10-percent handling charge does not apply.

(6) The 10-percent handling charge is not applicable to Government-owned books such as those procured from the Library of Congress since there is a separate provision for compensating the institution for the issuance and handling of these books.

(7) The 10-percent compensation paid to institutions is considered an administrative expense of the Veterans' Administration chargeable to appropriation, Salaries and Expenses, VA Program Symbol 5100, Object 070, and not a charge against the period of eligibility of an individual veteran. In those cases where a veteran elects to execute VA Form 7–1950a for the charging of his eligibility in order to have the Veterans' Administration pay the cost of a course of education in excess of the rate of $500 per year, the 10-percent compensation for handling costs paid to the institution will not be included in the cost of the course. Therefore, it will not be necessary on public vouchers for "supplies" to show the allocation of the 10-percent charge to the materials issued to each individual veteran.

(8) Where the 10-percent handling charge is applicable, it may be shown as one item following the total charges for "supplies" on Standard Form 1034 and need not be entered in the individual supporting schedules.

(9) Where contracts are required for either Part VII or Part VIII, and the institution or establishment is entitled to and requests the 10-percent compensation for furnishing "supplies" to veterans, the contract must provide for such compensation.

(10) It is considered that compensation in the amount of 10-percent of the customary charge is a reasonable reimbursement to colleges, universities, and other schools providing academic courses where there is a small percentage of expensive equipment required to be furnished to veterans. However, in the case of trade and professional schools and, in some instances, professional courses in academic schools where items of equipment costing in excess of $50 are required and issued, the maximum allowance of 10-percent compensation on the customary charge for such expensive equipment may result in compensation in excess of a reasonable allowance for the costs incurred by the institution in procuring, issuing, and billing for such equipment. In view of these facts, managers will review the handling charges being paid to institutions where expensive items of equipment are required to be issued to veteran-trainees under Public Laws 16 or 346, as amended. However, the institution should not be required to submit detailed billings on books, supplies, and equipment for the purpose of accomplishing this review. If it is considered by the manager that the allowance of 10-percent is resulting in payment by the Veterans' Administration of more than a reasonable amount of compensation for the costs incurred by the institutions, the manager may authorize the payment of such lesser sums as may be agreed upon with the institution, based on the customary charges of the items furnished, which will result in reasonable compensation to the institutions for services rendered. In those cases where the rate of compensation is agreed upon between the institution and the Veterans' Administration at a figure less than 10-percent, such adjusted rate will be for prospective application and will not be applied for services rendered prior to the date of the agreement. Where contracts are otherwise required, the agreed rate will be inserted in such contracts when they are negotiated but existing contracts need not be changed with respect to the percent compensation prior to the termination date of such contracts unless the institution will voluntarily agree to a reduction and amendment to the contract. Where contracts are not otherwise required for payments and a rate of compensation less than 10-percent is agreed upon between the institution and Veterans' Administration, the finance officer will be furnished with a written memorandum from the vocational rehabilitation and education division setting forth the agreed rate of compensation and the effective date thereof.

(j) *Procurement by institution.* Institutions will normally furnish, issue, or release the required supplies to the trainee through such channels as it designates.

(k) *Limitations on amount for on-the-job training establishments.* Establishments providing on-the-job training may furnish the required articles by purchase in accord with current Veterans' Administration regulations.

(l) *Release of "supplies" to trainees.* "Supplies" will not be marked to indicate ownership by the United States and will be deemed released to the trainee at the time they are furnished.

(m) *"Supplies" previously issued to trainee by the institution at Veterans' Administration expense may be returned by the trainee.* (1) As a result of failure to complete or a change of course.

(2) Voluntarily because he has no further need for them.

(n) *Disposition of "supplies" which have been turned in by a trainee.* (1) Arrangements may be made with the institution to receive the items and to reissue to trainees.

(i) The manager of the regional office is:

(*a*) Authorized to enter into negotiations with any educational institution to work out a plan with the institution to meet its particular problems and complete arrangements for the reissuance to trainees of books, supplies, and equipment returned by a trainee.

(*b*) May contract to reimburse the institution for the estimated handling cost of such books, supplies, and equipment. The amount to be paid to the particular institution should be based on the estimated reasonable cost that will be incurred by the institution in rendering this service. As to books, it should be determined that there is sound justification for the authorization of any reimbursement in excess of 25 cents per volume. In no case shall more than 35 cents per volume be authorized without prior approval of the Assistant Administrator for Vocational Rehabilitation and Education. Reimbursement should not be based on the normal profit margin charged by a retail bookstore or supply source.

(ii) The agreed estimated cost of handling may be billed to the Veterans' Administration in one lump sum on a public voucher which need show only the total number of volumes issued. Such payments for handling charges would be considered an item of administrative overhead, and finance officers will charge such expenses to allotment account Symbol, Program 5100, Object 070, under appropriation Salaries and Expenses VA. This payment for the estimated cost of handling expense is in lieu of the 10-percent allowance for handling costs authorized in paragraph (i) of this section.

(2) "Supplies" which have been recovered from trainees and for which no arrangements under subparagraph (1) of this paragraph have been made should be delivered to the supply officer and appropriate procedure set up to insure that all serviceable items will be reissued to other trainees whenever like items are needed for them whenever it is administratively feasible.

§ 21.540 *Furnished by Veterans' Administration.* In the large majority of cases, the school will be able to furnish and will have ready for issuance promptly to the trainee the required "supplies" and resort to the regional office or training officers for procurement will be the rare case. The important feature in this connection is to emphasize that the estimate for "supplies," regardless of their source, must be included in the total estimated charge for the Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainee in determining whether the rate of $500 for an ordinary school year is exceeded.

AMOUNT PAYABLE FOR COOPERATIVE COURSE FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEE; AMOUNT PAYABLE FOR COURSE OF RELATED TRAINING FOR PART VIII TRAINEE

§ 21.548 *Payments for cooperative course.* (a) Payments to the institution will be only for that portion of training or instruction given by the institution. The basis for charge will be determined in the light of the applicable portion of §§ 21.468 through 21.476, 21.484, 21.485, 21.493 through 21.495, and 21.503 through 21.509.

(b) Tuition payments for the time a veteran is in full-time training on the job will be adjusted in accordance with each individual situation.

(c) For combinations of school and on-the-job training running concurrently, the time in each component type will be measured in accordance with the appropriate standard prescribed for each type of training, and the maximum amount payable for instruction will be determined on the basis that the part-time institutional training bears to full-time institutional training.

§ 21.549 *Payments for related training.* (a) Necessary care will be exercised to avoid duplication of charges for books, supplies, and equipment.

(b) Tuition charges will be determined in accord with applicable portions of §§ 21.468 through 21.476, 21.484, 21.485, 21.493 through 21.495 and 21.503 through 21.509.

(c) For combinations of school and on-the-job training running concurrently, the time in each component type will be measured in accordance with the appropriate standard prescribed for each type of training, and the maximum amount payable for instruction will be determined on the basis that the part-time institutional training bears to full-time institutional training.

(d) See § 21.421 for payment instructions where a veteran is in training under one regional office and the institution (principal trainer) requests related training in a secondary training establishment which is located in a different regional office area.

AMOUNT PAYABLE TO HOSPITALS APPROVED FOR RESIDENCY TRAINING FOR PHYSICIAN VETERANS WHO ARE PART VIII. VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES

§ 21.557 *Payments in lieu of tuition and fees.* Hospitals approved by the appropriate State agency for training in connection with residencies for qualified physician veterans enrolled under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), (or Part VII) may be paid as follows: For courses of more than 30 weeks (residency training usually covers 52 weeks) in accord with the bases set forth in §§ 21.468 through 21.476 or 21.484 and 21.485. When payment is requested on the basis of alternative 4, § 21.471, the hospital will be required to deduct the value of services rendered by the individual from the cost of teaching personnel and supplies for instruction in arriving at the compensation to be paid for training.

§ 21.558 *Furnishing of books, supplies, and equipment for veterans pursuing residency courses in hospitals.* (a) Since residency courses are entered upon only by qualified physicians and since qualified physicians in pursuit of their medical courses and/or their general practice ordinarily own the common diagnostic instruments and certain of the texts applicable to general medicine, only books and equipment which are peculiar to the specialty for which the veteran is preparing himself will ordinarily be paid for by the Veterans' Administration.

(b) For the doctor-veteran pursuing a residency course in a hospital, the Veteran's Administration may pay for, subject to the provisions governing the amount of money which may be expended for cases under Public Law 346, such books, supplies, and equipment necessary and required for training purposes as are certified by the physician or physicians responsible for giving the course as being required to be possessed personally by every physician, veteran or non-veteran, pursuing the same course, *Provided*, That:

(1) Such books, supplies, and equipment are not furnished or loaned by the institution.

(2) In no case will any book or item of equipment be paid for when such article is already in the possession of the veteran. Adequate assurance will be obtained that the veteran does not own or have available for his use any item requested.

§ 21.559 *Responsibility of hospital which offers a residency course.* It is the responsibility of every participating hospital to maintain an educational program of high quality fulfilling established and generally accepted standards for such work. There is no authority to pay a hospital in connection with enrollment of veterans in a residency program unless such hospital offers a definite educational program as distinguished from on-the-job training, involving organized teaching on rounds and in conferences as well as classroom conferences dealing with autopsy findings, medical problems in the hospital, X-ray diagnoses, laboratory studies, and other organized educational features which definitely stamp this training as education. Such a program of instruction entails expenditures by the hospital which would be unnecessary if patient care alone were involved. Presumably, the services of additional physician teachers will be required in order to provide necessary instruction.

CONTRACTS UNDER PUBLIC LAW 16, 78TH CONGRESS AS AMENDED, FOR PART VII, VETERANS REGULATION 1 (A), AS AMENDED (38 U. S. C. CH. 12), TRAINEES

§ 21.567 *Origin of authority.* The authority for contracts is contained in paragraph 2, Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), which provides that the Administrator may by agreement or contract with public or private institutions or establishments provide for such additional training facilities as may be suitable and necessary to accomplish the purpose of Part VII. There is authority under the law to provide by contract for all training necessary for rehabilitation.

§ 21.568 *Agreement for free instruction.* Certain public schools make no charges of any kind for instruction, services, or supplies. When it is desired to enter trainees into such institutions, an agreement will be made in triplicate. The original will be retained in the training facilities section of the regional office, the first copy will be returned to the institution, and the second copy will be sent to the director, training facilities service, vocational rehabilitation and education, central office. If any charges whatsoever are to be made, such as for student body fee or for books or supplies, VA Form 1903 will be executed.

§ 21.569 *Authority to make contracts.* (a) The manager, assistant manager, and chief, vocational rehabilitation and education division, in a regional office are authorized, with the exception of correspondence courses, to enter into contracts in accordance with existing laws, regulations, and policies with public or private educational or training institutions (other than for

training on the job) in the territory of that regional office for the purpose of providing courses of education and training for veterans enrolled under the provisions of Public Law 16, 78th Congress, as amended.

(b) Where a principal institution has branches outside the territory of a regional office which are separate entities and which do not have authority to contract, the regional office having jurisdiction over the territory in which the principal institution is located will negotiate a contract for courses offered by both the principal institution and the branches and will forward properly executed copies of the contract to the regional offices in which the branches are located. In such cases, the billing will be made by the principal institution to the Veterans' Administration regional office having jurisdiction over the veteran for which the bill is submitted and for the area in which the instruction is given.

§ 21.570 *Determination when contract is required.* Contracts are required before payment of charges can be made to educational institutions for the rehabilitation of eligible veterans. The provisions of § 21.587 relative to contracts with other than nonprofit institutions are equally applicable to contracts for the rehabilitation of Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees.

§ 21.571 *When to make contracts.* (a) Contracts will be made with training facilities as the need develops for a definite course or courses. This does not mean that it is necessary to wait until a veteran is ready for induction, although there should be reasonable assurance that the contract will be utilized. Contracts may cover any number or all of the courses offered by an institution which it is expected will be utilized even though the need for such courses is not present at the time the proposal is made.

(b) In addition to the educational training, a disabled veteran is entitled to medical care for the purpose of preventing an interruption of training, and every effort should be made to keep veterans in training to the fullest extent possible. Medical and hospital care for illnesses of relatively short duration should be provided in contracts with institutions, if available. Institutions with which contracts have been made for vocational training under the provisions of Public Law 16, 78th Congress, as amended, and those institutions with which it is contemplated that contracts will be made, should be required to furnish the regional office with a statement indicating the nature and extent of medical services available through payment of the health fee and a statement of medical services available and the fees charged therefor which are not covered by the health fee. The statement of medical services available and the fees to be charged for such services not covered by the health fee should be included in, and made a part of, Public Law 16 contracts. Immediately after the contracts have been approved, the institution will be authorized to provide medical care of the nature covered by the contract, as required, to trainees. Such authorization will be sent to the institution by the manager listing the trainees by name, if already enrolled. The manager will issue similar authority for each trainee subsequently enrolled, these authorities to remain in effect as long as the trainees covered thereby are enrolled at the institutions. Each institution providing medical service under the contract other than that covered by the health fee will be required to submit an itemized voucher each month showing the name of each trainee who received medical service, the nature and date of such service, and the fees charged.

CROSS REFERENCE: *Renewal of contracts.* (See § 21.588.)

§ 21.573 *Negotiation*—(a) *Preliminary negotiations and memorandum agreements.* When it is desired to obtain training for a disabled veteran under the provisions of Public Law 16 and a contract has not been negotiated with a suitable facility, immediate action should be taken to negotiate a contract with the institution or agency found suitable by the facilities officer. So far as possible, trainees will not be entered into training until a contract is completely negotiated. However, when a trainee's interests and rights under Public Law 16, 78th Congress, will be seriously jeopardized by withholding him from training because of the absence of a contract and the contract cannot be immediately completed, he may be entered into training on the basis of a written memorandum agreement with the school pending the final approval of a contract. Immediate steps will be taken to complete the contract. In no event will a veteran be placed in training without a written agreement.

(b) *Final negotiations.* Insofar as it is possible, it is considered that the negotiation of a contract should include a visit to the institution so that the contracting officer will have first-hand knowledge of the extent and nature of facilities and services of the institution. A personal visit to the institution is particularly desirable where contracts are negotiated which involve a fair and reasonable cost determination or payment of adjusted tuition on the basis of cost of teaching personnel and supplies for instruction so that the details of the cost data and the supporting records therefor can be examined if necessary.

§ 21.574 *Form 1903.* VA Form 1903, Proposal for Vocational Rehabilitation Training Under Public Law 16, 78th Congress, revised June 1945, will be used for all contracts under Public Law 16 (except for correspondence courses) which involve any payments whatsoever to the institution.

§ 21.575 *Deviation from contract terms.* All charges and other terms shall be stated in the contract, and no deviation therefrom can be made during the period covered by the contract. It is essential that all statements shall be in concise terms, leaving no doubt as to the services to be performed and the charges therefor.

§ 21.576 *Preparation of contracts.*—(a) *Numbering of contracts.* Public Laws 16 and 346 contracts made by regional offices, with effective dates of July 1, 1948, or any time subsequent thereto, will bear the symbol "V" to designate the Veterans' Administration, followed by the identification number of the field station. In addition, a capital letter "V" will be used to designate vocational rehabilitation and education, followed by a hyphen and the serial number of the contract beginning with the number "1" and continuing in numerical sequence without limitation as to date or year. For example, contracts of the New York City Regional Office will be designated V3006V–1, V3006V–2, etc., and contracts of the Hospital and Regional Office at Togus, Maine, will be designated V4002V–1, V4002V–2, etc. A separate number series will not be assigned to Public Law 16 and Public Law 346 contracts. Memorandum agreements referred to in § 21.573 (a) will not be numbered. Contracts renewed in accordance with the provisions of § 21.588 will retain number and symbol of the original contract which is renewed. The contract will carry the notation in the upper right corner of page 1 "negotiated contract" under or in close proximity with the contract symbol number; such notation will bear the initials of the contracting officer. Only the original, first, and second copies of the contract need be initialed by the contracting officer.

(b) *Date of contract.* A contract must show on the last page of VA Form 1903, the date on which it is approved by the manager. If a preliminary memorandum agreement was made as outlined in § 21.573, the dates set out in paragraph First will be those stated in the preliminary memorandum agreement. In such a case, the original memorandum will be attached to the original copy of the contract and by reference made part of the contract, and copies will be made and attached to the copies of the contract. In no other case will the beginning date of the contract shown on page 1 of VA Form 1903 be earlier than the date of acceptance shown on page 3 thereof.

(c) *Duration of contracts.* The dates, stating the period the contract will be in force, are to be filled in, and in general the period will not be longer than 12 months. The period may be:

(1) For the Government fiscal year where practicable and satisfactory. In most cases, this will be for schools which operate continuously and do not divide the school year into fixed terms, semesters, or quarters.

(2) For the school year. The period may extend over parts of two fiscal years, if necessary, for the purpose of covering the ordinary school year at the particular institution. It is impracticable, in view of summer sessions and of accelerated programs in effect at many institutions of higher learning, to limit contracts with these institutions to the fiscal year. Therefore, contracts with institutions having a summer session which will be utilized in the vocational rehabilitation program and with those having accelerated programs will be made to include the entire school year, even though the contracts will in most instances cover a period extending into two fiscal years.

In most institutions it will probably be more satisfactory to begin the contract with the fall term and have it conclude with the close of the summer term of the next succeeding fiscal year or begin with the summer term and terminate with the close of the spring term of the next succeeding fiscal year.

(3) For such other period as may be mutually agreeable to the institution and the Veterans' Administration.

(d) *Uniformity of contracts.* With the view of attaining uniformity and adequacy of content, proposals will be prepared, insofar as circumstances permit, in accordance with the following:

(1) *Paragraph Second; instruction and charges*—(i) *Course description.* A schedule 1 will be prepared and attached to each copy of the contract and will include complete information relative to courses and charges either by description or specific reference to attached catalogs or bulletins. The course description should provide:

(*a*) Name of the course.

(*b*) The school calendar.

(*c*) Indication whether institution is operated on a credit-hour or clock-hour basis, and, in the case of schools which do not operate on a credit-hour basis, the length of school day and week.

(*d*) Time and total credits required for the completion of the course in the case of a college or university or other school which evaluates its courses on a standard credit-hour basis; or total clock hours of instruction required in business, trade, or other schools which operate on a clock-hour basis.

(*e*) Required and elective subjects and number of credit or clock hours of each subject comprising the course should be stated. In the event that the required information or part of it is included in a published catalog, bulletin, or other official document of the institution, a copy of such publication may be attached to and made a part of the contract. In such cases, the contract will indicate by a clear reference to specific pages and paragraphs the provisions of the catalog or bulletin to be included in and made a part of the contract. In no instance will a general reference such as "as per catalog attached" be included. When a catalog is not entirely correct in its current form, the institution may make necessary corrections by inserting corrected sheets and properly initialing them.

(ii) *When more than one standard charge is quoted for a service.* When an institution quotes more than one price for a service such as a monthly rate, term rate or course rate, or offers a discount for cash in advance for a month, term, course, etc., the Veterans' Administration will pay only the lowest published charge, which is generally the cash price, for the service. Payment will continue to be made in arrears.

(*a*) Where the charge as stated by the institution is a course price, regardless of the length of time it may take an individual student to complete the course, paragraph Second will include the following provisions:

(*1*) The above charge will be the maximum charge; however, in the event any individual trainee completes his course in less time than that stated in this paragraph, the charges will be prorated to cover only the period of actual attendance. If an individual trainee does not complete a course satisfactorily within the time stated, such instruction as may be necessary to enable the trainee to complete the course will be furnished at no additional cost to the Veterans' Administration.

(2) The charges for each year will be stated separately in contracts with institutions offering courses of more than 1 year and for which the fees and charges are not the same for each year; for example, a 4-year course in pharmacy.

(iii) *Variable fees.* When laboratory fees or subject fees are not identical for all students enrolled in the same course, reference will be made to the published list of fees and charges in this manner: "Laboratory fees and subject fees for this course will be charged in accordance with the rate published in the referenced publication, pages ------ "or" * * * as stated in the description of the subject on pages ------." Breakage fees or other deposits commonly required by an institution as a guarantee against contingent loss and which are refundable in whole or in part will not be included in proposals. Instead, a statement will be included providing that at the conclusion of the course or term the Veterans' Administration will pay, upon being vouchered, the exact amount of the breakage or loss, provided such breakage or loss is a normal one and is not due to vandalism or other misconduct of the trainee.

(iv) *Part-time study.* If any special arrangements are made concerning the use of the courses for part-time study or evening study other than as set forth in the published literature which is made part of the contract, stipulation to that effect should be typed in as part of this paragraph.

(v) *Books, supplies, and equipment.* It is of the utmost importance that institutions agree to assume responsibility for furnishing books, supplies, and equipment. As provided in paragraph Second of the contract, VA Form 1903, books, supplies, and equipment are to be furnished as required for the instruction of veterans but in no instances greater in variety, quality, quantity, or amount than are required by the institution to be provided personally by other and all students pursuing the same or similar courses. Provision for payment for such items by the Veterans' Administration will be included in paragraph Second of the contract. In general, it is desirable that there be listed in the contract or attached schedule the books, supplies, and equipment to be furnished and the charge therefor; but, if it is not practicable to do so, the use of one of the terms as follows would be satisfactory:

(*a*) At prices charged other students by the college or book store.

(*b*) At list prices charged other students less a discount of ------ percent.

(*c*) At cost to the school.

(*d*) At a rental charge of $------ per -------.

(*e*) As listed herein (and a listing to be attached as Schedule 2 to the contract).

(vi) *Allowance of 10 percent for handling and issuance of books, supplies, and equipment.* Where an institution is entitled to the 10-percent compensation for the handling and issuance of books, supplies, and equipment, as provided in §§ 21.539 and 21.540 provision for payment of the 10-percent handling charge must be included under paragraph Second of the contract. The provision should be expressed somewhat as follows:

It is understood and agreed that the institution in submitting vouchers for books, supplies, and equipment furnished to veterans may add to the total of each such voucher 10 percent of the total as compensation for handling and issuing of such material.

(vii) *Guaranteed payment clause.* Under no condition will the Veterans' Administration consider a contract which contains a "guaranteed payment clause." By "guaranteed payment clause" is meant any condition in the contract which provides that the Veterans' Administration will pay a specified sum of money for a specified number of students per term.

(2) *Paragraph Third; payment.* The basis on which payments are to be made must be set forth clearly and concisely. If billing for nonrefundable fees covering nonrecurring services or for books, supplies, and equipment is to be made immediately after the services are rendered on the articles issued, it should be so stated. If payment for customary tuition or other services is to be made monthly, quarterly, etc., the exact basis for such payments should be made. If payments are to be made to nonprofit institutions at the expiration of the refund period in accordance with §§ 21.655 through 21.657 it should be so stated. In the case where payments are to be made on other than the customary charge basis, it must be stated that total payments for any individual veteran under the contract will be limited to $500 for a full-time course for an ordinary school year.

(3) *Paragraph Fourth; refusal to furnish books and supplies.* When an institution will not contract to furnish the needed books and supplies, prior authority to delete paragraph Fourth will be obtained from central office and the manager will thereafter arrange to furnish the necessary articles in accordance with established procedures.

(4) *Paragraph Fifth; charges differing from customary charges.* Where contracts are negotiated on the basis of other than customary charges, as provided under Veterans' Administration regulations, paragraph Fifth will be deleted.

(j) *Late registration.* In case of late registration which occurs on or before the last date on which the institution will accept students generally for full credit for the semester, quarter, or term, payment may be made for the entire semester. In case of registration after the last date upon which the institution will accept students for full credit for the term, charges for tuition will be prorated on the basis of the time remaining in the term or on the basis of the credits for which the veteran is enrolled.

(ii) *Proration of charges.* There will be inserted in the blank space provided at the end of paragraph Eighth the exact provisions relating to the proration of charges in the event that veterans are withdrawn or discontinued prior to the end of the term, semester, or quarter, and such provisions for proration of charges will be determined as follows:

(a) *Nonprofit institutions.* Nonprofit educational institutions which do not have or will not accept a graduated scale of charges for purposes of determining refunds at least equivalent to that set forth in §§ 21.655 through 21.657 will be required to prorate charges on the basis of actual attendance for veterans withdrawing or discontinuing prior to the close of the period and will be paid in arrears for that prorata part of the charge for services rendered during the period covered by vouchers submitted for payment.

(b) *Other than nonprofit institutions.* In all cases where veterans are enrolled in other than nonprofit institutions, payment of tuition and fees will be made in arrears prorated on the veteran's period of attendance.

(c) *Payment for books, supplies, and equipment.* Institutions may submit bills and be paid in full for books, supplies, and equipment issued to veterans in accordance with existing regulations (see §§ 21.539 and 21.540) immediately following the issuance of such material.

(d) *Fees for noncontinuing services.* The graduated scale of charges will not apply to a fee which is for noncontinuing service and not subject to refund under any conditions, such as a registration fee.

(5) *Corporate certification.* Information relative to the proper authorities for signing contracts will be inserted in the certificate form for corporations. If the institution is not a corporation, the words "not a corporation" must be typed under the word "certificate."

§ 21.577 *Supplemental contracts.* Courses or services and charges therefor not included in the original contract may be provided for by the negotiation of a supplemental contract. Each supplement will be prepared in typewritten form with six copies and distribution made in the same manner as the original contract. The supplement is in letter form, and the name of the institution and address should be placed in the upper left corner. In the first sentence, the contract number should be stated and reference made to any previous supplements by number. If copies of institutional catalogs, bulletins, or other printed material were made a part of the original contract, copies thereof need not be attached to the supplement; however, if any new publications have been issued and are to be used in description of courses or charges, they should be attached to the supplement. Individual courses and charges may be added by typewritten description as suggested in the form. Each supplement must be executed by both parties in the same manner as in the original contract.

CONTRACTS UNDER PUBLIC LAW 346, 78TH CONGRESS, AS AMENDED, FOR PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12), TRAINEES

§ 21.585 *Authority.* Contracts for education and training of veterans under Public Law 346, 78th Congress, as amended, are authorized under chapter IV, title II, thereof.

§ 21.586 *Authority to make contracts.* The manager, assistant manager, and chief, vocational rehabilitation and education division, in a regional office, are authorized, except as to correspondence courses, to enter into contracts in accordance with existing laws, regulations, and policies, with public or private educational or training institutions (other than training on the job) in the territory of that regional office for the purpose of providing courses of education and training for veterans enrolled under the provisions of Public Law 346, 78th Congress, as amended.

§ 21.587 *Determination when contract is required.* It will be necessary for a contract to be negotiated by the Veterans' Administration before payments for tuition, fees, books, supplies, equipment, and other necessary expenses are made to the institution for the training of Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees under the following circumstances:

(a) *Nonprofit institutions*—(1) *Courses of 30 weeks or more.* (i) When the institution elects and is permitted to receive payment of other than customary tuition, on the credit hour rate (alternative 4, § 21.475).

(ii) Contracts will be made effective with the beginning of the first term, semester, or quarter subsequent to the date the institution submits a formal request for payment of adjusted tuition on the basis of alternative 4, § 21.475 provided such request is approved by the Veterans' Administration.

(2) *Courses of less than 30 weeks (see § 21.493 through § 21.495).* A contract must be negotiated with a nonprofit institution in all cases where the customary charges exceed the rate of $500 for a full-time course for an ordinary school year. Where the customary charges for such courses have not been increased subsequent to June 22, 1944, in what appears to be an unreasonable amount for the services rendered, the manager may contract to pay such customary charges without the submission of cost data. In all other cases contract rates must not exceed the rates determined to be fair and reasonable in accordance with the provisions of § 21.530.

(b) *Other than nonprofit institutions (courses of 30 weeks or more and courses of less than 30 weeks).* (1) Contracts will be required when the customary charges exceed the rate of $500 for a full-time course for an ordinary school year. In the negotiation of such a contract, it will be necessary for the school to submit cost data. Agreed contract rates will not exceed rates determined by the Veterans' Administration to be fair and reasonable in accordance with the provisions of § 21.530.

(2) Effective July 1, 1948, contracts will be required when the customary charges do not exceed the rate of $500 for a full-time course for an ordinary school year where a majority of the enrollment of the institution consists of veterans in training under Public Laws 16 and 346, as amended, and where one of the following conditions prevails:

(i) The institution has been established subsequent to June 22, 1944.

(ii) The institution, although established prior to June 22, 1944, has increased its charges to all students subsequent to that date to an amount which, in the judgment of the manager, appears to be an unreasonable amount for the services rendered. In general, an increase of less than 25 percent will not be considered unreasonable. However, if, in the judgment of the manager, an increase of less than 25 percent in the case of any institution is considered to be unreasonable, the manager may submit a full report of the facts to the assistant administrator for vocational rehabilitation and education through the appropriate branch office and request a ruling as to whether or not a cost determination should be made.

(3) In the negotiation of contracts as required in subparagraphs (2) (i) and (ii) of this paragraph, it will be necessary for the school to submit cost data. Agreed contract rates will not exceed rates determined by the Veterans' Administration to be fair and reasonable in accordance with the provisions of § 21.530.

(4) Contracts will not be required when the customary charges do not exceed the rate of $500 for a full-time course for an ordinary school year provided any one of the following conditions prevails:

(i) When the customary charges of an institution established prior to June 22, 1944, do not exceed the rate of $500 for a full-time course for an ordinary school year and the institution has not increased its charges subsequent to June 22, 1944, to an amount which, in the judgment of the manager, appears to be unreasonable for the services rendered.

(ii) Where the majority of the enrollment of the institution consists of students not in training under Public Laws 16 and 346, as amended.

(iii) Where an institution which was established prior to June 22, 1944, and has been in continuous operation since that date and has not increased its charges to students, veterans, and nonveterans alike, to an amount in excess of the charges customarily made by the institution for the same or similar courses prior to June 22, 1944.

(5) Payments of customary charges will be made to institutions within the provisions of subparagraphs (4) (i), (ii), or (iii) of this paragraph without requirement of either a cost determination or a contract. In all such cases, the training facilities section will notify the finance office in writing of the customary charges that are authorized to be paid without a contract.

(6) Each institution affected will be notified in writing of these provisions not less than 30 days prior to the date a contract is required. In any case in which a contract is required under Veterans' Administration regulations for the education and training of veterans, no payments whatsoever will be made to an institution until a written agreement or contract between the Veterans' Administration and the institution has been completed.

(7) An institution may request cancellation of its contract and negotiation of a contract for the fiscal year beginning July 1, 1948, under the provisions of this regulation, effective on same date provided all of the following conditions exist:

(i) The contract was negotiated under authority of the Administrator's telegram of September 30, 1947, prior to July 1, 1948, but extending into the fiscal year 1949.

(ii) The request for reconsideration is made in writing to the manager of the appropriate Veterans' Administration regional office not later than July 1, 1948.

(8) If the manager determines that the institution is suffering a serious financial hardship or is handicapped in giving the type of training desired because of the rate agreed upon under the formula prescribed prior to July 1, 1948, the manager is authorized to permit termination of the contract and to negotiate a new contract on the basis of the revised formula set forth in § 21.530.

(c) For flight course contracts, see § 21.601.

(d) For correspondence course contracts, see § 21.625.

§ 21.588 *Renewal of contract.* Renewals of contracts in lieu of making new contracts may be accomplished by the completion of renewal agreement when no change is made in the existing original contractual provisions. Six copies of the renewal agreement must be prepared and signed and distribution made in the same manner as the original contract. In no event will a contract originally negotiated on the basis of fair and reasonable compensation or cost of teaching personnel and supplies for instruction be renewed until the submission of proper cost data required and unless such data justifies a continuation of the terms of the existing contract. (See § 21.529 through § 21.531.) If the examination of the cost of operations for the preceding period indicates that the basis of charges is to be changed, a new contract must be negotiated.

§ 21.589 *Negotiations*—(a) *Preliminary negotiations.* A file should be maintained showing the name of each approved institution, the basis on which the institution charges for tuition, fees, etc., and other pertinent information. In all cases in which it is ascertained that a contract will be required, the institution will be notified that payments for veterans may be made only under contracts negotiated in accordance with the provisions of applicable regulations and instructions, and negotiations will be initiated with all those institutions desiring to enroll veterans under Public Law 346. In any case in which a contract is required under Veterans' Administration regulations for the education and training of veterans under the provisions of Public Law 346, as amended, no payments whatsoever will be made to an institution until a written agreement or contract between the Veterans' Administration and the institution has been completed.

(b) *Memorandum agreements.* If a contract is required under existing regulations and it is not possible to complete a formal contract with an approved institution prior to the enrollment therein of eligible veterans, a memorandum agreement may be made pending completion of the formal contract. Rates of payment need not be stated in the memorandum agreement, though provision may be included which specifies that the rates as finally adopted will be determined in accordance with rules, regulations, and policies of the Veterans' Administration and will be effective from the beginning date of training as set forth in the memorandum agreement.

(c) *Final negotiations.* (See § 21.573 (b).)

§ 21.590 *VA Form 7–1903b, Contract for Education and Training, Public Law 346, 78th Congress, as amended.* VA Form 7–1903b will be used by regional offices for all new contracts required with educational institutions under Public Law 346 for the education and training of veterans.

§ 21.591 *Deviation from contract terms.* All services, charges, and other terms will be stated in the contract, and no deviation, change, or other alteration in the terms for services or charges will be made during the period covered by the contract except as noted below. Contracts may be supplemented to add additional courses or services and charges therefor as provided in § 21.592 (d). Erasures, interlineations, and other alterations are to be avoided; but whenever made, they must be authenticated properly by each party to the contract initialing the changes.

§ 21.592 *Preparation of contracts*—(a) *Numbering of contracts.* (See § 21.576 (a).)

(b) *Period covered by contracts.* Contracts negotiated on VA Form 7–1903b will be effective for the period beginning and ending on the dates shown under article 1 (a), VA Form 7–1903b. Contracts may be negotiated to cover the Government fiscal year, a period extending over parts of two fiscal years, if necessary, to cover an entire school year of the institution, or such other period as may be mutually agreeable to the institution and the Veterans' Administration. Generally, contracts should not cover a period of more than 12 calendar months.

(c) *Preparation of VA Form 7–1903b*—(1) *General.* The appropriate contract number will be inserted in the upper right corner of page 1 of the form in the space provided therefor. The contract will carry the notation in the upper right corner of page 1 "negotiated contract" under or in close proximity to the contract symbol and number, such notation to bear the initials of the contracting officer. Only the original and first and second copies of the contract need be initialed by the contracting officer. The formal date of the contract will be inserted in the first paragraph. This date may be prior to the beginning date of instruction of Public Law 346 veterans for which payment is to be made under the contract but may not be later than the beginning date of instruction as shown in article 1 (a). The legal name of the institution and its address should be inserted in the first paragraph. In the third paragraph, the name of the appropriate approving agency should be inserted, such as "State Department of Education of the State of _____."

(2) *Article 1, instruction*—(i) *Period covered by contract.* Under paragraph (a) of the form, the period covered by the contract is to be inserted. The beginning date of the period should be the first day on which veterans are enrolled for instruction or, if veterans have been enrolled continuously, the beginning date of the semester, quarter, or term of the institution. The ending date should be the final date of instruction but not later than June 30 of the current fiscal year, except as provided in paragraph (b) of this section.

(ii) *Article 1 (b).* A schedule 1 will be prepared and attached to each copy of the contract and will include complete information with respect to courses and charges either by description or specific reference to attached catalogs or bulletins. The course description should provide:

(a) Name of the course.

(b) The school calendar.

(c) Indication whether institution is operated on a credit-hour or clock-hour basis, and in case of schools which do not operate on a credit-hour basis the length of school day and week.

(d) Time and total credits required for the completion of the course in the case of a college or university or other school which evaluates its courses on a standard credit-hour basis, or total clock hours of instruction required in business trade, or other schools which operate on a clock-hour basis.

(e) Required and elective subjects and number of credit or clock hours of each subject comprising the course should be stated. In the event that the required information or part of it is included in a published catalog, bulletin, or other official document of the institution, a copy of such publication may be attached to and made a part of the contract. In such cases, the schedule 1, as mentioned in the contract, will be prepared to indicate by a clear reference to specific pages and paragraphs the provisions of the catalog or bulletin to be included in and made a part of the contract. In no instance will a general reference such as "as per catalog attached" be included on schedule 1. When a catalog is not entirely correct in its current form, the institution may make necessary corrections by inserting corrected sheets and properly initialing them. If copies of school publications are not available, complete information with respect to the description of courses, charges, and other items will be typed and included as a part of schedule 1.

(iii) *Article 1 (d), books, equipment, and supplies.* It is of utmost importance that institutions agree to assume re-

sponsibility for furnishing books, equipment, and supplies. As provided in article 1 (c), of the VA Form 7–1903b, books, supplies, and equipment are to be furnished as required for the instruction of veterans but in no instance greater in variety, quality, quantity, or amount than required by the institution to be provided personally by other and all students pursuing the same or similar courses. Provision for payment for such items by the Veterans' Administration will be included in article 1 (d) of the contract. In general, it is desirable that there be listed on an attached schedule the books, supplies, and equipment to be furnished and the charges therefor; but, if it is not practicable to do so, the use of one of the terms as follows would be satisfactory.

(a) At prices charged other students by the college or book store.

(b) At list prices charged other students, less a discount of ------ percent.

(c) At cost to the school.

(d) As listed herein (and a listing shown or attached as schedule 2 to the contract).

(e) At a rental charge of $------ per ------.

(iv) *Allowance of 10 percent for handling and issuance of books, supplies, and equipment.* Where an institution is entitled to the 10-percent compensation for the handling and issuance of books, supplies, and equipment as provided in §§ 21.539 and 21.540 provision for payments of the 10-percent handling charge must be included in article 1 (d) of the contract. The provision should be expressed somewhat as follows:

It is understood and agreed that the institution in submitting vouchers for books, supplies, and equipment furnished to veterans may add to the total of each such voucher 10 percent of the total as compensation for handling and issuing of such materials.

(3) *Article 2, payment.* The terms for payment under this article must set forth clearly and concisely the basis on which payments are to be made. If billing for nonrefundable fees covering nonrecurring services or for books, supplies, and equipment is to be made immediately after the services are rendered or the articles issued, it should be so stated. If payment for customary tuition or other services is to be made monthly, quarterly, etc., the exact basis for such payments should be indicated. If payments are to be made to nonprofit institutions at the expiration of the refund period in accordance with §§ 21.655 through 21.657, it should be so stated. In the case where payments are to be made on other than the customary charge basis, it must be stated that total payments for any individual veteran under the contract will be limited to $500 for a full-time course for an ordinary school year.

(4) *Article 3, records and reports.* As agreed upon in the contract, the institution will maintain records of attendance, deportment, and progress of veterans in training and will make available such records and furnish such reports to the Veterans' Administration as may be necessary and required.

(5) *Article 4, inspection.* This provision permits the duly authorized representatives of the Veterans' Administration to visit the place of instruction for the purpose of supervising the veterans in training and for such other purposes as may be necessary and required.

(6) *Article 5, proration of charges.* There will be inserted in the blank space provided in article 5 the exact provisions relating to the proration of charges in the event that veterans are withdrawn or discontinued prior to the end of the term, semester, or quarter, and such provisions for proration of charges will be determined as follows:

(i) *Nonprofit institutions.* Nonprofit educational institutions which do not have or will not accept a graduated scale of charges for purposes of determining refunds at least equivalent to that set forth in §§ 21.655 through 21.657 will be required to prorate charges on the basis of actual attendance for veterans withdrawing or discontinuing prior to the close of the period and will be paid in arrears for that prorata part of the charge for services rendered during the period covered by vouchers submitted for payment.

(ii) *Other than nonprofit institutions.* In all cases where veterans are enrolled in other than nonprofit institutions, payment of tuition and fees will be made in arrears prorated on the veteran's period of attendance.

(iii) *Payment for books, supplies, and equipment.* Institutions may submit bills and be paid in full for books, supplies, and equipment issued to veterans in accordance with existing regulations immediately following the issuance of such material.

(iv) *Fees for noncontinuing service.* The graduated scale of charges will not apply to a fee which is for noncontinuing service and not subject to refund under any conditions, such as a registration fee.

(7) *Corporate certification.* Information relative to the proper authorities for signing contracts will be inserted in the certificate form for corporations. If the institution is not a corporation, the words "not a corporation" must be typed under the word "Certificate."

(d) *Supplements to contracts.* Courses or services and charges therefor not included in the original contract may be provided for by the negotiation of a supplemental contract. Each supplement will be prepared in typewritten form. The supplement is to be in letter form, and the name of the institution and address should be placed in the upper left corner. In the first sentence, the contract number should be stated and reference made to any previous supplements by number. If copies of institutional catalogs, bulletins, or other printed material were made a part of the original contract, copies thereof need not be attached to the supplement; however, if any new publications have been issued and are to be used in description of courses or charges, they should be attached to the supplement. Individual courses and charges may be added by typewritten description. Each supplement must be executed by both parties in the same manner as in the original contract. None of terms of original contract should be included in the supplement, which should provide only for the additional courses, services, and charges covered by the supplement.

INSTRUCTIONS RELATING TO PAYMENTS FOR FLIGHT TRAINING UNDER PART VIII, VETERANS' REGULATION 1 (A), AS AMENDED (38 U. S. C., CH. 12)

§ 21.601 *Flight training.* Under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), an eligible veteran may elect to enroll for flight training in any flying school or flight training institution which has been approved by the appropriate State agency: *Provided,* That the enrollment in such school or institution is for a definite course of flight instruction consisting of one unit flight course or a combination of unit flight courses, or parts thereof, as defined herein. For the purpose of payment for flight training under Public Law 346, as amended, unit flight courses, and parts thereof are defined as, and limited to, the following:

(a) *Unit flight courses.* A unit flight course of education or training is defined as a program or study and training which is so organized as to qualify the student upon successful completion thereof to meet the requirements of the Civil Aeronautics Administration (hereinafter referred to as "CAA" for the issuance of the appropriate CAA certificate or rating, as a private pilot certificate, commercial pilot certificate, flight instructor rating, or instrument rating. Unit flight courses to be contracted and paid for, within the limits prescribed herein, are as follows:

(1) Elementary flight or private pilot course.

(2) Advanced flight or commercial pilot course (including the flight requirements for the private pilot course).

(3) Flight instructor course.

(4) Instrument rating course.

(5) Multiengine class rating course.

(6) Airline transport pilot course. A unit course authorized to provide the advanced instrument and radio knowledge and training required for the CAA airline transport pilot rating examination. Enrollment in this course will be limited to veterans who upon successful completion of this course will meet the requirements of the CAA for the issuance of the airline transport pilot rating. The other instructional requirements for the airline transport pilot rating examination are obtainable in the other flight courses defined above.

(b) *Partial flight courses.* An eligible veteran who, prior to enrollment under Public Law 346, as amended, has completed some flight time but has insufficient flight time to qualify for the desired certificate or rating may be enrolled in any unit course for which he is eligible for a sufficient number of hours to complete the requirements for the desired certificate or rating.

(c) *Flight refresher courses.* An eligible veteran who has formerly held a certificate or rating but who has not kept the certificate or rating current may enroll in the appropriate unit course at any stage in the course for such parts of the course as are necessary for him to qualify for the reinstatement of his certificate or rating. Refresher training will be strictly limited to parts of an established unit course or courses.

(d) *Airplane class rating courses.* An eligible veteran holding a current CAA certificate with rating as a private or commercial pilot may, if he so elects, enroll in an appropriate unit course for a sufficient number of hours to qualify him for an additional airplane class rating of single engine land, single engine sea, multiengine land, or multiengine sea. For example, a veteran holding a single engine land rating could enroll in a private pilot course conducted with a single engine sea plane for sufficient training to qualify for a single engine sea rating; *Provided,* That flight training in any of these airplane class rating courses will be limited to a maximum of 20 hours.

§ 21.602 *Enrollment.* Enrollment of a veteran in a combination of unit flight courses to be pursued simultaneously will not be confirmed. An eligible veteran, however, may enroll for such a combination course of flight instruction provided the unit courses are pursued consecutively. Enrollment of a veteran in any unit flight training course under Public Law 346 will not be confirmed unless it is clearly indicated that upon successful completion of the course the veteran will have the qualifications required by the CAA for the examination for the CAA certificate or rating for which the course is claimed to qualify the veteran. For example, a veteran holding only a private pilot certificate will not be enrolled in the instrument rating course unless he has sufficient solo hours so that at the completion of the instrument rating course he will have the minimum CAA requirements of 200 solo hours, of which not less than 20 hours were solo cross-country flying, including at least one flight to a point not less than 150 miles distant from the point of departure, with at least three full-stop landings at different points on the course.

§ 21.603 *Curriculum for flight courses.* (a) Contract proposals for flight training and ground instruction under Public Law 346, as amended, must provide for, and specify, both a minimum number of hours and a maximum number of hours of flight instruction and the number of hours of classroom ground instruction, or both, required to complete each unit flight course.

(b) Contract proposals may include unit flight courses which provide for the number of flight and ground school hours normally required for each course in the regular operation of the institution or training agency. Contract proposals will not be approved which provide special unit course requirements solely for veterans in training under Public Law 346.

(c) The course may be pursued on a definite schedule, either full time or part time, and there is no requirement of the Veterans' Administration that the course must provide a minimum of 25 clock hours' attendance each week.

§ 21.604 *Payments for flight courses.* A course of flight instruction consisting of a combination of two or more of the unit flight training courses as defined herein, if pursued consecutively, may require more than 30 weeks to complete. For such a course of flight instruction, more than $500 may be paid, provided all the following conditions are met:

(a) That the course of flight instruction for which a veteran is enrolled, consisting of one or more unit courses, is regularly scheduled, on either a part-time or full-time basis, to extend for 30 weeks or more, based on the estimated minimum time required to complete the course.

(b) That the charges are fair and reasonable (see § 21.606) and not in excess of those charged to other students for the same or similar courses.

(c) That the veteran elects to have his period of entitlement charged at an accelerated rate.

§ 21.605 *Limitations.* (a) The Veterans' Administration is not authorized to pay in excess of $500 for a course of education or training of less than 30 weeks (par. 3 (b), Part VIII, Veterans' Regulation 1 (a), as amended—38 U. S. C. ch. 12). Therefore, if an eligible veteran enrolls in a course of flight instruction, which consists of one or more unit flight courses and is regularly scheduled by the flight school or institution, to be completed in less than 30 weeks' time, the maximum amount that can be paid by the Veterans' Administration for such a course is $500.

(b) The Veterans' Administration cannot pay special fees for the CAA flight examination or for pictures for flight certificates or identification cards as an additional cost of the course. Payment for these items may be made where the cost thereof is included in the customary rates per flight hour required to be paid to the institution by all students pursuing the same course. The Veterans' Administration is authorized to pay for the flight physical examination, provided the conditions prescribed in § 21.518 are fulfilled.

§ 21.606 *Contracts required.* (a) Inasmuch as the customary charges for flight training will exceed the rate of $500 for a full-time course for an ordinary school year of 34 weeks, contracts will be required for such training in accordance with the provisions of § 21.587. No contract will be approved until the manager of the regional office has found that the rates proposed to be charged are fair and reasonable. For the purpose of negotiating contracts under Public Law 346, as amended, for flight instruction as defined herein, managers are authorized to approve proposals as fair and reasonable without requiring the submission of detailed cost figures and to approve contracts for one or all of the unit flight courses, provided all of the following conditions are met:

(1) The maximum hourly rates charged for flight instruction and classroom ground instruction in each unit course do not exceed the following:

Course and equipment	Rate per hour for— Dual flight instruction	Solo flight instruction	Classroom ground instruction per student hour
Private pilot course			
Primary trainer airplanes of less than 125 horsepower	$11.50	$8.50	$0.70

NOTE: No hourly flight rate in excess of the maximum shown above will be approved for a private pilot course even though the horsepower of the equipment proposed is in excess of that shown above.

Commercial pilot course			
Primary trainer airplanes of less than 125 horsepower	$11.50	$8.50	$0.70
Secondary trainer airplanes of 125 horsepower or more	18.00	15.00	.70

NOTE: At least 75 percent of the total flight hours must be charged at the primary trainer hourly rates and not more than 25 percent of the total flight hours will be charged at the secondary trainer rates even though more than 25 percent of the flight instruction is given in secondary trainers.

Flight instructor course			
Primary trainer airplanes of less than 125 horsepower	$11.50	$8.50	$0.70

NOTE: No rate in excess of the maximum shown above will be approved for the flight instructor course even though the horsepower of the equipment proposed is in excess of that shown above.

Instrument rating course			
Airplanes equipped for instrument flight instruction	$20.00	------	$0.70
Link trainer	10.00	------	.70
Multi-engine class rating course			
Multi-engine airplane	45.00	$45.00	.70
Airline transport pilot course			
Airplane equipped for instrument flight instruction	20.00	20.00	.70
Link trainer	10.00	10.00	.70
Multi-engine airplane	45.00	45.00	.70

(2) The charges for a course are not more than those made to other students pursuing the same or comparable courses, as set forth in published catalogs or bulletins of the school or institution, except as otherwise stated herein. In the event a school or institution does not publish a bulletin, a responsible official of the school or institution will individually certify to the manager of the regional office, within whose territory the school or institution is located, the customary charges for the courses offered.

(b) If a contract proposal submitted for flight courses does not conform to the provisions listed in paragraphs (a) (1) and (2) of this section, but the manager, nevertheless, considers that the proposal should be accepted, the proposal may be submitted to the office of assistant administrator for vocational rehabilitation and education, central office, with the manager's recommenda-

tion, supported by adequate facts and accompanied by statements to substantiate the proposed charges as fair and reasonable as provided for in § 21.530. Each statement to be submitted must be certified by an official of the school or institution and must include the following:

(1) A detailed statement of total actual or estimated operating expenses and sales for one full year (12 months) of operation and must indicate thereon the period covered.

(2) A separate detailed computation of the actual or estimated cost per hour for flight instruction in each type of equipment proposed to be used in the flight instruction, showing the hours of equipment operation on which the cost is based.

(3) A separate computation of the actual or estimated cost per hour for ground instruction in each ground instruction course proposed, showing the number of student classroom hours on which the cost is based.

§ 21.607 *Preparation of contracts.* (a) Contracts will be prepared on VA Form 7–1903b and must show the unit flight courses and ground courses to be furnished. Attached to the contract must be a copy of the catalog or other printed bulletins or separate schedules showing:

(1) The detailed content for each unit flight course, showing the minimum and maximum amount of dual and supervised solo time allotted for instruction and practice in each maneuver or item of instruction included in such course and the type and horsepower of equipment to be used for each maneuver or item of dual and solo instruction.

(2) The detailed content for each unit ground instruction course showing the subjects to be taught, the number of classroom hours devoted to each subject, and the items of instruction to be covered under each subject.

(3) A schedule of flight rates on an hourly basis for each type of instruction in each type of equipment and a schedule of ground instruction rates on an hourly basis for each unit course, with a maximum total amount to be charged for each complete unit course. The maximum total amount to be charged for each unit course will be derived by multiplying the hourly rate for each item of flight and ground instruction by the respective number of maximum scheduled hours therefor and adding the product. For example, the hourly and maximum total charge for a commercial pilot course might be shown as follows:

45 hours dual in 65 hp. equipment at $9.00	$405
110 hours solo in 65 hp. equipment at $7.00	770
10 hours dual in 220 hp. equipment at $15.00	150
10 hours solo in 220 hp. equipment at $12.00	120
110 hours ground instruction at $0.70	77
Total maximum cost of commercial pilot course	1,522

(4) A statement as to the minimum and maximum amount of time in terms of weeks to complete each unit course plus a statement as to the average number of required hours of classroom ground instruction and flight instruction each week.

(b) Contracts must show under article 1 (d) the actual or estimated cost of books and supplies required for each ground instruction course.

(c) Contracts must provide in article 5 for payment only on the basis of the number of ground and flight hours actually completed.

§ 21.608 *Insurance for flight training.* Personal life and accident insurance for the veteran may be charged to the Government as a part of the fair and reasonable cost of the course if it is required of, and the cost thereof included in the charge made to, all students. Operator's public liability and property damage insurance is a proper charge to be included in determining the fair and reasonable cost.

§ 21.609 *Payment under contracts.* (a) Vouchers may be submitted at the end of each month covering the actual hours of flight and ground instruction and books and supplies furnished the eligible enrolled veterans during that month. Vouchers need show only the name and C-number of each veteran, the period covered by the voucher, and the amount due for the month for each veteran for books and supplies, ground instruction, and flight instruction. For each veteran listed on the voucher, there must be attached a certificate containing a detailed statement signed by the individual veteran showing for that period:

(1) The actual number of classroom ground hours of instruction received for each subject and the charge therefor.

(2) The actual number of flight hours of instruction, dual and solo, received and the charge therefor.

(3) The type and horsepower of equipment in which the flight instruction was received.

(4) A statement that the flight hours certified on the voucher agree with the flight hours for the period as recorded in the pilot's log book of the veteran.

(5) The books and supplies furnished for the course during the month.

(b) Monthly charges are to be made at hourly rates on the basis of flight and ground instruction hours actually given. No payment for any unit course will be made by the Veterans' Administration in excess of the total maximum cost shown in the contract for that unit course even though the contractor furnished more than the maximum number of hours shown for that unit course. It is understood that the veteran's training will be discontinued at any stage where progress in the course is not satisfactory according to the regularly prescribed standards and practices of the flying school or institution.

§ 21.610 *Subsistence payments to veterans.* (a) For courses in flight schools, the determination of the subsistence allowance to be paid will be based on the clock-hours of required attendance at the school in accordance with existing instructions, with ground instruction valued at one clock-hour attendance for each required hour of classroom ground instruction, and flight instruction valued at two clock-hours for each hour of flying time. (The counting as 2 hours of actual attendance of each 1 hour of actual flying time is based on the fact that by common requirement and experience the flight student spends at the school the additional allowed time before and after actual flying, receiving instruction, advice, etc., from the instructor or in performing duties necessary to starting actual flying or completing the lesson period after flying.)

(b) The payment of subsistence allowance will be upon the basis of the anticipated normal program of flight instruction. Weekly adjustments are not required because of extended periods of nonflight weather or compensatory periods of accelerated flying time, provided the veteran holds himself in readiness for instruction and such instruction is temporarily suspended due to nonflight weather.

§ 21.611 *Execution and revision of contracts.* Future contracts for flight instruction courses that do not follow these provisions, and instructions will not be approved.

§ 21.612 *Payment for flight training in nonprofit institutions*—(a) *Purpose.* The purpose of this paragraph is to set forth the procedures and policies applicable to payment for flight training courses pursued by eligible veterans for academic credit in colleges and universities.

(b) *Payment for voluntarily elected flight courses.* Payment for voluntarily elected flight courses at colleges and universities which are pursued concurrently with other credit courses may be made subject to the following conditions:

(1) The institution certifies to the Veterans' Administration that the course in flight training is voluntarily elected by the veteran and is a related and useful part of the educational objective of the veteran in his chosen curriculum.

(2) The charge for the veteran for the flight course is not more than the sum regularly charged nonveteran students similarly electing the same course.

(3) The veteran requests acceleration in the use of his available entitlement for the total charge for the flight training course which he has voluntarily elected by executing a VA Form 1950A authorizing an additional charge to his entitlement at the rate of 1 day for each $2.10 of the total cost of the flight course.

(c) *Payment for required flight courses.* When the flight course is not voluntarily elected by the student but is required by the institution as a partial fulfillment of the institution's standard credit-hour requirement for the student's degree objective, payment to the institution will be made as follows:

(1) If the institution has elected to charge the Veterans' Administration on the basis of customary charges (alternative 1, § 21.471) and the total charge for the flight course and the regular course exceeds the rate of $500 for an ordinary school year, the veteran either will be required to execute a VA Form 1950A and have his entitlement charged at an accelerated rate for the excess or the veteran will be required personally to pay the amount the charge exceeds the rate of $500 for the ordinary school year. If the combined customary charge is less than $500, a VA Form 7–1950a is not required.

(2) If the nonprofit institution has elected and is permitted to charge the Veterans' Administration on the basis of other than customary tuition charges (alternative 2, 3, or 4, § 21.471), the total payment to the institution for the other than customary tuition will be limited to an amount which together with the customary charges for fees (including flight training), books, supplies, equipment, and other necessary expenses will not exceed the rate of $500 for a full-time course for an ordinary school year. (See §§ 21.470 (b), (2) and 21.517.) If the total customary charges for fees (including flight training), books, supplies, equipment, and other necessary expenses, but exclusive of tuition charges, exceed the rate of $500 for a full-time course for an ordinary school year, the veteran may elect through the execution of VA Form 7–1950a to have the amount of such excess customary charges, exclusive of tuition, paid by the Veterans' Administration and his entitlement charged for the excess or he may elect to pay the excess personally.

(d) *Payment to nonprofit institutions.* Where a veteran is enrolled in a flight training course in a nonprofit institution as a required or elective part of his regular academic course, payment to the nonprofit institution will be made at hourly rates only for the actual hours of flight and ground instruction to the veteran. (See § 21.656 (g).)

INSTRUCTIONS RELATING TO CONTRACTS AND PAYMENTS FOR INSTITUTIONAL ON-FARM TRAINING COURSES UNDER PART VIII, VETERANS REGULATION 1 (A), AS AMENDED, (38 U. S. C. CH. 12)

§ 21.613 *Payments for institutional on-farm-training*—(a) *Contract required.* Payments for institutional on-farm training provided to Part VIII veterans after September 1, 1947, will be made only in accordance with the terms of contracts negotiated between the Veterans' Administration and educational institutions which provide such instruction in accordance with the provisions of Public Law 346, 78th Congress, as amended by Public Law 377, 80th Congress.

(b) *Basis for payment.* Contracts will be prepared on VA Form 7–1903b and will provide for payment for institutional on-farm training at a fixed monthly rate per student to include the cost of instruction in the classroom, individual instruction on the farm, and supervision, which has been determined to be fair and reasonable by the regional office in accordance with the formula and criteria set forth in § 21.614.

(c) *Regulations applicable to interim payments.* In order to provide a basis for deciding any questions which may be occasioned by delay in the submission of vouchers or in their payment, the following regulation is for application:

During the period September 1, 1947 (the effective date of the first contract under Public Law 377), to the date the contract was negotiated (but not later than January 1, 1948), interim payments will be made at rates being charged by educational institutions for institutional on-farm training as of September 1, 1947: *Provided*, That if such rates are determined not to be fair and reasonable, adjustments will be made on subsequent vouchers for the difference between the amounts paid subsequent to September 1, 1947, and the amounts determined to be fair and reasonable as of that date. All vouchers submitted for services rendered subsequent to September 1, 1947, and prior to the determination of an agreed contract rate will have written or stamped clearly on the face thereof by the payee the statement, "Interim payment pending determination of fair and reasonable rate to be fixed by contract."

§ 21.614 *Determination of fair and reasonable compensation for institutional on-farm training*—(a) *Certified financial statement required.* In making the determination of fair and reasonable compensation, the regional office will require the educational institution to submit certified detailed financial statements which must include the amount of any accumulated surplus (deficit). These financial statements are exempt from a reports control symbol. This financial statement shall include the actual cost experience accumulated during the most recent contract period for the institutional on-farm courses. Such financial statements shall include:

(1) The number of students (veterans and nonveterans) enrolled in the institutional on-farm courses during the period covered by the cost data and the number of student months of instruction provided during such period. (Student months of instruction will be derived by adding the number of students enrolled at the beginning of each month for the total number of months covered by the cost data.)

(2) A statement of the total income received or due from the Veterans' Administration as payment for veterans enrolled in the institutional on-farm program during the period covered by the cost data; a separate statement of income received or due from other sources for the course, during the same period, such as tuition from nonveterans and transfers from State funds.

(3) The basis on which teaching salaries and other expenses have been allocated for the courses involved.

(4) Cost data on the following items of expense which, within the limits designated, will be used for the determination of fair and reasonable compensation.

(i) *Instructors.* Actual cost of instructors at salary rates not in excess of those paid by the institution, or by other similar institutions in that area, for teachers with comparable duties and responsibilities. The cost shown for instructors will be supported by a schedule listing the name, title, and annual salary rate and will show whether employment is full- or part-time for each person included in such cost and the proportion of time spent by each on this program. In determining fair and reasonable compensation, the ratio of full-time instructors, or equivalent thereof, charged to these courses should generally average not more than one instructor for 18 or 20 students. Classes ordinarily should not exceed 25 students. Payments for classes of less than 12 will be made only in unusual circumstances such as in sparsely populated areas or where the program is just being started or ended and full explanation for such small classes shall be made.

(ii) *Travel expenses for instructors.* Such expense will be limited to mileage for use of personal cars at a rate not to exceed the established mileage rate customarily paid by the institution or provided by State law or regulation but not more than 7 cents per mile. Mileage will be limited to travel actually required to be performed by the itinerant instructor in connection with the training program.

(iii) *Consumable classroom instructional supplies.* This item will include the cost of instructional supplies and teaching aids which are actually consumed during the process of instruction and which are required for all students.

(iv) *Textbooks.* This item will include required textbooks, farm account books, etc., where such items are customarily furnished to all students at no additional charge to the student and the cost thereof is included in the monthly tuition rate. If separate charges are customarily made by the institution to all students for text and other books, no cost will be shown for this item, but provision will be made in the contract to pay for such required text and other books at prices customarily charged to other students.

(v) *Building operation and maintenance, depreciation, and rent.* Cost of the pro rata portion of depreciation on instructional equipment, heat, light, power, water, janitor service, building maintenance, rent of nonpublicly owned facilities, and insurance for classroom and laboratory space which may be allocated to these courses on the basis of the time the classrooms are used for these courses in relation to the full-time use of such classrooms and laboratories. A sum not in excess of $1.25 per student per month is acceptable as a fair and reasonable charge for this item without detailed calculation. In any case where the institution requests an amount in excess of $1.25 per man per month for this item, the manager will submit the proposal with the cost data and his recommendations relative thereto to the Assistant Administrator for Vocational Rehabilitation and Education through the appropriate branch office for a determination as to whether an amount in excess of $1.25 per student per month may be included in the fair and reasonable determination.

(vi) *Allowance for administration and supervision.* An allowance to cover the cost of supervisory, administrative, and clerical personnel and the cost of consumable office supplies and other expenses for administrative and supervisory offices including related expenses of the State agency responsible for conducting these courses. An amount not in excess of 5 percent of the cost of subdivisions (i) through (v) of this sub-

paragraph may be included to cover these costs without detailed justification. However, if the institution requests more than a 5 percent allowance for administration and supervision, the manager is authorized to include in the fair and reasonable cost, such amount in excess of 5 percent as may be justified as reasonable and necessary to conduct a satisfactory program: *Provided*, That in no case will administrative and supervisory costs in excess of 15 percent of subdivisions (i) through (v) of this subparagraph be included in the fair and reasonable justification except on prior approval of the Assistant Administrator for Vocational Rehabilitation and Education. Any request for an amount in excess of 5 percent for administration and supervision must be supported by a detailed schedule of the cost of the items included.

(b) *Estimated cost may be used.* In the case of new courses for which no actual cost experience is available or cost data is incomplete, estimated cost may be substituted in the formula prescribed above.

§ 21.615 *Exclusion of salaries paid from Federal funds.* In computing fair and reasonable compensation, there shall be excluded from the costs all salaries paid from matching State-Federal appropriations such as the Smith-Hughes and George-Deen appropriations, and the certification of the appropriate official of the institution on the cost data must include a statement that no part of the salaries or other expenses which were or are to be paid from such funds is included.

§ 21.616 *Review and adjustment of contract rates.* Contracts for institutional on-farm training shall be executed for a period not to exceed 12 months. In negotiating new contracts or for the renewal of contracts which were in effect on or before September 1, 1947, consideration will be given to any surpluses (deficits) accumulated as a result of the payment of the agreed rates in excess (deficiency) of the amount spent on the program by the institution and the agreed rate for the succeeding contract period will be adjusted to make due allowance for accumulated surpluses (deficits).

§ 21.617 *Short-term renewal of contract.* If at the expiration of the contract period the institution is not in a position to submit substantiating cost data for an institution on-farm contract to be negotiated in accordance with Veterans' Administration regulations, the contract may be renewed for such period of time as is necessary at the same effective rate of tuition in existence. Generally, the additional time needed should not be more than 3 months though for this purpose contracts may be renewed for a maximum period of 4 months. Such an arrangement will give the institution time to prepare cost data needed for the determination of fair and reasonable rate to be paid for the next contract period. When the final rate is agreed upon for the succeeding contract period, after taking into account any surplus or deficit, the renewal agreement will be superseded by the new contract providing for the agreed rate.

§ 21.618 *Books, supplies, and equipment.* The farm on which a veteran receives that part of his course of institutional on-farm training must be equipped with the necessary supplies and equipment which will permit the trainee, even though he is in control of the farm, to pursue successfully institutional on-farm training. Therefore, under no circumstances shall the Veterans' Administration pay for any equipment or supplies which a person may require in order to operate the farm. The Veterans' Administration will pay for only those books and incidental supplies required for the veteran to pursue that part of his course in organized group instruction. Such books and supplies will be limited to those required to be owned personally by all students in such course. Farm equipment or tools will not be furnished since it is considered that these are articles which a farm must have in order to meet the provisions of Public Law 377, 80th Congress.

CORRESPONDENCE COURSES

§ 21.625 *Contract negotiations for correspondence courses*—(a) *Definition of a correspondence course.* A course of education or training by correspondence is a course conducted by mail consisting of regular lessons or reading assignments, the preparation of required written work which involves the application of principles studied in each lesson, the correction of assigned work with such suggestions or recommendations as may be necessary to instruct the student, the keeping of student achievement records, and finally the issuance of a diploma, certificate, or other evidence to the student who has satisfactorily completed the requirements of the course.

(b) *Approved schools.* In accordance with paragraph 4, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), institutions furnishing correspondence courses must be approved. Approval of a school for use under Public Law 346 will be by the appropriate agency of the State in which the home offices of the school are located. As it is the responsibility of the State to determine which institutions are qualified and equipped to furnish education or training, it is also within the jurisdiction of the State to prescribe the standards to be met by an approved institution. The same procedure may be followed by the State in determining the standards required for correspondence courses as is followed by the State in the case of institutions offering resident instruction. The general approval given by certain State agencies to institutions covers residence courses only. Such States give separate and specific approval for correspondence courses.

(c) *Contract required.* Veterans may be enrolled under Veterans' Administration programs in only those correspondence courses of instruction or training for which contracts have been specifically negotiated with central office. The courses, including the number of lessons, price per lesson, charge for registration, charge for extra equipment, charge for bound books, and the total cost of the course, or any other charges payable are set forth in such contract. The correspondence school furnishing courses for the training of veterans under Public Laws 16 and 346 will submit vouchers for payments direct to the regional office in accordance with the terms of existing contracts. Institutions or on-the-job-training establishments shall not be permitted to negotiate with a school for a correspondence course and bill the Veterans' Administration for its cost. In no case will payment be authorized to an on-the-job-training establishment for the cost of a correspondence course used as supplemental training.

(d) *Negotiation of contracts.* All contracts and supplements to existing contracts for correspondence courses shall be negotiated by central office and decentralized to field stations. Where possible, contracts for correspondence courses will be negotiated for use under both Public Laws 16 and 346. In some instances, a separate contract may be negotiated separately for Public Law 16 and Public Law 346 enrollments. In the event that a contract is limited in scope, indication will be given either in the body or on the face thereof by a stamp impression or otherwise. Contracts negotiated for correspondence courses are usually approved for use in all States. Occasionally, however, contracts are negotiated by central office for correspondence courses of limited application as to program or region.

(e) *Period of contract.* Contracts covering correspondence courses, subject to availability of appropriations, are usually negotiated for a period of not to exceed 3 years from the date of execution of the contract, subject to extension beyond a 3-year period by mutual consent of the contracting parties. Contracts may be terminated upon written notice at the expiration of 30 days from the date of such notice at the request of either the institution or the Veterans' Administration.

(f) *Schools with which contracts are negotiated.* Information relative to negotiated contracts for correspondence courses is published in VA Bulletin 55. As additional contracts are negotiated, supplements or revisions to VA Bulletin 55 will be published listing such contracts.

(g) *Information concerning correspondence courses.* Information concerning the subject matter of courses and academic credit for such courses of institutions which are members of the National University Extension Association can be obtained from the Guide to Correspondence Study, a publication of that association. Copies of such publication have been furnished each regional office. Specific questions as to the content of courses covered in the above publication and courses included in Veterans' Administration contracts may be directed to the institutions offering the courses. The Home Study Blue Book and Directory of Private Home Study Schools and Courses, published by the National Home Study Council, Washington, D. C., also furnishes information as to courses offered by member institutions of such council.

(h) *Request for correspondence course for which no contract exists.* When a correspondence course is desired for which no contract has been decentralized to the field stations, request for a contract for the desired course may be made to central office by the school or the regional office.

(i) *Courses not included in contract.* Before any correspondence course offered by an institution with which a contract has been negotiated but which course is not included in the contract may be made available to eligible veterans, an amendment by a supplement to the original contract including such courses must be negotiated by central office.

(j) *Changes in courses.* Changes in courses made by the institution with which a contract has been negotiated during the life of the contract will become effective and a part of the contract only upon negotiation of a supplement to the existing contract. Minor changes in courses or course material not affecting the length of the course or number of lessons and not lowering the educational value of the courses or the quality of the course materials, such as revision of text, the substitution of a newer lesson for an older one, or the substitution of equipment of equal or greater value are permitted without notice.

§ 21.626 *General provisions of correspondence contracts*—(a) *Services to be furnished by institutions.* The institutions with which the Veterans' Administration contracts for correspondence courses must provide veterans enrolled under such contracts with prompt and adequate lesson service and, unless otherwise specified, must furnish veterans with the same texts, diplomas, lesson services, and other services as are normally provided for regularly enrolled nonveteran students.

(b) *Servicing of lessons.* All lessons of a correspondence course must be serviced adequately and individually by the institution contracting for such courses before payment can be made for the lessons. Grouping of lessons into units and partial servicing of individual lessons does not meet the requirement that each lesson be serviced individually. Each lesson must have a separate examination adequate in terms of lesson content as compared to the remainder of the course.

(c) *Records and reports.* The contractor will maintain records of progress of veterans in training under this contract and will make available such records and furnish such reports to the Veterans' Administration at such intervals as may be mutually determined and as may be necessary and required by the Veterans' Administration to administer the training of the veteran as required by the law.

(d) *Inspection of institution.* Duly authorized representatives of the Veterans' Administration under pertinent provisions contained in all contracts covering correspondence courses are permitted to visit the institution offering correspondence courses from time to time and at reasonable times to inspect the institution, including the records and books of account.

(e) *Length of time to complete course.* The contract form contains no limitation on the length of time required to complete a course. There will be no maximum or minimum time limit except as may be decided by the institution offering the correspondence course and required of all students. The length of time required by the institution or used by the trainee to complete a full-time course is immaterial except that the course may be pursued under benefits of Public Law 346 only to the end of the person's entitlement or to a date not later than 9 years after the termination of the present war, whichever occurs first. It is desirable that a full-time course be pursued continuously. For purposes of VA Form 7-1950b, estimated time may be used to determine length of time necessary to complete a correspondence course.

§ 21.627 *Charges and payments for correspondence courses*—(a) *Contracts required.* Payments will be made to approved institutions for correspondence courses in accordance with the rates established in the contracts approved by the Office of the Assistant Administrator for Vocational Rehabilitation and Education. No payment will be made by the Veterans' Administration for correspondence instruction in the absence of such a contract.

(b) *Charges—How determined.* Public Law 268, 79th Congress, does not permit the Veterans' Administration to pay charges in excess of those which are determined to be fair and reasonable. The rates for which correspondence courses are contracted may be equal to or less than but may not exceed the customary charges of the institution offering such courses.

(c) *Payment on "lesson completed" basis.* The policy of the Veterans' Administration is to pay only for services rendered and to make payment only in arrears. This policy, as applied to payment for education and training by correspondence, requires that payment be made on a "lesson completed" basis for assignments sent in by students to the institution and serviced by such institution during a pay period, monthly or quarterly.

(d) *Lessons must be completed and serviced.* Payment may be made only for such lessons of correspondence courses as are completed by the student and serviced by the contractor. In the event that it is necessary to service a lesson more than once, only one charge will be made for such service.

(e) *Registration fee.* A nominal registration fee is normally allowed an institution with which a contract is negotiated for correspondence courses. The registration fee is separate from other charges. An institution is entitled to payment of the registration fee, when charged, if a student has been officially enrolled in the institution and regardless of whether or not the student completes any lesson assignments. Registration fees are intended to cover only the costs incurred by an institution in actually setting up and enrolling students on the books of the institution. Payment of registration fee, if any, may be requested on the vouchers submitted by the institution for the first pay period (monthly, quarterly, or as otherwise specified in the contract).

(f) *Books, supplies, and equipment*—(1) *When furnished.* Such items will be furnished to the veteran pursuing a correspondence course only if and as needed for present and immediate use and will consist of those items required but in no instances greater in variety, quality, or amount than the institution provides other students or requires other students to provide when pursuing the same or similar courses. The Veterans' Administration has the right in all contracts for correspondence courses to specify the items of books, supplies, and equipment considered necessary for individual veterans enrolled under such contracts including veterans enrolled in correspondence courses used as supplemental training to an on-the-job training program under Public Law 346, as amended.

(2) *Payment.* Payment may be made for such items when furnished under the terms of the contract at the end of the pay period during which such items are furnished the student. Bound books and equipment including expendable supplies for which charges are listed separately in a contract may be furnished only once to the same student regardless of the number of courses which he may pursue requiring the use of the same books, equipment, and/or supplies. The voucher need not be accompanied by receipts signed by the veteran acknowledging receipt of such item. The institution will provide a statement to accompany the voucher certifying that the articles for which payment is requested were delivered to each specific enrollee and that the institution has on hand for inspection by the Veterans' Administration evidence of such delivery. If found more convenient, a statement covering such certification may be stamped or otherwise entered on the front of the voucher in which case the payee's signature on the voucher will be considered as subscribing to such statement. In some correspondence course contracts, an estimated charge may be included for books, supplies, and equipment.

(g) *Postage and expendable supplies.* Charges for postage and expendable supplies, when allowable, are usually included in the total charge for lessons in contracts covering correspondence courses. Postage may be allowed to an institution in a contract for mailing lessons or returning completed lessons to a student, but only when the institution normally charges nonveteran students separately for such postage. When the particular contract contains separate and specific charges for such items, payment will be included in vouchers submitted at the end of the pay period (monthly, quarterly, or as otherwise specified) for such postage as has been actually incurred or supplies actually furnished to the enrollee. Postage will not be furnished to veterans in training under Public Law 346 for mailing completed lessons to the school or institution.

(h) *Loss, damage, or destruction.* The Veterans' Administration will not be responsible or liable for the loss, damage,

or destruction of any books, supplies, equipment, or other items loaned or withdrawn from an institution by a veteran enrollee in connection with any enrollment under a contract covering correspondence courses.

(i) *Charges to veteran enrollees.* No charge whatever may be made to an enrollee under a contract by an institution for items covered by the contract. Contracts covering correspondence courses will contain the total price of the course including all books, supplies, and equipment normally supplied to students by the institution and considered necessary to the successful pursuit of the course, except as may be otherwise specified in the contract.

(j) *Charges not permitted.* (1) An individual will not be enrolled under a contract covering correspondence courses by the contractor where any charges in connection with such enrollment may be made against the Veterans' Administration which, in the knowledge of the contractor, would under existing or previous agreements with the contractor, normally be borne by any individual, group, firm, corporation, organization, or establishment other than the student enrolled.

(2) No deposit of any nature may be charged against the Veterans' Administration in connection with any services which the institution might render under contracts covering correspondence courses.

(3) No additional charges may be made by a contractor to a veteran or the Veterans' Administration in connection with the use of correspondence courses other than the charges specifically set forth in the contract covering such courses.

(4) The 10-percent compensation described in § 21.539 (i) allowed resident educational and training institutions for handling the issuance of books, supplies, and equipment is not applicable to correspondence courses, and such compensation may not be paid in connection with correspondence courses in addition to the charges for such items set forth in the contract.

(k) *Expenditures other than contract charges.* A veteran enrolled in a correspondence course under Public Law 346 may not be furnished at Government expense for use in connection with the pursuit of such correspondence course any additional books, supplies, equipment, or services other than those that are required to be provided by the contractor under the terms of the contract covering the particular correspondence course.

(l) *Catalog, brochures, and other publications incorporated in contract.* The charges, courses, and other provisions of only such catalog, brochures, or other publications as are specifically incorporated in a contract covering correspondence courses will be applicable to the contract. When an institution revises or otherwise changes any catalog, brochure, or other publication which has been incorporated in the contract, the revised or changed editions do not become a part of the contract unless so included by a supplement to the original contract negotiated by central office. It is the policy of central office to eliminate such attachments, when possible, in negotiating contracts and to furnish them for information purposes only in individual instances.

(m) *Billing by institutions.* (1) Institutions will bill for charges contained in contracts covering correspondence courses in the following manner:

(i) Prepare voucher, SF 1034. Charges covering individual veterans may be listed on continuation sheet, SF 1035, or separate invoices for each veteran trainee may be attached to voucher, SF 1034. A number of invoices (normally not more than 50) may be submitted with one voucher.

(ii) The following will also be shown on each voucher or invoice:

(*a*) Name and C-number of each veteran trainee.

(*b*) Date of enrollment.

(*c*) Course.

(*d*) Individual charges for each trainee.

(*e*) Period covered by the charges for each trainee.

(*f*) Contract number and total charges.

(*g*) The face of the voucher will show the authority for the expenditure, for example, "Public Law 346, 78th Congress, as amended."

(2) Vouchers will be submitted by the institution furnishing the correspondence course to the regional office which has jurisdiction over the area in which the veteran resides. When a trainee transfers from the jurisdiction of one regional office to training under the jurisdiction of another regional office, payment of all outstanding vouchers will be effected by the regional office having jurisdiction over the veteran at the time of the training, that is, the office from which the veteran is transferred. Where there is an outstanding account, information required to process subsequent vouchers will be made of record before the claims folder is transferred. When vouchers are received in the regional office they will be routed direct to the finance division for audit and certification for payment. When a voucher is received by a regional office representing charges for a period of training rendered after the transfer of a veteran to the jurisdiction of another regional office, the voucher will be forwarded for payment to the regional office to which the veteran has transferred and the institution so notified, unless the voucher also contains billing for other veterans. In the latter event, there will be suspended from the voucher the charges for the transferred veteran and the institution will be notified of the reason for the suspension and advised of the correct name and address of the regional office to which billing should be made.

(3) Vouchers covering correspondence courses must be itemized so that charges against each enrollee covered by the voucher may be identified with specific charges as set forth in the contract. Charges for completed lessons must indicate the particular lesson or lessons for which payment is requested. When the contract sets forth the charge for a particular item of equipment, the voucher must list such item of equipment. Where a number of invoices are submitted with one voucher or invoices are scheduled for a number of veteran trainees, all of such veterans must be enrolled from an area under the jurisdiction of the same regional office.

(4) A separate voucher will be submitted for a student transferring from training under Public Law 346 to training under Public Law 16 after his training has begun. Charges must be prorated according to services rendered under each law, and a separate voucher submitted for each period of training.

(5) Separate vouchers and/or invoices will be prepared when request is made for payment of charges for which refund of the amount of such charges has been made to a veteran. Charges for more than one veteran may be included on the same voucher except when only a portion of the charge for which payment is requested represents a refund to the veteran. Where a refund is involved, a separate invoice for the particular veteran must be prepared, and the additional certificate required in connection with refunds should be amended to indicate the specific amount of the charge which has been refunded to the veteran.

(6) It is the school's responsibility to determine whether a lesson has been satisfactorily completed for billing purposes. A student does not necessarily need to have made a passing grade in order for the school to be entitled to charge for the lesson under the terms of the contract. In the event the school requires further study and possible resubmission of a lesson, the school may not be paid more than once for the servicing of the same lesson.

(7) As payment may be made only for correspondence courses of instruction or training for which contracts have been specifically negotiated by central office of the Veterans' Administration, payments may not be made to an institution including an on-the-job training institution for a correspondence course obtained from another institution. Further, no payment may be made for instructional or lesson service when charges for such items are included in vouchers or invoices covering books, supplies, or equipment submitted by an individual or institution other than a correspondence school with which a contract exists covering such services. Instances have come to the attention of central office of field stations purchasing textbooks for veterans, usually pursuing an on-the-job training program, where the purchase of such books includes lesson servicing in connection with the use of the book by the institution selling the book. In such instances the purchase of the book actually represents the purchase of a correspondence course, and such a book may only be purchased when a contract has been negotiated by central office for the correspondence course represented by the book.

(n) *Certificate required on vouchers.* The following additional certificate will be required on all vouchers submitted for payment of charges covering correspondence courses:

I hereby certify that the charges made herein are in accordance with the provisions of Contract No. VA-vr- ----------, that the veteran trainee concerned has completed the lessons for which charges are made, that such lessons have been serviced by the contractor, that books, supplies, equipment, or other services have been furnished to the veteran trainee, and the institution has evidence of such delivery on hand for the inspection of the VA. This certifies that no amount received from the Government is used or will be used as a prize, rebate, or other payment in goods or money to the veteran trainee.

The above certificate may be either imprinted, typed, or impressed with a rubber stamp on the voucher, depending on the billing method used by the institution.

(o) *Checking vouchers against monthly supervisory report of veteran.* It will be the responsibility of the finance officer to check all vouchers or invoices covering correspondence courses against the applicable contract. Payment on vouchers submitted by institutions for services rendered to veterans pursuing correspondence courses will not be withheld for the reason that the field office having jurisdiction and responsibility of the case has not received an applicable monthly supervisory report or a statement from the veteran for the month covered by the voucher submitted, nor is it required that vouchers be checked against such reports before payment is made of the voucher, when the institution submitting the voucher certifies that the services have been rendered or the lessons have been completed, as the case may be, by the student. However, the provisions of this subparagraph are not to be construed as limiting the right of the finance officer charged with the payment of a voucher from checking the reports set forth above or from withholding or refusing payment on all or part of any voucher when, in his opinion, such action is warranted or justified.

(p) *Period covered by vouchers or invoices.* Vouchers or invoices may be submitted by an institution at the end of the month, quarter, or other period set forth in the contract during which lessons were completed or services were furnished or rendered to the student.

§ 21.628 *Refunds*—(a) *Vouchers representing refunds to veterans.* The Veterans' Administration will pay, at regular billing periods to an approved institution with which a contract has been negotiated, for such lessons as are completed, bound books, equipment, supplies, and other services actually furnished and included in the contract for which an eligible veteran pursuing the course may have made payment to the institution. Payment will be made in such instances upon certification by the institution that it has refunded to the veteran the amount for which payment is requested from the Veterans' Administration.

(1) In no case where a veteran resumes or continues under an existing contract a course in which he has been previously enrolled will the total amount to be paid by the veteran and the Veterans' Administration exceed the cost of the course including the registration fee, books, supplies, equipment, or other charges as are set forth in the contract.

(2) The Veterans' Administration may not be charged for any lesson service or other service, registration fee, books, supplies, or equipment furnished under a contract for which payment has been made by a veteran without proper certification by the institution of refund to the veteran for such amount. In requesting payment, the institution need not present a receipt signed by the veteran acknowledging refund, but the institution should certify that such institution has on hand for inspection by the Veterans' Administration evidence of such refund.

(3) To determine whether a veteran is entitled to a refund, the registration fee, if any, and charge for books, supplies, equipment, lessons completed, or other services rendered the veteran by the institution prior to pursuing the course under Veterans' Administration programs will be calculated at the charges for such services set forth in the contract. If the total amount paid by the veteran exceeds the amount that would have been payable for such services under the contract, the veteran will be entitled to refund for the balance to the extent that services are rendered under the contract and as set forth in subparagraph (4) of this paragraph.

(4) It is not the policy of the Veterans' Administration to require an institution with which a contract is negotiated to refund payments which it had previously collected from a veteran except to the extent of the school's right to obtain payment from the Veterans' Administration for the moneys which it has refunded to the veteran enrollee. However, where a veteran has paid to the institution an amount in excess of the total charges set forth in the contract for the course, it is the responsibility of the institution to further refund to the veteran in accordance with the provisions of subparagraph (3) of this paragraph the difference between the total contract price and the amount paid by the veteran. The Veterans' Administration will not require the institution to refund this excess payment except to the extent the institution is entitled to bill the Veterans' Administration for an amount which will assure the institution of receiving the total charges for the course as covered by the contract.

(5) The following additional certificate will be required on all vouchers submitted for payment of charges covering correspondence courses when the institution has refunded to the veteran the amount for which payment is requested from the Veterans' Administration:

I hereby certify that the payments requested above cover services rendered to the veteran for which payment had been made by the veteran and subsequently refunded by the institution to the veteran. I further certify that the institution has on hand for inspection by the Veterans' Administration evidence of such refund.

(b) *Period for which refunds authorized.* Refunds may be made by an institution to a veteran with expectation of payment from the Veterans' Administration only for work completed after the effective date of the contract between the institution and the Veterans' Administration covering the specific correspondence course or after the date the veteran files a formal or informal application for a certificate of eligibility, whichever is later. When the effective date of the contract is not specifically indicated in the contract, the effective date of the contract is the date of approval of the contract by the Veterans' Administration.

(c) *Refund of registration fee.* In the case of a veteran continuing under Veterans' Administration programs a course in which he had previously enrolled, no registration fee will be paid by the Veterans' Administration on behalf of such veteran for enrollment in such course.

CONTRACT TERMINATION

§ 21.637 *Termination of contracts under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12).* Contracts under Part VII contain no provision for termination, since the Veterans' Administration has the complete responsibility for the veteran-trainee. However, when the regional office considers that fraud has been committed against the Government, or that the contractor is not furnishing the courses of instruction as required by the terms of the contract and the contractor has refused to correct the condition, or that the best interests of the Government or trainees will be served by termination to be effected by the withdrawal of trainees from the establishment or institution, the full particulars pertaining to the desired termination will be forwarded to the branch office together with the recommendations of the regional office for review by that office and transmittal to central office.

§ 21.638 *Termination of contracts under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12).* (a) Article 6 of VA Form 7–1903b for contracts under Part VIII authorizes the Veterans' Administration to terminate a contract in its entirety or partially upon notice in writing to the contractor 60 days prior to the effective date of termination. The regional office is authorized to cancel the entire contract or any part thereof without prior approval when it is determined that all or part of the services furnished under the contract will no longer be required for training eligible veterans and that such termination of the contract is, therefore, desirable.

(b) When the regional office considers that fraud has been committed against the Government, or that the contractor is not furnishing the courses of instruction as required by the terms of the contract and the contractor has refused to correct the condition, or that the best interests of the Government or trainees will be served by a partial or total termination, the full particulars pertaining to the desired termination will be forwarded to the branch office together with the recommendation of the regional office for review by that office and transmittal to central office for the authority to terminate the contract pursuant to the provisions of article 6 of the contract, VA Form 7–1903b.

REIMBURSEMENT TO VETERANS

§ 21.646 *General restriction.* The Veterans' Administration will not reimburse a veteran who pays personally for tuition, incidental fees, books, supplies, and

equipment, and/or other necessary expenses. Under certain circumstances, a Part VIII, Veterans Regulation 1 (a), as amended (U. S. C. 38, ch. 12), trainee may be reimbursed by the institution. (See § 21.647.)

§ 21.647 *Refunds to persons who were enrolled as Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), trainees in a course of education or training while on terminal leave or while hospitalized pending discharge during the period June 22, 1944, to December 28, 1945.* (a) Under the provisions of Public Law 268, 79th Congress, a person while on terminal leave, or while hospitalized pending final discharge, may be afforded education or training benefit (except that no subsistence allowance shall be paid in such case) subject to all the statutory conditions pertaining to eligibility except actual discharge or release from active service, effective June 22, 1944.

(b) The Veterans' Administration will refund to an institution any payments which a person made to the institution for tuition, fees, books, supplies, and equipment, provided all the following conditions are met:

(1) That the person obtain from the institution in which he was enrolled a certified statement showing:

(i) The period during which the person was enrolled.

(ii) The course of study pursued and the amount paid by the person for tuition, fees, books, supplies, and equipment.

(iii) That the money paid to the institution by the person has been refunded by the institution to the person.

(2) That the person certifies the accuracy of the statement required under subparagraph (1) of this paragraph and submits this statement with the following papers to the regional office of the Veterans' Administration having jurisdiction over the area in which the person resides:

(i) A certified copy or photostatic copy of authorization placing him on terminal leave or, in the case of a person hospitalized pending final discharge, a statement by the proper official of the station, post, or hospital in which he was receiving treatment, including information as to the date of his discharge or probable date if he is still hospitalized.

(ii) An application for education or training (VA Form 7–1950) if such an application has not previously been submitted for some other purpose.

(3) That the approval of the institution by the appropriate agency of the State cover the period during which the person was enrolled.

(4) That the sum of money to be refunded not exceed the amount which the Veterans' Administration would have been authorized to pay for education or training under Veterans' Administration instructions in effect at the time the person received the education or training.

(c) An institution will be required to submit to the same regional office to which the veteran submits the papers required under paragraphs (B) (1) and (B) (2) (i) of this section a public voucher covering amounts refunded to a person under these instructions.

TIME OF PAYMENT

§ 21.655 *General.* (a) Payments for tuition, incidental fees, books, supplies, and equipment to training institutions will be made in arrears only and will be prorated in installments over the school year or over the length of the course as provided herein, except as provided in §§ 10.656 and 10.657.

(b) The period for which payment of charges may be made will be the period of the veteran's actual enrollment in the institution and will be subject to the following:

(1) The effective beginning date will be the date of the veteran's authorized entrance into training status (as shown on VA Form 7–1950), except that payment will be made for an entire semester, quarter, or term in institutions operating on that basis if the veteran enters not later than the final date set by the institution for enrolling for full credit.

(2) If an institution customarily charges for the amount of credit or number of hours of attendance for which a veteran enrolls, payment may be made on that basis when a veteran enters after the final date permitted for carrying full credit for the semester or term.

(3) The terminal date to which payment will be made is the day following:

(i) The end of the semester, term, or quarter during which the educational service is furnished.

(ii) The date of interruption or discontinuance of training.

(iii) The date of completion of the course.

(4) Expiration of entitlement. (See § 21.519.)

§ 21.656 *Time of payment to institutions for residence courses for Parts VII and VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12) trainees and basis for determining amount payable*—(a) *Payment on a monthly or other basis.* Institutions, both profit and nonprofit, may submit bills for payment in arrears for the education or training of veterans on a monthly basis or at other periods to suit the convenience of the institution.

(b) *Payment for books, supplies, and equipment.* Institutions may submit bills and be paid for books, supplies, and equipment issued to veterans in accordance with existing regulations immediately after the issuance of such materials. (See §§ 21.539 and 21.540.)

(c) *Payments to other than nonprofit institutions.* In all cases where veterans are enrolled in other than nonprofit institutions, the payment of tuition and fees will be made in arrears prorated on the basis of the veteran's period of attendance.

(d) *Provisions for payment to nonprofit institutions after expiration of refund period.* (1) Nonprofit educational institutions which have a refund policy providing for a graduated scale of charges for purposes of determining refunds, at least equivalent to that set forth in paragraph (e) of this section, or those institutions which are willing to adopt such a policy with reference to veteran trainees, may submit a bill and be paid part or all of the entire amount of the allowable tuition and other fees for a term, quarter, or semester of 19 weeks or less immediately following the date on which the refund period expires as designated for each of the following bases of payment:

(i) *Customary charges or other than customary charges (Alternatives 1, 2, or 3, §§ 21.472 through 21.474).* Payment will be made in full for the entire term, quarter, or semester immediately following the expiration of the refund period. The graduated scale of charges of the institution will also be applicable for purposes of determining the payment to be made for veterans withdrawing or discontinuing before the expiration of the refund period.

(ii) *Estimated cost of teaching personnel and supplies for instruction (Alternative 4, § 21.475).* (a) Payments on this basis consist of tuition at a rate per credit hour plus the other regular nontuition fees of the institutions such as laboratory, student health, library, and student activity fees. After the expiration of the refund period or as soon thereafter as the institution is able to determine the number of credit hours for which a student is enrolled and for which performance will be finally recorded on the records of the institution, the institution may bill and be paid for the full amount of tuition at the contract rate per credit hour and for the full amount of the other customary nontuition fees charged by the institution. The "number of credit hours for which performance will be recorded" means those credit hours of work for which the student is finally enrolled after the expiration of the period during which a student is permitted to change courses without penalty insofar as credit is concerned. The credit-hour valuation used for purposes of calculating the payment will be the normal credit offered by the institution for the subject or course involved without regard to the fact that performance may finally be recorded in any one of a number of various terms, such as full credit, withdrawn, incomplete, or such other official record of performance as may be made by the institution following the expiration of the date for change of course without penalty.

(b) The basis of determining the number of credit hours for purposes of payment should be comparable to the basis used by the institution in calculating the number of credit hours for purposes of determining the rate of payment.

(2) Nonprofit educational institutions which do not have or will not accept a graduated scale of charges for purposes of determining refunds at least equivalent to that set forth in paragraph (e) of this section will be required to prorate charges on the basis of actual attendance for veterans withdrawing or discontinuing prior to the close of the period and will be paid in arrears for that pro rata part of the charge for services rendered during the period covered by vouchers submitted for payment.

(e) *Schedule of maximum charges acceptable as a basis for payment to nonprofit institutions.*

Period of veteran's actual attendance in institution from date of enrollment.	Length of semester, quarter, or course, and percent of tuition and fees to be charged					
	16–19 weeks (inclusive)	12–15 weeks (inclusive)	9–11 weeks (inclusive)	6–8 weeks (inclusive)	3–5 weeks (inclusive)	1–2 weeks (inclusive)
	Percent	Percent	Percent	Percent	Percent	Percent
1 week or less	20	20	25	40	60	60
Between 1 and 2 weeks	20	40	50	80	100	100
Between 2 and 3 weeks	40	60	75	100	100	----
Between 3 and 4 weeks	60	80	100	100	100	----
Between 4 and 5 weeks	80	100	100	100	100	----
Over 5 weeks	100	100	100	100	----	----

(f) *Fees for noncontinuing services.* The graduated scale of charges will not apply to a fee which is for a noncontinuing service and not subject to refund under any conditions such as a registration fee.

(g) *Fees for flight training courses.* The graduated scale of charges will not apply to fees for flight training courses for veterans. Payment for flight training for veterans will be made only for the actual hours of flight and ground instruction furnished to the veteran. Where the charge for flight training is stated by the institution as a fixed charge for the course and is not stated as a charge per hour of instruction, the hourly rates for dual, solo and ground instruction will be determined by prorating the total charge for the course to the maximum scheduled hours of flight and ground instruction included in the course. The provisions of this paragraph will be applied to all payments made for services rendered for terms, semesters, or quarters beginning subsequent to September 1, 1947, where contracts are not required or in effect for such terms, semesters, or quarters. Future contracts negotiated with nonprofit institutions which include therein a provision for payment for flight courses for eligible veterans will specify the hourly rates for flight and ground instruction at which payment will be made by the Veterans' Administration for veterans.

§ 21.657 *Advance payment of tuition and other allowable charges to nonprofit colleges and universities under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12)*—(a) *Purpose.* The method of advance payment of tuition and other necessary charges is intended for application only in the case of well-established nonprofit colleges and universities to provide relief for such institutions that have heretofore generally required students to pay tuition in full at the beginning of the term, semester, or quarter and have suffered serious financial hardship as a result of receiving payment in arrears for veterans enrolled under Public Law 346, as amended.

(b) *Authority.* (1) It has been determined that the Veterans' Administration is authorized, pursuant to the authority vested in the Administrator to carry out the provisions of paragraph 5, Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12) to make advance payments of tuition and other allowable charges to nonprofit colleges and universities for resident instruction where it is the customary practice of the institution to collect tuition and other charges from students at the beginning of the term (Comptroller General's Decision B–56585, May 1, 1946).

(2) Managers of regional offices are authorized to enter into agreements for advance payments to nonprofit colleges and universities in accordance with the procedures outlined herein when all of the following provisions are met:

(i) The college or university submits a letter to the Manager stating that if the Veterans' Administration does not make advance payments to the institution for veterans enrolled under the benefits of Part VIII, it will impose a financial burden upon the institution of such proportions as to create a serious hardship.

(ii) The manager determines that it is the customary practice of the college or university to require students to pay tuition, fees, and other necessary charges in full at the beginning of the term, semester, or quarter and that the advance payment procedure is necessary for the relief of the institution involved.

(iii) The manager determines that the interests of the Government will be protected adequately in the arrangement for advance payment. (The manager will not enter into agreements for advance payments to any institution when, in his judgment, it is considered that the interests of the Government are not adequately protected in such arrangement.)

(c) *Contracts required for advance payments.* (1) In all cases where the procedure for advance payment is approved by the manager, a written agreement covering such arrangement must be executed between the institution and the Veterans' Administration. This written agreement will either be a part of the regular contract with the institution, if a contract is required for the education and training of Part VIII veterans under existing regulations, or will be a separate agreement where a contract is not otherwise required.

(2) The written agreements will be provided as follows:

(i) *No contract required.* (a) Where a contract with a nonprofit institution is not otherwise required for veterans enrolled under the benefits of Part VIII, in accordance with existing Veterans' Administration regulations and instructions, and the institution has requested payment in advance and such advance payment is approved by the manager, a contract for advance payment will be executed, and the method of advance payment of tuition and other necessary charges will be elected by the institution in lieu of all other methods of payment while the contract for advance payment remains in force.

(b) Contracts for advance payments executed in accordance with this paragraph to be effective July 1, 1948, and subsequent thereto will be identified as to number and symbol as provided by § 21.576. Contracts which are made to provide advance payments will be distributed in the same manner as contracts for education and training under Part VIII.

(ii) *Contracts already executed.* (a) Where a contract with a nonprofit institution has been executed for veterans enrolled under the provisions of Part VIII, and the institution requests payment in advance and such payment is approved by the Manager, a supplemental contract will be negotiated to incorporate the method of advance payment of tuition and other necessary charges in lieu of the provisions for payment outlined in the original contract.

(b) Contract supplements will be distributed in the same manner as the original "ve" contracts.

(iii) *New contracts.* Where there is no contract and a contract with a nonprofit institution is required under existing Veterans' Administration regulations for veterans enrolled under the benefits of Part VIII, or where the previous contract has expired and the nonprofits institution has requested payment of tuition in advance and such payment has been approved by the Manager, provision will be made in the original or renewed contract by attaching the schedule for payment of tuition charges as a separate schedule to become a part of the contract by reference in article 2 (a) of VA Form 7–1903b, Contract for Education and Training, Public Law 346, 78th Congress, as amended.

(d) *Effective date.* Advance payments may be made for any term, semester, or quarter in process on, or beginning after the date of execution of the necessary contract or supplement to an existing contract.

§ 21.658 *Advance payment of tuition and other allowable charges to States for instruction under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch 12)*—(a) *Purpose.* The method of advance payment of tuition and other necessary charges as outlined herein is intended for application only in the case of designated State agencies which have been approved as educational institutions to furnish vocational instruction to eligible veterans enrolled under the provisions of Part VIII. The procedure outlined herein is established to provide financial relief to such State educational institutions by advance payment of tuition, fees, and other necessary expenses to the institution for eligible veterans enrolled under the provisions of Part VIII. Advance payments as authorized herein will be limited to those cases where a single State agency is approved as an educational institution under the provisions of Public Law 346, as amended, and is responsible for furnishing institutional on-farm instruction or other vocational instruction to eligible veterans who elect to enroll in such institutions. If separate agencies are responsible for the different types of training, separate contracts may be made with such separate agencies.

(b) *Authority.* (1) It has been determined that the Veterans' Administration is authorized, pursuant to the authority contained in section 1500, title VI, Public Law 346, 78th Congress, as amended, to make advance payment to State institutions for tuition, fees, and other necessary expenses. Advance pay-

ment as outlined in this paragraph will be made for 4-month periods defined as follows: First period—July, August, September, October; second period—November, December, January, February; third period—March, April, May, June.

(2) Managers of regional offices are authorized to enter into agreements for advance payments to State institutions in accordance with the procedures outlined herein when all of the following provisions are met:

(i) An authorized official of the State certifies that if the Veterans' Administration does not make advance payments to the institution for instruction furnished to eligible veterans enrolled under the provisions of Part VIII, it will impose a financial burden upon the State of such proportions as to create a serious hardship.

(ii) The institution agrees to submit vouchers for instruction to be furnished to eligible veterans enrolled under the provisions of Part VIII, on or after the first day of each 4-month period.

(c) *Contract required for advance payments.* In all cases where the procedure for advance payment is approved by the manager, a contract will be required with the institution covering the vocational instruction to be furnished by the institution to eligible veterans enrolled under the provisions of Part VIII, and the advance payment procedure will be incorporated as a part of such contract. Where contracts have already been negotiated and are in effect covering vocational instruction to be furnished by a State institution, the advance payment procedure may be incorporated in such contract through the execution of a supplement as prescribed by the Veterans' Administration. Where no contract exists between the institution and the Veterans' Administration covering the vocational instruction to be furnished by the institution to eligible veterans enrolled under the provisions of Part VIII, a contract will be negotiated, and the advance payment procedure will be incorporated in such contract as a separate schedule as prescribed by the Veterans' Administration. A single contract may be negotiated with the institution covering all of the vocational instruction furnished within the State, in which event, if more than one regional office exists within the State, the regional office having jurisdiction over the area in which the institution's headquarters is located should conduct negotiations with the State and should prepare the contract to be submitted to the other regional offices for approval. Finance officers at all other regional offices should be furnished with copies of the approved contract. If the State so desires, separate contracts may be negotiated with each regional office having jurisdiction over the area within the State in which veterans may be enrolled in the institutions for vocational instruction under the provisions of Public Law 346, as amended. Vouchers will be submitted to and payments made by the regional office having jurisdiction over the area in which the veterans are enrolled in the institutions for vocational instruction under the provisions of Public Law 346, as amended.

period in process on or beginning after the date of execution of the necessary supplement or schedule to an existing contract with the institution.

VOUCHERS OR INVOICES FOR PAYMENT

§ 21.666 *Vouchers or invoices for amounts due the institution.* (a) Vouchers or invoices for tuition and incidental fees, with or without charges for books, supplies, and equipment, may be submitted to the Veterans' Administration regional office for payment in accord with the provisions of §§ 21.655 through 21.657.

(b) Vouchers or invoices for books, supplies, and equipment, if prepared separately, may be submitted at any time after the issuance of the items to the trainees. (See § 21.539 (f) for details.)

§ 21.667 *Data on voucher, invoice, or supporting schedule.* (a) Vouchers will be in sufficient detail to permit a proper audit of the account for each veteran. On each voucher, invoice, or separate schedule attached will be shown:

(1) Name and C-number of the trainee exactly as written on pertinent Veterans' Administration Forms 1900, 1953, or 7-1950.

(2) Date of his enrollment.

(3) Course.

(4) The individual charge for each trainee.

(5) Period covered by the charge.

(6) Unitemized total for books, supplies, and equipment issued to the trainee.

(b) Where it is the practice to cover tuition and all other items in one amount, it will be sufficient to state tuition, fees, books, supplies, and equipment without breakdown.

(c) Where it is the practice as reflected in the institution catalog or otherwise or if so indicated in the contract to indicate the charges separately as to tuition, incidental fees, books, supplies, and equipment, the voucher or supporting schedule should show the amount applicable to each such general breakdown.

(d) The face of the voucher will show the authority for expenditure for Part VIII trainees as "Public Law 346, 78th Congress," and for Part VII trainees as "Public Law 16, 78th Congress."

§ 21.668 *Exclusion of Federal admission taxes from payments to educational institutions for education and training under Public Laws 16 and 346, 78th Congress, as amended.*—(a) *Payments to institutions to exclude Federal admission taxes.* Section 3 of the act of August 12, 1935, Public Law 262, 74th Congress, provides in part that " " " payments made to or on account of a beneficiary under any of the laws relating to veterans shall be exempt from taxation " " ". Section 1661 title VI, Public Law 346, as amended, provides that, except as otherwise stated, the provisions of Public Law 262 shall be applicable. In view of these provisions of Public Law 262 and Public Law 346, as amended, payments made to institutions Law 262. Therefore the tax imposed by section 1700 (a) of the Internal Revenue Code, as amended, does not apply to payments made by the Veterans' Administration covering admission charges to athletic and other events on behalf of veterans attending schools and colleges under the provisions of Public Laws 16 and 346, as amended. No admission taxes will be included in bills submitted by educational institutions to the Veterans' Administration where such bills cover the customary charges required to be paid by all students and where the payment of such charges entitles the student (veteran) to admission to athletic and other events. Such admission taxes ordinarily would be included in the required fee designated by the institution as "student activity fee" or in a required customary charge which includes, among other things, the privilege of the students to attend athletic and other events for which admission normally would be charged.

(b) *Certification.* In addition to the certification appearing on SF 1034, Public Voucher for Purchases and Services Other Than Personal, or on the original invoices submitted by educational institutions for payment of tuition and fees, where the charges of the institutions involve payment of required customary fees which entitle the student to admission to athletic and other events, the SF 1034, or the original invoices, if SF 1034 is not used, must bear the additional certification that the amount billed does not include any Federal admission taxes imposed by section 1700 (a) of the Internal Revenue Code, as amended. This additional certification may be inserted on the face of SF 1034 or on the original invoice or invoices by the institutions through use of a rubber stamp if desirable.

(c) *Effective date.* Vouchers which are submitted on and after September 1, 1947, covering payment of tuition or fees which entitle students to admission to athletic or other events, will not be paid without the certification that the amounts claimed are exclusive of Federal admission taxes. No adjustments will be required by Veterans' Administration for payments on vouchers which have been submitted prior to September 1, 1947, by educational institutions where such vouchers may have included taxes imposed by section 1700 (a) of the Internal Revenue Code, as amended.

§ 21.669 *Certification by the institution.* (a) Where the institution does not submit SF 1034, the original invoices submitted by institutions for the payment of tuition, fees, books, supplies and equipment will contain the following certification:

I certify that the above bill is correct and that the payment therein has not been received; that all compulsory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that there are no other claims against the United States arising out of the transactions recited in the above bill.

§ 21.670 *Irregular items.* In those cases where a voucher contains an irregular item, the allowability of which is questionable in the light of existing regulations and policies, the finance division will submit the voucher to the chief, training facilities section, for a determination as to the allowability of the item in question and, if appropriate, an interpretation or amplification of current applicable regulations and policies.

§ 21.671 *Vouchers for a Parts VII or VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainee who transfers from the jurisdiction of one regional office to the jurisdiction of another regional office.* The payment of vouchers covering tuition, fees, books, supplies, and equipment for trainees who transfer from the jurisdiction of one regional office to training under the jurisdiction of another regional office will be effected by the station having jurisdiction of the veteran at the time of the training, i. e., the office from which the veteran is transferred. The foregoing applies to cases where there is an outstanding account. Information required to process the voucher will be made of record before the claim folder is transferred.

SUBPART D—ADVISEMENT AND GUIDANCE

§ 21.700 *Advisement and guidance under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12).* Advisement and guidance shall be provided each disabled person who applies for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), and who meets the eligibility requirements set forth in § 21.040 (a), (b), and (c). The advisement and guidance services will include determining whether the person is in need of vocational rehabilitation and when such need is found to assist him in the selection of an employment objective and such training courses as will enable him to secure employment in an occupation best suited to his individual capacities and compatible with his disability. The selection of an occupation in which rehabilitation is to be effected will be based upon consideration of the person's interests, aptitudes, abilities, educational background, work experiences, personality traits, limitations imposed by disabilities, and any other relevant factors in relation to the characteristic requirements, and employment opportunities of occupations. Standards of counseling will be maintained in accordance with accepted professional practices and trained vocational advisers will adhere to the principles of advisement and guidance as prescribed in vocational rehabilitation and education procedures. Personal counseling, educational guidance, group guidance, personal adjustment counseling, special refresher techniques, and other accepted counseling methods will be utilized as necessary to prescribe such vocational objectives and courses as will fit the person to employment consistent with the [illegible] is need for vocational rehabilitation will be made for each claimant who applies and is otherwise eligible for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), in accordance with advisement and guidance principles set forth in vocational rehabilitation and education procedures. Inasmuch as the statutory provisions respecting entitlement include the requirement that a person establish as a fact that he "is in need of vocational rehabilitation to overcome the handicap" of his service-connected disability, the requisite that need be existen at the time of determination is substantive and not merely procedural. The question to be answered, therefore, is whether the handicap due to the disability is of such character as to constitute a need of vocational rehabilitation for the purpose of restoring the employability lost by reason of the handicap.

(b) A determination that "need for vocational rehabilitation is not established" will be made if one of the following four exceptional conditions is found to exist:

(1) *First condition: Claimant is suitably employed.* If the claimant is regularly employed in an occupation which is as suitable for him, considering his disability and all the factors essential to holding employment, as any other occupation for which it is practicable to provide training.

(2) *Second condition: Claimant is employable in a suitable occupation.* If the claimant is not employed, but is able, in the opinion of vocational rehabilitation and education personnel, to be employed in an occupation which is as suitable for him, considering his disability and all the factors essential to securing and holding such employment, as any other occupation for which it is practicable to provide training.

(3) *Third condition: Training not medically feasible.* If the claimant's disability is such as to require medical rehabilitation rather than vocational rehabilitation because training in general is not medically feasible. Final determination that this condition exists will be made by the vocational rehabilitation board. (See § 21.715)

(4) *Fourth condition: Claimant fails to cooperate.* If after thorough and careful advisement, considering the claimant's ability to meet the training and the employment requirements, it is found to be impracticable to select or determine with the agreement and cooperation of the claimant, an employment objective and a course of rehabilitation that can be completed within the training period legally allowable so as to restore employability. In each of the following instances a determination that "need for vocational rehabilitation is not established" is justified under this condition: (i) Claimant refuses to submit to a medical examination considered necessary for the purpose of determining feasibility of training; (ii) claimant insists upon training for a specific objective for which all others appear unsuitable; (iii) claimant refuses without adequate reason to attend classes or training sessions previously agreed upon.

(c) A determination, or a redetermination, of need for vocational rehabilitation will be made whenever a veteran who is otherwise eligible for such benefits and whose status is one of those described below requests induction into training under Part VII:

(1) A veteran who entered training under Part VIII prior to making application for vocational rehabilitation.

(2) A veteran who entered training under Part VIII while a determination of need for vocational rehabilitation was pending.

(3) A veteran who entered training under Part VIII after having been found in need of vocational rehabilitation.

In the type of cases indicated in subparagraphs (1), (2), and (3) of this paragraph when a determination is made that "need for vocational rehabilitation is established" the veteran's training status and subsistence allowance under Part VII will begin with the actual date of his induction into training under that part regardless of whether the course selected under Part VII is the same or different from that which the veteran pursued under Part VIII.

§ 21.702 *Delegation of authority to determine need for vocational rehabilitation.* Authority to determine whether a disabled person who applies for benefits under Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), is in need of vocational rehabilitation is vested in the vocational rehabilitation and education divisions of regional offices and in vocational rehabilitation and education sections of Veterans' Administration hospitals.

§ 21.710 *Review of initial determination that need for vocational rehabilitation is not established.* When in accordance with the prescribed advisement and guidance procedure an initial determination is made that an applicant for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), is not eligible to the benefits under that part, because of not being in need of vocational rehabilitation or for other reasons, the available evidence relating to the case will be considered by a reviewing committee in accordance with vocational rehabilitation and education procedures. If the reviewing committee concurs in the initial determination that the applicant is not eligible to the benefits under Part VII, the reasons upon which the committee's determination is based will be recorded on the prescribed form which will be signed by each member of the committee.

§ 21.711 *Redetermination of entitlement.* Prior to redetermination [illegible] once a determination of need for vocational rehabilitation has been made, regardless of whether training is to be provided by the regional [illegible] in which the determination is made or in the [illegible]

ment as outlined in this paragraph will be made for 4-month periods defined as follows: First period—July, August, September, October; second period—November, December, January, February; third period—March, April, May, June.

(2) Managers of regional offices are authorized to enter into agreements for advance payments to State institutions in accordance with the procedures outlined herein when all of the following provisions are met:

(i) An authorized official of the State certifies that if the Veterans' Administration does not make advance payments to the institution for instruction furnished to eligible veterans enrolled under the provisions of Part VIII, it will impose a financial burden upon the State of such proportions as to create a serious hardship.

(ii) The institution agrees to submit vouchers for instruction to be furnished to eligible veterans enrolled under the provisions of Part VIII, on or after the first day of each 4-month period.

(c) *Contract required for advance payments.* In all cases where the procedure for advance payment is approved by the manager, a contract will be required with the institution covering the vocational instruction to be furnished by the institution to eligible veterans enrolled under the provisions of Part VIII, and the advance payment procedure will be incorporated as a part of such contract. Where contracts have already been negotiated and are in effect covering vocational instruction to be furnished by a State institution, the advance payment procedure may be incorporated in such contract through the execution of a supplement as prescribed by the Veterans' Administration. Where no contract exists between the institution and the Veterans' Administration covering the vocational instruction to be furnished by the institution to eligible veterans enrolled under the provisions of Part VIII, a contract will be negotiated, and the advance payment procedure will be incorporated in such contract as a separate schedule as prescribed by the Veterans' Administration. A single contract may be negotiated with the institution covering all of the vocational instruction furnished within the State, in which event, if more than one regional office exists within the State, the regional office having jurisdiction over the area in which the institution's headquarters is located should conduct negotiations with the State and should prepare the contract to be submitted to the other regional offices for approval. Finance officers at all other regional offices should be furnished with copies of the approved contract. If the State so desires, separate contracts may be negotiated with each regional office having jurisdiction over the area within the State in which veterans may be enrolled in the institution for vocational instruction under the provisions of Public Law 346, as amended. Vouchers will be submitted to and payments made by the regional office having jurisdiction over the area in which the veterans are in training.

(d) *Effective date.* Advance payments may be made for any 4-month period in process on or beginning after the date of execution of the necessary supplement or schedule to an existing contract with the institution.

VOUCHERS OR INVOICES FOR PAYMENT

§ 21.666 *Vouchers or invoices for amounts due the institution.* (a) Vouchers or invoices for tuition and incidental fees, with or without charges for books, supplies, and equipment, may be submitted to the Veterans' Administration regional office for payment in accord with the provisions of §§ 21.655 through 21.657.

(b) Vouchers or invoices for books, supplies, and equipment, if prepared separately, may be submitted at any time after the issuance of the items to the trainees. (See § 21.539 (f) for details.)

§ 21.667 *Data on voucher, invoice, or supporting schedule.* (a) Vouchers will be in sufficient detail to permit a proper audit of the account for each veteran. On each voucher, invoice, or separate schedule attached will be shown:

(1) Name and C-number of the trainee exactly as written on pertinent Veterans' Administration Forms 1900, 1953, or 7–1950.

(2) Date of his enrollment.

(3) Course.

(4) The individual charge for each trainee.

(5) Period covered by the charge.

(6) Unitemized total for books, supplies, and equipment issued to the trainee.

(b) Where it is the practice to cover tuition and all other items in one amount, it will be sufficient to state tuition, fees, books, supplies, and equipment without breakdown.

(c) Where it is the practice as reflected in the institution catalog or otherwise or if so indicated in the contract to indicate the charges separately as to tuition, incidental fees, books, supplies, and equipment, the voucher or supporting schedule should show the amount applicable to each such general breakdown.

(d) The face of the voucher will show the authority for expenditure for Part VIII trainees as "Public Law 346, 78th Congress," and for Part VII trainees as "Public Law 16, 78th Congress."

§ 21.668 *Exclusion of Federal admission taxes from payments to educational institutions for education and training under Public Laws 16 and 346, 78th Congress, as amended*—(a) *Payments to institutions to exclude Federal admission taxes.* Section 3 of the act of August 12, 1935, Public Law 262, 74th Congress, provides in part that "* * * payments made to or on account of a beneficiary under any of the laws relating to veterans shall be exempt from taxation * * *" Section 1500, title VI, Public Law 346, as amended, provides that, except as otherwise stated, the provisions of Public Law 262 shall be applicable. In view of these provisions of Public Law 262 and Public Law 346, as amended, payments made to institutions for education and training under Public Laws 16 and 346, as amended, are subject to the provisions of section 3 of Public Law 262. Therefore the tax imposed by section 1700 (a) of the Internal Revenue Code, as amended, does not apply to payments made by the Veterans' Administration covering admission charges to athletic and other events on behalf of veterans attending schools and colleges under the provisions of Public Laws 16 and 346, as amended. No admission taxes will be included in bills submitted by educational institutions to the Veterans' Administration where such bills cover the customary charges required to be paid by all students and where the payment of such charges entitles the student (veteran) to admission to athletic and other events. Such admission taxes ordinarily would be included in the required fee designated by the institution as "student activity fee" or in a required customary charge which includes, among other things, the privilege of the students to attend athletic and other events for which admission normally would be charged.

(b) *Certification.* In addition to the certification appearing on SF 1034, Public Voucher for Purchases and Services Other Than Personal, or on the original invoices submitted by educational institutions for payment of tuition and fees, where the charges of the institutions involve payment of required customary fees which entitle the student to admission to athletic and other events, the SF 1034, or the original invoices, if SF 1034 is not used, must bear the additional certification that the amount billed does not include any Federal admission taxes imposed by section 1700 (a) of the Internal Revenue Code, as amended. This additional certification may be inserted on the face of SF 1034 or on the original invoice or invoices by the institutions through use of a rubber stamp if desirable.

(c) *Effective date.* Vouchers which are submitted on and after September 1, 1947, covering payment of tuition or fees which entitle students to admission to athletic or other events, will not be paid without the certification that the amounts claimed are exclusive of Federal admission taxes. No adjustments will be required by Veterans' Administration for payments on vouchers which have been submitted prior to September 1, 1947, by educational institutions where such vouchers may have included taxes imposed by section 1700 (a) of the Internal Revenue Code, as amended.

§ 21.669 *Certification by the institution.* (a) Where the institution does not submit SF 1034, the original invoices submitted by institutions for the payment of tuition, fees, books, supplies, and equipment will contain the following certification:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that State and local sales taxes are not included in the amounts billed.

(b) For certificate on voucher covering books, supplies, and equipment, either billed separately or with tuition and fees, see §§ 21.539 and 21.540.

§ 21.670 *Irregular items.* In those cases where a voucher contains an irregular item, the allowability of which is questionable in the light of existing regulations and policies, the finance division will submit the voucher to the chief, training facilities section, for a determination as to the allowability of the item in question and, if appropriate, an interpretation or amplification of current applicable regulations and policies.

§ 21.671 *Vouchers for a Parts VII or VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), trainee who transfers from the jurisdiction of one regional office to the jurisdiction of another regional office.* The payment of vouchers covering tuition, fees, books, supplies, and equipment for trainees who transfer from the jurisdiction of one regional office to training under the jurisdiction of another regional office will be effected by the station having jurisdiction of the veteran at the time of the training, i. e., the office from which the veteran is transferred. The foregoing applies to cases where there is an outstanding account. Information required to process the voucher will be made of record before the claim folder is transferred.

SUBPART D—ADVISEMENT AND GUIDANCE

§ 21.700 *Advisement and guidance under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12).* Advisement and guidance shall be provided each disabled person who applies for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), and who meets the eligibility requirements set forth in § 21.040 (a), (b), and (c). The advisement and guidance services will include determining whether the person is in need of vocational rehabilitation and when such need is found to assist him in the selection of an employment objective and such training courses as will enable him to secure employment in an occupation best suited to his individual capacities and compatible with his disability. The selection of an occupation in which rehabilitation is to be effected will be based upon consideration of the person's interests, aptitudes, abilities, educational background, work experiences, personality traits, limitations imposed by disabilities, and any other relevant factors in relation to the characteristics, requirements, and employment opportunities of occupations. Standards of counseling will be maintained in accordance with accepted professional practices and trained vocational advisers will adhere to the principles of advisement and guidance as prescribed in vocational rehabilitation and education procedures. Placement counseling, educational guidance, group guidance, personal adjustment counseling, special rehabilitation techniques, and other accepted counseling methods will be utilized as necessary to prescribe such vocational rehabilitation course as will fit the person for employment consistent with the degree of disablement.

§ 21.701 *Need for vocational rehabilitation to be determined in each case.* (a) A determination as to whether there is need for vocational rehabilitation will be made for each claimant who applies and is otherwise eligible for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), in accordance with advisement and guidance principles set forth in vocational rehabilitation and education procedures. Inasmuch as the statutory provisions respecting entitlement include the requirement that a person establish as a fact that he "is in need of vocational rehabilitation to overcome the handicap" of his service-connected disability, the requisite that need be existent at the time of determination is substantive and not merely procedural. The question to be answered, therefore, is whether the handicap due to the disability is of such character as to constitute a need of vocational rehabilitation for the purpose of restoring the employability lost by reason of the handicap.

(b) A determination that "need for vocational rehabilitation is not established" will be made if one of the following four exceptional conditions is found to exist:

(1) *First condition: Claimant is suitably employed.* If the claimant is regularly employed in an occupation which is as suitable for him, considering his disability and all the factors essential to holding employment, as any other occupation for which it is practicable to provide training.

(2) *Second condition: Claimant is employable in a suitable occupation.* If the claimant is not employed, but is able, in the opinion of vocational rehabilitation and education personnel, to be employed in an occupation which is as suitable for him, considering his disability and all the factors essential to securing and holding such employment, as any other occupation for which it is practicable to provide training.

(3) *Third condition: Training not medically feasible.* If the claimant's disability is such as to require medical rehabilitation rather than vocational rehabilitation because training in general is not medically feasible. Final determination that this condition exists will be made by the vocational rehabilitation board. (See § 21.715)

(4) *Fourth condition: Claimant fails to cooperate.* If after thorough and careful advisement, considering the claimant's ability to meet the training and the employment requirements, it is found to be impracticable to select or determine with the agreement and cooperation of the claimant, an employment objective and a course of rehabilitation that can be completed within the training period legally allowable so as to restore employability. In each of the following instances, a determination that "need for vocational rehabilitation is not established" is justified under this condition: (i) Claimant refuses to submit to a medical examination considered necessary for the purpose of determining feasibility of training; (ii) claimant insists upon training for a specific objective excluding all others, when that objective is considered to be inappropriate for the claimant's rehabilitation; (iii) A claimant who has previously been found to be in need of rehabilitation fails or refuses without adequate reason to attend classes or training sessions previously agreed upon.

(c) A determination, or a redetermination, of need for vocational rehabilitation will be made whenever a veteran who is otherwise eligible for such benefits and whose status is one of those described below requests induction into training under Part VII:

(1) A veteran who entered training under Part VIII prior to making application for vocational rehabilitation.

(2) A veteran who entered training under Part VIII while a determination of need for vocational rehabilitation was pending.

(3) A veteran who entered training under Part VIII after having been found in need of vocational rehabilitation.

In the type of cases indicated in subparagraphs (1), (2), and (3) of this paragraph when a determination is made that "need for vocational rehabilitation is established" the veteran's training status and subsistence allowance under Part VII will begin with the actual date of his induction into training under that part regardless of whether the course selected under Part VII is the same or different from that which the veteran pursued under Part VIII.

§ 21.702 *Delegation of authority to determine need for vocational rehabilitation.* Authority to determine whether a disabled person who applies for benefits under Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), is in need of vocational rehabilitation is vested in the vocational rehabilitation and education divisions of regional offices and in vocational rehabilitation and education sections of Veterans' Administration hospitals.

§ 21.710 *Review of initial determination that need for vocational rehabilitation is not established.* When in accordance with the prescribed advisement and guidance procedure an initial determination is made that an applicant for vocational rehabilitation under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), is not eligible to the benefits under that part, because of not being in need of vocational rehabilitation or for other reasons, the available evidence relating to the case will be considered by a reviewing committee in accordance with vocational rehabilitation and education procedures. If the reviewing committee concurs in the initial determination that the applicant is not eligible to the benefits under Part VII, the reasons upon which the committee's determination is based will be recorded on the prescribed form which will be signed by each member of the committee.

§ 21.711 *Redetermination of need*—(a) *Prior to induction into training.* Once a determination of need for vocational rehabilitation has been made, regardless of whether training is to be provided in the regional territory in which the determination is made or in the territory of another regional office to which the veteran is transferred, the case will not be opened for redetermination of need unless: (1) There is evi-

dence of error of fact or law or (2) there is new and additional evidence which clearly indicates the necessity for reconsideration of need.

(b) *After induction into training.* (1) When upon the basis of a proper determination of need a claimant has been inducted into training, the question of need will not be reopened with a view of discontinuing training merely because of a decrease in the disability even though the decrease be such that the disability rating is reduced to less than compensable degree.

(2) Need will be redetermined in the course of making revaluations only in those cases in which the failure to accomplish vocational rehabilitation through the plan formulated in previous advisement is due to factors within the claimant's control.

§ 21.715 *Medical feasibility for vocational rehabilitation.* A determination as to whether it is medically feasible for a claimant to pursue a course of vocational rehabilitation will be made in each case by a medical consultant in accordance with vocational rehabilitation and education procedures. When as a result of the application of these procedures it is the opinion of the medical consultant that such training is not medically feasible the case will be subject to review by a vocational rehabilitation board. Upon due consideration of all the evidence, the board will determine feasibility and the course of action to be pursued in the case. When a claimant may not be inducted into training because of either permanent or temporary unfeasibility a determination that "need for vocational rehabilitation is not established" will be made. This determination will remain in effect until such time as there may be a redetermination that due to the improvement in the claimant's physical or mental condition, medical feasibility for training and need for vocational rehabilitation are established.

§ 21.720 *Advisement and guidance during the 60-day period following reduction of disability rating to less than 10 percent.* When a veteran having a disability rating of 10 percent or more has his rating reduced to less than 10 percent, he does not, subsequent to the date of the reduced rating, meet the eligibility requirement for entrance into training under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C. ch. 12), even though he may continue to receive, for a period of 60 days or more, compensation payments based on his former rating in accordance with § 21.009 (e) and paragraph III (b), Part I, Veterans Regulation 2 (a), as amended (38 U. S. C., ch. 12). He is not entitled to vocational counseling under Part VII, as amended, although he may upon his own request be provided such counseling under Part VIII, if he is eligible for education and training under that part. Even though vocational advisement may have been completed in his case prior to reduction of his disability rating to less than compensable degree, this fact does not make him eligible for induction into training under Part VII, as amended.

§ 21.722 *Appeals from advisement and guidance actions.* When the appropriate application of the advisement and guidance procedures results in a determination that a claimant is not eligible for the benefits under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), the claimant will be notified in writing of the determination and of his right to appeal to the Board of Veterans Appeals in accordance with the procedures established by that board.

§ 21.728 *Authority to provide transportation, meals and lodging for advisement and guidance purposes.* (a) Transportation at Government expense may be authorized and transportation, meals and lodging requests may be issued for the travel of an eligible claimant for benefits under Part VII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), when the manager or the chief, vocational rehabilitation and education division, has determined that such travel is necessary in the discharge of the Government's obligation in the case and the veteran is instructed to perform the travel for the following purposes: (1) To report to a field station or Veterans' Administration guidance center for determination of need for vocational rehabilitation and for advisement and guidance; (2) to return to the place from which travel was authorized when the Veterans' Administration is unable at that time to enter the veteran into training.

(b) Regional managers are authorized to provide the services of an attendant to accompany a claimant or beneficiary while such claimant or beneficiary is traveling for the purposes set forth in paragraph (a) of this section, when in the judgment of the chief, vocational rehabilitation and education division, such services are necessitated by the severity of the disability of the claimant or beneficiary.

(c) Transportation, meals, and lodging will not be authorized at Government expense for a claimant who is eligible only under Part VIII to report to a field station or Veterans' Administration guidance center for advisement and guidance under that part.

(d) If a veteran's eligibility under Part VII has been established, transportation expenses may be authorized at Government expense even though the veteran elects at the time of advisement to take training under Part VIII.

§ 21.730 *Advisement and guidance under Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12).* (a) Advisement and guidance services will be held to be necessary for a veteran entitled to education or training under Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), who upon consideration of the facts and circumstances in his individual case is found to require the services in order to protect the interests of the Government or the veteran, provided the determination as to the necessity of the services is made by appropriate personnel of the Veterans' Administration through the application of the principles set forth in vocational rehabilitation and education procedures.

(b) Educational and vocational guidance will also be arranged for: (1) A veteran who voluntarily requests educational or vocational guidance and is preparing to enter training in the near future under the provisions of Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), and desires assistance in making educational and vocational plans to accomplish his occupational adjustment.

(2) A veteran who voluntarily requests educational or vocational guidance and is in training under the provisions of Part VIII, Veterans' Regulation 1 (a), as amended (38 U. S. C., ch. 12), but desires educational or vocational guidance because of uncertainty as to whether his educational and vocational plans are in line with his aptitudes, abilities, and interests to the extent necessary to accomplish his occupational adjustment. (Educational guidance as referred to in this subparagraph is not that educational guidance which is offered by an institution to all students pursuing courses in such an institution.)

(c) The counseling techniques and methods used in providing educational and vocational guidance under Part VIII will be the same as those applied in the counseling of veterans under Part VII, as set forth in § 21.700. A determination as to whether there is need for training is not required to be made in the cases of veterans counseled under the provisions of Part VIII.

§ 21.735 *Advisement and guidance service on a fee basis—(a) Authorization.* The assistant administrator for vocational rehabilitation and education or his designate is authorized to negotiate and approve contracts with educational institutions, establishments, and other agencies for the purpose of providing services relating to the counseling of veterans who are eligible for such services under the provisions of Part VII and Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), and to establish rates of payment which are just and reasonable for such services.

(b) *Establishment of Veterans' Administration guidance centers.* In each instance where such a contract is made, an organizational unit will be established at the location indicated in the contract where the services are to be performed and this unit with a chief in charge will for Veterans' Administration purposes be designated a Veterans' Administration guidance center.

(c) *Utilization of Veterans' Administration guidance centers.* In providing advisement and guidance services it will be the policy to utilize guidance centers to the greatest extent, consistent with the actual needs for such services, except for the counseling of seriously disabled veterans as identified in vocational rehabilitation and education procedures for whom such services will be provided at regional offices where specialists in the various disabilities will be available.

PART 36—SERVICEMEN'S READJUSTMENT ACT OF 1944

SUBPART A—TITLE III; LOAN GUARANTY

GUARANTY OF LOANS ON HOMES

Sec.
36.4000 Definitions.
36.4001 Miscellaneous.

Loans Eligible for Guaranty

36.4002 Eligible loans.
36.4003 Purchase or construction.
36.4004 Repairs, etc.
36.4005 Increase in value due to repairs, etc.
36.4006 Prior liens.
36.4007 First liens required.
36.4008 Mortgages required.
36.4009 Transfer of title.
36.4010 Obligation of guarantor.
36.4011 Contract provisions.
36.4012 Repayment provisions.
36.4013 Prepayments.
36.4014 Pro rata decrease of guaranty.
36.4015 Insurance coverage required.
36.4016 Loan charges.
36.4017 Interest.
36.4018 Advances.
36.4019 Construction loans.

Guaranty by the Administrator

36.4020 Limits.
36.4021 Second loan under section 505 (a).
36.4022 Two or more eligible veterans or borrowers.
36.4023 Maximum liability where there are two or more veterans.
36.4024 Veterans' application.
36.4025 Papers required.
36.4026 Recommendation for approval of guaranty.
36.4027 Administrator's action on application.
36.4028 Execution and form of guaranty.
36.4029 Disposition of papers.
36.4030 Loan procedure after approval of guaranty.
36.4031 Guaranty when effective.
36.4032 Construction loans.
36.4033 Losses which are not guaranteed.

Claims Under a Guaranty

36.4034 Default.
36.4035 Claim on notice of default.
36.4036 Legal action.
36.4037 Notice of suit and subsequent sale.
36.4038 Death of veteran.
36.4039 Death or insolvency of creditor.
36.4040 Filing claim under guaranty.
36.4041 Options available to the Administrator.
36.4042 Refinancing and extension of guaranty.

36.504 Operations of the readjustment allowance office, San Juan, Puerto Rico.
36.505 Determination as to applicability of the provisions of section 1300 Title V of the Servicemen's Readjustment Act of 1944.
36.506 Waiving recovery of overpayments.
36.507 Operation of State cooperating agencies and others.
36.508 Delegation of authority to readjustment allowance agents and State unemployment compensation agencies.
36.509 Offset of subsistence allowance overpayments.

SUBPART A—TITLE III; LOAN GUARANTY

GUARANTY OF LOANS ON HOMES

AUTHORITY: §§ 36.4000 to 36.4051 issued under 58 Stat. 284; 38 U. S. C. 693.

§ 36.4000 *Definitions.* Wherever used in §§ 36.4000–36.4051, unless the context otherwise requires, the terms defined in this section shall have the meaning herein stated, namely:

(a) "Administrator" means the Administrator of Veterans' Affairs or any employee of the Veterans' Administration designated by him to act in his stead.

(b) "United States" used geographically means the several States, Territories and possessions, and the District of Columbia.

(c) "State" means any of the several States, Territories and possessions, and the District of Columbia.

(d) "Designated Agency" or "Agency" as used in respect to processing applications for guaranty of loans, means any Federal instrumentality designated by the Administrator (including Veterans' Administration if so designated) to certify whether an application meets the requirements of the act and regulations, and recommend whether the application should be approved if the applicant is found eligible.

(e) "Federal Agency" as used with respect to agencies making, guaranteeing or insuring primary loans, means any Executive Department, or administrative agency or unit of the United States Government (including a corporation essentially a part of the Executive Branch) at any time authorized by law to make, guarantee or insure such loans.

(f) "Guaranty" means the obligation of the United States of America assumed by virtue of the guaranty by the Administrator as provided in Title III of the Servicemen's Readjustment Act of 1944 (58 Stat. 284; 38 U. S. C. 693), and subject to the limitations and conditions thereof and of these regulations. The subject of the guaranty is that portion of an eligible loan procured by an eligible veteran which may be subject to being guaranteed as provided in said Title III, as determined by the Administrator upon application in accordance with §§ 36.4000–36.4051.

(g) "Mortgage" means an applicable type of security instrument commonly used or legally available to secure loans or the unpaid portion of the purchase price of real or personal property in a State, District, Territory, or possession of the United States of America in which the property is situated. It includes, for example, deeds of trust, security deeds, escrow instruments, real estate mortgages, conditional sales agreements, chattel mortgages, etc.

(h) "Secondary" or "junior" loan means a loan which is secured by a lien or liens subordinate to any other lien or liens on the same property.

(i) "Guaranteed loan" means a loan unsecured, or secured by a primary lien, or where permissible under the act and these regulations, a secondary lien, which loan is guaranteed in whole or in part by the Administrator as evidenced by endorsement thereon; or by Loan Guarantee Certificate issued by the Administrator, and which shall have become effective as prescribed by these regulations; or by such other legal evidence as may be provided by the Administrator.

(j) "Home" and "residential property" means any dwelling consisting of not more than four family units, or any combination dwelling and business property, the primary use of which is occupation by the veteran as his home.

(k) (1) "Reasonable normal value" is the price the property would ordinarily bring or the transaction would ordinarily cost in a contract between a willing and well informed buyer and a willing and well informed seller, both acting free from necessity and under circumstances not affected by economic or other conditions of an impermanent character.

(2) The purpose and intent are (i) to assure that the price to be paid represents a fair and reasonably permanent value in the real property to be acquired, (ii) to give, so far as the real estate is concerned, the basis for a fair but not unreasonable risk on the part of the United States Government when executing its guarantee, (iii) to assure that the appraisal shall be founded upon true and reasonably permanent values.

(3) Each valuation shall be justified, inter alia, (i) by the history of values and prices for this and similar properties, (ii) by the future resale possibilities as indicated by trends in the immediate locality and (iii) by the most probable and reasonably assured long term future economic and real estate conditions, national and local, as they will affect properties similar to and competitive with that under appraisal.

(4) "Reasonable normal value" is not necessarily "fair market value" nor "fair market price" in the usual legal sense of those terms, nor is it necessarily the same as "value for mortgage purposes."

(l) "Property" and "lot" as used in section 501 of the act refer to an interest in realty defined in this section, and subject to the conditions therein.

(1) An interest in realty may be a fee simple estate, or certain other estates indicated in subparagraphs (1) to (6) (including an estate for years) eligible as securities for guaranteed loans. But in any event the estate shall be one limited to end at a date more than 14 years after the ultimate maturity date of the loan, or when the fee simple title shall vest in the lessee; except that, if it is a leasehold that terminates earlier, it shall nevertheless be acceptable if lessee has the irrevocable right to renew for a term ending more than 14 years after the ultimate maturity date of the loan or until the fee simple title shall vest in lessee: *Provided,* The mortgagee obtains a mortgage lien of the required dignity upon such option right or anticipated reversion or remainder in fee.

(2) A life estate or other estate of uncertain duration is excluded, unless the remainder interests are also encumbered by lien of the same dignity to secure the same debt.

(3) A remainder interest in realty shall be eligible as security for a mortgage loan only in the event that all the owners of intervening immediate or remainder interests lawfully can and do (i) join in the mortgage in such manner as to subject all such intervening estates to the lien; or (ii) execute and deliver a lease or other proper conveyance to the owner of the ultimate remainder in fee simple in such manner as to assure his legal right to possession and enjoyment until the vesting of his ultimate remainder interest.

(4) If other than a fee simple estate or estate for years with minimum duration

as stated in subparagraph (1) of this paragraph, is offered as security full information may be submitted to the Administrator before taking application from the veteran. The Administration shall determine the eligibility of any such estate.

(5) The existence of any of the following will not require denial of the guaranty; hence will not require special submission:

(i) Outstanding easements for public utilities, party walls, driveways, and similar purposes;

(ii) Customary building or use restrictions for breach of which there is no reversion and which have not been violated to a material extent;

(iii) Slight encroachments by adjoining improvements;

(iv) Outstanding water, oil, gas or other mineral, or timber rights, which do not materially impair the value for residential purposes, or which are customarily waived by prudent lenders in the community: *Provided, however,* That if there is outstanding any legal right to quarry, mine or drill within 400 feet of the encumbered building the application for guaranty may be denied for that reason unless upon consideration of all the facts the Administrator determines otherwise. Such determination at the option of the lender or borrower may be obtained upon a special submission of all the facts prior to taking application for guaranty.

(6) A mortgage on an undivided interest in realty shall not be acceptable unless all co-tenants of the veteran join in the mortgage, and unless such joinder has the legal effect of creating a lien on the property such as is otherwise required. In such case it shall not be required that the co-tenants join in, endorse, or otherwise become personally liable on the veteran's indebtedness. Notwithstanding such joinder in the mortgage by the co-tenants the value of the security for purpose of guaranty shall be determined with respect to the individual interest of the veteran only, and the guaranty will be limited to the proper proportion of that sum, irrespective of the actual amount of the loan.

(m) "Indebtedness" means the unpaid principal and accrued interest on the note, bond or other obligations, the subject of the guaranty, and includes also taxes, insurance premiums and any other item for which the debtor is liable under the terms of the mortgage, or other contract, including proper contractual or statutory trustee fees and attorney fees, if any.

(n) "Note" means a promissory note, a bond, or other instrument evidencing the debt and the debtor's promise to pay same.

(o) "Appraiser" means an individual or firm or corporation of recognized standing, approved in writing by the Administrator to appraise property. An applicant for designation as an approved appraiser shall show to the satisfaction of the Administrator that he is of good character and that his experience and information enable him to form sound opinions as to the reasonableness of the purchase price or cost of property to be appraised in the territory in which he expects to operate.

A list of appraisers, considered by the Administrator to be in good standing at the time these regulations become effective, may be approved.

(p) "Certificate of title" means a written and signed opinion or statement as to title by a qualified member of the bar of, or by a title company authorized to do such business in, the jurisdication in which the mortgaged property is situated; or at the option of borrower and lender a title insurance or guaranty contract by a corporation authorized to engage in such business in the State wherein the property is situated; or appropriate evidence of title in the proposed encumbrancer pursuant to a Torrens or other similar title registration statute.

(q) "Credit report" means the report submitted by any credit reporting agency of at least five years' experience with facilities for national coverage, approved by the Administrator, or any other form of report acceptable to the Administrator for the purpose of determining the applicant's credit standing.

(r) "Eligible veteran" means a veteran who:

(1) Served in the active military or naval service of the United States on or after September 16, 1940, and before the officially declared termination of World War II.

(2) Shall have been discharged or released from active service under conditions other than dishonorable, either

(i) After active service of ninety days or more, or

(ii) Because of injury or disability incurred in service in line of duty, irrespective of the length of service; and

(3) Applies for the benefits of this title within two years after separation from the military or naval forces, or within two years after the officially declared termination of World War II, whichever is later. In no event, however, may an application be filed later than five years after such termination of such war.

(s) "Eligible lenders" are persons, firms, association, corporations, and "governmental agencies and corporations, either State or Federal." (Section 500 (c))

(t) "Creditor" means the payee, or any subsequent holder of the "indebtedness" and includes a mortgagee.

(u) "Debtor" means the maker of the note, or obligor in any other obligation, or any other person who is, or becomes, liable thereon, by reason of a contract of assumption or otherwise.

(v) "Interest" means the compensation fixed by law, or by the parties to a contract, for the use or detention of, or forbearance with respect to money, irrespective of the name applied to such compensation.

§ 36.4001 *Miscellaneous.* Throughout §§ 36.4000–36.4051, unless the context otherwise requires:

(a) The singular includes the plural;

(b) The masculine includes the feminine and neuter;

(c) Person includes corporations, partnerships and associations;

(d) Month means calendar month, i. e., the period beginning on a certain date in one month and ending at midnight on the preceding date of the next month;

(e) "The act" or "the statute" means the Servicemen's Readjustment Act of 1944, ch. 268, 78th Congress, 2d Session (Public Law No. 346), 58 Stat. 284; 38 U. S. C. 693;

(f) Title III means Title III of the act.

Loans Eligible for Guaranty

§ 36.4002 *Eligible loans.* Real or personal property encumbered to secure a loan guaranteed pursuant to Title III of the act shall be situated within the United States.

§ 36.4003 *Purchase or construction.* Section 501 (a) of the act provides for granting to an eligible veteran "the guaranty of a loan to be used in purchasing residential property or in constructing a dwelling on unimproved property owned by him to be occupied as his home". The application therefor "may be approved by the Administrator", if he finds that:

(a) The proceeds of such loan will be used to pay for such property * * * (including construction cost);

(b) The contemplated terms of payment of any mortgage loan bear a proper relation to the veteran's present and anticipated income and expenses;

(c) The property is suitable for dwelling purposes;

(d) The purchase price or the construction cost, plus the value of the lot, does not exceed the reasonable normal value of the entire property as determined by proper appraisal; and,

(e) The loan appears practicable.

§ 36.4004 *Repairs, etc.* (a) Section 501 (b) provides: "Any application for the guaranty of a loan under this section for the purpose of making repairs, alterations, or improvements in, or paying delinquent indebtedness, taxes or special assessments on, residential property owned by the veteran and used by him as his home may be approved by the Administrator if he finds that the proceeds of such loan will be used for such purpose or purposes."

(b) For the purpose of section 501 (b):

(1) "Alterations or improvements", means any structural changes in or additions to the property, including heating and other equipment that become fixtures, or the replacement of either, or operations of a protective nature, which will increase the usefulness of the property as a home.

(2) "Repairs" means the work and material necessary to restore the building, or a fixture therein, to a condition that is useful and appropriate to the circumstances, the need therefor having arisen because of wear and tear, accident, or other cause.

(3) "Taxes" means general or special taxes assessed against the property.

(4) "Special assessments" means any charges for improvement purposes assessed against the property.

(5) "Delinquent indebtedness" means past due amounts of principal or interest (without giving effect to any accelera-

tion provisions) on an obligation secured in whole or in part by a lien or liens on property of an eligible veteran and occupied as his home. Each application to guarantee a loan purposed to pay delinquent indebtedness in excess of $500 shall be supported by an appraisal of the reasonable normal value of the residential property which secures the delinquent loan. The reasonable normal value of any property on account of which a loan for delinquent indebtedness is to be guaranteed may not be exceeded by the aggregate amount outstanding on the obligations which it secures, and in the case of property acquired within six months of the date of the filing of the application, by the cost of such property to the applicant.

(6) Satisfactory evidence will be required to establish that the proceeds of such loan will be used for one or more of the purposes stated in paragraph (b) of this section.

§ 36.4005 *Increase in value due to repairs, etc.* An application pursuant to section 501 (b) for the guaranty of a loan for repairs, alterations, or improvements of the property, must show that the amount of the loan will bear a proper relation to the value of the property, and that the repairs, alterations or improvements will enhance such value to a reasonable degree.

§ 36.4006 *Prior liens.* The existence of a lien or liens on the property in respect to which a guaranty of a loan is sought pursuant to section 501 (b) will not necessarily require a denial of the application for guaranty; but full consideration will be given to the amount, rate of interest, and maturity dates of the primary loan in determining whether a suitable relation will exist between the veteran's obligation and probable available income.

§ 36.4007 *First liens required.* Except as provided in section 505 of the act, loans for the purpose of purchasing or constructing homes, and in respect to which any guaranty is sought, shall be secured by a first lien on such property; but the existence of tax or special assessment prior liens will not disqualify security which is adequate and otherwise acceptable.

§ 36.4008 *Mortgages required.* (a) Each loan guaranteed in whole or in part by the Administrator shall be secured by a mortgage except that when the principal amount of a loan to be guaranteed does not exceed $500 and the lender does not require a mortgage, the Administrator may nevertheless guarantee such loan provided it complies otherwise with the act and these regulations (as to procedure see § 36.4024 (e)).

(b) The law of the State where the contract is made determines the capacity of the parties to contract. Similarly the law of the State wherein the real estate is situated determines the capacity of mortgagor to encumber and of the mortgagee to hold the legal rights resulting from encumbrance. The act does not modify such law of the State. The guaranty by the Administrator will be available only in the event that under the applicable State law the contract between the borrower and lender is binding on both, and the mortgage has the legal effect intended. This paragraph will be applicable particularly in cases involving minors, "persons of unsound mind," and persons under other legal disability by reason of the law of the State. It will be applicable also in cases involving mortgage or other loans which any guardian, conservator, or other fiduciary seeks to make, or obtain; and to a guaranty thereof for which application is submitted.

(c) *Type of loan and mortgage.* (1) Except as otherwise provided in paragraph (a) of this section each loan guaranteed under the provisions of Title III must be evidenced by a note or notes secured by appropriate security instrument or instruments ("mortgage legally sufficient in the jurisdiction in which the property to be encumbered is situated.").

(2) A term loan, which is in accord with applicable State or Federal law, and regulations, if any, may be eligible for guaranty if the amount of the loan to be guaranteed plus the unpaid amount of all obligations secured by liens superior to the lien securing the proposed loan does not exceed two-thirds of the reasonable normal value of the property encumbered to secure the loan and if the ultimate maturity date of the mortgage indebtedness so secured, and to be guaranteed, is not more than five years from the date of the note. Such superior liens shall not be mortgage liens, except when the guaranty is issued pursuant to sections 501 (b) or 505 of the act.

(3) Except as provided in subparagraph (2) of this paragraph the loan shall be amortized. The obligation to be amortized may, and except for the first year shall, require such periodical payments of stated sums as will in accordance with standard amortization practice result in payment of the entire principal and interest within not more than 20 years from the date of the loan, or the date of assumption by the veteran, whichever is later. At the request of the mortgagor the payments during the first year shall be less than the amount required thereafter, by the sum representing the interest charge on the guaranteed part of the loan, and which interest charge the Administrator will pay at the end of that year.

§ 36.4009 *Transfer of title.* The conveyance of, or other transfer of title to the property after the creation of a lien thereon to secure the veteran's debt, which is guaranteed in whole or in part by the Administrator, shall not terminate or otherwise affect the contract of guaranty, unless (a) the creditor by express agreement for that purpose releases or otherwise discharges the veteran from personal liability thereon; or (b) by indulgence of, or by agreement with, the veteran's immediate or remote grantee contrary to §§ 36.4000–36.4051, and without the consent of the Administrator the creditor so alters the contract made by the veteran with the lender as to cause discharge of the veteran by operation of law.

§ 36.4010 *Obligation of guarantor.* To the extent prescribed the obligation of the United States is that of a guarantor, not an indemnitor.

§ 36.4011 *Contract provisions.* Subject to the provisions of the act and §§ 36.4000–36.4051, the contract between the lender and borrower, may contain such provisions as they may agree upon and which are reasonable and customary in the locality where the property is situated:

§ 36.4012 *Repayment provisions.* (a) If the loan be an amortized loan the lender and borrower may contract for such periodical payments at monthly or other intervals but not less frequently than annually.

(b) If the mortgagor consents the mortgage may provide that each monthly or other periodical payment shall include in addition to the proper amount to be credited to principal and interest a proportionate part of the estimated amounts required annually for all taxes, ground rents if any, special assessments if any, and fire and other hazard insurance premiums. Such provisions may direct the method of crediting the additional amounts included in the periodical payments for the purposes stated in this paragraph.

(c) The method may be by crediting the note with the amounts so received and debiting same with disbursements by the creditor for such purposes; or by crediting and debiting a separate "trust account", or otherwise as the debtor and creditor agree. Unless otherwise provided by the parties, all periodical payments made by the debtor on the obligation shall be applied to the following items in the order set forth:

(1) Taxes, special assessments, fire and other hazard insurance premiums, and ground rents (allocated among such items as the creditor elects);

(2) Interest on the mortgage debt; and

(3) Principal of the mortgage debt.

§ 36.4013 *Prepayments.* (a) When the debt is to be amortized the note or other evidence thereof, or the mortgage securing same, shall contain appropriate provisions granting any person liable for such debt, the right to pay at any time the entire unpaid balance or any part thereof. Unless otherwise agreed all such prepayments shall be credited to the unpaid principal balance of the loan as of the due date of the next installment. No premiums shall be charged for any partial or entire prepayment.

(b) Any person liable shall be entitled to prepay a term loan, or any part thereof, upon not less than one month's notice. The note or mortgage shall so provide.

(c) Any prepayment shall be applied in the manner and to the items directed by the person making the prepayment.

§ 36.4014 *Pro rata decrease of guaranty.* The amount of the guaranty shall decrease pro rata with any decrease in the amount of the unpaid principal of the loan, prior to the date the claim is submitted.

§ 36.4015 *Insurance coverage required.* (a) Buildings the value of which enter into the appraisal forming the basis for the loan guaranteed shall be insured

against fire, and other hazards against which it is customary in the community to insure and in amount at least equal to the amount by which the loan exceeds the value of the encumbered land plus that of the improvements included in the appraisal but which are not subject to the hazards insured against: *Provided*, That upon a satisfactory showing at the time of application for guaranty that (1) it is impossible or impracticable to obtain such insurance because of location, prohibitive cost, or other good reason; (2) prudent lenders in such community customarily do not require such insurance, or some portion thereof, (amount or hazard) and (3) the lender submitting the application is willing to make the loan without insurance coverage on one or more of the buildings, or without certain coverage, or in a reduced amount, and subject to the provisions of paragraphs (b) and (c) of this section; the Administrator may at the time of approving the application waive all or part of such insurance requirements, subject to the provisions of said paragraphs (b) and (c) of this section. No waiver will be granted on the basis of premium cost in any case wherein the premium cost on an annual basis does not exceed $5.00 per $1000 of insurance against the hazard of fire, or $10.00 per $1000 for fire and all other hazards covered by the insurance. The procuring of insurance of the amount and coverage stated in the approved application shall constitute conclusive evidence of waiver by the Administrator of insurance in excess of the amount stated in or in connection with the application and also all hazards not mentioned therein as hazards to be covered.

The creditor shall require that there be maintained in force such insurance of the coverage stated in the approved application in an amount not less than the amount stated or the amount of the unpaid indebtedness whichever is the lesser.

In the event insurance becomes unavailable the fact shall be reported to the Administrator for determination whether waiver shall be granted or loan declared in default.

(b) For the sole purpose of determining the amount payable upon a claim under the guaranty after an uninsured loss (partial or total) has been sustained, the unpaid balance of the loan (except as provided in paragraph (c) of this section) will be deemed to have been reduced by an amount equal to the amount of the uninsured loss, but in no event below an amount equal to the value of the land and other property remaining and subject to the mortgage.

(c) There shall be no reduction of the amount of the guaranty as provided in paragraph (b) of this section by reason of an uninsured loss which is uninsured (as to hazard or amount) by reason of a waiver by the Administrator as provided in paragraph (a) of this section.

(d) All insurance effected on the mortgaged property shall contain appropriate provisions for payment to the creditor, (or trustee, or other appropriate person for the benefit of the creditor), of any loss payable thereunder. If by reason of the creditor's failure to require such loss payable provision in the insurance policy payment is not made to the mortgagee the liability on the guaranty nevertheless shall be reduced as provided in paragraph (b) of this section with respect to an uninsured loss, except to the extent that the liability under the policy was discharged by restoring the damaged property, by the insurer, or out of payments thereunder to the insured, or otherwise. No waiver pursuant to paragraph (a) of this section shall modify this paragraph.

(e) Upon the creditor (or trustee or other person) collecting the proceeds of any insurance contract, or other sum from any source by reason of loss of or damage to the mortgaged property, he shall be obligated to account for same, by applying it on the indebtedness, or by restoring the property to the extent the expenditure of such proceeds will permit. As to any portion of such proceeds the mortgagee is not entitled to retain for credit on such indebtedness or by reason of other legal right, he shall hold and be obligated to pay over the same as trustee for the United States and for the debtor, as their respective interest may appear.

(f) Nothing in §§ 36.4000–36.4051 shall operate to prevent the veteran from procuring acceptable insurance through any authorized insurance agent or broker he selects. In all cases the insurance carrier shall be one licensed to do such business in the State wherein the property is situated.

§ 36.4016 *Loan charges.* (a) In the case of a purchase of real or personal property by the veteran and a guaranty pursuant to the act and §§ 36.4000–36.4051 of an indebtedness representing part of the purchase price, there may be charged to the veteran and included in said note amounts actually paid or incurred by the seller (mortgagee) for such expenses and charges as are chargeable to such purchaser in accord with local custom, if the purchaser so agrees, such as fees for appraisals, credit and character report on the veteran, surveys, fees of purchaser's (not seller) attorney, recording fees for recording the deed and the mortgage only, premiums on fire and other hazard insurance that may be required in accordance with §§ 36.4000–36.4051.

(b) In the case of a loan to the veteran, charges in accord with local custom, such as fees for appraisals, credit and character report, surveys, abstract, or the search, curative work and instruments, attorney fees, fees for tax certificates showing all taxes paid, premiums on fire and other hazard insurance that may be required in accordance with these regulations, revenue stamps, recording fees, etc., all limited to amounts actually paid or incurred by the lender, may be charged to the borrower and withheld from the gross amount of the loan.

(c) Any unreasonable charges shall be ground for denying an application for guaranty. No brokerage or other charges shall be made against the veteran for obtaining any loan guaranty under this title.

§ 36.4017 *Interest.* (a) The rate of interest chargeable on a loan guaranteed fully or in part, shall not exceed 4 per centum per annum on unpaid principal balances. Interest may be computed in accordance with standard amortization practices.

(b) The rate of interest on a secondary loan which is guaranteed pursuant to section 505 of the act may exceed by not more than 1% per annum the rate charged on the principal loan, but in no event shall the rate on the secondary loan exceed 4% per annum.

§ 36.4018 *Advances.* (a) Nothing herein shall prevent the creditor from making advances for the benefit of the mortgagor to pay taxes, assessments, and insurance premiums as they become due, and the cost of the emergency repairs needed to protect the property. The amount guaranteed by the Administrator shall be increased pro rata with all such increases in the unpaid principal balance of the loan: *Provided:* (1) That the annual interest rate on all advances shall not exceed 4 per centum per annum; (2) that the terms of repayment shall not extend the date of the amortization of the loan and (3) that the amount of the guaranty shall in no event exceed the original amount thereof, nor exceed the percentage of the indebtedness originally guaranteed.

(b) In the case of any advance made by a creditor to a debtor, the creditor with the consent of the debtor, may apply any and all payments made by the debtor for a period of twelve months to the liquidation of the advance without considering the original loan in default. This shall not be construed to extend the period of indulgence contemplated by §§ 36.4034 and 36.4035.

§ 36.4019 *Construction loans.* Under certain circumstances loans relating to new construction may be guaranteed pursuant to the Act. (See § 36.4032)

Guaranty by the Administrator

§ 36.4020 *Limits.* In no event will the aggregate obligations of the United States as guarantor under Title III exceed $2,000 in respect to one veteran, whether there be one or several loans, and whether some are obtained for the acquisition of a home, others for a farm, and others for business, or equipment, or other purposes. Repayment of a loan or loans in whole or in part, or transfer of the encumbered property does not modify or enlarge such limitation. The guaranty shall not at any time exceed 50 per centum of the aggregate of the indebtedness for any of the purposes specified in sections 501, 502 and 503 of the act.

§ 36.4021 *Second loan under section 505 (a).* Section 505 (a) of the act provides that when the principal loan for any of the purposes stated in sections 501, 502 or 503 is "approved by a Federal agency to be made or guaranteed or insured by it pursuant to applicable law and regulations, and the veteran is in need of a second loan to cover the remainder of the purchase price or cost, or a part thereof," the Administrator may guarantee the full amount of the second loan, *Provided:*

(a) It does not exceed 20 per centum of the purchase price or cost.

(b) The amount guaranteed together with all other guarantees under Title III for the same veteran does not exceed $2,000.

(c) The loan conforms to all other applicable requirements of §§ 36.4000–36.4051.

§ 36.4022 *Two or more eligible veterans or borrowers.* (a) In the absence of a statement to the contrary, an application signed by two or more eligible veterans shall be conclusively presumed to be an application by each for the guaranty of an equal proportionate part of the entire amount to be guaranteed: *Provided, however,* That if husband and wife execute the application, both being eligible veterans, it will be conclusively presumed in the absence of a contrary statement in the application that it is an application for guaranty on behalf of the husband only. Unless the amount of guaranty then available to the husband is insufficient to meet the requirements of the case for guaranty of a proper amount under §§ 36.4000–36.4051 and the terms of the application; in which event the deficiency may be charged against the amount available to the wife, unless she has in the application or otherwise (before approval) stated in writing her unwillingness to be so charged.

(b) The Administrator will not require a wife to sign an application made by her husband. If she also is an eligible veteran and desires to exercise her right as such to obtain a guaranty, a separate application by her will be required. Signature of her husband to indicate his pro forma joinder will be required only when the wife is resident of, or the application is signed in, or the property to be encumbered is situated in, a State under the laws of which such contract cannot be legally executed by a married woman alone as in the case of an unmarried woman.

§ 36.4023 *Maximum liability where there are two or more veterans.* (a) For the purpose of determining the maximum amount of the potential liability of the United States under a guaranty incident to an obligation on which two or more eligible veterans who applied for the guaranty are liable, the obligation will be deemed a several, and not a joint, obligation of the respective applicants who were charged with the guaranty or a part thereof notwithstanding that as among the debtors or any of them, and as between them, or any of them, and the creditor, the obligation is in fact and law a joint obligation or a joint and several obligation.

(b) In no event will the amount of any veteran's debt thereunder be deemed to exceed for guaranty purposes the amount for which such veteran is legally liable to the holder of the obligation, nor the value of the interest of the veteran in the property. If more than one of the obligors is an eligible veteran and application by him or them is granted, the maximum aggregate amount of the guaranty will be the sum of the amounts available to each applying veteran but in no event will the aggregate of the guarantees for more than one veteran exceed 50 per centum of the total loan except as provided under section 505 of the Act.

(c) For the purpose of this § 36.4023 the wife of a principal obligor shall not be counted unless (1) she is legally liable on the obligation under the law of jurisdiction where she executed it, and (2) if she is a veteran she be properly chargeable with a part or all of the guaranty as provided in § 36.4022.

§ 36.4024 *Veteran's application.* (a) To apply for a guaranteed loan the veteran and the prospective lender shall complete and sign in duplicate Finance Form 1802, Application for a Home Loan Guaranty. The lender shall inquire of the nearest office of the Veterans' Administration whether the proposed borrower is eligible and the amount of his available guaranty. This information will be supplied on Finance Form 1800, Certification of Eligibility. The Administrator will also supply the name and address of an approved appraiser to be used in the course of processing the application.

(b) Before forwarding the executed application the prospective lender shall procure a credit report on the borrower and an appraisal of the property by the appraiser designated. The appraiser's report shall include photographs necessary to reflect generally existing conditions, and in any event those specified in the application, or appraisal forms prescribed. They may be snapshots. (See instructions for appraisers.)

(c) If the proposed loan is for alteration or improvement purposes the appraisal report shall reflect an examination of the building contract, the plans and specifications, and include appropriate data sufficient to afford a basis for estimating the increased value of the property to result from completion of such improvements.

(d) In every case the appraiser's report shall indicate the basis, by survey or otherwise, of identifying the property appraised as that to be encumbered to secure the proposed loan.

(e) If (1) the loan does not exceed $500, (2) the lender does not require a mortgage, and (3) the loan otherwise complies with §§ 36.4000–36.4051, the provisions of paragraphs (b), (c), and (d) of this section; paragraphs (d), (e), and (h) of § 36.4025; paragraphs (a), (c), and (d) of § 36.4030; subparagraphs (2) and (3) of paragraph (a) of § 36.4031; and paragraphs (c) and (e) of § 36.4032 shall be inapplicable to such loan and any guaranty thereof.

§ 36.4025 *Papers required.* The prospective lender shall submit to the agency the following papers:

(a) Certification of eligibility.

(b) Loan guaranty certificate.

(c) Original application for guaranty signed by prospective lender and borrower.

(d) The credit report.

(e) The appraisal report.

(f) Copy of the "conditional sales agreement" if the loan is to be predicated on such an instrument.

(g) Proposed loan closing statement of the estimated amounts to be disbursed by the lender for the account of the borrower.

(h) Unless stated in the mortgage, or otherwise in the papers submitted, a statement of the kinds and amounts of insurance to be required to protect the mortgagor, the lender and the Administrator against loss by fire and other hazards, and the estimated premium cost thereof. (See § 36.4015)

(i) When applicable, the original and copy (both signed) of Form No. 1862, Application to Amend Loan Guaranty Certificate, (see § 36.4031 (c) and (d)).

§ 36.4026 *Recommendation for approval of guaranty.* The Agency shall review the papers to determine whether it will recommend approval of the application for guaranty. Thereupon the Agency shall forward all the papers to the appropriate office of the Administrator with recommendation that (a) the Administrator approve the application, or (b) he disapprove it. If disapproval is recommended the reasons therefor shall be stated in writing at the time the papers are forwarded. A recommendation that the application be approved, shall be appropriately endorsed on the original of the application.

§ 36.4027 *Administrator's action on application.* (a) Upon receipt of the papers from the Agency, the Administrator will determine whether to approve the application. If disapproved he shall return to the proposed lender all papers except the original application for guaranty and shall state that the application for guaranty has been denied and the reasons therefor. He shall send a copy of the letter to the veteran and the Agency. Upon denial any expenses incurred by the lender or the borrower shall be borne by them or either of them as they shall have agreed.

(b) (1) The veteran and the proposed lender, or either, may appeal to the Administrator for review of a denial of the application.

(2) Such appeal may be by letter, or on any prescribed form, and mailed or delivered to central office of the Veterans' Administration within one month after receipt of notice of denial.

(c) (1) If for any reason the loan transaction is not concluded and the same or another lender thereafter wishes to consider making a loan on the same security described in the original application, a supplemental application, if the same lender, or a new application if a different lender, may be submitted. If accompanying it is a statement by the borrower and lender that the condition of the security is substantially the same as when the appraisal report was made, the supplemental or new application may be approved without a new appraisal, if the supplemental or new application shall have been received by the Administrator within three months from the date of the appraisal report.

(2) Without reference to the time limit stated in subparagraph (1) of this paragraph, a copy of the appraisal report will be supplied without cost to a prospective new lender or to the original proposed lender at the currently prescribed price for a copy.

§ 36.4028 *Execution and form of guaranty.* (a) If the Administrator approves the application he shall notify the Agency and the veteran thereof. For the purpose of evidencing the contract of guaranty, he shall execute a loan guaranty certificate, to become effective upon the conditions therein stated. It shall be in substantially the form following:

NOTE: Forms printed in the FEDERAL REGISTER are for information only and do not follow the exact format prescribed by the issuing agency.

UNITED STATES OF AMERICA

LOAN GUARANTY CERTIFICATE

Issued by Veterans' Administration

State _____
(Where property is located)

Number L. H. _____
(To be filled in by Veterans' Administration)

_____
Lender
(Exactly as appears as payee of note)

_____
(Address)

_____
Borrower (Veteran)
(Exactly as to be signed on note and mortgage)

_____
(Address)

I

A. This certificate shall become effective when the requirements of the statute and regulations have been complied with and the acts certified in Part III hereof have been accomplished in compliance with said requirements.

B. When it becomes effective as hereinabove prescribed, this certificate shall obligate the United States of America to pay to the legal holder of the "note" described on the reverse hereof upon his duly filing claim therefor:—

1. All or such portion of the maximum amount hereby guaranteed as becomes payable upon the conditions, at the times stated in, and in accordance with the provisions of, the Servicemen's Readjustment Act of 1944, (38 U. S. Code 693; 58 Stat. 284), and the regulations issued pursuant thereto which are in effect on the date of this Certificate. In no event will the obligation under this Certificate exceed $2,000. Subject to the foregoing this guaranty on this date is for $_____, being ____ per centum of the face amount of said note, and in no event will it exceed said sum or percentage.

2. At the expiration of one year from the date of the "note", an amount equal to the interest for one year at the contract rate on that portion of the indebtedness ("note") originally guaranteed hereby, such payment to be credited on the indebtedness as prescribed by said regulations.

C. Executed on behalf of the United States of America by the Administrator of Veterans' Affairs, through the undersigned authorized agent on this date, to become effective in the manner hereinabove prescribed.

CERTIFICATION BY BORROWER AND LENDER

A. We hereby warrant that (1) the undersigned borrower named on the reverse hereof executed the note, the principal sum of which is $_____; (2) it is dated the _____ day of _____ 19____; (3) borrower(s) and mortgagor(s) delivered it together with the "mortgage" (as defined in the regulations) bearing the same date, and executed to secure payment of said note; (4) said note and mortgage are those approved by the Administrator of Veterans' Affairs upon application of the undersigned pursuant to which this loan guaranty certificate was issued; and (5) the amount stated above has been paid to, or according to the directions of, the undersigned borrower(s).

B. The undersigned lender warrants that (1) the same "mortgage", duly executed and acknowledged; was properly filed for record on the _____ day of _____ 19____; at _____ -- M.; and was given file No. _____ by the Recorder; (2) that it covers the property described on the reverse hereof, which is the same property described, or otherwise identified, or referred to, in the above-mentioned application for guaranty, and in this loan guaranty certificate; and (3) that no lien superior to said "mortgage" has intervened since the date of said application.

(Sign in ink on these lines)

If the note is unsecured but is eligible for guaranty under the regulations, references to "mortgage" in paragraphs "A" and "B" above are inapplicable. (See § 36.4008 (a).)

(b) The word principal as used in the Loan Guaranty Certificate and the certification on the reverse thereof means the amount of money actually disbursed to or for the account of the borrower.

(c) The certification by borrower and lender in paragraph III B (3) of the Loan Guaranty Certificate as printed in § 36.4028 shall be deemed to be correct, nothwithstanding that the guaranteed loan is secured by a second lien, if, but only if, such is permissible under the regulations and the facts of the case, and if the application for guaranty indicates that the loan is to be secured by a second lien.

§ 36.4029 *Disposition of papers.* The original application for guaranty will be retained in the files of the Veterans' Administration. The loan guaranty certificate and all other papers will be forwarded to the proposed lender with instructions as to closing the loan in a manner to make the guaranty effective.

§ 36.4030 *Loan procedure after approval of guaranty.* Upon receipt of the papers from the Administrator, the lender shall:

(a) Satisfy himself by title certificate, as defined in these regulations, as to the title to the property to be encumbered, *Provided,* That in the case of applications pursuant to section 501 (b) of the act an affidavit by the veteran may be accepted in lieu of such certificate if the amount of the loan does not exceed $500.

(b) Cause all necessary instruments to be properly signed and those to be recorded properly witnessed, acknowledged or proved so as to entitle them to recordation.

(c) Disburse all funds in substantial accord with the proposed loan closing statement submitted with the application. (See § 36.4025 (g))

(d) File with the proper public official for record the mortgage and any other appropriate instrument which under the law of the State is required or permitted to be recorded.

§ 36.4031 *Guaranty when effective.* (a) Within two months after closing the loan and filing the proper instrument for record, the lender shall complete and forward to the Administrator (using prescribed form, if available) a properly signed report of closing the loan stating that:

(1) The disbursement of the amount named in such report as the principal of the loan has been completed by the lender, which amount may be not more than 3% in excess of the amount of the proposed loan as stated in the original application for guaranty, without complying with the procedure stated in paragraphs (c) and (d) of this section.

(2) Such disbursements were as estimated on the loan closing statement submitted with the application, except as otherwise stated on the reverse side of the report of closing loan. (See §§ 36.4016 (a) and 36.4025 (g))

(3) The note and the mortgage (or other security instrument) were properly executed stating the date, and the latter "was duly acknowledged, witnessed, or proved, to that it was legally eligible for recording; the date and hour and county in which it was properly filed for record; and the filing number thereof."

(4) The note was dated (stating the date thereon), and signed by the "debtor", and the rate of interest provided therein.

(5) The loan guaranty certificate (stating its L-number) was completed, and appropriately signed by the lender and the borrower as therein provided.

(b) If lender is a corporation its corporate seal shall be impressed on such report.

(c) If the transaction to be closed is essentially the same as indicated in the original application except that:

(1) The amount of the loan actually to be made is more than 103% of the amount stated in the application, or

(2) Personal property to be acquired differs from that described but is for the same use or purpose and substantially similar in kind, quality and value, Form 1862, Application to Amend Loan Guaranty Certificate, will be completed and signed in duplicate.

(d) The lender will forward the original and copy of Form 1862, Application to Amend Loan Guaranty Certificate, to the "Agency", which will recommend approval or disapproval and forward both to the Veterans' Administration office which issued the Loan Guaranty Certificate. Such office will determine whether to approve the Application to Amend Loan Guaranty Certificate. Such determination will be based on the original application, the evidence submitted in or with the original application, the application to amend, the recommendation of the Agency, and such other evidence, if any, as it considers necessary. Notice of action will be given as in the case of original applications. If approved such approval will be appropriately indicated on the original, and such original, duly executed by the Veterans' Administration will be forwarded to the lender. It may be attached to the original Loan Guaranty Certificate to evidence amendment thereof as reflected by such "rider".

§ 36.4032 *Construction loans.* (a) Upon the submission to an agency of an application made pursuant to section 501 (a) or 505 (a) of the act for the guaranty of a loan for the construction of a dwelling on unimproved property owned by the veteran, or under section 501 (b) for construction involving alterations or improvements, the guaranty will be issued to become effective only upon completion of the construction project, and upon fulfillment of the same requirements of this part as are applicable to the guaranty of loans for the acquisition of homes other than by construction.

(b) Notwithstanding the provisions of paragraph (a) hereof, the guaranty mentioned therein may become effective without the entire amount of the loan having been disbursed if:

(1) Complete disbursement is prevented, in the exercise of ordinary care, by reason of the filing of mechanic liens or other liens, or other controversy or threat of litigation, as to entitlement to any part of the proceeds of such loan; and

(2) There is paid to an Escrow Agent approved by the Administrator so much of such proceeds as have not been disbursed, or other arrangements satisfactory to the Administrator have been made for assuring the availability of such sums; and

(3) There is issued by the Administrator Form 1863, Approval of Escrow Certificate, which may be attached to the loan guaranty certificate.

(c) For construction loans the lender will follow the procedure provided in §§ 36.4024–36.4031 for the guaranty of loans for the purchase of residential property and in addition will furnish to the Agency:

(1) Complete plans and specifications for the proposed construction.

(2) An estimate, prepared by a qualified appraiser, of the fair market value of the property on which the improvements will be situated together with a separate estimate of the increased value of the property which will result from the improvements according to the plans and specifications. Such estimates of value are in addition to the appraiser's report of the "reasonable normal value".

(3) A copy of the agreement or agreements (which may be unsigned) on which the proceeds of the proposed loan will be disbursed.

(d) Upon the receipt of such papers the Agency will follow the procedure prescribed in § 36.4026 and submit same to the Administrator for action under §§ 36.4027 and 36.4028.

(e) Except where the construction shall have been inspected and approved and completion certified by a Federal Agency making or guaranteeing or insuring the principal loan on such property, as contemplated by section 505 (a) of the act, the Loan Guaranty Certificate shall become effective upon the condition, in addition to those set forth in § 36.4030, that there be supplied to the Administrator a statement by an appraiser on Form 1803 (a), Statement by Appraiser on Completion of New Construction,

(1) He has inspected the construction, repairs, alterations, or improvements.

(2) The same have been constructed and completed in substantial conformity with the contract, the plans and specifications (if any); and any authorized changes therein (if any), permitted by §§ 36.4000–36.4051, or, in those cases embraced in § 36.4024 (c) or § 36.4024 (e) there are no plans and specifications, within good building practices.

(3) The increased value of the property as completed and which will be encumbered is substantially in accord with his estimate.

(f) During the course of construction the Administrator shall be entitled at his expense, to cause such inspection of the construction work at such time or times as he may determine.

(g) Upon compliance with the requirements of this section and of §§ 36.4030 and 36.4031 relating to the guaranty becoming effective in other than construction loan cases, said Loan Guaranty Certificate shall become effective as originally executed (and subject to § 36.4031), or as amended pursuant to approval of application therefor on Form 1862, Application to Amend Loan Guaranty Certificate. (See § 36.4031 (c) and (d).)

(h) The borrower and lender may contract for the payment to the lender of a reasonable sum for the advance of funds during the construction and the supervision or inspection of the construction.

(i) Minor changes may be made in the plans and specifications or substitution of material of substantially equal quality or value, as the creditor, the debtor, and the builder (contractor) may agree if same are not of a major character and in the aggregate do not increase or decrease the cost more than five per centum of the contract price. This does not modify the provisions of § 36.4031. Changes or substitutions other than as herein stated must have the approval of the Administrator.

§ 36.4033 *Losses which are not guaranteed.* The guaranty shall not cover any loss sustained by the creditor as the result of:

(a) The acceptance by the mortgagee of a mortgage on any property, title to which is not merchantable;

(b) Failure of the mortgagee to procure a duly recorded lien of the dignity required by §§ 36.4000–36.4051;

(c) Failure of the mortgagee to comply with § 36.4015 with respect to insurance, or

(d) A tax sale pursuant to execution, or otherwise as provided by law, occasioned by nonpayment of taxes accruing against the mortgaged property after the date of the mortgage if mortgagee fails to give notice to the Administrator of the delinquent taxes at least one month before such sale.

(e) A release by the creditor of the lien on any of the real or personal property securing the guaranteed loan, or any part thereof, unless the Administrator consents in writing. Such consent may be granted if the debt is appropriately reduced or on such other terms as the Administrator may determine: *Provided, however*, That if the land is sought by a public authority for highway or other purposes, consent is hereby given for the creditor to release without consideration or for such consideration as he deems proper and without reference to the Administrator, the creditor's lien on land without any buildings thereon if the land so released does not exceed five percent of the acreage encumbered and does not exceed $200 in value. The same consent is hereby given when the release, easement grant, or other instrument is sought by a public or private agency, or person, for the purpose of pipe line, telephone, telegraph or electric transmission lines: *Provided, however*, That when such releases, or grants by the lender for any one or more of the purposes stated in this paragraph, or otherwise, with or without specific consent by the Administrator, shall have decreased the security as much as five percent in acreage, or $200 in value, no further releases shall be executed, without consent of the Administrator. If release of lien is executed contrary to the provisions of §§ 36.4000–36.4051 the amount of the guaranty will be reduced proportionately in the same manner as if the value of the released property were applied as a credit on the unpaid balance of the loan. The provisions of this paragraph will not be construed to affect the guaranty in the event of any grant of title or easement that leaves unaffected the lien on the property affected thereby; or

(f) Sale by reason of foreclosure of a superior lien if the holder of the guaranteed loan secured by a subordinate lien has knowledge of such foreclosure sale as much as 10 days prior thereto and fails to notify the Administrator of the time and place thereof.

(g) The exercise of a right of reverter for breach of restrictive covenants.

Claims under a guaranty

§ 36.4034 *Default.* (a) In the event of default, not cured, continuing three months on an amortized loan or one month on a term loan the creditor may elect to assert claim under the guaranty, and give notice thereof to the Administrator.

(b) If any default occasioned by failure seasonably to pay to the creditor entitled any amount of principal or interest due him under the contract (not cured) shall have persisted as long as six months the holder of the indebtedness shall give notice thereof to the Administrator notwithstanding the failure results from payments on advances as provided in § 36.4018, or from any indulgences of the debtor as provided in § 36.4041.

(c) (1) The notice shall state the loan guaranty number if available. If not available other identifying data shall be included, such as date and amount of original obligation, location of Veterans' Administration office that issued the guaranty and the property encumbered.

(2) In all cases the notice shall state the name and last known address of the debtor, of the veteran, and of the creditor, and the date and manner of default, and amount past due. If he desires, the creditor may also state his views as to any indulgence that should be extended.

(3) The notice to the Administrator shall be mailed by registered mail or personally delivered in exchange for a written receipt within one month after the expiration of said 6 months' period.

§ 36.4035 *Claim on notice of default.* (a) In the notice of default or separately, then, or later, the creditor may make claim under the guaranty.

(b) Then or thereafter the creditor may also give notice of his intention to foreclose the lien or liens securing the indebtedness.

(c) The Administrator may approve the creditor's request, if any, to postpone action to press his claim against the mortgagor, or the property, such postponement, with the consent of the Administrator, shall not operate to void or diminish the ultimate liability under the guaranty. In no event shall indulgence or postponement of action authorized by §§ 36.4000–36.4051 impair any right of the creditor to thereafter proceed within the applicable statute of limitations period as if there had been no indulgence or postponement.

§ 36.4036 *Legal action.* (a) The creditor shall not begin action in court or give notice of sale under power of sale, or repossess the property, real or personal, or otherwise take steps to terminate the debtor's rights in the property until the expiration of thirty (30) days after delivery to the Administrator of the notice of intention to foreclose, repossess or otherwise to so terminate the debtor's rights. Notwithstanding paragraph (a) of § 36.4034 such notice may be given at any time after a default.

(b) (1) If the circumstances require immediate action to protect the interest of the creditor or the Administrator, the Administrator may waive the requirement for prior notice if notice of the action taken is immediately given.

(2) Without limiting the foregoing, the existence of conditions justifying the appointment of a receiver for the property shall be sufficient excuse for beginning suit without prior notice to the Administrator if within ten days after commencement of the suit or action, plaintiff gives the Administrator notice thereof.

§ 36.4037 *Notice of suit and subsequent sale.* (a) Within ten days after beginning suit or causing notice of sale without suit to be given, the creditor shall notify the Administrator thereof by registered mail or personal delivery in exchange for written receipt. It shall state whether the foreclosure will be by proceeding in court, or under a power of sale; the style and number of the suit, if any, and the name and location of the court in which pending.

(b) The creditor shall give written notice to the Administrator by registered mail (or delivery) of any foreclosure sale, judicial, or under a power of sale; or of any proposed termination of the rights of any vendee or his immediate or remote grantee (assignee) pursuant to any power or option in a sales contract, or in any other instrument affecting the property which constitutes any security for the obligation guaranteed. Such notice shall be given so that it is received at least thirty days before such sale or other proposed action. It shall state the date, hour and place thereof. The Administrator may bid thereat on the same terms as the lender or other bidders, and may exercise any right the debtor could exercise by virtue of the contract, or any statute, or otherwise. This section is applicable whether the suit, or the sale, or termination, occur before or after payment of the guaranty.

§ 36.4038 *Death of veteran.* (a) In the event the creditor has knowledge of the death of the veteran, or of any owner of an interest in the encumbered property, or the death of any other person liable on the indebtedness which is guaranteed in whole or in part, the creditor shall take such steps, if any, as are legally necessary, and reasonably available, in the jurisdiction where the encumbered property is situated, to avoid loss of the lien, or impairment thereof, or of all or part of the proceeds of any sale of the property as a result of, or incident to, such death, or of any probate proceedings thereby occasioned in said jurisdiction.

(b) In addition to protecting the lien rights as required by paragraph (a) of this section, the creditor at his discretion may proceed in probate, or otherwise, as may be permissible and feasible, in any jurisdiction where administration proceedings are pending or properly may be instituted, or other appropriate legal action taken against assets or persons, to assert any rights, by means of any remedies, therein available to a similarly situated creditor or the decedent.

(c) Upon direction of the Administrator and his designation of an accessible attorney for the purpose, and making appropriate provisions for advancing or paying the costs and expenses of the proceeding, the creditor shall proceed as provided in paragraph (b) of this section: *Provided, however*, That in any case the Administrator may, at his option, proceed immediately in respect to protecting the lien, or asserting claim as contemplated by paragraph (b) of this section, or as to both remedies. If the Administrator takes action, it may be in his name or the name of the creditor as the Administrator may elect and as may be appropriate under applicable law. If action is taken by the Administrator he shall seasonably notify the creditor thereof.

(d) Nothing in this section shall impair any right of set-off or other right or remedy of the Administrator.

§ 36.4039 *Death or insolvency of creditor.* (a) Immediately upon the death of the creditor and without the necessity of request or other action by the debtor or the Administrator, all sums then standing as a credit balance in a "trust", or "deposit", or other account to cover taxes, insurance accruals, or other items in connection with the loan secured by the encumbered property, whether stated to be such or otherwise designated, and which have not been accredited on the note shall, nevertheless, be treated as a set-off and shall be deemed to have been credited thereon as of the date of the last debit to such account, so that the unpaid balance of the note as of that date will be reduced by the amount of such credit balance: *Provided, however*, That any unpaid taxes, insurance premiums, ground rents, or advances may be paid by the holder of the indebtedness, at his option, and the amount which otherwise would have been deemed to have been credited on the note reduced accordingly. This section shall be applicable whether the estate of the deceased creditor is solvent or insolvent.

(b) The provisions of paragraph (a) of this section shall also be applicable in the event of:

(1) Insolvency of creditor;

(2) Initiation of any bankruptcy or reorganization, or liquidation proceedings as to the creditor, whether voluntary or involuntary;

(3) Appointment of a general or ancillary receiver for the creditor's property; or, in any case

(4) Upon the written request of the debtor if all secured and due insurance premiums, taxes, and ground rents have been paid, and appropriate provisions made for future accruals.

(c) Upon the occurrence of any of the events enumerated in paragraphs (a) or (b) of this section interest on the note and on the credit balance of the "deposits" mentioned in paragraph (a) shall be set off against each other at the rate payable on the principal of the note, as of the date of last debit to the deposit account. Any excess credit of interest shall be treated as a set-off against the unpaid "advances," if any, and the unpaid balance of the note.

(d) The provisions of paragraphs (a), (b) and (c) of this section shall apply also to corporations. The dissolution thereof by expiration of charter, by forfeiture, or otherwise shall be treated as is the death of an individual as provided in paragraph (a).

§ 36.4040 *Filing claim under guaranty.* Claim under the guaranty may be made

on Form 1864, Claim under the Guaranty. Subject to the limitation that the total amount payable under the guaranty shall in no event exceed the original amount thereof, the amount payable under the guaranty shall be the percentage of the indebtedness originally guaranteed applied to the indebtedness (as defined in § 36.4000 (m)), computed as of the date of the claim, and reduced by any payments theretofore made by the United States pursuant to the guaranty.

§ 36.4041 *Options available to Administrator.* Upon receipt of claim under the guaranty, or notice of intention to foreclose, the Administrator shall have the following options:

(a) Pay to the creditor not later than one month after receipt of notice of any default, as a partial payment of any actual or potential claim under the guaranty, the amount of principal, interest, taxes, advances, or other items in default; and in consideration of such payment the lender shall be deemed to have agreed to refrain from giving effect to any acceleration provisions by reason of defaults prior to the date of notice of default theretofore given: *Provided, however,* That unless the creditor consents, the Administrator may exercise this option once only, and in an amount not exceeding an amount equivalent to the aggregate of principal and interest payable in one year, or not exceeding ten per centum of the original amount of the guaranty, whichever sum is less.

(b) Pay the creditor within one month after receipt of claim the full amount payable under the guaranty without requiring foreclosure, or personal action.

(c) Pay to the creditor promptly after receipt of claim any amount agreed upon, not exceeding the amount due under the guaranty; and notify him to institute appropriate foreclosure proceedings, with, or without, legal action to reduce the debt to judgment, against all or any of the parties liable thereon, and whose names are stated in such notice to the creditor.

(d) If the creditor does not begin appropriate action within two months after receipt of notice to institute action as provided in paragraph (c) above, the Administrator shall be entitled to begin and prosecute the same to completion in the name of the creditor, or of the Administrator on behalf of the United States, as may be appropriate under applicable laws and rules of procedure: *Provided, however,* That in such event the Administrator shall pay (in advance if required under the practice in the jurisdiction) all court costs, and other expenses, and provide the legal services required.

§ 36.4042 *Refinancing and extension of guaranty.* (a) (1) In addition to the options available under §§ 36.4038 or 36.4041, the Administrator, upon receiving (i) notice of intention to foreclose by judicial proceedings or otherwise or to repossess the property, real or personal, or otherwise to terminate the debtor's rights therein, or (ii) a claim for a guaranty, shall be entitled to obtain a refinancing of the indebtedness by delivering notice of intention so to do to the creditor prior to the date upon which otherwise it would be proper for the creditor to proceed. Upon receipt from the Administrator of such notice of intention to obtain a refinancing the creditor's right to proceed shall be suspended for sixty (60) days from the date stated by the Administrator in such notice as the date on which the Administrator received the creditor's notice or claim.

(2) If within the sixty day period prescribed in subparagraph (1) of this paragraph, an offer is received by the creditor to pay, or to purchase the indebtedness at par and interest to date of closing, it shall be the duty of the creditor to forthwith accept such offer, to execute and deliver appropriate instruments without recourse, and to refrain from further proceedings, or repossession, or termination of the debtor's rights.

(3) When (i) a claim for guaranty is filed, or (ii) when a refinancing occurs and an offer is made as contemplated by subparagraphs (1) and (2) of this paragraph, the creditor shall not be entitled to treat payments theretofore made by the debtor, or another, as liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note, or mortgage, or otherwise, to the contrary.

(4) Nothing herein shall be construed to require a creditor to lend money for such refinancing, nor to affect guarantees issued prior to the effective date of this amendment.

(b) If refinanced in any manner the Administrator may continue in effect the guaranty granted with respect to the previous loan in such manner as to cover the loan which effected the refinancing.

(c) The Administrator in appropriate cases shall be entitled to exercise any redemption rights of a debtor, or a creditor, in connection with the loan guaranteed, or property rights arising out of, or incident to, such loan.

§ 36.4043 *Subrogation.* (a) Any amounts paid to the creditor by the Administrator pursuant to the guaranty shall constitute a debt due to the United States by the veteran on whose application the guaranty was made; and by his estate upon his death. The Administrator is subrogated to the contract and the lien rights of the creditor to the extent of such payments, but junior to the creditor's rights as against the debtor or the encumbered property, until the creditor shall have received the full amount payable under his contract with the debtor. No partial or complete release by the creditor of the debtor or of the lien shall impair any rights of the Administrator, by virtue of the lien or otherwise.

(b) The creditor, upon request, shall execute, acknowledge and deliver an appropriate instrument tendered him for that purpose, evidencing any payment received from the Administrator and the Administrator's resulting right of subrogation.

(c) The Administrator shall cause the instrument required by paragraph (b) of this section to be filed for record in the office of the recorder of deeds, or other appropriate office of the proper county, town, or state, in accordance with the applicable State law. The filing or failure to file such instrument for record shall have the legal results prescribed by the applicable law of the state where the real or personal property is situated, with respect to filing or failure to so file mortgages and other lien instruments and assignments thereof.

The references herein to "filing for record" include "registration" or any similar transaction, by whatever name designated when title to the encumbered property has been "registered" pursuant to a Torrens or other similar title registration system provided by law.

§ 36.4044 *Future action against mortgagor.* In addition to the amount, if any, collected from the proceeds of the encumbered property by reason of the right of subrogation, the United States will collect from the veteran, or his estate, by set-off against any amounts otherwise payable to the veteran or his estate; or in any other lawful manner, any sums disbursed by the United States on account of the claim pursuant to the guaranty.

§ 36.4045 *Suit by Administrator.* (a) Whenever pursuant to §§ 36.4000–36.4051, the Administrator institutes, or causes to be instituted by the creditor, or otherwise, any suit in equity; action at law; or probate proceedings or the filing of a claim in such; or other legal or equitable proceedings of any character, or any sale, in court or pursuant to any power of sale, the person or persons properly instituting the same (including the Administrator), shall be entitled to recoup from any proceeds realized therefrom any expenses reasonably incurred, including trustee fees, court costs, and attorney fee paid (or the reasonable value of the services of the trustee and of the attorney, if performed by salaried person or persons, or by the party himself, when proper).

(b) The net proceeds, after setting off such items that may properly be recouped, shall be credited to the indebtedness, or otherwise as may be proper under the facts.

(c) In determining the propriety of recoupment and the amount thereof consideration shall be given to any provisions in the note or mortgage relating to such items, and any amounts actually realized pursuant thereto.

§ 36.4046 *Creditor's records and reports required.* (a) The creditor shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto, and the dates thereof. Any creditor who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim for default, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such creditor; not on the debtor, or the United States.

(b) On any delinquent loan the creditor shall report annually on the anniversary of the earliest unremedied default any amount received or disbursed, the unpaid balance of principal and accrued interest and any other items chargeable; and the nature of any defaults not already reported. He shall include such additional information, if reasonably necessary and obtainable, which may, from time to time be requested by the Administrator.

(c) A proposed lender may be required to submit evidence satisfactory to the Administrator of his equipment for maintenance of adequate records on, and his ability to service, loans if guaranteed pursuant to the provisions of the act and §§ 36.4000–36.4051.

§ 36.4047 *Failure to supply information.* Failure to supply any available information required by §§ 36.4000–36.4051 within two months after request therefor will entitle the Administrator to obtain such information otherwise, and the expense of so obtaining it, plus ten dollars to cover estimated overhead expenses, shall be chargeable to the creditor who failed to comply with such request.

§ 36.4048 *Notice to Administrator.* Any notice required by §§ 36.4000–36.4051 to be given the Administrator shall be sufficient if in writing, and delivered at, or mailed to, the Veterans' Administration office at which the application for guaranty was approved or to any changed address of which the creditor has been given notice or, at the option of the creditor, to the central office of the Veterans' Administration, Washington 25, D. C. If mailed the notice shall be by registered mail when so provided by §§ 36.4000–36.4051.

§ 36.4049 *Right to inspect books.* The Administrator has the right to inspect, at a reasonable time and place the papers and records pertaining to the loan and guaranty. If permission to inspect is declined the Administrator may enforce the right by subpoena under the provisions of Title III, Public No. 844, 74th Congress, 49 Stat. 2031–35, 38 U. S. C. 131, or in any other lawful manner.

§ 36.4050 *Forms, construction to be placed on reference to.* All references in the regulations to Form 1800, Certification of Eligibility, or to other form numbers shall be construed to include any revision of the same forms, identified by the same, or by different numbers.

§ 36.4051 *Disqualified lenders and bidders.* Except under unusual circumstances and upon prior approval by the Administrator an application for guaranty of a loan will not be approved if the lender is known to be an employee of the Veterans' Administration or of the Agency; and without such approval, an employee of either may not bid at a foreclosure sale of the security for a guaranteed loan.

GUARANTY OF LOANS ON FARMS AND FARM EQUIPMENT

AUTHORITY: §§ 36.4100 to 36.4151 issued under 58 Stat. 284; 38 U. S. C. 693.

§ 36.4100 *Definitions.* Wherever used in §§ 36.4100–36.4151, unless the context otherwise requires, the terms defined in this section shall have the meaning herein stated, namely:

(a) "Administrator" means the Administrator of Veterans' Affairs or any employee of the Veterans' Administration designated by him to act in his stead.

(b) "United States" used geographically means the several States, Territories and possessions, and the District of Columbia.

(c) "State" means any of the several States, Territories and possessions, and the District of Columbia.

(d) "Designated agency" or "agency" as used in respect to processing applications for guaranty of loans, means any Federal instrumentality designated by the Administrator (including Veterans' Administration if so designated) to certify whether an application meets the requirements of the act and regulations, and recommend whether the application should be approved if the applicant is found eligible.

(e) "Federal agency" as used with respect to agencies making, guaranteeing, or insuring primary loans, means any Executive Department, or administrative agency or unit of the United States Government (including a corporation essentially a part of the Executive Branch) at any time authorized by law to make, guarantee or insure such loans.

(f) "Guaranty" means the obligation of the United States of America assumed by virtue of the guaranty by the Administrator as provided in Title III of the Servicemen's Readjustment Act of 1944 (58 Stat. 284; 38 U. S. C. 693), and subject to the limitations and conditions thereof and of §§ 36.4100–36.4151. The subject of the guaranty is that portion of an eligible loan procured by an eligible veteran which may be subject to being guaranteed as provided in said Title III, as determined by the Administrator upon application in accordance with these regulations.

(g) "Mortgage" means an applicable type of security instrument commonly used or legally available to secure loans or the unpaid portion of the purchase price of real or personal property in a State, District, Territory or possession of the United States of America in which the property is situated. It includes, for example, deeds of trust, security deeds, escrow instruments, real estate mortgages, conditional sales agreements, chattel mortgages.

(h) "Secondary" or "junior" loan means a loan which is secured by a lien or liens subordinate to any other lien or liens on the same property.

(i) "Guaranteed loan" means a loan unsecured, or secured by a primary lien, or where permissible under the act and these regulations, a secondary lien, which loan is guaranteed in whole or in part by the Administrator as evidenced by endorsement thereon; or by a Loan Guaranty Certificate issued by the Administrator, and which shall have become effective as prescribed by §§ 36.4100–36.4151; or by such other legal evidence as may be provided by the Administrator.

(j) "Farming operations" are those which involve actual production and marketing of crops, livestock, livestock products, or other agricultural commodities, and which constitute the applicant's major occupation. No acreage limit will be established but size will be a factor in determining practicability.

(k) "Reasonable normal value" is the price the property would ordinarily bring or the transaction would ordinarily cost in a contract between a willing and well informed buyer and a willing and well informed seller, both acting free from necessity and under circumstances not affected by economic or other conditions of an impermanent character.

(l) (1) "Real property" as used in section 502 of the act refers to an interest in realty defined in this section and subject to the conditions therein. It includes buildings and other improvements that are deemed to be real property under the law of the State where situated.

(i) An interest in realty may be a fee simple estate, or certain other estates indicated in subdivisions (i) to (vi), inclusive, of this subparagraph including an estate for years, eligible as security for guaranteed loans. But in any event the estate shall be one limited to end at a date more than 14 years after the ultimate maturity date of the loan, or when the fee simple title shall vest in the lessee; except that, if it is a leasehold that terminates earlier, it shall nevertheless be acceptable if lessee has the irrevocable right to renew for a term ending more than 14 years after the ultimate maturity date of the loan or until the fee simple title shall vest in lessee; provided the mortgagee obtains a mortgage lien of the required dignity upon such option right or anticipated reversion or remainder in fee.

(ii) A life estate or other estate of uncertain duration is excluded, unless the remainder interests are also encumbered by liens of the same dignity to secure the same debt.

(iii) A remainder interest in realty shall be eligible as security for a guaranteed loan only in the event that all the owners of intervening immediate or remainder interests lawfully can and do (*a*) join in the mortgage in such manner as to subject all such intervening estates to the lien; or (*b*) execute and deliver a lease or other proper conveyance to the owner of the ultimate remainder in fee simple in such manner as to assure his legal right to possession and enjoyment until the vesting of his ultimate remainder interest.

(iv) If other than a fee simple estate or estate for years with minimum duration as stated in subdivision (i) of this subparagraph is offered as security, full information may be submitted to the Administrator before taking application from the veteran. The Administrator shall determine the eligibility of any such estate.

(v) The existence of any of the following will not require denial of the guaranty, hence will not require special submission:

(*a*) Outstanding easements for public utilities, party walls, driveways, and similar purposes;

(*b*) Customary building or use restrictions for breach of which there is no reversion and which have not been violated to a material extent;

(c) Slight encroachments by adjoining improvements;

(d) Outstanding water, oil, gas or other mineral rights which do not and will not materially impair the value for farming purposes, and which are customarily waived by prudent lenders in the community: *Provided, however*, That if there is outstanding any legal rights to quarry, mine, or drill within 400 feet of the principal residence or barn on the encumbered farm, the application for guaranty may be denied for that reason, unless upon consideration of all the facts, the Administrator determines otherwise. Such determination at the option of the lender or borrower may be obtained upon a special submission of all the facts prior to taking application for guaranty.

(vi) A mortgage on an undivided interest in realty shall not be acceptable unless all co-tenants of the veteran join in the mortgage and unless such joinder has the legal effect of creating a lien on the property such as is otherwise required. In such cases it shall not be required that the co-tenants join in, endorse, or otherwise become personally liable on the veteran's indebtedness. Notwithstanding such joinder in the mortgage by the co-tenants the value of the security for purpose of guaranty shall be determined with respect to the individual interest of the veteran only, and the guaranty will be limited to the proper proportion of that sum, irrespective of the actual amount of the loan.

(2) "Personal property" means tangible or intangible property other than "real property" as defined in subparagraph (1) of this paragraph if such property is to be used in farming operations conducted by the veteran as prescribed in these regulations. It includes property which by reason of the contract of the seller and purchaser remains personalty notwithstanding that except for such contract it would become a "fixture", or otherwise a part of the realty.

(3) Livestock, equipment, machinery or implements for the purchase price of, or loan upon, which a guaranty under section 502 is applied for shall be those to be used directly in farm operations to be conducted by the veteran on farm land in which he holds any estate mentioned in paragraph (l) (1) (i)–(vi), inclusive, of this section, or any farm land to the use and occupancy of which he is entitled for a sufficient period to make a suitable crop. The latter right shall be evidenced by a lease, or by an appropriate letter from the landlord, evidencing the veteran's right to use of the land.

(m) "Indebtedness" means the unpaid principal and accrued interest on the note, bond or other obligations, the subject of the guaranty, and includes also taxes, insurance premiums and any other items for which the debtor is liable under the terms of the mortgage or other contract, including proper contractual or statutory trustee fees and attorney fees, if any.

(n) "Note" means a promissory note, a bond, or other instrument evidencing the debt and the debtor's promise to pay same.

(o) "Appraiser" means an individual or firm or corporation of recognized standing, approved in writing by the Administrator to appraise property. An applicant for designation as an approved appraiser shall show to the satisfaction of the Administrator that he is of good character and that his experience and information enable him to form sound opinions as to the reasonableness of the purchase price or cost of property to be appraised in the territory in which he expects to operate. He shall also be experienced in determining the earning capacity of farms.

A list of appraisers, considered by the Administrator to be in good standing at the time §§ 36.4100–36.4151 become effective, may be approved.

(p) "Certificate of title" means with respect to real property a written and signed opinion or statement as to title by a qualified member of the bar of, or by a title company authorized to do such business in, the jurisdiction in which the mortgaged property is situated; or at the option of borrower and lender a title insurance or guaranty contract by a corporation authorized to engage in such business in the State wherein the property is situated; or appropriate evidence of title in the proposed encumbrancer pursuant to a Torrens or other similar title registration statute.

(q) "Credit report" means the report submitted by any credit reporting agency of at least five years' experience with facilities for national coverage, approved by the Administrator, or any other form of report acceptable to the Administrator for the purpose of determining the applicant's credit standing. (See §§ 36.4124 and 36.4125 before ordering credit report.)

(r) "Eligible veteran" means a veteran who:

(1) Served in the active military or naval service of the United States on or after September 16, 1940, and before the officially declared termination of World War II;

(2) Shall have been discharged or released from active service under conditions other than dishonorable either (i) after active service of ninety days or more, or (ii) because of injury or disability incurred in service in line of duty, irrespective of length of service; and

(3) Applies for the benefits of this Title within two years after separation from the military or naval forces, or within two years after the officially declared termination of World War II, whichever is later. In no event, however, may an application be filed later than five years after such termination of such war.

(s) "Eligible lenders" are persons, firms, association, corporation and governmental agencies and corporations, either State or Federal. (Section 500 (c).)

(t) "Creditor" means the payee, or any subsequent holder of the indebtedness, and includes a mortgagee.

(u) "Debtor" means the maker of the note, or obligor in any other obligation, or any other person who is, or becomes, liable thereon, by reason of a contract of assumption or otherwise.

(v) "Conducted by a veteran" means personally directed and operated by a veteran on the site, with or without hired labor; not solely operated by a tenant or an employee who does not receive supervision and direction by the veteran.

(w) "Interest" means the compensation fixed by law, or by the parties to a contract, for the use or detention of, or forbearance with respect to money, irrespective of the name applied to such compensation.

§ 36.4101 *Miscellaneous.* Throughout §§ 36.4100–36.4151 unless the context otherwise requires; (a) the singular includes the plural; (b) the masculine includes the feminine and neuter; (c) person includes corporations, partnerships and associations; (d) month means calendar month, i. e., the period beginning on a certain date in one month and ending at midnight the preceding date of the next month; (e) "the act" or "the statute" means the Serviceмen's Readjustment Act of 1944, ch. 268, 78th Congress, 2d Session (Public No. 346), 58 Stat. 284; 38 U. S. C. 693; (f) Title III means Title III of the act.

Loans Eligible for Guaranty

§ 36.4102 *Eligible loans.* (a) The real or personal property encumbered to secure a loan guarantee pursuant to Title III of the act shall be situated within the United States as defined in § 36.4100 (b).

(b) (1) The veteran must possess such actual knowledge of farming and be of such character and industry as to indicate that because of his ability and experience relevant to farming he likely will be able to succeed in the conduct of farming operations. Agricultural courses in schools of recognized standing and other training will be given due weight in evaluating experience.

(2) It must appear that the veteran's financial situation will be such that he likely will be able to carry on the farming enterprise successfully. The amount of "readjustment allowance", if any, payable pursuant to Title V of the act (38 U. S. C. 696, 696d) shall be considered in this connection.

(c) A farming operation must be of sufficient size and productivity to enable an operator of average ability, operating under normal circumstances as to yields and prices, to derive sufficient subsistence and income from it to meet necessary living and operating expenses and debt obligations. The area of the farm unit and its composition (i. e., crop acres, pasture, woodland, etc.) must be carefully related to and reconciled with the type of operations which would be undertaken by a typical operator. Improvement and farm facilities must be appropriate, or feasibly adjustable, to operations to be undertaken.

§ 36.4103 *Agricultural loans.* Section 502 of the act provides for granting to an eligible veteran "the guaranty of a loan to be used in purchasing any land, building, livestock, equipment, machinery, or implements, or in repairing, altering, or improving any buildings or equipment, to be used in farming operations conducted by the applicant" if the Administrator of Veterans' Affairs finds that:

(a) The proceeds of such loan will be used in payment for real or personal property purchased or to be purchased by the veteran, or for repairing, altering or improving any buildings or equipment, to be used in bona fide farming operations conducted by him;

(b) Such property will be useful in and reasonably necessary for efficiently conducting such operation;

(c) The ability and experience of the veteran, and the nature of the proposed farming operations to be conducted by him are such that there is a reasonable likelihood that such operations will be successful; and

(d) The purchase price paid or to be paid by the veteran for such property does not exceed the reasonable normal value thereof as determined by proper appraisal.

§ 36.4104 *Repairs, improvements, taxes, delinquent indebtedness, etc.* (a) "Alterations" in respect to a farm, means any structural changes in or additions to an existing building, or equipment, on or to be used on the farm, including heating and other equipment that become fixtures; or operations of a protective nature, which increase the usefulness of such buildings or equipment.

(b) "Improvements" means construction of new buildings (other than the main residence), new or improved fencing, installation or extension of water supply, or of electricity for domestic or other purposes on the farm, sewers and other waste disposal systems on the farm, silos, barns, and other structures thereon.

(c) "Repairs" means the work and material necessary to restore the building or fixture therein, or the equipment, to a condition that is useful and appropriate to the circumstances, the need therefor having arisen because of wear and tear, accident or other cause.

(d) "Taxes" means general or special taxes assessed against the real property.

(e) "Special assessments" means any charges for improvement purposes assessed against the real property.

(f) "Delinquent indebtedness" means past due amounts of principal or interest (and without giving effect to any acceleration provisions) on an obligation secured in whole or in part by lien or liens on property of an eligible veteran and occupied as his home. (See § 36.4105 (a).) Each application to guarantee a loan purposed to pay delinquent indebtedness in excess of $500 shall be supported by an appraisal of the reasonable normal value of the residential porperty which secures the delinquent loan. The reasonable normal value of any property on account of which a loan for delinquent indebtedness is to be guaranteed may not be exceeded by the aggregate amount outstanding on the obligations which it secures, and in the case of property acquired within six months of the date of the filing of the application, by the cost of such property to the applicant.

(g) "Purchased or to be purchased" as used in section 502 (1) of the act refers to real or personal property to be used for the purpose stated in section 502 of the act, whether the property is purchased contemporaneously with such application, or is to be purchased subsequent thereto. But as to any loan for a future purchase the guaranty will become effective only from the time the purchase is consummated.

§ 36.4105 *Loan for delinquent indebtedness and taxes on farm home.* (a) Under appropriate circumstances a guaranty pursuant to section 501 (b) of the act may be obtained if the loan is "for the purpose of * * * paying delinquent indebtedness, taxes, or special assessments on residential property owned by the veteran and used by him as his home * * *". Section 501 (b) is applicable to a farm if it is the veteran's home. (See § 36.4104 (d), (e), (f).)

(b) Guaranty of a loan for alterations, improvements, or repairs (as each is defined and limited in § 36.4104) for the farm may be granted if otherwise proper, notwithstanding that such loan is not secured by a first lien.

(c) Satisfactory evidence will be required to establish that:

(1) The proceeds of the loan will be used for an appropriate purpose as prescribed in paragraphs (a) and (b) of this section.

(2) The amount of the loan will bear a proper relation to the value and earning power of the property, and the alterations, improvements or repairs of the real or personal property will enhance its value to a reasonable degree.

§ 36.4106 *Prior liens*—(a) *Real property.* The existence of a lien or liens on the real property in respect to which a guaranty of a loan is sought pursuant to section 501 (b) will not necessarily require a denial of the application for guaranty; but full consideration will be given to the amount, rate of interest, and maturity dates of the primary loan in determining whether a suitable relation will exist between the veteran's obligation and probable available income.

(b) *Personal property.* Unless section 501 (b) of the act is applicable, or unless the circumstances are extraordinary; a loan which is to be secured by a lien on personalty shall be secured by a first lien thereon. (See §§ 36.4104 and 36.4105.)

§ 36.4107 *First liens required.* Except as provided in section 505 of the act, loans for the purpose of purchasing a farm with or without a residence thereon, and loans for constructing a residence thereon, and in respect to which any guaranty is sought, shall be secured by a first lien on the property, but the existence of tax or special assessment prior liens will not necessarily disqualify security which is adequate and otherwise acceptable.

§ 36.4108 *Mortgages required.* (a) (1) Each loan guaranteed in whole or in part by the Administrator shall be secured by a "mortgage" except that when the principal amount of a loan to be guaranteed does not exceed $500 and the lender does not require a mortgage, the Administrator may nevertheless guarantee such loan provided it complies otherwise with the act and §§ 36.4100–36.4151. (As to procedure see § 36.4124 (c) and (f).)

(2) If indebtedness of the veteran is not adequately secured by a lien on the entire interest in specific chattels or other personal property, but is secured by undivided interests therein, the requirements of § 36.4100 (l) (1) (vi) relating to undivided interests in realty shall be applicable to the interests in said chattels or other personal property.

(3) The "mortgage" shall include all intangible property rights which are incident to the encumbered property, real or personal.

(4) If the encumbered real or personal property is owned by a partnership all partners shall join in the encumbrance or their authorization to the person or persons executing the encumbrance shall be in writing in due form and properly acknowledged. The Veterans' Administration will not require that a partner other than the veteran become personally liable on the obligation.

(5) Increase derived from live-stock which is held as collateral is not required to be included in the lien, and when so included may be disposed of by agreement between creditor and debtor without advising the Administrator of such disposition.

(b) The law of the "State" where the contract is made determines the capacity of the parties to contract. Similarly the law of the "State" wherein the real-estate or personal property is situated determines the capacity of "mortgagor" to encumber and of the "mortgagee" to hold the legal rights resulting from encumbrance. The act does not modify such law of the "State". The guaranty by the Administrator will be available only in the event that under the applicable "State" law the contract between the borrower and lender is binding on both, and the "mortgage" has the legal effect intended. Paragraph (b) of this section will be applicable particularly in cases involving minors, "persons of unsound mind", and persons under other legal disability by reason of the law of the "State". It will be applicable also in cases involving "mortgage" or other loans which any guardian, conservator, or other fiduciary seeks to make, or obtain; and to a guaranty thereof for which application is submitted.

(c) *Type of loan and mortgage.* (1) Except as otherwise provided in paragraph (a) of this section each loan guaranteed under the provisions of Title III must be evidenced by a "note" or "notes" secured by appropriate security instrument or instruments ("mortgage legally sufficient in the jurisdiction in which the property to be encumbered is situated"), including a pledge or hypothecation when appropriate.

(2) A term loan, which is in accord with applicable State or Federal law, and regulations, if any, may be eligible for guaranty if the amount of the loan to be guaranteed plus the unpaid amount of all obligations secured by liens superior to the lien securing the proposed loan does not exceed two-thirds of the "reasonable normal value" of the property encumbered to secure the loan and if the ultimate maturity date of the "mortgage" indebtedness so secured, and to be guaranteed, is not more than five years from the date of the "note". Such superior liens shall not be "mortgage" liens except when the guaranty is issued pursuant to §§ 36.4105 and 36.4106.

(3) Except as provided in subparagraph (2) of this paragraph the loan shall be amortized. If the obligation to be amortized is secured by realty it may, and except for a period not in excess of the first three years shall, require periodical payments not less frequently than annually. The amounts so payable shall be substantially equal as to principal, or if the parties so agree, as to principal and interest. In any event they shall be such as will result in payment of the entire principal and interest within not more than 20 years from the date of the loan, or the date of assumption by the veteran, whichever is later. At the request of the mortgagor the payments for the first year shall be less than the amounts required in other years by the sum representing the interest charge on the guaranteed part of the loan, and which interest charge the Administrator will pay at the end of the first year. The mortgagor and mortgagee may agree that no payment on principal will be required during a period not extending beyond the first three years. The ultimate maturity, and the dates and amounts of periodical payments, shall be fixed so as to maintain until the ultimate maturity substantially the same ratio between the indebtedness and the value of the real and personal property encumbered to secure same, taking into consideration the fact that the useful life of portions of the real or personal property will have ended prior thereto.

§ 36.4109 *Transfer of title.* The conveyance of, or other transfer of title to the property after the creation of a lien thereon to secure the veteran's debt, which is guaranteed in whole or in part by the Administrator, shall not terminate or otherwise affect the contract of guaranty, unless (a) the "creditor" by express agreement for that purpose releases or otherwise discharges the veteran from personal liability thereon; or (b) by indulgence of, or by agreement with, the veteran's immediate or remote grantee or vendee contrary to §§ 36.4100–36.4151 and without the consent of the Administrator the creditor so alters the contract made by the veteran with the lender as to cause discharge of the veteran by operation of law.

§ 36.4110 *Obligation of guarantor.* To the extent prescribed the obligation of the United States is that of a guarantor, not an indemnitor.

§ 36.4111 *Contract provisions.* Subject to the provisions of the act and §§ 36.4100–36.4151, the contract between the lender and borrower may contain such provisions as they agree upon and which are reasonable and customary in the locality where the property is situated.

§ 36.4112 *Repayment provisions.* (a) If the loan be an amortized loan the lender and borrower may contract for periodical payments at monthly or other intervals, but not less frequently than annually, subject to the provisions of § 36.4108 (c) (3).

(b) If the mortgagor consents the mortgage may provide that such monthly or other periodical payment shall include in addition to the proper amount to be credited to the principal and interest a proportionate part of the estimated amounts required annually for all taxes, rents, special assessments, if any, and fire and other hazard insurance premiums. Such provisions may direct the method of crediting the additional amounts included in the periodical payments for the purposes stated in this paragraph.

(c) The method may be by crediting the note with the amounts so received and debiting same with disbursements by the creditor for such purposes; or by crediting and debiting a separate "trust account", or otherwise as the debtor and creditor agree. Unless otherwise provided by the parties, all periodical payments made by the debtor on the obligation shall be applied to the following items in the order set forth:

(1) Taxes, special assessments, fire and other hazard insurance premiums and rents (allocated among such items as the creditor elects);

(2) Interest on the mortgage debt; and

(3) Principal of the mortgage debt.

§ 36.4113 *Prepayments.* (a) When the debt is to be amortized the note or other evidence thereof, or the mortgage securing same, shall contain appropriate provisions granting any person liable for such debt, the right to pay at any time the entire unpaid balance or any part thereof. Unless otherwise agreed all such prepayments shall be credited to the unpaid principal balance of the loan as of the due date of the next instalment. No premium shall be charged for any partial or entire prepayment.

(b) Any person liable shall be entitled to prepay a term loan, or any part thereof, upon not less than one month's notice. The note or mortgage shall so provide.

(c) Any prepayment shall be applied in the manner and to the items directed by the person making the prepayment.

§ 36.4114 *Pro rata decrease of guaranty.* The amount of the guaranty shall decrease pro rata with any decrease in the amount of the unpaid principal of the loan, prior to the date the claim is submitted.

§ 36.4115 *Insurance coverage required.* (a) Buildings, the value of which enter into appraisal forming the basis for the loan guaranteed, shall be insured against fire, and other hazards against which it is customary in the community to insure, and in reasonable amount at least equal to the amount by which the loan exceeds the value of the encumbered land plus that of the improvements included in the appraisal but which are not subject to the hazards insured against: *Provided*, That upon a satisfactory showing at the time of the application for guaranty that (1) it is impossible or impracticable to obtain such insurance because of location, prohibitive cost, or other good reason; (2) prudent lenders in such community customarily do not require such insurance, or some portion thereof (amount or hazard), and (3) the lender submitting the application is willing to make the loan without insurance coverage on one or more of the buildings, or without certain coverage, or in a reduced amount, and subject to the provisions of paragraphs (b) and (c) of this section; the Administrator may at the time of approving the application waive all or part of such insurance requirements, subject to the provisions of said paragraphs (b) and (c) of this section. No waiver will be granted on the basis of premium cost in any case wherein the premium cost on an annual basis does not exceed $5.00 per $1000 of insurance against the hazard of fire, or $10.00 per $1000 for fire and all other hazards covered by the insurance. For loans on personalty insurance collectible in amount equal to the debt and against the hazards usually insured against, if reasonably available at reasonable cost, shall be required. The insurance coverage on personalty will be a factor in determining the practicability of the loan. The procuring of insurance of the amount and coverage stated in the approved application shall constitute conclusive evidence of waiver by the Administrator of insurance in excess of the amount stated in or in connection with the application and also all hazards and property not mentioned therein as hazards and property to be covered.

The creditor shall require that there be maintained in force such insurance of the coverage stated in the approved application in an amount not less than the amounted stated or the amount of the unpaid indebtedness whichever is the lesser.

In the event insurance becomes unavailable the fact shall be reported to the Administrator for determination whether waiver shall be granted or loan declared in default.

(b) For the sole purpose of determining the amount payable upon a claim under the guaranty after an uninsured loss (partial or total) has been sustained, the unpaid balance of the loan (except as provided in paragraph (c) of this section) will be deemed to have been reduced by an amount equal to the amount of the uninsured loss, but in no event below an amount equal to the value of the land and other property remaining and subject to the mortgage.

(c) There shall be no reduction of the amount of the guaranty as provided in paragraph (b) of this section by reason of an uninsured loss which is uninsured (as to hazard or amount) by reason of a waiver by the Administrator as provided in paragraph (a) of this section.

(d) All insurance effected on the mortgaged property shall contain appropriate provisions for payment to the "creditor," (or trustee, or other appropriate person for the benefit of the "creditor"), of any loss payable thereunder. If by reason of the "creditor's" failure to require such loss payable provision in the insurance policy, payment is not made to the "mortgagee" the liability on the guaranty nevertheless shall be reduced as provided in paragraph (b) of this section with respect to an uninsured loss, except to the extent that the liability under the policy was discharged by restoring the damaged property, by the insured, or out of payments thereunder to the insured, or otherwise. No waiver pursuant to

paragraph (a) of this section shall modify this paragraph.

(e) Upon the "creditor" (or trustee or other person) collecting the proceeds of any insurance contract, or other sum from any source by reason of loss of or damage to the "mortgaged" property, he shall be obligated to account for same, by applying it on the indebtedness, or by restoring the property to the extent the expenditure of such proceeds will permit. As to any portion of such proceeds the "mortgagee" is not entitled to retain for credit on such indebtedness or by reason of other legal right, he shall hold and be obligated to pay over the same as trustee for the United States and for the debtor, as their respective interests may appear.

(f) Nothing in these regulations shall operate to prevent the veteran from procuring acceptable insurance through any authorized insurance agent or broker he selects. In all cases the insurance carrier shall be one licensed to do such business in the State wherein the property is situated.

§ 36.4116 *Loan charges.* (a) In the case of a purchase of real or personal property by the veteran and a guaranty pursuant to the act and §§ 36.4100–36.4151 of an indebtedness representing part of the purchase price, there may be charged to the veteran and included in said note amounts actually paid or incurred by the seller ("mortgagee") for such expenses and charges as are chargeable to such purchaser in accord with local custom, if the purchaser so agrees, such as fees for appraisals, credit and character report on the veteran, surveys, fees of purchaser's (not seller's) attorney, recording fees for recording the deed and the "mortgage" only, premiums on fire and other hazard insurance that may be required in accordance with §§ 36.4100–36.4151.

(b) In the case of a loan to the veteran, charges in accord with local custom, such as fees for appraisals, credit and character report, surveys, abstract, or title search, curative work and instruments, attorney fees, fees for tax certificates showing all taxes paid, premiums on fire and other hazard insurance that may be required in accordance with §§ 36.4100–36.4151, revenue stamps, recording fees, etc., all limited to amounts actually paid or incurred by the lender, may be charged to the borrower and withheld from the gross amount of the loan.

(c) Any unreasonable charges shall be ground for denying an application for guaranty. No brokerage or other charges shall be made against the veteran for obtaining any loan guaranty under this title.

§ 36.4117 *Interest.* (a) The rate of interest chargeable on a loan guaranteed fully or in part, shall not exceed 4 per centum per annum on unpaid principal balances. Interest may be computed in accordance with standard amortization practices.

(b) The rate of interest on a secondary loan which is guaranteed pursuant to section 505 of the act may exceed by not more than 1% per annum the rate charged on the principal loan, but in no event shall the rate on the secondary loan exceed 4% per annum.

§ 36.4118 *Advances.* (a) Nothing herein shall prevent the creditor from making advances for the benefit of the mortgagor to pay taxes, assessments and insurance premiums as they become due, and the cost of emergency repairs needed to protect the property. The amount guaranteed by the Administrator shall be increased pro rata with all such increases in the unpaid principal balance of the loan: *Provided*, (1) That the annual interest rate on all advances shall not exceed 4 per centum per annum; (2) that the terms of repayment shall not extend the date of the amortization of the loan and (3) that the amount of the guaranty shall in no event exceed the original amount thereof, nor exceed the percentage of the indebtedness originally guaranteed.

(b) In the case of any advance made by a creditor to a debtor, the creditor with the consent of the debtor may apply any and all payments made by the debtor for a period of twelve months to the liquidation of the advance without considering the original loan in default. This shall not be construed to extend the period of indulgence contemplated by §§ 36.4134 and 36.4135.

§ 36.4119 *Construction loans.* Under certain circumstances loans relating to new construction may be guaranteed pursuant to the act. (See § 36.4132.)

Guaranty by the Administrator

§ 36.4120 *Limits.* In no event will the aggregate obligations of the United States as guarantor under Title III exceed $2,000 in respect to one veteran, whether there be one or several loans, and whether some are obtained for the acquisition of a home, others for a farm, and others for business, or equipment, or other purposes. Repayment of a loan or loans in whole or in part, or transfer of the encumbered property does not modify or enlarge such limitation. The guaranty shall not at any time exceed 50 per centum of the aggregate of the indebtedness for any of the purposes specified in sections 501, 502 and 503 of the act.

§ 36.4121 *Second loan under section 505 (a).* Section 505 (a) of the act provides that when the principal loan for any of the purposes stated in sections 501, 502 or 503 is "approved by a Federal agency to be made or guaranteed or insured by it pursuant to applicable law and regulations, and the veteran is in need of a second loan to cover the remainder of the purchase price or cost, or a part thereof", the Administrator may guarantee the full amount of the second loan, *Provided:*

(a) It does not exceed 20 per centum of the purchase price or cost.

(b) The amount guaranteed together with all other guarantees under Title III for the same veteran does not exceed $2,000.

(c) The loan conforms to all other applicable requirements of §§ 36.4100–36.4151.

§ 36.4122 *Two or more eligible veterans or borrowers.* (a) In the absence of a statement to the contrary, an application signed by two or more eligible veterans shall be conclusively presumed to be an application by each for the guaranty of an equal proportionate part of the entire amount to be guaranteed: *Provided, however*, That if husband and wife execute the application, both being eligible veterans, it will be conclusively presumed in the absence of a contrary statement in the application that it is an application for guaranty on behalf of the husband only, unless the amount of the guaranty then available to the husband is insufficient to meet the requirement of the case for guaranty of a proper amount under §§ 36.4100–36.4151 and the terms of the application; in which event the deficiency may be charged against the amount available to the wife, unless she has in the application or otherwise (before approval) stated in writing her unwillingness to be so charged.

(b) The Administrator will not require a wife to sign an application made by her husband. If she also is an eligible veteran and desires to exercise her right as such to obtain a guaranty, a separate application by her will be required. Signature of her husband to indicate his pro forma joinder will be required only when the wife is resident of, or the application is signed in, or the property to be encumbered is situated in, a State under the laws of which such contract cannot be legally executed by a married woman alone as in the case of an unmarried woman.

§ 36.4123 *Maximum liability where there are two or more veterans.* (a) For the purpose of determining the maximum amount of the potential liability of the United States under a guaranty incident to an obligation on which two or more eligible veterans who applied for the guaranty are liable, the obligation will be deemed a several, and not a joint, obligation of the respective applicants who were charged with the guaranty or a part thereof notwithstanding that as among the debtors or any of them, and as between them, or any of them, and the creditor, the obligation is in fact and law a joint obligation or a joint and several obligation.

(b) In no event will the amount of any veteran's debt thereunder be deemed to exceed for guaranty purposes the amount for which each veteran is legally liable to the holder of the obligation, nor the value of the interest of the veteran in the property. If more than one of the obligors is an eligible veteran and application by him or them is granted, the maximum aggregate amount of the guarantees will be the sum of the amounts available to each applying veteran but in no event will the aggregate of the guarantees for more than one veteran exceed 50 per centum of the total loan except as provided under section 505 of the act.

(c) For the purpose of § 36.4123 the wife of a principal obligor shall not be counted unless (1) she is legally liable on the obligation under the law of the jurisdiction where she executed it, and (2) if she is a veteran she be properly chargeable with a part or all of the guaranty as provided in § 36.4122.

§ 36.4124 *Veteran's application.* (a) To apply for a guaranteed loan the veteran and the prospective lender shall complete and sign in duplicate Form 1822, Application for Farm Loan Guaranty. Before or after preparing the application, and before submitting it, the lender and the veteran will address a joint inquiry to the nearest office of the Veterans' Administration on Form 1800. Certification of Eligibility, or otherwise. In addition to the necessary identifying information, they will state whether the property to be encumbered is real or personal, or both, the State and county in which it is situated, and the nearest highway. The Administrator will reply on said Form 1800 or otherwise, stating the name and address of an approved appraiser of realty, and in the case of personal property, the person or persons to function as such.

(b) If instructed by the Administrator so to do, on Form 1800, Certification of Eligibility, or otherwise, the creditor will secure a credit report. If not so instructed such report will not be required by the Veterans' Administration. (See paragraph (d) of this section.)

(c) If the proposed loan is for repairs, alterations or improvements to realty the appraisal report shall reflect an examination of the building contract, and the plans and specifications, if any, and shall include appropriate data sufficient to afford a basis for estimating the increased value of the farm to result from such repairs, alterations or improvements: *Provided, however,* That if the cost of such repairs, alterations and improvements does not exceed $500 the appraisal requirements of §§ 36.4100–36.4151 will be met by an appraisal report by the agency, and no plans or detailed specifications will be required as a condition to a guaranty otherwise proper. Such appraisal report may be abbreviated and consist of bill of material, estimate of labor cost, general description of the work to be done, and opinion of the agency as to reasonable normal value, and the enhancement of the value of the propetry.

(d) The veteran, the lender, and the appraiser shall be entitled, before or during the preparation of the application and other papers preliminary to a loan or purchase, to consult with the agency.

(e) In every case the appraiser's report shall indicate the basis, by survey or otherwise, of identifying the real property appraised as that to be encumbered to secure the proposed loan.

(f) If (1) the loan does not exceed $500, (2) the lender does not require a mortgage, and (3) the loan otherwise complied with §§ 36.4100–36.4151, the provisions of paragraphs (b), (c) and (e) of this section; paragraphs (d), (e) and (h) of § 36.4125; paragraphs (a), (c) and (d) of § 36.4130; subparagraphs (2) and (3) of paragraph (a) of § 36.4131; and paragraphs (c) and (e) of § 36.4132 shall be inapplicable to such loan and any guaranty thereof: *Provided, however,* That in every such case there shall be submitted with the application a report by the agency as to the reasonable normal value of the work, or property, real or personal, to be purchased, repaired, altered, or improved.

(g) If the guaranty is applied for in connection with the acquisition of, or a loan upon livestock, equipment machinery, or implements, the agency shall upon inspection or evidence and review of the application report its opinion as to the reasonable normal value of such property, and its recommendation as to the guaranty. Such report shall constitute an appraisal.

§ 36.4125 *Papers required.* The prospective lender shall submit to the agency the following papers:

(a) Certification of eligibility (see § 36.4124 (a)).

(b) Loan Guaranty Certificate (Form 1821 attached to application).

(c) Original application for guaranty signed by prospective lender and borrower (see § 36.4124 (a)).

(d) The credit report, if required. (See § 36.4124 (b) and (d).)

(e) The original appraisal report, Form 1833. (See § 36.4124 (c), (f) and (g).)

(f) Copy of purchase option, if any; and copy of conditional sales agreement if loan is to be predicated on such an instrument.

(g) Proposed loan closing statement of the estimated amounts to be disbursed by the lender for the account of the borrower (see Form 1806).

(h) Unless stated in the mortgage, or otherwise in the papers submitted, a statement of the kinds and amounts of insurance to be required to protect the mortgagor, the lender and the Administrator against loss by fire and other hazards, and the estimated premium cost thereof. (See § 36.4115.)

(i) When applicable, the original and copy (both signed) of Form 1862, Application to Amend Loan Guaranty Certificate. (See § 36.4131 (c) and (d).)

§ 36.4126 *Recommendation for approval of guaranty.* The Agency shall review the papers to determine whether it will recommend approval of the application for guaranty. Thereupon the Agency shall forward all the papers to the appropriate office of the Administrator with recommendation that (a) the Administrator approve the application, or (b) he disapprove it. If disapproval is recommended the reasons therefor shall be stated in writing at the time the papers are forwarded. A recommendation that the application be approved, shall be appropriately endorsed on the original of the application. If more than one person functions as or for the Agency in making such recommendation each such person shall sign the recommendation made, indicating concurrence or dissent. In case any such person fails to participate in the decision or is absent, the appropriate fact and name of such person shall be noted on the recommendation.

§ 36.4127 *Administrator's action on application.* (a) Upon receipt of the papers from the Agency, the Administrator will determine whether to approve the application. If disapproved he shall return to the proposed lender all papers received from the lender except the original application for guaranty and the original appraisal report and shall state that the application for guaranty has been denied and the reasons therefor. He shall send a copy of the letter to the veteran and the Agency. Upon denial any expenses incurred by the lender or the borrower shall be borne by them or either of them as they shall have agreed.

(b) (1) The veteran and the proposed lender, or either, may appeal to the Administrator for review of a denial of the application.

(2) Such appeal may be by letter, or on any prescribed form, and shall be mailed or delivered to central office of the Veterans' Administration within one month after receipt of notice of denial.

(c) (1) If for any reason the loan transaction is not concluded and the same or another lender thereafter wishes to consider making a loan on the same security described in the original application, a supplemental application, if the same lender, or a new application if a different lender, may be submitted. If accompanying it is a statement by the borrower and lender that the condition of the security is substantially the same as when the appraisal report was made, the supplemental or new application may be approved without a new appraisal, if the supplemental or new application shall have been received by the Administrator within three months from the date of the appraisal report.

(2) Without reference to the time limit stated in subparagraph (1) hereof, a copy of the appraisal report will be supplied without cost to a prospective new lender or to the original proposed lender at the currently prescribed price for a copy.

§ 36.4128 *Execution and form of guaranty.* (a) If the Administrator approves the application he shall notify the Agency and the veteran thereof. For the purpose of evidencing the contract of guaranty, he shall execute a Loan Guaranty Certificate, to become effective upon the conditions therein stated. It shall be in substantially the form following:

Finance Form 1821
Nov. 1944

UNITED STATES OF AMERICA

LOAN GUARANTY CERTIFICATE ISSUED BY VETERANS' ADMINISTRATION

State _____
(Where property is located)

Number L. F. _____
(To be filled in by V. A.)

_____
(Lender) (Exactly as Payee's name will appear on note)

_____
(Borrower-Veteran) (Exactly as to be signed on note and mortgage)

_____
(House or Box Number—R. F. D. or Street—Post Office—County)

_____
(State)

_____
(House or Box Number—Street—Post office—County)

_____
(State)

I

A. This certificate shall become effective when the requirements of the statute and regulations have been complied with and the acts certified in Part III hereof have been accomplished in compliance with said requirements.

B. When it becomes effective as hereinabove prescribed, this certificate shall obligate the United States of America to pay to the legal holder of the "note" described on the reverse hereof upon his duly filing claim therefor:

1. All or such portion of the maximum amount hereby guaranteed as becomes payable upon the conditions, at the times stated in, and in accordance with the provisions of the Servicemen's Readjustment Act of 1944 (38 U. S. Code 693; 58 Stat. 284), and the regulations issued pursuant thereto which are in effect on the date of this certificate. In no event will the obligation under this certificate exceed $2,000. Subject to the foregoing, this guaranty is for _____ per centum of the principal amount of said "note", but not for more than $_____. In no event will it exceed said percentage of the principal amount.

2. At the expiration of 1 year from the date of the "note", an amount equal to the interest for 1 year at the contract rate on that portion of the indebtedness ("note") originally guaranteed hereby, such payment to be credited on the indebtedness as prescribed by said regulations.

C. Executed on behalf of the United States of America by the Administrator of Veterans' Affairs through the undersigned authorized agent on this date, to become effective in the manner hereinabove prescribed.

III

CERTIFICATION BY BORROWER AND LENDER

A. We hereby warrant that (1) the undersigned borrower named on the reverse hereof executed the note, the face amount of which is $____ consisting of $_____ principal and $____ interest as defined in the Regulations; (2) it is dated_____ day of _____ 19____; (3) borrower(s) and mortgagor(s) delivered it together with the "mortgage" (as defined in the regulations) bearing the same date, and executed to secure payment of said note; (4) said note and mortgage are in the form and type contemplated in the application of the undersigned pursuant to which this loan guaranty certificate was issued; and (5) the principal stated above has been paid to, or according to the directions of, the undersigned borrower(s).

B. The undersigned lender warrants that (1) the same "mortgage," duly executed and witnessed, acknowledged, or proved as required by law, was properly filed, or filed for record, if and as provided by law on the _____ day of _____, 19____, at _____ M; and was given file No._____ by the Recorder or other proper official; (2) that it covers the property described on the reverse hereof, which is the same property described, or otherwise identified, or referred to, in the above-mentioned application for guaranty and in this loan guaranty certificate, or in the application to amend loan guaranty certificate, if any, applicable to such loan; (3) that no lien superior to said "mortgage" has intervened since the date of said application; and (4) if the approved application for guaranty related to a loan wholly or partly to be secured by a hypothecation or a pledge of personal property, such hypothecation or pledge has become effective by appropriate delivery to the lender and no superior lien has intervened since date of application.

Mr.
Mrs.
Miss _____
, (Borrower(s))

NOTE 1. If the note is unsecured, references to "mortgage" in paragraph "A" and "B" above are inapplicable. (See Regulations, § 36.4108, Par. (c).)

NOTE 2. If the local law provides for filing only, not recording, chattel mortgages or similar instruments paragraph "B" above nevertheless is to be completed. It refers not only to the County Recorder or Clerk, but also the State Commissioner of Motor Vehicles or other officials who keep motor vehicle mortgage records, and to other similar officials, State or County. (See § 36.4133 of Regulations.)

(b) The word principal as used in the Loan Guaranty Certificate and the certification on the reverse thereof means the amount of money actually disbursed to or for the account of the borrower.

§ 36.4129 *Disposition of papers.* The original application for guaranty and the appraisal report will be retained in the files of the Veterans' Administration. The Loan Guaranty Certificate and all other papers will be forwarded to the proposed lender with instructions as to closing the loan in a manner to make the guaranty effective.

§ 36.4130 *Loan procedure after approval of guaranty.* Upon receipt of the papers from the Administrator, the lender shall:

(a) Satisfy himself by "title certificate", as defined in §§ 36.4100–36.4151, as to the title to the real estate to be encumbered (§ 36.4100 (p)), and satisfy himself in such reasonable manner as may be available as to the title to personal property to be encumbered.

(b) Cause all necessary instruments to be properly signed and those to be filed, or filed and recorded, properly witnessed, acknowledged or proved so as to entitle them to filing or recordation.

(c) Disburse all funds in substantial accord with the proposed loan closing statement submitted with the application. (See § 36.4125 (g) and Form 1806 or 1861.)

(d) File with the proper State, County or other public official to be retained where required, or recorded and returned, the "mortgage", and any other appropriate instrument which under the law of the State is required or permitted to be filed or recorded for the purpose of establishing a valid lien as between the parties, or third persons, or of giving actual or constructive notice of the "mortgage," pledge, hypothecation, or other transaction.

(e) Take possession or do any other necessary act to make effective the pledge or hypothecation, if any.

§ 36.4131 *Report of closing loan.* (a) Within two months after closing the loan and filing with appropriate public official of the proper instruments, or the taking of other appropriate steps, if any, to make the lien effective, the lender shall complete and forward to the Administrator (using prescribed form, if available) a properly signed report of closing the loan stating that:

(1) The disbursement of the amount named in such report as the principal of the note has been completed by the lender, which amount may be not more than 3% in excess of the amount of the proposed loan as stated in the original application for guaranty, without complying with the procedure stated in paragraphs (c) and (d) of this section.

(2) Such disbursements were as estimated on the loan closing statement submitted with the application, except as otherwise stated on the reverse side of the report of closing loan. (See §§ 36.4116 (a) and 36.4125 (g) and Form 1806 or 1861.)

(3) The note and the mortgage (or other security instrument) were properly executed, stating the date, and the latter was duly acknowledged, witnessed, or proved, so that it was legally eligible for filing and in which it was properly filed and the filing number thereof; or in the case of a pledge, or hypothecation the necessary possession, or other steps were taken to make same effective.

(4) The note was dated (stating the date thereon) and signed by the "debtor"; the actual principal amount thereof; and the rate of interest provided therein.

(5) The Loan Guaranty Certificate (stating its L-Number) was completed, and appropriately signed by the lender and the borrower as therein provided.

(b) If the lender is a corporation, its corporate seal shall be impressed on such report.

(c) If the transaction to be closed is essentially the same as indicated in the original application except that:

(1) The amount of the loan actually to be made is more than 103% of the amount stated in the application, or

(2) Personal property to be acquired differs from that described but is for the same use or purpose, and substantially similar in kind, quality and value.

appraiser of realty, and in the case of personal property, the person or persons to function as such.

(b) If instructed by the Administrator so to do, on Form 1800, Certification of Eligibility, or otherwise, the creditor will secure a credit report. If not so instructed such report will not be required by the Veterans' Administration. (See paragraph (d) of this section.)

(c) If the proposed loan is for repairs, alterations or improvements to realty the appraisal report shall reflect an examination of the building contract, and the plans and specifications, if any, and shall include appropriate data sufficient to afford a basis for estimating the increased value of the farm to result from such repairs, alterations or improvements: *Provided, however,* That if the cost of such repairs, alterations and improvements does not exceed $500 the appraisal requirements of §§ 36.4100–36.4151 will be met by an appraisal report by the agency, and no plans or detailed specifications will be required as a condition to a guaranty otherwise proper. Such appraisal report may be abbreviated and consist of bill of material, estimate of labor cost, general description of the work to be done, and opinion of the agency as to reasonable normal value, and the enhancement of the value of the propetry.

(d) The veteran, the lender, and the appraiser shall be entitled, before or during the preparation of the application and other papers preliminary to a loan or purchase, to consult with the agency.

(e) In every case the appraiser's report shall indicate the basis, by survey or otherwise, of identifying the real property appraised as that to be encumbered to secure the proposed loan.

(f) If (1) the loan does not exceed $500, (2) the lender does not require a mortgage, and (3) the loan otherwise complied with §§ 36.4100–36.4151, the provisions of paragraphs (b), (c) and (e) of this section; paragraphs (d), (e) and (h) of § 36.4125; paragraphs (a), (c) and (d) of § 36.4130; subparagraphs (2) and (3) of paragraph (a) of § 36.4131; and paragraphs (c) and (e) of § 36.4132 shall be inapplicable to such loan and any guaranty thereof: *Provided, however,* That in every such case there shall be submitted with the application a report by the agency as to the reasonable normal value of the work, or property, real or personal, to be purchased, repaired, altered, or improved.

rower (see § 36.4124 (a)).

(d) The credit report, if required. (See § 36.4124 (b) and (d).)

(e) The original appraisal report, Form 1833. (See § 36.4124 (c), (f) and (g).)

(f) Copy of purchase option, if any; and copy of conditional sales agreement if loan is to be predicated on such an instrument.

(g) Proposed loan closing statement of the estimated amounts to be disbursed by the lender for the account of the borrower (see Form 1806).

(h) Unless stated in the mortgage, or otherwise in the papers submitted, a statement of the kinds and amounts of insurance to be required to protect the mortgagor, the lender and the Administrator against loss by fire and other hazards, and the estimated premium cost thereof. (See § 36.4115.)

(i) When applicable, the original and copy (both signed) of Form 1862, Application to Amend Loan Guaranty Certificate. (See § 36.4131 (c) and (d).)

§ 36.4126 *Recommendation for approval of guaranty.* The Agency shall review the papers to determine whether it will recommend approval of the application for guaranty. Thereupon the Agency shall forward all the papers to the appropriate office of the Administrator with recommendation that (a) the Administrator approve the application, or (b) he disapprove it. If disapproval is recommended the reasons therefor shall be stated in writing at the time the papers are forwarded. A recommendation that the application be approved, shall be appropriately endorsed on the original of the application. If more than one person functions as or for the Agency in making such recommendation each such person shall sign the recommendation made, indicating concurrence or dissent. In case any such person fails to participate in the decision or is absent, the appropriate fact and name of such person shall be noted on the recommendation.

§ 36.4127 *Administrator's action on application.* (a) Upon receipt of the papers from the Agency, the Administrator will determine whether to approve the application. If disapproved he shall return to the proposed lender all papers received from the lender except the original application for guaranty and the original appraisal report and shall state

security described in the original application, a supplemental application, if the same lender, or a new application if a different lender, may be submitted. If accompanying it is a statement by the borrower and lender that the condition of the security is substantially the same as when the appraisal report was made, the supplemental or new application may be approved without a new appraisal, if the supplemental or new application shall have been received by the Administrator within three months from the date of the appraisal report.

(2) Without reference to the time limit stated in subparagraph (1) hereof a copy of the appraisal report will be supplied without cost to a prospective new lender or to the original proposed lender at the currently prescribed price for a copy.

§ 36.4128 *Execution and form of guaranty.* (a) If the Administrator approves the application he shall notify the Agency and the veteran thereof. For the purpose of evidencing the contract of guaranty, he shall execute a Loan Guaranty Certificate, to become effective upon the conditions therein stated. It shall be in substantially the form following:

Finance Form 1821
Nov. 1944

UNITED STATES OF AMERICA

LOAN GUARANTY CERTIFICATE ISSUED BY VETERANS' ADMINISTRATION

State _____

(Borrower(s))

NOTE 1. If the note is unsecured references to "mortgage" in paragraph "A" and "B" above are inapplicable. (See Regulations, § 36.4108, Par. (c).)

NOTE 2. If the local law provides for filing only, not recording, chattel mortgages or similar instruments paragraph "B" above nevertheless is to be completed. It refers not only to the County Recorder or Clerk, but also the State Commissioner of Motor Vehicles or other officials who keep motor vehicle mortgage records, and to other similar officials, State or County. (See § 36.4133 of Regulations.)

(b) The word principal as used in the Loan Guaranty Certificate and the certification on the reverse thereof means the amount of money actually disbursed to or for the account of the borrower.

§ 36.4129 *Disposition of papers.* The original application for guaranty and the appraisal report will be retained in the files of the Veterans' Administration. The Loan Guaranty Certificate and all other papers will be forwarded to the proposed lender with instructions as to closing the loan in a manner to make the guaranty effective.

§ 36.4130 *Loan procedure after approval of guaranty.* Upon receipt of the papers from the Administrator, the lender shall:

(a) Satisfy himself by "title certificate", as defined in §§ 36.4100–36.4151, as to the title to the real estate to be encumbered (§ 36.4100 (p)), and satisfy himself in such reasonable manner as may be available as to the title to personal property to be encumbered.

(b) Cause all necessary instruments to be properly signed and those to be

other transaction.

(c) Take possession or do any other necessary act to make effective the pledge, or hypothecation, if any.

§ 36.4131 *Report of closing loan.* (a) Within two months after closing the loan and filing with appropriate public official of the proper instruments, or the taking of other appropriate steps, if any, to make the lien effective, the lender shall complete and forward to the Administrator (using prescribed form, if available) a properly signed report of closing the loan stating that:

(1) The disbursement of the amount named in such report as the principal of the note has been completed by the lender, which amount may be not more than 3% in excess of the amount of the proposed loan as stated in the original application for guaranty, without complying with the procedure stated in paragraphs (c) and (d) of this section.

(2) Such disbursements were as estimated on the loan closing statement submitted with the application, except as otherwise stated on the reverse side of the report of closing loan. (See §§ 36.4116 (a) and 36.4125 (g) and Form 1806 or 1861.)

(3) The note and the mortgage (or other security instrument) were properly executed, stating the date, and the latter was duly acknowledged, witnessed, or proved, so that it was legally eligible for filing and in which it was properly filed and the filing number thereof; or in the case of a pledge, or hypothecation the necessary possession, or other steps were taken to make same effective.

(4) The note was dated (stating the date thereon) and signed by the "debtor"; the actual principal amount thereof; and the rate of interest provided therein.

(5) The Loan Guaranty Certificate (stating its L-Number) was completed, and appropriately signed by the lender and the borrower as therein provided.

(b) If the lender is a corporation, its corporate seal shall be impressed on such report.

(c) If the transaction to be closed is essentially the same as indicated in the original application except that:

(1) The amount of the loan actually to be made is more than 103% of the amount stated in the application, or

(2) Personal property to be acquired differs from that described but is for the same use or purpose, and substantially similar in kind, quality and value.

Form 1862, Application to Amend Loan Guaranty Certificate, will be completed and signed in duplicate.

(d) The lender will forward the original and copy of Form 1862, Application to Amend Loan Guaranty Certificate, to the "Agency," which will recommend approval or disapproval and forward both to the Veterans' Administration office which issued the Loan Guaranty Certificate. Such office will determine whether to approve the Application to Amend Loan Guaranty Certificate. Such determination will be based on the original application, the evidence submitted in or with the original application, the application to amend, the recommendation of the Agency, and such other evidence, if any, as it considers necessary. Notice of action will be given as in the case of original applications. If approved such approval will be appropriately indicated on the original, and such original, duly executed by the Veterans' Administration will be forwarded to the lender. It may be attached to the original Loan Guaranty Certificate to evidence amendment thereof as reflected by such "rider."

§ 36.4132 *Construction loans.* (a) Upon the submission to an Agency of an application made pursuant to section 502 of the act for the guaranty of a loan for construction on a farm owned by the veteran, or for repairs, alterations or improvements thereon (hereinafter collectively refered to as "construction loans") the guaranty will be issued to become effective only upon completion thereof, and upon fulfillment of the same requirements of these regulations as are applicable to the guaranty of loans for the acquisition of residential or nonresidential farm buildings other than by construction.

(b) Notwithstanding the provisions of paragraph (a) of this section, the guaranty mentioned therein may become effective without the entire amount of the loan having been disbursed if:

(1) Complete disbursement is prevented, in the exercise of ordinary care, by reason of the filing of mechanics' liens or other liens, or other controversy or threat of litigation, as to entitlement to any part of the proceeds of such loans; and

(2) There is paid to an escrow agent approved by the Administrator so much of such proceeds as have not been disbursed, or other arrangements satisfactory to the Administrator have been made for assuring the availability of such sums; and

(3) There is issued by the Administrator Form 1863, Approval of Escrow Certificate, which may be attached to the Loan Guaranty Certificate.

(c) For construction loans the lender will follow the procedure provided in §§ 36.4124 to 36.4131, inclusive, for the guaranty of loans for the purchase of farms, and in addition will furnish to the Agency:

(1) Complete plans and specifications, except as provided in § 36.4124 (c). When complete plans and specifications are not required the data mentioned in said paragraph (c) will be supplied unless § 36.4124 (g) is applicable, in which event the requirements will be those stated therein.

(2) An estimate, prepared by a qualified appraiser, of the normal agricultural value of the property on which the improvements will be situated together with a separate estimate of the increased value of the property which will result from the improvements according to the plans and specifications or other data. (See § 36.4124 (c).) Such estimates of value are in addition to the appraiser's report, otherwise required;

(3) A copy of the agreement or agreements (which may be unsigned) on which the proceeds of the proposed loan will be disbursed.

(d) Upon the receipt of such papers the Agency will follow the procedure prescribed in § 36.4126 and submit same to the Administrator for action as prescribed in §§ 36.4127 and 36.4128.

(e) The Loan Guaranty Certificate shall become effective only upon the conditions stated in § 36.4130 and in addition the further condition that there be supplied to the Administrator a statement by an appraiser on Form 1803 (a), Statement by Appraiser on Completion of New Construction. It shall recite that:

(1) He has inspected the construction, repairs, alterations, or improvements.

(2) The same have been constructed and completed in substantial conformity with the contract, the plans and specification (if any), and any authorized changes therein (if any), permitted by §§ 36.4100–36.4151, or, in those cases embraced in § 36.4124 (c) or § 36.4124 (f) there are no plans and specifications, within good building practices.

(3) The increased value of the property as completed and which will be encumbered is substantially in accord with his estimate.

(f) During the course of construction the Administrator shall be entitled at his expense, to cause such inspection of the construction work at such time or times as he may determine.

(g) Upon compliance with the requirements of this section and of §§ 36.4130 and 36.4131 relating to the guaranty becoming effective in other than construction loan cases, said Loan Guaranty Certificate shall become effective as originally executed (and subject to § 36.4131), or as amended pursuant to approval of application therefor on Form 1862, Application to Amend Loan Guaranty Certificate. (See § 36.4131 (c) (d).)

(h) The borrower and lender may contract for the payment to the lender of a reasonable sum for the advance of funds during the construction and supervision or inspection of the construction.

(i) Minor changes may be made in the plans and specifications or substitution of material of substantially equal quality or value, as the creditor, the debtor, and the builder (contractor) may agree if same are not of a major character and in the aggregate do not increase or decrease the cost more than five per centum of the contract price. This does not modify the provisions of § 36.4131. Changes or substitutions other than as herein stated must have the approval of the Administrator.

(j) On an application made pursuant to section 501 for the guaranty of a loan for the construction on farm property of a unit to be occupied by the veteran as a home, in addition to the requirements prescribed in the foregoing paragraphs the appraisal report shall include appropriate data sufficient to afford a basis for estimating the effect such new building would have on the value of the farm, as is required in the case of repairs, alterations or improvements by paragraph (c) of § 36.4124.

§ 36.4133 *When guaranty does not apply.* The guaranty shall not cover any loss sustained by the creditor as the result of:

(a) The acceptance by the mortgagee of a "mortgage" on any real or personal property, title to which is not merchantable;

(b) Failure of the mortgagee to procure a duly recorded lien of the dignity required by §§ 36.4100–36.4151; or a lien of such dignity by filing, without recording, if lawful, or by pledge or otherwise as required or permitted by applicable law in the jurisdiction where the property is situated at the time the loan is closed;

(c) Failure of the mortgagee to comply with § 36.4115 with respect to insurance;

(d) A tax sale pursuant to execution, or otherwise as provided by law, occasioned by nonpayment of taxes accruing against the mortgaged property after the date of the "mortgage" if "mortgagee" fails to give notice to the Administrator of the delinquent taxes at least one month before such sale;

(e) A release by the creditor of the lien on any of the real or personal property securing the guaranteed loan, or any part thereof unless the Administrator consents in writing. Such consent may be granted if the debt is appropriately reduced or on such other terms as the Administrator may determine: *Provided however*, That if the land is sought by a public authority for highway or other purposes, consent is hereby given for the creditor to release without consideration or for such consideration as he deems proper and without reference to the Administrator, the creditor's lien on land without any buildings thereon if the land so released does not exceed five percent of the acreage encumbered and does not exceed $200 in value. The same consent is hereby given when the release, easement grant, or other instrument is sought by a public or private agency, or person, for the purpose of pipe line, telephone, telegraph or electric transmission lines: *Provided, however*, That when such releases, or grants by the lender for any one or more of the purposes stated in this paragraph, or otherwise, with or without specific consent by the Administrator, shall have decreased the security as much as five percent in acreage, or $200 in value, no further releases shall be executed, without consent of the Administrator. If release of lien is executed contrary to the provisions of these regulations the amount of the guaranty will be reduced proportionately in the same manner as if the value of the released property were applied as a credit on the unpaid balance of the loan. The provisions of this paragraph will not be construed to affect the guaranty in the event of any grant of title or easement that leaves unaffected the lien on the property affected thereby; or

(f) Sale by reason of foreclosure of a superior lien if the holder of the guaranteed loan secured by a subordinate lien has knowledge of such foreclosure sale as much as 10 days prior thereto and fails to notify the Administrator of the time and place thereof.

(g) The exercise of a right of reverter for breach of restrictive covenants.

Claim Under a Guaranty

§ 36.4134 *Default.* (a) In the event of default, not cured, continuing three months on an amortized loan or one month on a term loan the "creditor" may elect to assert claim under the guaranty, and give notice thereof to the Administrator.

(b) If any default occasioned by failure seasonably to pay to the "creditor" entitled any amount of principal or interest due him under the contract (not cured) shall have persisted as long as six months the holder of the indebtedness shall give notice thereof to the Administrator notwithstanding the failure results from payments on "advances" as provided in § 36.4118 or from any indulgence of the debtor as provided in §§ 36.4135 and 36.4141.

(c) (1) The notice shall state the loan guaranty number if available. If not available other identifying data shall be included, such as date and amount of original obligation, location of Veterans' Administration office that issued the guaranty and the property encumbered.

(2) In all cases the notice shall state the name and last known address of the debtor, of the veteran, and of the creditor, and the date and manner of default, and amount past due. If he desires, the creditor may also state his views as to any indulgence that should be extended.

(3) The notice to the Administrator shall be mailed by registered mail or personally delivered in exchange for a written receipt within one month after the expiration of said six months' period.

§ 36.4135 *Claim on notice of default.* (a) In the notice of default, or separately, then, or later, the creditor may make claim under the guaranty.

(b) Then or thereafter the creditor may also give notice of his intention to foreclose the lien or liens securing the indebtedness.

(c) The Administrator may approve the creditor's request, if any, to postpone action to press his claim against the mortgagor, or the property. Such postponement with the consent of the Administrator, shall not operate to void or diminish the ultimate liability under the guaranty. In no event shall indulgence or postponement of action authorized by §§ 36.4100–36.4151 impair any right of the creditor to thereafter proceed within the applicable statute of limitations period as if there had been no indulgence or postponement.

§ 36.4136 *Legal action.* (a) The creditor shall not begin action in court or give notice of sale under power of sale, or repossess the property, real or personal, or otherwise take steps to terminate the debtor's rights in the property until the expiration of thirty (30) days after delivery to the Administrator of the notice of intention to foreclose, repossess or otherwise to so terminate the debtor's rights. Notwithstanding paragraph (a) of § 36.4134 such notice may be given at any time after default.

(b) (1) If the circumstances require immediate action to protect the interest of the creditor or the Administrator, the Administrator may waive the requirement for prior notice if notice of the action taken is immediately given.

(2) Without limiting the foregoing, the existence of conditions justifying the appointment of a Receiver for the property shall be sufficient excuse for beginning suit without prior notice to the Administrator if within ten days after commencement of the suit or action, plaintiff gives the Administrator notice thereof.

§ 36.4137 *Notice of suit and subsequent sale.* (a) Within ten days after beginning suit or causing notice of sale without suit to be given, the creditor shall notify the Administrator thereof by registered mail, or by personal delivery of notice in exchange for written receipt. The notice shall state whether the foreclosure will be by proceeding in court, or under a power of sale; the style and number of the suit, if any, and the name and location of the court in which pending.

(b) The creditor shall give written notice to the Administrator by registered mail (or delivery) of any foreclosure sale, judicial, or under a power of sale; or of any proposed termination of the rights of any vendee or his immediate or remote guarantee (assignee) pursuant to any power or option in a sales contract, or in any other instrument affecting the property which constitutes any security for the obligation guaranteed. Such notice shall be given so that it is received at least thirty days before such sale or other proposed action. It shall state the date, hour and place thereof. The Administrator may bid thereat on the same terms as the lender or other bidders, and may exercise any right the debtor could exercise by virtue of the contract, or any statute, or otherwise. This section is applicable whether the suit, or the sale, or termination, occur before or after payment of the guaranty.

§ 36.4138 *Death of veteran or other owner.* (a) In the event the creditor has knowledge of the death of the veteran or of any owner of an interest in the encumbered property, or the death of any other person liable on the indebtedness which is guaranteed in whole or in part, the creditor shall take such steps, if any, as are legally necessary, and reasonably available, in the jurisdiction where the encumbered property is situated, to avoid loss of the lien, or impairment thereof, or of all or part of the proceeds of any sale of the property as a result of, or incident to, such death, or of any probate proceedings thereby occasioned in said jurisdiction.

(b) In addition to protecting the lien rights as required by paragraph (a) of this section, the creditor at his discretion may proceed in probate, or otherwise, as may be permissible and feasible, in any jurisdiction where administration proceedings are pending or properly may be instituted, or other appropriate legal action taken, against assets or persons, to assert any rights, by means of any remedies, therein available to a similarly situated creditor of the decedent.

(c) Upon direction of the Administrator and his designation of an accessible attorney for the purpose, and making appropriate provisions for advancing or paying the costs and expenses of the proceeding, the creditor shall proceed as provided in paragraph (b) of this section: *Provided, however*, That in any case the Administrator may, at his option, proceed immediately in respect to protecting the lien, or asserting claim as contemplated by paragraph (b) of this section, or as to both remedies. If the Administrator takes action, it may be in his name or the name of the creditor as the Administrator may elect and as may be appropriate under applicable law. If action is taken by the Administrator he shall seasonably notify the creditor thereof.

(d) Nothing in this section shall impair any right of set-off or other right or remedy of the Administrator.

§ 36.4139 *Death or insolvency of creditor.* (a) Immediately upon the death of the "creditor" and without the necessity of request or other action by the debtor or the Administrator, all sums then standing as a credit balance in a "trust," or "deposit," or other account, to cover taxes, insurance accruals, or other items in connection with the loan secured by the encumbered property, whether stated to be such or otherwise designated, and which have not been credited on the "note" shall, nevertheless, be treated as a set-off and shall be deemed to have been credited thereon as of the date of the last debit to such account, so that the unpaid balance of the note as of that date will be reduced by the amount of such credit balance: *Provided, however*, That any unpaid taxes, insurance premiums, rents, or advances may be paid by the holder of the indebtedness, at his option, and the amount which otherwise would have been deemed to have been credited on the note reduced accordingly. This section shall be applicable whether the estate of the deceased creditor is solvent or insolvent.

(b) The provisions of paragraph (a) of this section shall also be applicable in the event of:

(1) Insolvency of creditor;

(2) Initiation of any bankruptcy or reorganization, or liquidation proceedings as to the creditor, whether voluntary or involuntary;

(3) Appointment of a general or ancillary receiver for the creditor's property; or, in any case

(4) Upon the written request of the debtor if all accrued and due insurance premiums, taxes, and rents have been paid, and appropriate provisions made for future accruals.

(c) Upon the occurrence of any of the events enumerated in paragraph (a) or

(b) of this section interest on the note and on the credit balance of the "deposits" mentioned in paragraph (a) shall be set off against each other at the rate payable on the principal of the note, as of the date of last debit to the deposit account. Any excess credit of interest shall be treated as a set-off against the unpaid "advances", if any, and the unpaid balance of the note.

(d) The provisions of paragraphs (a), (b) and (c) of this section shall apply also to corporations. The dissolution thereof by expiration of charter, by forfeiture, or otherwise, shall be treated as is the death of an individual as provided in paragraph (a).

§ 36.4140 *Filing claim under guaranty.* Claim under the guaranty may be made on Form 1864, Claim Under the Guaranty. Subject to the limitation that the total amount payable under the guaranty shall in no event exceed the original amount thereof, the amount payable under the guaranty shall be the percentage of the indebtedness originally guaranteed applied to the indebtedness (as defined in § 36.4100 (m)), computed as of the date of the claim, and reduced by any payments theretofore made by the United States pursuant to the guaranty.

§ 36.4141 *Options available to Administrator.* Upon receipt of claim under the guaranty, or notice of intention to foreclose, the Administrator shall have the following options:

(a) Pay to the creditor not later than one month after receipt of notice of any default, as a partial payment of any actual or potential claim under the guaranty, the amount of principal, interest, taxes, advances, or other items in default; and in consideration of such payment the lender shall be deemed to have agreed to refrain from giving effect to any acceleration provisions by reason of defaults prior to the date of notice of default theretofore given: *Provided, however,* That unless the creditor consents, the Administrator may exercise this option once only, and in an amount not exceeding an amount equivalent to the aggregate of principal and interest payable in one year, or not exceeding ten per centum of the original amount of the guaranty, whichever sum is less.

(b) Pay the creditor within one month after receipt of claim the full amount payable under the guaranty without requiring foreclosure, or personal action.

(c) Pay to the creditor promptly after receipt of claim any amount agreed upon, not exceeding the amount due under the guaranty; and notify him to institute appropriate foreclosure proceedings, with or without legal action to reduce the debt to judgment, against all or any of the parties liable thereon, and whose names are stated in such notice to the creditor.

(d) If the creditor does not begin appropriate action within two months after receipt of notice to institute action as provided in paragraph (c) of this section, the Administrator shall be entitled to begin and prosecute the same to completion in the name of the creditor, or of the Administrator on behalf of the United States, as may be appropriate under applicable laws and rules of procedure; *Provided, however,* That in such event the Administrator shall pay (in advance if required under the practice in the jurisdiction) all court costs, and other expenses, and provide the legal services required.

§ 36.4142 *Refinancing and extension of guaranty.* (a) (1) In addition to the options available under § 36.4138 or § 36.4141, the Administrator, upon receiving (i) notice of intention to foreclose by judicial proceedings or otherwise or to repossess the property, real or personal, or otherwise to terminate the debtor's rights therein, or (ii) a claim for a guaranty, shall be entitled to obtain a refinancing of the indebtedness by delivering notice of intention so to do to the creditor prior to the date upon which otherwise it would be proper for the creditor to proceed. Upon receipt from the Administrator of such notice of intention to obtain a refinancing the creditor's right to proceed shall be suspended for sixty (60) days from the date stated by the Administrator in such notice as the date on which the Administrator received the creditor's notice or claim.

(2) If within the sixty-day period prescribed in subparagraph (1) of this paragraph, an offer is received by the creditor to pay, or to purchase the indebtedness at par and interest to date of closing, it shall be the duty of the creditor to forthwith accept such offer, to execute and deliver appropriate instruments without recourse, and to refrain from further proceedings, or repossession, or termination of the debtor's rights.

(3) When (i) a claim for guaranty is filed, or (ii) when a refinancing occurs and an offer is made as contemplated by subparagraphs (1) and (2) of this paragraph, the creditor shall not be entitled to treat payments theretofore made by the debtor, or another, as liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note or mortgage, or otherwise, to the contrary.

(4) Nothing herein shall be construed to require a creditor to lend money for such refinancing, nor to affect guarantees issued prior to the effective date of this amendment.

(b) If refinanced in any manner the Administrator may continue in effect the guaranty granted with respect to the previous loan in such manner as to cover the loan which affected the refinancing.

(c) The Administrator in appropriate cases shall be entitled to exercise any redemption rights of a debtor, or a creditor, in connection with the loan guaranteed or property rights arising out of, or incident to such loan.

§ 36.4143 *Subrogation.* (a) Any amounts paid to the creditor by the Administrator pursuant to the guaranty shall constitute a debt due to the United States by the veteran on whose application the guaranty was made; and by his estate upon his death. The Administrator is subrogated to the contract and the lien rights of the creditor to the extent of such payments, but junior to the creditor's rights as against the debtor or the encumbered property until the creditor shall have received the full amount payable under his contract with the debtor. No partial or complete release by the creditor of the debtor or of the lien shall impair any rights of the Administrator, by virtue of the lien, or otherwise.

(b) The creditor, upon request, shall execute, acknowledge and deliver an appropriate instrument tendered him for that purpose, evidencing any payment received from the Administrator and the Administrator's resulting right of subrogation.

(c) The Administrator shall cause the instrument required by paragraph (b) of this section to be filed for record in the office of the recorder of deeds, or other appropriate office of the proper county, town, or State, in accordance with the applicable State law. The filing or failure to file such instrument for record shall have the legal results prescribed by the applicable law of the State where the real or personal property is situated, with respect to filing or failure to so file mortgages and other lien instruments and assignments thereof.

The references herein to "filing for record" include "registration" or any similar transaction, by whatever name designated when title to the encumbered property has been "registered" pursuant to a Torrens or other similar title registration system provided by law.

§ 36.4144 *Future action against mortgagor.* In addition to the amount, if any, collected from the proceeds of the encumbered property by reason of the right of subrogation, the United States will collect from the veteran, or his estate, by set-off against any amounts otherwise payable to the veteran or his estate; or in any other lawful manner, any sums disbursed by the United States on account of the claim pursuant to the guaranty.

§ 36.4145 *Suit by Administrator.* (a) Whenever pursuant to §§ 36.4100–36.4151, the Administrator institutes, or causes to be instituted by the creditor, or otherwise, any suit in equity; action at law; or probate proceedings or the filing of a claim in such; or other legal or equitable proceedings of any character, or any sale, in court or pursuant to any power of sale, the person or persons properly instituting the same (including the Administrator) shall be entitled to recoup from any proceeds realized therefrom any expenses reasonably incurred, including trustee fees, court costs, and attorney fee paid (or, the reasonable value of the services of the trustee and of the attorney, if performed by salaried person or persons, or by the party himself, when proper).

(b) The net proceeds, after setting off such items that may properly be recouped, shall be credited to the indebtedness, or otherwise as may be proper under the facts.

(c) In determining the propriety of recoupment and the amount thereof consideration shall be given to any provisions in the "note" or "mortgage" relating to such items, and any amounts actually realized pursuant thereto.

§ 36.4146 *Creditor's records and reports required.* (a) The creditor shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto, and the dates thereof. Any creditor who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim for default, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such creditor; not on the debtor, or the United States.

(b) On any delinquent loan the creditor shall report annually on the anniversary of the earliest unremedied default any amount received or disbursed, the unpaid balance of principal and accrued interest and any other items chargeable; and the nature of any defaults not already reported. He shall include such additional information, if reasonably necessary and obtainable, which may from time to time be requested by the Administrator.

(c) A proposed lender may be required to submit evidence satisfactory to the Administrator of his equipment for maintenance of adequate records on, and his ability to service, loans if guaranteed pursuant to the provisions of the act and §§ 36.4100–36.4151.

§ 36.4147 *Failure to supply information.* Failure to supply any available information required by §§ 36.4100–36.4151 within two months after request therefor will entitle the Administrator to obtain such information otherwise, and the expense of so obtaining it, plus ten dollars to cover estimated overhead expenses, shall be chargeable to the creditor who failed to comply with such request.

§ 36.4148 *Notice to Administrator.* Any notice required by §§ 36.4100–36.4151 to be given the Administrator shall be sufficient if in writing, and delivered at, or mailed to, the Veterans' Administration office at which the application for guaranty was approved or to any changed address of which the creditor has been given notice or, at the option of the creditor, to the central office of the Veterans' Administration, Washington 25, D. C. If mailed the notice shall be by registered mail when so provided by §§ 36.4100 to 36.4151.

§ 36.4149 *Right to inspect books.* The Administrator has the right to inspect, at a reasonable time and place the papers and records pertaining to the loan and guaranty. If permission to inspect is declined the Administrator may enforce the right by subpoena under the provisions of Title III of Public No. 844, 74th Congress, 49 Stat. 2031–35, 38 U. S. C. 131, or in any other lawful manner.

§ 36.4150 *Forms, construction to be placed on references to.* All references in the regulations to Form 1800, Certification of Eligibility, or to other form numbers, shall be construed to include any revision of the same forms, identified by the same, or by different numbers.

§ 36.4151 *Disqualified lenders and bidders.* Except under unusual circumstances and upon prior approval by the Administrator an application for guaranty of a loan will not be approved if the lender is known to be an employee of the Veterans' Administration or of the Agency; and without such approval, an employee of either may not bid at a foreclosure sale of the security for a guaranteed loan.

GUARANTY OF LOANS ON PURCHASES OF BUSINESS, ETC.

AUTHORITY: §§ 36.4200 to 36.4251 issued under 58 Stat. 284; 38 U. S. C. 693.

§ 36.4200 *Definitions.* Wherever used in §§ 36.4200–36.4251, unless the context otherwise requires, the terms defined in this section shall have the meaning herein stated, namely:

(a) "Administrator" means the Administrator of Veterans' Affairs or any employee of the Veterans' Administration designated by him to act in his stead.

(b) "United States" used geographically means the several States, Territories and possessions, and the District of Columbia.

(c) "State" means any of the several States, Territories and possessions, and the District of Columbia.

(d) "Designated agency" or "agency" as used in respect to processing applications for guaranty of loans, means any Federal instrumentality designated by the Administrator (including Veterans' Administration if so designated) to certify whether an application meets the requirements of the act and regulations, and recommend whether the application should be approved if the applicant is found eligible.

(e) "Federal agency" as used with respect to agencies making, guaranteeing or insuring primary loans, means any Executive Department, or administrative agency or unit of the United States Government (including a corporation essentially a part of the Executive Branch) at any time authorized by law to make, guarantee or insure such loans.

(f) "Guaranty" means the obligation of the United States of America assumed by virtue of the guaranty by the Administrator as provided in Title III of the Servicemen's Readjustment Act of 1944 (58 Stat. 284; 38 U. S. C. 693) and subject to the limitations and conditions thereof and of §§ 36.4200–36.4251. The subject of the guaranty is that portion of an eligible loan procured by an eligible veteran which may be subject to being guaranteed as provided in said Title III, as determined by the Administrator upon application in accordance with §§ 36.4200–36.4251.

(g) "Mortgage" means an applicable type of security instrument commonly used or legally available to secure loans or the unpaid portion of the purchase price of real or personal property in a State, District, Territory, or possession of the United States of America in which the property is situated. It includes, for example, deeds of trust, security deeds, escrow instruments, real estate mortgages, conditional sales agreements and chattel mortgages.

(h) "Secondary" or "junior" loan means a loan which is secured by a lien or liens subordinate to any other lien or liens on the same property.

(i) "Guaranteed loan" means a loan unsecured, or secured by a primary lien, or where permissible under the act and §§ 36.4200 to 36.4251, inclusive, a secondary lien, in which loan is guaranteed in whole or in part by the Administrator as evidenced by endorsement thereon; or by Loan Guaranty Certificate issued by the Administrator, and which shall have become effective as prescribed by §§ 36.4200–36,4251, or by such other legal evidence as may be provided by the Administrator.

(j) (1) "Business" means any gainful occupation or profession other than farming which constitutes the applicant's major occupation.

(2) "Business loan" means an obligation for all or part of the purchase price, or a loan obtained for the purpose of paying all or part of the purchase price of (i) the entire, or a part interest in, an existing business enterprise whether it is, or is to be operated by an individual, partnership or joint venture, and includes leasehold rights as lessor or lessee of real or personal property a part of such enterprise and similarly good will, franchise rights, and rights as licensee, (ii) supplies, machinery, equipment or tools.

(3) "Business realty loan" means a loan for the purchase of land or buildings or both to be used by the applicant in pursuing a gainful occupation other than farming. Leasehold rights included in subparagraph (2) will not be deemed "business realty."

(4) "Purchased or to be purchased" as used in section 503 (1) of the act refers to real or personal property to be used for a purpose stated in section 503 of the act, whether the property is purchased contemporaneously with such application, or is to be purchased subsequent thereto. But as to any loan for a future purchase the guaranty will become effective only from the time the purchase is consummated.

(k) (1) "Reasonable normal value" is the price the property would ordinarily bring or the transaction would ordinarily cost in a contract between a willing and well informed buyer and a willing and well informed seller, both acting free from necessity and under circumstances not affected by economic or other conditions of an impermanent character.

(2) The purpose and intent are to assure that the price to be paid is not in excess of that on which a fair profit can be earned based on (i) the past record, if any; (ii) the reasonable probabilities of the future; and (iii) reasonably efficient management.

(l) (1) "Land" as used in section 503 of the act refers to an interest in realty defined in this section, and subject to the conditions therein.

(i) An interest in realty may be a fee simple estate, or certain other estates indicated in subdivisions (i) to (vi) of this subparagraph (1) (including an estate for years) eligible as security for guaranteed loans. But in any event the estate shall be one limited to end at a date more than 14 years after the ultimate maturity date of the loan, or when the fee simple title shall vest in the lessee; except that, if it is a leasehold that terminates earlier, it shall nevertheless be acceptable if lessee has the irrevocable right to renew for a term end-

ing more than 14 years after the ultimate maturity date of the loan or until the fee simple title shall vest in lessee: *Provided*, The mortgagee obtains a mortgage lien of the required dignity upon such option right or anticipated reversion or remainder in fee.

(ii) A life estate or other estate of uncertain duration is excluded, unless the remainder interests are also encumbered by a lien of the same dignity to secure the same debt.

(iii) A remainder interest in realty shall be eligible as security for a guaranteed loan only in the event that all the owners of intervening immediate or remainder interests lawfully can and do (*a*) joint in the mortgage in such manner as to subject all such intervening estates to the lien; or (*b*) execute and deliver a lease or other proper conveyance to the owner of the ultimate remainder in fee simple in such manner as to assure his legal right to possession and enjoyment until the vesting of his ultimate remainder interest.

(iv) If other than a fee simple estate or estate for years with minimum duration as stated in subdivision (i) of this subparagraph (1) is offered as security full information may be submitted to the Administrator before taking application from the veteran. The Administrator shall determine the eligibility of any such estate.

(v) The existence of any of the following will not require denial of the guaranty; hence will not require special submission:

(*a*) Outstanding easements for public utilities, party walls, driveways, and similar purposes;

(*b*) Customary building or use restrictions for breach of which there is no reversion and which have not been violated to a material extent;

(*c*) Slight encroachments by adjoining improvements;

(*d*) Outstanding water, oil, gas or other mineral, or timber rights which do not and will not materially impair the value for business purposes, and which are customarily waived by prudent lenders in the community: *Provided, however*, That if there is outstanding any legal right to quarry, mine or drill within 400 feet of the encumbered building the application for guaranty may be denied for that reason unless upon consideration of all the facts the Administrator determines otherwise. Such determination at the option of the lender or borrower may be obtained upon a special submission of all the facts prior to taking application for guaranty.

(vi) A mortgage on an undivided interest in realty shall not be acceptable unless all co-tenants of the veteran join in the mortgage, and unless such joinder has the legal effect of creating a lien on the property such as is otherwise required. In such case it shall not be required that the co-tenants join in, endorse, or otherwise become personally liable on the veteran's indebtedness. Notwithstanding such joinder in the mortgage by the co-tenants the value of the security for purpose of guaranty shall be determined with respect to the individual interest of the veteran only, and the guaranty will be limited to the proper proportion of that sum, irrespective of the actual amount of the loan.

(2) "Buildings" as used in section 503 of the act refer to structures of a permanent nature which are attached to and become a part of the land.

(3) "Personal property" means tangible or intangible property other than land or buildings as defined in subparagraphs (1) and (2) of this paragraph if such property is to be used in a business conducted by the veteran as prescribed in §§ 36.4200–36.4251. It includes property which by reason of the contract of the seller and purchaser remains personalty notwithstanding that except for such contract it would become a "fixture," or otherwise a part of the realty.

(4) "Supplies" means those articles normally used, necessary and expended in the operation of a business or profession, including those required by the service industries, both personal and industrial.

(5) "Equipment, machinery and tools" mean all such articles commonly so described, and which are required for use in pursuing a gainful occupation other than the resale thereof and which will be useful and reasonably necessary for the efficient and successful pursuit of such occupation. Equipment shall include structures which by operation of law or the terms of the applicable lease or other contract of the parties, do not become a part of the realty, and which may be removed without consent, or further consent, of the land owner.

(m) "Indebtedness" means the unpaid principal and accrued interest on the note, bond or other obligations, the subject of the guaranty, and includes also taxes, insurance premiums and any other items for which the debtor is liable under the terms of the mortgage, or other contract, including proper contractural or statutory trustee fees and attorney fees, if any.

(n) "Note" means a promissory note, a bond, or other instrument evidencing the debt and the debtor's promise to pay same.

(o) "Appraiser" means an individual or firm or corporation of recognized standing, approved in writing by the Administrator to appraise property. An applicant for designation as an approved appraiser shall show to the satisfaction of the Administrator that he is of good character and that his experience and information enable him to form sound opinions as to the reasonableness of the purchase price or cost of property to be appraised in the territory in which he expects to operate.

A list of appraisers, considered by the Administrator to be in good standing at the time §§ 36.4200–36.4251, become effective, may be approved.

(p) "Certificate of title" means, with respect to real property, a written and signed opinion or statement as to title by a qualified member of the bar of, or by a title company authorized to do such business in, the jurisdiction in which the mortgaged property is situated; or at the option of borrower and lender a title insurance or guaranty contract by a corporation authorized to engage in such business in the State wherein the property is situated; or appropriate evidence of title in the proposed encumbrancer pursuant to a Torrens or other similar title registration statute.

(q) "Credit report" means the report submitted by any credit reporting agency of at least five years' experience with facilities for national coverage, approved by the Administrator, or any other form of report acceptable to the Administrator for the purpose of determining the applicant's credit standing.

(r) "Eligible veteran" means a veteran who:

(1) Served in the active military or naval service of the United States on or after September 16, 1940, and before the officially declared termination of World War II.

(2) Shall have been discharged or released from active service under conditions other than dishonorable, either

(i) After active service of ninety days or more, or

(ii) Because of injury or disability incurred in service in line of duty, irrespective of the length of service; and

(3) Applies for the benefits of this Title within two years after separation from the military or naval forces, or within two years after the officially declared termination of World War II, whichever is later. In no event, however, may an application be filed later than five years after such termination of such war.

(s) "Eligible lenders" are persons, firms, associations, corporations and "governmental agencies and corporations, either State or Federal".

(t) "Creditor" means the payee, or any subsequent holder of the indebtedness, and includes a mortgagee.

(u) "Debtor" means the maker of the note or obligor in any other obligation, or any other person who is, or becomes, liable thereon, by reason of a contract of assumption or otherwise.

(v) "Used or conducted by a veteran" means personally directed and operated by a veteran on the site, with or without hired labor; not solely operated by a tenant or an employee who does not receive supervision and direction by the veteran.

(w) "Interest" means the compensation fixed by law or by the parties to a contract, for the use or detention of, or forbearance with respect to, money, irrespective of the name applied to such compensation.

§ 36.4201 *Miscellaneous.* Throughout §§ 36.4200–36.4251, unless the context otherwise requires: (a) the singular includes the plural; (b) the masculine includes the feminine and neuter; (c) person includes corporations, partnerships and associations; (d) month means calendar month, i. e., the period beginning on a certain date in one month and ending at midnight on the preceding date of the next month; (e) "the act" or "the statute" means the Servicemen's Readjustment Act of 1944 Ch. 268—78th Congress—2d Session. (Public No. 346), 58 Stat. 284; 38 U. S. C. 693; (f) Title III means Title III of the act.

Loans Eligible for Guaranty

§ 36.4202 *Eligible location.* To be eligible for guaranty a loan for any of the purposes stated in section 503 must be

in connection with an enterprise which has its principal place of business within the United States and any real or personal property encumbered to secure a loan shall be situated within the United States. Temporary removal for use in the course of the business will not affect the guaranty if the lien is not affected.

§ 36.4203 *Loans for business purposes.* Section 503 of the act provides for granting to an eligible veteran "the guaranty of a loan to be used in purchasing any business, land, buildings, supplies, equipment, machinery, or tools, to be used by the applicant in pursuing a gainful occupation (other than farming)." The application, therefore, may be approved by the Administrator if he finds that:

(a) The proceeds of such loan will be used for payment for real or personal property purchased or to be purchased by the veteran and used by him in the bona fide pursuit of such gainful occupation;

(b) Such property will be useful in and reasonably necessary for the efficient and successful pursuit of such occupation;

(c) The ability and experience of the veteran, and the conditions under which he proposes to pursue such occupation, are such that there is a reasonable likelihood that he will be successful in the pursuit of such occupation;

(d) The purchase price paid or to be paid by the veteran for such property does not exceed the reasonable normal value thereof as determined by proper appraisal; and

(e) The loan appears practicable.

§ 36.4204 *Loans for the acquisition of a business.* (a) The assets to be acquired may consist of real or personal property, tangible or intangible, or a combination of any such. The business so acquired may be operated by an individual or a partnership. The appropriate contracts or circumstances shall assure that upon acquisition of the contemplated interest in the business enterprise the veteran, as sole owner or as partner, shall have an active part in the management and direction thereof. The ultimate maturity of such loans shall not be in excess of 5 years.

(b) When the veteran purchases an interest in an existing business which interest will constitute security for a guaranteed loan, the bill of sale or other appropriate instrument shall expressly provide that the good will is included, and when appropriate, and in every case in the service industries, shall contain appropriate provisions, lawful in the jurisdiction, forbidding or restricting the seller's engaging in a similar business within such period of time and such area as the seller and purchaser agree. Encumbrance on interests in the business so acquired shall include all such rights, and in all cases, encumbrances on business interests shall expressly include good will.

(c) (1) To the extent practicable and legally permissible, all assets of the business acquired shall be pledged as security for the loan.

(2) Cash, notes, accounts receivable and other choses in action not an integral part of the business may be excluded.

(3) The lien on personalty may be a secondary lien provided the first lien secures only an obligation for part of the purchase price thereof.

(4) If realty is acquired in the transaction the lien on the realty shall be a first lien unless § 36.4206 is applicable.

(d) If the indebtedness of the veteran is not adequately secured by lien on the entire interest in specific chattels or other personal property but is secured by undivided interests in specific chattels or other personal property, or in a business enterprise owned by more than one person, the requirement of paragraph (i) (1) (vi) of § 36.4200, relating to undivided interests in realty shall be applicable to the interests in said chattels or business or other personal property.

(e) Loans for the acquisition of additional inventory or for other working capital purposes are not included in the act.

§ 36.4205 *Loans for purchases of equipment and supplies*—(a) *Loans for the purchase of equipment, machinery or tools (new or used).* (1) A loan for the entire purchase price of such articles, to be guaranteed in whole or in part, shall be secured by a conditional sales agreement, or by a first lien. The ultimate maturity of such loans shall not be in excess of 3 years.

(2) A loan for the initial payment on the purchase price of such articles shall not exceed one-third of the purchase price and subject to the same limitation shall not exceed $1,000.00. The ultimate maturity of such loans shall not be in excess of one year for loans which do not exceed $500.00, or 2 years for loans exceeding $500.00. Loans for such purposes shall be secured by second lien.

(3) In no event will application for guaranty be granted in respect to an obligation for the unpaid purchase price or any part thereof if application for guaranty shall have been granted (or is pending) in respect to the initial payment on the purchase price of the same property as contemplated by subparagraph (2).

(b) *Loans for the purchase of supplies.* A loan for the purpose of purchasing supplies as defined in § 36.4200 (i) (4) may be made if the loan does not exceed $1,000.00 and the maturity does not exceed 1 year. Such loans may be unsecured if security is not practicable or customary.

§ 36.4206 *Second loans to complete a purchase.* If the loan secured by a first lien is made, guaranteed or insured by a Federal Agency pursuant to law or regulation applicable thereto as provided in section 505 (a) of the act, and application is made to the Administrator to guarantee a second loan to cover all or part of the purchase price, such application may be granted if otherwise proper under the act and §§ 36.4200–36.4251, notwithstanding the loan is not secured by a first lien.

In such case the second loan shall not exceed 20% of the purchase price and the rate of interest shall not exceed 4% per annum.

§ 36.4207 *Life insurance, or additional security.* The lender and borrower may make mutually acceptable arrangements for life insurance, or for other security in addition to the property, if any, encumbered to secure the guaranteed loan.

§ 36.4208 *Loans for and mortgages on business realty*—(a) *Loans for the purchase of business realty (land, building).* Except as provided in section 505 of the act, loans for the purpose of purchasing business realty and in respect to which any guaranty is sought, shall be secured by a first lien on such property; but the existence of tax or special assessment prior liens will not disqualify security which is adequate and otherwise acceptable.

(b) *Mortgages required on business realty.* (1) Each business realty loan guaranteed under the provisions of Title III must be evidenced by a note or notes secured by appropriate security instrument or instruments (mortgage legally sufficient in the jurisdiction in which the property to be encumbered is situated). If the loan to be guaranteed does not exceed $500 and the lender does not require a mortgage, the Administrator may nevertheless guarantee such loan provided it complies otherwise with the act and §§ 36.4200–36.4251.

(2) The law of the State where the contract is made determines the capacity of the parties to contract. Similarly the law of the State wherein the real estate or personal property is situated determines the capacity of mortgagor to encumber and of the mortgagee to hold the legal rights resulting from encumbrance. The act does not modify such law of the State. The guaranty by the Administrator will be available only in the event that under the applicable State law the contract between the borrower and lender is binding on both, and the mortgage has the legal effect intended. Subparagraph (2) of this paragraph will be applicable particularly in cases involving minors, "persons of unsound mind," and persons under other legal disability by reason of the law of the State. It will be applicable also in cases involving mortgage or other loans which any guardian, conservator, or other fiduciary seeks to make or obtain; and to a guaranty thereof for which application is submitted.

(3) A term loan, which is in accord with applicable State or Federal law, and regulations, if, any, may be eligible for guaranty if the amount of the loan to be guaranteed plus the unpaid amount of all obligations secured by liens superior to the lien securing the proposed loan does not exceed two-thirds of the reasonable normal value of the property encumbered to secure the loan and if the ultimate maturity date of the mortgage indebtedness so secured, and to be guaranteed, is not more than five years from the date of the note. Such superior liens shall not be mortgage liens, except when the guaranty is issued pursuant to section 505 of the act.

(4) Except as provided in subparagraph (3) of this paragraph the loan shall be amortized. The obligation to be amortized may, and except for the first year shall, require such periodical payments of stated sums as will in accord-

ance with standard amortization practice result in payment of the entire principal and interest within not more than 20 years from the date of the loan, or the date of assumption by the veteran, whichever is later. At the request of the mortgagor the payments during the first year shall be less than the amount required thereafter, by the sum representing the interest charge on the guaranteed part of the loan, and which interest charge the Administrator will pay at the end of that year.

(5) Increase derived from live-stock which is held as collateral is not required to be included in the lien, and when so included may be disposed of by agreement between creditor and debtor without advising the Administrator of such disposition.

§ 36.4209 *Transfer of title.* The conveyance or other transfer of a veteran's interest in a business, or in other property, real, personal or mixed, which has been acquired wholly or in part with the proceeds of a loan guaranteed in whole or in part by the Administrator, shall not terminate or otherwise affect the contract of guaranty, unless (a) the creditor by express agreement for that purpose releases or otherwise discharges the veteran from personal liability thereon; or (b) by indulgence of, or by agreement with, the veteran's immediate or remote grantee, or vendee, contrary to §§ 36.4200–36.4251, and without the consent of the Administrator the creditor so alters the contract made by the veteran with the lender as to cause discharge of the veteran by operation of law.

§ 36.4210 *Obligation of guarantor.* To the extent prescribed the obligation of the United States is that of a guarantor, not an indemnitor.

§ 36.4211 *Contract provisions.* Subject to the provisions of the act and §§ 36.4200–36.4251, the contract between the lender and borrower may contain such provisions as they agree upon and which are reasonable and customary in the locality where the property is situated.

§ 36.4212 *Repayment provisions, business loans.* (a) Subject to §§ 36.4204, 36.4205 and 36.4208 the terms of repayment of the loan to be guaranteed may be such as the lender and borrower agree. Such terms should be predicated primarily upon the anticipated earning capacity of the business, the nature and normal useful life of the security, if any, and other material factors that would be considered by reasonably prudent persons similarly situated. Generally, such loans should be repayable on a monthly, quarterly, or seasonally amortized basis. An unamortized loan, except as provided in § 36.4208 (b) (3) will not be guaranteed.

(b) The loan agreement may provide for variable amortization payments dependent upon the earnings of the business, and for such other reasonable protective options as usually are required by prudent lenders of the community in comparable transactions.

(c) Any loan guaranteed by the Administrator under Title III of the act shall be payable in full in not more than twenty years.

§ 36.4213 *Prepayments.* (a) When the debt is to be amortized the note or other evidence thereof, or the mortgage securing same, shall contain appropriate provisions granting any person liable for such debt, the right to pay at any time the entire unpaid balance or any part thereof. Unless otherwise agreed all such prepayments shall be credited to the unpaid principal balance of the loan as of the due date of the next instalment. No premiums shall be charged for any partial or entire prepayment.

(b) Any person liable shall be entitled to prepay a term loan, or any part thereof, upon not less than one month's notice. The note or mortgage shall so provide.

(c) Any prepayment shall be applied in the manner and to the items directed by the person making the prepayment.

§ 36.4214 *Pro rata decrease of guaranty.* The amount of the guaranty shall decrease pro rata with any decrease in the amount of the unpaid principal of the loan, prior to the date the claim is submitted.

§ 36.4215 *Insurance coverage required.* (a) Buildings the value of which enter into the appraisal forming the basis for the loan guaranteed shall be insured against fire, and other hazards against which it is customary in the community to insure and in reasonable amount, at least equal to the amount by which the loan exceeds the value of the encumbered land, plus that of the improvements included in the appraisal but which are not subject to the hazards insured against: *Provided*, That upon a satisfactory showing at the time of application for guaranty that (1) it is impossible or impracticable to obtain such insurance because of location, prohibitive cost, or other good reason; (2) prudent lenders in such community customarily do not require such insurance, or some portion thereof (amount or hazard), and (3) the lender submitting the application is willing to make the loan without insurance coverage on one or more of the buildings, or without certain coverage, or in a reduced amount, and subject to the provisions of paragraphs (b) and (c) of this section; the Administrator may at the time of approving the application waive all or part of such insurance requirements, subject to the provisions of said paragraphs (b) and (c) of this section. No waiver will be granted on the basis of premium cost in any case wherein the premium cost on an annual basis does not exceed $5.00 per $1,000 of insurance against the hazard of fire, or $10.00 per $1,000 for fire and all other hazards covered by the insurance. For loans on personalty, insurance collectible in amount equal to the debt and against the hazards usually insured against, if reasonably available, at reasonable cost shall be required. The insurance coverage on personalty will be a factor in determining the practicability of the loan. The procuring of insurance of the amount and coverage stated in the approved application shall constitute conclusive evidence of waiver by the Administrator of insurance in excess of the amount stated in or in connection with the application and also all hazards and property not mentioned therein as hazards and property to be covered.

The creditor shall require that there be maintained in force such insurance of the coverage stated in the approved application in an amount not less than the amount stated or the amount of the unpaid indebtedness whichever is the lesser.

In the event insurance becomes unavailable the fact shall be reported to the Administrator for determination whether waiver shall be granted or loan declared in default.

(b) For the sole purpose of determining the amount payable upon a claim under the guaranty after an uninsured loss (partial or total) has been sustained, the unpaid balance of the loan (except as provided in paragraph (c) of this section) will be deemed to have been reduced by an amount equal to the amount of the uninsured loss, but in no event below an amount equal to the value of the land and other property remaining and subject to the mortgage.

(c) There shall be no reduction of the amount of the guaranty as provided in paragraph (b) of this section by reason of an uninsured loss which is uninsured (as to hazard or amount) by reason of a waiver by the Administrator as provided in paragraph (a) of this section.

(d) All insurance effected on the mortgaged property shall contain appropriate provisions for payment to the creditor (or trustee, or other appropriate person for the benefit of the creditor), of any loss payable thereunder. If by reason of the creditor's failure to require such loss payable provision in the insurance policy payment is not made to the mortgagee the liability on the guaranty nevertheless shall be reduced as provided in paragraph (b) of this section with respect to an uninsured loss, except to the extent that the liability under the policy was discharged by restoring the damaged property, by the insurer, or out of payments thereunder to the insured, or otherwise. No waiver pursuant to paragraph (a) of this section shall modify this paragraph (d).

(e) Upon the creditor (or trustee or other person) collecting the proceeds of any insurance contract, or other sum from any source by reason of loss of or damage to the mortgaged property, he shall be obligated to account for same, by applying it on the indebtedness, or by restoring the property to the extent the expenditure of such proceeds will permit. As to any portion of such proceeds the mortgagee is not entitled to retain for credit on such indebtedness or by reason of other legal right he shall hold and be obligated to pay over the same as trustee for the United States and for the debtor, as their respective interest may appear.

(f) Nothing in §§ 36.4200–36.4251 shall operate to prevent the veteran from procuring acceptable insurance through any authorized insurance agent or broker he selects. In all cases the insurance carrier shall be one licensed to do such business in the State wherein the property is situated.

§ 36.4216 *Loan charges.* (a) In the case of a purchase of business or real or personal property by the veteran, and a guaranty pursuant to the act and §§ 36.4200–36.4251 of an indebtedness representing part of the purchase price, there may be charged to the veteran and included in said note amounts actually paid or incurred by the seller (mortgagee) for such expenses and charges as are chargeable to such purchaser in accord with local custom, if the purchaser so agrees, such as fees for appraisals, credit and character report on the veteran, surveys; fees of purchaser's (not seller's) attorney, recording fees for recording the deed (or other conveyance) and the mortgage only, premiums on fire and other hazard insurance that may be required in accordance with §§ 36.4200–36.4251.

(b) In the case of a loan to the veteran, charges in accord with local custom, such as fees for appraisals, credit and character report, surveys, abstract, or title search, curative work and instruments, attorney fees, fees for tax certificates showing all taxes paid, premiums on fire and other hazard insurance that may be required in accordance with §§ 36.4200–36.4251, revenue stamps, recording fees, etc., all limited to amounts actually paid or incurred by the lender, may be charged to the borrower and withheld from the gross amount of the loan.

(c) Any unreasonable charges shall be grounds for denying an application for guaranty. No brokerage or other charges shall be made against the veteran for obtaining any loan guaranty under this title.

§ 36.4217 *Interest.* (a) The rate of interest chargeable on a loan guaranteed fully or in part, shall not exceed 4 per centum per annum on unpaid principal balances. Interest may be computed in accordance with standard amortization practices.

(b) The rate of interest on a secondary loan which is guaranteed pursuant to section 505 of the act may exceed by not more than 1% per annum the rate charged on the principal loan, but in no event shall the rate on the secondary loan exceed 4% per annum.

§ 36.4218 *Advances.* (a) Nothing herein shall prevent the creditor from making advances for the benefit of the mortgagor to pay taxes, and assessments on the real property (if any) securing the indebtedness, insurance premiums as they become due and the cost of the emergency repairs needed to protect the real or personal property, or to cover some particular emergency requirement of the business other than a working capital requirement, in order to prevent a default or to protect the security for the loan. The amount guaranteed by the Administrator shall be increased pro rata with all such increases in the unpaid principal balance of the loan: *Provided*, That (1) the annual interest rate on all advances shall not exceed 4 per centum per annum; (2) the terms of repayment shall not extend the date of the amortization of the loan, (3) the amount of the guaranty shall in no event exceed the original amount thereof, nor exceed the percentage of the indebtedness originally guaranteed, and (4) as to advances to cover an emergency requirement, the transaction is reported to the Administrator before or within 10 days after such advance, and is approved by him.

(b) In the case of any advance made by a creditor to a debtor, the creditor with the consent of the debtor, may apply any and all payments made by the debtor for a period of twelve months to the liquidation of the advance without considering the original loan in default. This shall not be construed to extend the period of indulgence contemplated by §§ 36.4234 and 36.4235.

Guaranty by the Administrator

§ 36.4220 *Limits.* In no event will the aggregate obligations of the United States as guarantor under Title III exceed $2,000 in respect to one veteran whether there be one or several loans, and whether some are obtained for the acquisition of a home, others for a farm, and others for business, or equipment, or other purposes. Repayment of a loan or loans in whole or in part, or transfer of the encumbered property does not modify or enlarge such limitation. The guaranty shall not at any time exceed 50 per centum of the aggregate of the indebtedness for any of the purposes specified in sections 501, 502 and 503 of the act.

§ 36.4221 *Second loan under section 505 (a).* Section 505 (a) of the act provides that when the principal loan for any of the purposes stated in section 501, 502 or 503 is "approved by a Federal agency to be made or guaranteed or insured by it pursuant to applicable law and regulations, and the veteran is in need of a second loan to cover the remainder of the purchase price or cost, or a part thereof," the Administrator may guarantee the full amount of the second loan, *Provided:*

(a) It does not exceed 20 per centum of the purchase price or cost.

(b) The amount guaranteed together with all other guarantees under Title III for the same veteran does not exceed $2,000.

(c) The loan conforms to all other applicable requirements of §§ 36.4200–36.4251.

§ 36.4222 *Two or more eligible veterans or borrowers.* (a) In the absence of a statement to the contrary, an application signed by two or more eligible veterans shall be conclusively presumed to be an application by each for the guaranty of an equal proportionate part of the entire amount to be guaranteed: *Provided, however*, That if husband and wife execute the application, both being eligible veterans, it will be conclusively presumed in the absence of a contrary statement in the application that it is an application for guaranty on behalf of the husband only, unless the amount of guaranty then available to the husband is insufficient to meet the requirements of the case for guaranty of a proper amount under §§ 36.4200–36.4251, and the terms of the application; in which event the deficiency may be charged against the amount available to the wife, unless she has in the application or otherwise (before approval) stated in writing her unwillingness to be so charged.

(b) The Administrator will not require a wife to sign an application made by her husband. If she also is an eligible veteran and desires to exercise her right as such to obtain a guaranty, a separate application by her will be required. Signature of her husband to indicate his pro forma joinder will be required only when the wife is resident of, or the application is signed in, or the property to be encumbered is situated in, a State under laws of which such contract cannot be legally executed by a married woman alone as in the case of an unmarried woman.

§ 36.4223 *Maximum liability where there are two or more veterans.* (a) For the purpose of determining the maximum amount of the potential liability of the United States under a guaranty incident to an obligation on which two or more eligible veterans who applied for the guaranty are liable, the obligation will be deemed a several, and not a joint, obligation of the respective applicants who were charged with the guaranty or a part thereof notwithstanding that as among the debtors or any of them, and as between them, or any of them, and the creditor, the obligation is in fact and law a joint obligation or a joint and several obligation.

(b) In no event will the amount of any veteran's debt thereunder be deemed to exceed for guaranty purposes the amount for which such veteran is legally liable to the holder of the obligation, nor the value of the interest of the veteran in the property. If more than one of the obligors is an eligible veteran and application by him or them is granted, the maximum aggregate amount of the guaranty will be the sum of the amounts available to each applying veteran but in no event will the aggregate of the guaranties for more than one veteran exceed 50 per centum of the total loan except as provided under section 505 of the act.

For the purpose of § 36.4223 the wife of a principal obligor shall not be counted unless (1) she is legally liable on the obligation under the law of jurisdiction where she executed it, and (2) if she is a veteran she be properly chargeable with a part or all of the guaranty as provided in § 36.4222.

§ 36.4224 *Veteran's application.* (a) To apply for a guaranteed loan the veteran and the prospective lender shall complete and sign in duplicate Form 1842, Application for Business or Business Realty Loan Guaranty, Form 1842b, if loan does not exceed $5,000, and both that form and Form 1842c, if the loan exceeds $5,000, Supplement to Application for a Business or Business Realty Loan Guaranty (Exhibit A and Exhibit B). Before or after preparing the application, and before submitting it, the lender and the veteran will address a joint inquiry to the regional office or combined facility having jurisdiction of the territory in which the veteran resides whether the proposed borrower is eligible and the amount of his available guaranty.

This information will be supplied on Form 1800, Certification of Eligibility. In addition to the necessary identifying information, they will state whether the property to be encumbered is real or personal, or both, the State and county in which it is situated and the nearest highway. The Administrator will reply on said Form 1800 or otherwise, stating the name and address of an approved appraiser of realty, and in the case of personal property, the person or persons to function as such. When the lender is a bank Form 1845, Appraiser's Check Sheet, may be completed by the bank and forwarded with the application to the agency.

(b) Before forwarding the executed application the prospective lender shall procure a credit report on the borrower and an appraisal of the business or real property by the appraiser designated.

(c) In every case involving real property, the appraiser's report shall indicate the basis, by survey or otherwise, of identifying the property appraised as that to be encumbered to secure the proposed loan. Serial numbers, if any, and other identifying data will be included in a report dealing with personal property to a sufficient extent to identify the property appraised as that which is to be encumbered.

(d) If the supplies, equipment, machinery, or tools purchased are new and bought through normal commercial channels, the invoice price will be considered "the reasonable normal value" provided such price does not exceed the published price less any available trade or other discounts, and does not include any amount representing a premium or other charge for immediate possession or delivery. If the articles are "used" an appraiser will be designated by the Administration as provided in paragraph (a) of this section.

(e) If (1) under §§ 36.4200–36.4251, a mortgage is not required and (2) the lender does not require a mortgage, and (3) the loan otherwise complies with §§ 36.4200 to 36.4251, inclusive, paragraph (c) of this section; paragraph (e) of § 36.4225; paragraphs (a), (d) and (e) of § 36.4230 shall be inapplicable to such loan and any guaranty thereof.

§ 36.4225 *Papers required.* The prospective lender shall submit to the agency the following papers:

(a) Certification of eligibility. (See § 36.4224 (a).)

(b) Loan guaranty certificate. (Form 1841 attached to application.)

(c) Original application for guaranty signed by prospective lender and borrower. (See § 36.4224 (a).)

(d) The credit report. (See § 36.4224 (b) and (d).)

(e) The appraisal report, if required.

(f) Copy of any option agreement, loan agreement or conditional sales agreement used in the transaction.

(g) Proposed loan closing statement of the estimated amounts to be disbursed by the lender for the account of the borrower. (See Form 1861.)

(h) Unless stated in the mortgage, or otherwise in the papers submitted, a statement of the kinds and amounts of insurance to be required to protect the mortgagor, the lender and the Administrator against loss by fire and other hazards, and the estimated premium cost thereof. (See § 36.4215.)

(i) When applicable, the original and copy (both signed) of Form 1862, Application to Amend Loan Guaranty Certificate. (See § 36.4231 (c) and (d).)

§ 36.4226 *Recommendation for approval of guaranty.* The agency shall review the papers to determine whether it will recommend approval of the application for guaranty. Thereupon the agency shall forward all the papers to the appropriate office of the Administrator with recommendation that (a) the Administrator approve the application, or (b) he disapprove it. If disapproval is recommended the reasons therefor shall be stated in writing at the time the papers are forwarded. A recommendation that the application be approved shall be appropriately endorsed on the original of the application.

§ 36.4227 *Administrator's action on application.* (a) Upon receipt of the papers from the agency, the Administrator will determine whether to approve the application. If disapproved he shall return to the proposed lender all papers except the original application for guaranty and the original appraisal report and shall state that the application for guaranty has been denied and the reasons therefor. He shall send a copy of the letter to the veteran and the agency. Upon denial any expenses incurred by the lender or borrower shall be borne by them or either of them as they shall have agreed.

(b) (1) The veteran and the proposed lender, or either, may appeal to the Administrator for review of a denial of the application.

(2) Such appeal may be by letter, or on any prescribed form, and shall be mailed or delivered to central office of the Veterans' Administration within one month after receipt of notice of denial.

(c) (1) If for any reason the loan transaction is not concluded and the same or another lender thereafter wishes to consider making a loan on the same security described in the original application, a supplemental application, if the same lender, or a new application if a different lender, may be submitted. If accompanying it is a statement by the borrower and lender that the condition of the security is substantially the same as when the appraisal report was made, the supplemental or new application may be approved without a new appraisal, if the supplemental or new application shall have been received by the Administrator within three months from the date of the appraisal report.

(2) Without reference to the time limit stated in subparagraph (1) of this paragraph (c) a copy of the appraisal report will be supplied without cost to a prospective new lender, or to the original proposed lender at the currently prescribed price for a copy.

§ 36.4228 *Execution and form of guaranty.* (a) If the Administrator approves the application he shall notify the Agency and the veteran thereof. For the purpose of evidencing the contract of guaranty, he shall execute a loan guaranty certificate, to become effective upon the conditions therein stated. It shall be in substantially the form following:

Veterans' Administration
Finance Form 1841

UNITED STATES OF AMERICA

LOAN GUARANTY CERTIFICATE ISSUED BY VETERANS' ADMINISTRATION

State _____
(Where property is located)

_____
(Lender, exactly as payee's name will appear on note.)

_____
(R. F. D. or Street) (Post Office)

_____
(County) (State)

Number LB-_____
(To be filled in by V. A.)

_____
(Borrower-Veteran, exactly as to be signed on note and mortgage.)

_____
(R. F. D. or Street) (Post Office)

_____
(County) (State)

I

A. This certificate shall become effective when the requirements of the statute and regulations have been complied with and the acts certified in part III hereof have been accomplished in compliance with said requirements.

B. When it becomes effective as hereinabove prescribed, this certificate shall obligate the United States of America to pay to the legal holder of the "note" described on the reverse hereof upon his duly filing claim therefor:

1. All or such portion of the maximum amount hereby guaranteed as becomes payable upon the conditions, at the time stated in, and in accordance with the provisions of the Servicemen's Readjustment Act of 1944 (38 U. S. Code 693; 58 Stat. 284), and the regulations issued pursuant thereto which are in effect on the date of this certificate. In no event will the obligation under this certificate exceed $2,000. Subject to the foregoing, this guaranty is for _____ per centum of the principal amount of said "note," but not for more than $_____. In no event will it exceed said percentage of the principal amount.

2. At the expiration of 1 year from the date of the "note," an amount equal to the interest for 1 year at the contract rate on that portion of the indebtedness ("note") originally guaranteed hereby, such payment to be credited on the indebtedness as prescribed by said regulations.

C. Executed on behalf of the United States of America by the Administrator of Veterans' Affairs, through the undersigned authorized agent on this date, to become effective in the manner hereinabove prescribed.

Dated_____

ADMINISTRATOR OF VETERANS' AFFAIRS,

By _____
(Authorized agent)

At _____
(Post Office)

NOTE: If loan is not closed, the proposed lender, or when paid, the holder of the note will mark this certificate "Cancelled," sign thereunder, and return to Veterans' Administration.

II

Description of Property to be "Mortgaged" (Lot and block, section and township, land lot and Land District, etc., and surveyor's field notes where appropriate, and any other language proper to complete description. Include description of personal property, if any. Describe fully: show serial numbers, if available, or any other means of identification.)

Premises identified as _____
(Name of place, if any,

_____
and R. F. D. Also number or name of nearest

_____
highway. Street and number in city, etc.)

_____ _____
(City, Town, Village) (County, Parish)

_____
(State, District, Territory)

III

CERTIFICATION BY BORROWER AND LENDER

A We hereby warrant that (1) the undersigned borrower names on the reverse hereof executed the note, the face amount of which is $_____ consisting of $_____ principal and $_____ interest, as defined in the regulations; (2) it is dated the _____ day of _____ 19__; (3) borrower(s) and mortgagor(s) delivered it together with the "mortgage" (as defined in the regulations) bearing the same date, and executed to secure payment of said note; (4) said note and mortgage are in the form and type contemplated in the application of the undersigned pursuant to which this loan guaranty certificate was issued; and (5) the principal stated above has been paid to, or according to the directions of, the undersigned borrower(s).

B. The undersigned lender warrants that (1) the same "mortgage," duly executed and witnessed, acknowledged, or proved as required by law, was properly filed, or filed for record, if and as provided by law on the _____ day of _____ 19__, at ____ M; and was given file No. _____ by the Recorder or other proper officials; (2) that it covers the property described on the reverse hereof, which is the same property described, or otherwise identified, or referred to, in the above-mentioned application for guaranty, and in this loan guaranty certificate or in the Application to Amend Loan Guaranty Certificate, if any, applicable to such loan; (3) that no lien superior to said "mortgage" has intervened since the date of said application unless the application indicates it is for a loan to be secured by a second lien as prescribed by the regulations; and (4) if the approved application for guaranty related to a loan wholly or partly to be secured by a hypothecation or a pledge of personal property, such hypothecation or pledge has become effective by appropriate delivery to the lender and no superior lien has intervened since date of application.

NOTE 1. If the note is unsecured, references to "mortgage" in paragraphs "A" and "B" above are inapplicable. (See Regulations, §§ 36.4205 and 36.4208.)

NOTE 2. If the local law provides for filing only, not recording, chattel mortgages or similar instruments, paragraph "B" above nevertheless is to be completed. It refers to not only the County Recorder or Clerk, but also to the State Commissioner of Motor Vehicles or other official who keeps motor vehicle mortgage records, and to other similar officials, State or County.

(b) The word principal as used in the Loan Guaranty Certificate and the certification on the reverse thereof means the amount of money actually disbursed to or for the account of the borrower.

§ 36.4229 *Disposition of papers.* The original application for guaranty and the appraisal report will be retained in the files of the Veterans' Administration. The Loan Guaranty Certificate and all other papers will be forwarded to the proposed lender with instructions as to closing the loan in a manner to make the guaranty effective.

§ 36.4230 *Loan procedure after approval of guaranty.* Upon receipt of the papers from the Administrator, the lender shall:

(a) Satisfy himself by title certificate as defined in these regulations as to the title to the real estate to be encumbered and satisfy himself in such reasonable manner as may be available as to the title to personal property to be encumbered.

(b) Cause all necessary instruments to be properly signed and those to be filed, or filed and recorded, properly witnessed, acknowledged or proved so as to entitle them to filing or recordation.

(c) Disburse all funds in substantial accord with the proposed loan closing statement submitted with the application. (See § 36.4225.)

(d) File with the proper State, County or other public official, to be retained where required, or recorded and returned, the "mortgage", and any other appropriate instrument which under the law of the State is required or permitted to be filed or recorded for the purpose of establishing a valid lien as between the parties, or third persons, or of giving actual or constructive notice of the "mortgage", pledge, hypothecation, or other transaction.

(e) Take possession or do any other necessary act to make effective the pledge, or hypothecation, if any.

§ 36.4231 *Report of closing loan.* (a) Within two months after closing the loan and filing with the appropriate public official of the proper instruments, or the taking of other appropriate steps, if any, to make the lien effective, the lender shall complete and forward to the Administrator (using prescribed form, if available) a properly signed report of closing the loan stating that:

(1) The disbursement of the amount named in such report as the principal of the note has been completed by the lender which amount may be not more than 3% in excess of the amount of the proposed loan as stated in the original application for guaranty without complying with the procedure stated in paragraphs (c) and (d) of this section.

(2) Such disbursements were as estimated on the loan closing statement submitted with the application, except as otherwise stated on the reverse side of the loan closing statement. (See § 36.4225.)

(3) The note and the mortgage (or other security instrument) were properly executed stating the date, and the latter was duly acknowledged, witnessed, or proved so that it was legally eligible for filing and for recording if appropriate; the date and hour when, and county in which it was properly filed; and the filing number thereof; or in the case of a pledge or hypothecation the necessary possession, or other steps were taken to make same effective.

(4) The note was dated, (stating the date thereon), and signed by the debtor; the actual principal amount thereof, and the rate of interest provided therein.

(5) The Loan Guaranty Certificate (stating its L-number) was completed, and appropriately signed by the lender and the borrower as therein provided.

(b) If lender is a corporation its corporate seal shall be impressed on such report.

(c) If the transaction to be closed is essentially the same as indicated in the original application except that:

(1) The amount of the loan actually to be made is more than 103% of the amount stated in the application, or (2) personal property to be acquired differs from that described but is for the same use or purpose, and substantially similar in kind, quality and value, Form 1862, Application to Amend Loan Guaranty Certificate, will be completed and signed in duplicate.

(d) The lender will forward the original and copy of Form 1862, Application to Amend Loan Guaranty Certificate, to the "Agency", which will recommend approval or disapproval and forward both to the Veterans' Administration office which issued the Loan Guaranty Certificate. Such office will determine whether to approve the Application to Amend Loan Guaranty Certificate. Such determination will be based on the original application, the evidence submitted in or with the original application, the application to amend, the recommendation of the agency, and such other evidence, if any, as it considers necessary. Notice of action will be given as in the case of original applications. If approved such approval will be appropriately indicated on the original, and such original, duly executed by the Veterans' Administration will be forwarded to the lender. It may be attached to the original Loan Guaranty Certificate to evidence amendment thereof as reflected by such "rider".

§ 36.4232 *New building.* (a) When an application submitted pursuant to the procedure set forth in the foregoing §§ 36.4224 and 36.4225 relates to the guaranty of a loan covering the cost of new building for business purposes, the lender will also furnish the following:

(1) Complete plans and specifications for the proposed new building.

(2) An estimate, prepared by a qualified appraiser, of the fair market value of the property on which the improvements will be situated together with a separate estimate of the increased value of the property which will result from the improvements according to the plans

and specifications. Such estimates of value are in addition to the appraiser's report of the "reasonable normal value."

(3) A copy of the agreement or agreements (which may be unsigned) on which the proceeds of the proposed loan will be disbursed.

(b) Upon the receipt of such papers the agency will follow the procedure prescribed in § 36.4226 and submit same to the Administrator for action under §§ 36.4227 and 36.4228.

(c) The borrower and lender may contract for the payment to the lender of a reasonable sum for the advance of funds during the construction and for the supervision or inspection of the new building.

(d) During the course of building the Administrator shall be entitled, at his expense, to cause such inspection of the construction work at such time or times as he may determine.

(e) The closing report required under § 36.4231 shall be forwarded within two months after completion of the new building and shall be accompanied with a statement by an appraiser on Finance Form 1803a stating that:

(1) He has inspected the building.

(2) The same has been built and completed in substantial conformity with the contract, plans and specifications, if any, and any authorized changes therein, permitted by these regulations.

(3) The increased value of the property as completed and which will be encumbered is substantially in accord with his estimate.

(f) Minor changes may be made in the plans and specifications or substitution of material of substantially equal quality or value, as the creditor, the debtor, and the builder (contractor) may agree if same are not of a major character and in the aggregate do not increase or decrease the cost more than five per centum of the contract price. This does not modify the provisions of § 36.4231. Changes or substitutions other than as herein stated must have the approval of the Administrator.

(g) Upon compliance with the requirements of this section and of §§ 36.4230 and 36.4231 relating to the guaranty becoming effective in other than new building cases, the loan guaranty certificate shall become effective as originally executed (and subject to § 36.4231), or as amended pursuant to approval of application therefor on Form 1862, Application to Amend Loan Guaranty Certificate.

(h) Compliance with paragraph (a) (2) and paragraph (e) of this section is not required in the case of loans not in excess of $500.

§ 36.4233 *When guaranty does not apply.* The guaranty shall not cover any loss sustained by the creditor as the result of:

(a) The acceptance by the mortgagee of a mortgage on any real or personal property, title to which is not merchantable;

(b) Failure of the mortgagee to procure a duly recorded lien of the dignity required by §§ 36.4200–36.4251; or a lien of such dignity by filing, without recording, if lawful, or by pledge or otherwise as required or permitted by applicable law in the jurisdiction where the property is situated at the time the loan is closed;

(c) Failure of the mortgagee to comply with § 36.4215 with respect to insurance;

(d) A tax sale pursuant to execution, or otherwise as provided by law, occasioned by nonpayment of taxes accruing against the mortgaged property after the date of the mortgage if mortgagee fails to give notice to the Administrator of the delinquent taxes at least one month before such sale;

(e) A release by the creditor of the lien on any of the real or personal property securing the guaranteed loan, or any part thereof unless the Administrator consents in writing. Such consent may be granted if the debt is appropriately reduced or on such other terms as the Administrator may determine: *Provided, however,* That if the land is sought by a public authority for highway or other purposes, consent is hereby given for the creditor to release without consideration or for such consideration as he deems proper and without reference to the Administrator, the creditor's lien on land without any buildings thereon if the land so released does not exceed five percent of the acreage encumbered and does not exceed $200 in value. The same consent is hereby given when the release, easement grant, or other instrument is sought by a public or private agency, or person, for the purpose of pipe line, telephone, telegraph or electric transmission lines: *Provided, however,* That when such releases, or grants by the lender for any one or more of the purposes stated in this paragraph (e), or otherwise, with or without specific consent by the Administrator, shall have decreased the security as much as five percent in acreage, or $200 in value, no further releases shall be executed, without consent of the Administrator. If such are executed without consent the amount of the guaranty will be reduced proportionately in the same manner as if the value of the released property were applied as a credit on the unpaid balance of the loan. The provisions of this paragraph (e) will not be construed to affect the guaranty in the event of any grant of title or easement that leaves unaffected the lien on the property affected thereby; or

(f) Sale by reason of foreclosure of a superior lien if the holder of the guaranteed loan secured by a subordinate lien has knowledge of such foreclosure sale as much as 10 days prior thereto and fails to notify the Administrator of the time and place thereof.

(g) The exercise of a right of reverter for breach of restrictive covenants.

Claims Under a Guaranty

§ 36.4234 *Default.* (a) In the event of default, not cured, continuing; (1) three months on an amortized loan which is secured by a mortgage on real property; (2) one month on an unamortized loan unsecured, secured by real or personal property; (3) two months on an amortized loan which is unsecured or secured by a lien on personal property, the creditor may elect to assert claim under the guaranty, and give notice thereof to the Administrator.

(b) If any default occasioned by failure seasonably to pay to the creditor entitled any amount of principal or interest due him under the contract (not cured) shall have persisted as long as six months on the type of loan described in paragraph (a) (1); or three months on the type described in paragraphs (a) (2) or (a) (3), the holder of the indebtedness shall give notice thereof to the Administrator notwithstanding the failure results from payments on advances as provided in § 36.4218 or from any indulgences of the debtor as provided in §§ 36.4235 or 36.4241.

(c) (1) The notice shall state the loan guaranty number if available. If not available other identifying data shall be included, such as date and amount of original obligation, location of Veterans Administration office that issued the guaranty and the property encumbered.

(2) In all cases the notice shall state the name and last known address of the debtor, of the veteran, and of the creditor, and the date and manner of default, and amount past due. If he desires, the creditor may also state his views as to any indulgence that should be extended.

(3) The notice to the Administrator shall be mailed by registered mail or personally delivered in exchange for a written receipt within one month after the expiration of the periods prescribed in paragraph (b) of this section.

§ 36.4235 *Claim on notice of default.* (a) In the notice of default or separately, then, or later, the creditor may make claim under the guaranty.

(b) Then or thereafter the creditor may also give notice of his intention to foreclose the lien or liens securing the indebtedness.

(c) The Administrator may approve the creditor's request, if any, to postpone action to press his claim against the mortgagor, or the property. Such postponement, with the consent of the Administrator, shall not operate to void or diminish the ultimate liability under the guaranty. Consent is hereby given for the lender to agree to deferring or reducing payments for not more than six months on an amortized note but not beyond a date six months beyond its original maturity, and subject to the same limitation, not beyond 20 years from date of the note. In no event shall indulgence or postponement of action authorized by §§ 36.4200–36.4251, impair any right of the creditor to thereafter proceed within the applicable statute of limitations period as if there had been no indulgence or postponement.

§ 36.4236 *Legal action.* (a) The creditor shall not begin action in court, or give notice of sale under a power of sale, until the expiration of 30 days after receipt by the Administrator of the notice of intention to foreclose. Notwithstanding paragraph (a) of § 36.4234 such notice may be given at any time after a default.

(b) (1) If the circumstances require immediate action to protect the interest of the creditor or the Administrator, the Administrator may waive the requirement for prior notice if notice of the action taken is immediately given.

(2) Without limiting the foregoing, the existence of conditions justifying the appointment of a receiver for the property shall be sufficient excuse for beginning suit without prior notice to the Administrator if within ten days after commencement of the suit or action, plaintiff gives the Administrator notice thereof.

(c) Subject to the provisions of this paragraph (c) the right to repossess personal property by virtue of law, or any contract, may be exercised without prior notice to the Administrator, but he shall be given notice thereof within ten days thereafter, and he or the debtor may exercise any rights of redemption or other legal rights available under the law of the jurisdiction within 30 days after such notice, or such longer period, if any, as is provided by such law. In any case the debtor or the Administrator shall be entitled to a good title to and possession of such property so repossessed upon compliance with the conditions of any agreement or upon paying or tendering to the person then in possession thereof within 30 days after such notice, the unpaid balance of the debt with interest to date of tender, and a reasonable sum in addition to cover expenses of the repossession.

§ 36.4237 *Notice of suit and subsequent sale.* (a) Within ten days after beginning suit or causing notice of sale without suit to be given, the creditor shall notify the Administrator thereof by registered mail or personal delivery in exchange for written receipt. The notice shall state whether the foreclosure will be by proceeding in court, or under a power of sale; the type and number of the suit, if any, and the name and location of the court in which pending.

(b) The creditor shall give written notice to the Administrator by registered mail (or delivery) of any foreclosure sale, judicial, or under a power of sale; or of any proposed termination of the rights of any vendee or his immediate or remote grantee (assignee) pursuant to any power or option in a sales contract, or in any other instrument affecting the property which constitutes any security for the obligation guaranteed. Such notice shall be given so that it is received at least thirty days before such sale or other proposed action. It shall state the date, hour and place thereof. The Administrator may bid thereat on the same terms as the lender or other bidders, and may exercise any right the debtor could exercise by virtue of the contract, or any statute, or otherwise. This section is applicable whether the suit, or the sale, or termination, occur before or after payment of the guaranty.

§ 36.4238 *Death of veteran or other owner.* (a) In the event the creditor has knowledge of the death of the veteran, or of any owner of an interest in the encumbered property, or the death of any other person liable on the indebtedness which is guaranteed in whole or in part, the creditor shall take such steps, if any, as are legally necessary, and reasonably available, in the jurisdiction where the encumbered property is situated, to avoid loss of the lien, or impairment thereof, or of all or part of the proceeds of any sale of the property as a result of, or incident to, such death, or of any probate proceedings thereby occasioned in said jurisdiction.

(b) In addition to protecting the lien rights as required by paragraph (a) of this section, the creditor at his discretion may proceed in probate, or otherwise, as may be permissible and feasible in any jurisdiction where administration proceedings are pending or properly may be instituted, or other appropriate legal action taken against assets or persons, to assert any rights, by means of any remedies, therein available to a similarly situated creditor of the decedent.

(c) Upon direction of the Administrator and his designation of an accessible attorney for the purpose, and making appropriate provisions for advancing or paying the costs and expenses of the proceeding, the creditor shall proceed as provided in paragraph (b) of this section: *Provided, however,* That in any case the Administrator may, at his option, proceed immediately in respect to protecting the lien, or asserting claim as contemplated by paragraph (b) of this section, or as to both remedies. If the Administrator takes action, it may be in his name or the name of the creditor as the Administrator may elect and as may be appropriate under applicable law. If action is taken by the Administrator he shall seasonably notify the creditor thereof.

(d) Nothing in this section shall impair any right of set-off or other right or remedy of the Administrator.

§ 36.4239 *Death or insolvency of creditor.* (a) Immediately upon the death of the creditor and without the necessity of request or other action by the debtor or the Administrator, all sums then standing as a credit balance in a "trust," or "deposit," or other account to cover taxes, insurance accruals, or other items in connection with the loan secured by the encumbered property, whether stated to be such or otherwise designated, and which have not been credited on the note shall, nevertheless, be treated as a set-off and shall be deemed to have been credited thereon as of the date of the last debit to such account, so that the unpaid balance of the note as of that date will be reduced by the amount of such credit balance: *Provided, however,* That any unpaid taxes, insurance premiums, rents, or advances may be paid by the holder of the indebtedness, at his option, and the amount which otherwise would have been deemed to have been credited on the note reduced accordingly. This section shall be applicable whether the estate of the deceased creditor is solvent or insolvent.

(b) The provisions of paragraph (a) of this section shall also be applicable in the event of:

(1) Insolvency of creditor;

(2) Initiation of any bankruptcy or reorganization, or liquidation proceedings as to the creditor, whether voluntary or involuntary;

(3) Appointment of a general or ancillary receiver for the creditor's property; or, in any case

(4) Upon the written request of the debtor if all secured and due insurance premiums, taxes, and ground rents have been paid, and appropriate provisions made for future accruals.

(c) Upon the occurrence of any of the events enumerated in paragraph (a) or (b) of this section interest of the note and on the credit balance of the "deposit" mentioned in paragraph (a) shall be set-off against each other at the rate payable on the principal of the note, as of the date of last debit to the deposit account. Any excess credit of interest shall be treated as a set-off against the unpaid advances, if any, and the unpaid balance of the note.

(d) The provisions of paragraphs (a), (b), and (c) of this section shall apply also to corporations. The dissolution thereof by expiration of charter, by forfeiture or otherwise shall be treated as in the death of an individual as provided in paragraph (a).

§ 36.4240 *Filing claim under guaranty.* Claim under the guaranty may be made on Form 1864, Claim under the Guaranty. Subject to the limitation that the total amount payable under the guaranty shall in no event exceed the original amount thereof, the amount payable under the guaranty shall be the percentage of the indebtedness originally guaranteed applied to the indebtedness (as defined in § 36.4200 (m)) computed as of the date of the claim, and reduced by any payments theretofore made by the United States pursuant to the guaranty.

§ 36.4241 *Options available to Administrator.* Upon receipt of claim under the guaranty or notice of intention to foreclose, the Administrator shall have the following options:

(a) Pay to the creditor not later than one month after receipt of notice of any default, as a partial payment of any actual or potential claim under the guaranty, the amount of principal, interest, taxes, advances or other items in default; and in consideration of such payment the lender shall be deemed to have agreed to refrain from giving effect to any acceleration provisions by reason of defaults prior to the date of notice of default theretofore given: *Provided, however,* That unless the creditor consents, the Administrator may exercise this option once only, and in an amount not exceeding an amount equivalent to the aggregate of principal and interest payable in one year, or not exceeding ten per centum of the original amount of the guaranty, whichever sum is less.

(b) Pay the creditor within one month after receipt of claim the full amount payable under the guaranty without requiring foreclosure, or personal action.

(c) Pay to the creditor promptly after receipt of claim any amount agreed upon, not exceeding the amount due under the guaranty; and notify him to institute appropriate foreclosure proceedings, with, or without, legal action to reduce the debt to judgment, against all or any of the parties liable thereon, and whose names are stated in such notice to the creditor.

(d) If the creditor does not begin appropriate action within two months after receipt of notice to institute action as provided in paragraph (c) above, the Administrator shall be entitled to begin

and prosecute the same to completion in the name of the creditor, or of the Administrator on behalf of the United States, as may be appropriate under applicable laws and rules of procedure: *Provided, however,* That in such event the Administrator shall pay (in advance if required under the practice in the jurisdiction) all court costs, and other expenses, and provide the legal services required.

§ 36.4242 *Refinancing and extension of guaranty.* (a) (1) In addition to the options available under § 36.4238 or § 36.4241, the Administrator, upon receiving (i) notice of intention to foreclose by judicial proceedings or otherwise or to repossess the property, real or personal, or otherwise to terminate the debtor's rights therein, or (ii) a claim for a guaranty, shall be entitled to obtain a refinancing of the indebtedness by delivering notice of intention so to do to the creditor prior to the date upon which otherwise it would be proper for the creditor to proceed. Upon receipt from the Administrator of such notice of intention to obtain a refinancing the creditor's right to proceed shall be suspended for sixty (60) days from the date stated by the Administrator in such notice as the date on which the Administrator received the creditor's notice of claim.

(2) If within the sixty day period prescribed in subparagraph (1) of this paragraph, an offer is received by the creditor to pay, or to purchase the indebtedness at par and interest to date of closing, it shall be the duty of the creditor to forthwith accept such offer, to execute and deliver appropriate instruments without recourse, and to refrain from further proceedings, or repossession, or termination of the debtor's rights.

(3) When (i) a claim for guaranty is filed, or (ii) when a refinancing occurs and an offer is made as contemplated by subparagraphs (1) and (2) of this paragraph, the creditor shall not be entitled to treat payments theretofore made by the debtor, or another, as liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note, or mortgage, or otherwise, to the contrary.

(4) Nothing herein shall be construed to require a creditor to lend money for such refinancing, nor to affect guarantees issued prior to the effective date of this amendment.

(b) If refinanced in any manner the Administrator may continue in effect the guaranty granted with respect to the previous loan in such manner as to cover the loan which effected the refinancing.

(c) The Administrator in appropriate cases shall be entitled to exercise any redemption rights of a debtor, or a creditor, in connection with the loan guaranteed, or property rights arising out of, or incident to, such loan.

§ 36.4243 *Subrogation.* (a) Any amounts paid to the creditor by the Administrator pursuant to the guaranty shall constitute a debt due to the United States by the veteran on whose application the guaranty was made; and by his estate upon his death. The Administrator is subrogated to the contract and the lien rights of the creditor to the extent of such payments, but junior to the creditor's rights as against the debtor or the encumbered property, until the creditor shall have received the full amount payable under his contract with the debtor. No partial or complete release by the creditor of the debtor or of the lien shall impair any rights of the Administrator, by virtue of the lien, or otherwise.

(b) The creditor, upon request, shall execute, acknowledge and deliver an appropriate instrument tendered him for that purpose, evidencing any payment received from the Administrator and the Administrator's resulting right of subrogation.

(c) The Administrator shall cause the instrument required by paragraph (b) of this section to be filed for record in the office of the recorder of deeds, or other appropriate office of the proper county, town, or state, in accordance with the applicable State law. The filing or failure to file such instrument for record shall have the legal results prescribed by the applicable law of the state where the real or personal property is situated, with respect to filing or failure to so file mortgages and other lien instruments and assignments thereof.

The references herein to "filing for record" include "registration" or any similar transaction, by whatever name designated when title to the encumbered property has been "registered" pursuant to a Torrens or other similar title registration system provided by law.

§ 36.4244 *Future action against mortgagor.* In addition to the amount, if any, collected from the proceeds of the encumbered property by reason of the right of subrogation, the United States will collect from the veteran, or his estate, by set-off against any amounts otherwise payable to the veteran or his estate; or in any other lawful manner, any sums disbursed by the United States on account of the claim pursuant to the guaranty.

§ 36.4245 *Suit by Administrator.* (a) Whenever pursuant to §§ 36.4200–36.4251, the Administrator institutes, or causes to be instituted by the creditor, or otherwise, any suit in equity; action at law; or probate proceedings or the filing of a claim in such; or other legal or equitable proceedings of any character, or any sale, in court or pursuant to any power of sale, the person or persons promptly instituting the same (including the Administrator) shall be entitled to recoup from any proceeds realized therefrom any expenses reasonably incurred, including trustee fees, court costs, and attorney fee paid (or the reasonable value of the services of the trustee and of the attorney, if performed by salaried person or persons, or by the party himself, when proper).

(b) The net proceeds, after setting off such items that may properly be recouped, shall be credited to the indebtedness, or otherwise as may be proper under the facts.

(c) In determining the propriety of recoupment and the amount thereof consideration shall be given to any provisions in the note or mortgage relating to such items, and any amounts actually realized pursuant thereto.

§ 36.4246 *Creditor's records and reports required.* (a) The creditor shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto, and the dates thereof. Any creditor who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim for default, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such creditor; not on the debtor, or the United States.

(b) On any delinquent loan the creditor shall report annually on the anniversary of the earliest unremedied default any amount received or disbursed the unpaid balance of principal and accrued interest and any other items chargeable; and the nature of any defaults not already reported. He shall include such additional information, if reasonably necessary and obtainable, which may from time to time be requested by the Administrator.

(c) A proposed lender may be required to submit evidence satisfactory to the Administrator of his equipment for maintenance of adequate records on, and his ability to service, loans if guaranteed pursuant to the provisions of the act and §§ 36.4200–36.4251.

§ 36.4247 *Failure to supply information.* Failure to supply any available information required by §§ 36.4200–36.4251 within two months after request therefor will entitle the Administrator to obtain such information otherwise, and the expense of so obtaining it, plus ten dollars to cover estimated overhead expenses, shall be chargeable to the creditor who failed to comply with such request.

§ 36.4248 *Notice to Administrator.* Any notice required by §§ 36.4200–36.4251 to be given the Administrator shall be sufficient if in writing, and delivered at, or mailed to, the Veterans' Administration office at which the application for guaranty was approved or to any changed address of which the creditor has been given notice or, at the option of the creditor, to the central office of the Veterans' Administration, Washington 25, D. C. If mailed the notice shall be by registered mail when so provided by §§ 36.4200–36.4251.

§ 36.4249 *Right to inspect books.* The Administrator has the right to inspect, at a reasonable time and place the papers and records pertaining to the loan and guaranty. If permission to inspect is declined the Administrator may enforce the right by subpoena under the provisions of Title III of Public No. 844, 74th Congress, 49 Stat. 2031–35, 38 U. S. C. 131, or in any other lawful manner.

§ 36.4250 *Forms, construction to be placed on reference to.* All references in §§ 36.4200–36.4251 to Form 1800, Certification of Eligibility, or to other form numbers shall be construed to include any revision of the same forms, identified by the same, or by different numbers.

§ 36.4251 *Disqualified lenders and bidders.* Except under unusual circumstances and upon prior approval by the Administrator an application for guaranty of a loan will not be approved if the lender is known to be an employee of the Veterans Administration or of the Agency; and without such approval, an employee of either may not bid at a foreclosure sale of the security for a guaranteed loan.

GUARANTY OR INSURANCE OF LOANS TO VETERANS

AUTHORITY: §§ 36.4300 to 36.4375 issued under 58 Stat. 284, 59 Stat. 626; 38 U. S. C. 693.

NOTE: Those requirements, conditions, or limitations which are expressly set forth in the act are not restated herein and must be taken into consideration in conjunction with §§ 36.4300 to 36.4375, inclusive.

§ 36.4300 *Applicability of §§ 36.4300 to 36.4375, inclusive.* Sections 36.4300 to 36.4375, inclusive, shall be applicable to each loan entitled to an automatic guaranty, or otherwise guaranteed or insured, on or after the date of publication thereof in the FEDERAL REGISTER, and shall be applicable to such loans previously guaranteed to the extent that no legal rights vested thereunder are impaired.

§ 36.4301 *Definitions.* Wherever used in the act or §§ 36.4300 to 36.4375, inclusive, unless the context otherwise requires, the terms defined in this section shall have the meaning herein stated, namely:

(a) "Act"—Public Law 346, 78th Congress (58 Stat. 284), cited as the "Servicemen's Readjustment Act of 1944", as amended by Public Law 268, 79th Congress (59 Stat. 626) (38 U. S. C., Sup., 693 et seq.).

(b) "Administrator"—the Administrator of Veterans' Affairs, or any employee of the Veterans' Administration authorized by him to act in his stead.

(c) "Alterations"—any structural changes or additions to existing realty or any modifications that increase the usefulness or efficiency of equipment or machinery used for farm or business purposes.

(d) "Combination loan"—any obligation the proceeds of which are expended for more than one purpose which are severally definable as "real estate loans" and "non-real estate loans".

(e) "Conducted by a veteran" (section 502)—personally performed, directed or operated by him on a full or part-time basis, with or without hired labor, not solely operated by a tenant or an employee who does not receive the direction and supervision of the veteran.

(f) "Cost"—the entire consideration paid or payable for or on account of the application of materials and labor to tangible property.

(g) "Date of first uncured default"—the due date of the earliest payment not fully satisfied by the proper application or available credits or deposits.

(h) "Default"—failure of a borrower to comply with the terms of a loan agreement.

(i) "Designated appraiser"—a person approved in writing by the Administrator to fix the value of property, or a specified type of property, within a stated area for the purpose of justifying the extension of credit to an eligible veteran for any of the purposes stated in Title III of the act. Such an appraiser is not an agent of the Administrator in any case.

(j) "Dwelling"—any building designed primarily for use as a home consisting of not more than four family units plus an added unit for each veteran if more than one eligible veteran participates in the ownership thereof.

(k) "Economic readjustment"—means rearrangement of an eligible veteran's indebtedness in a manner calculated to enable him to meet his obligations and thereby avoid imminent loss of the property which secures the delinquent obligation.

(l) "Engaging in business" or "pursuing a gainful occupation"—(section 503)—active participation in the operation, management and supervision of an enterprise or practice of a profession or trade, on a full- or part-time basis.

(m) "Farm" any real estate suitable or adaptable for farming operations.

(n) "Farming operations"—activities justifying capital expenditures which involve production of crops, livestock or other agricultural commodities and the marketing thereof and their products in amounts in excess of the subsistence needs of the operator.

(o) "Federal agency" as used in section 505 (a) of the act, means any Executive Department, administrative agency, or corporate instrumentality of the United States Government the stock of which is wholly owned by the United States.

(p) "Full disbursement"—payment by a lender of the entire proceeds of a loan for the purposes described in the report of the lender in respect of such loan to the Administrator either (1) by payment to those contracting with the borrower for such purposes, or (2) by payment to the borrower, or (3) by transfer to an account against which he can draw at will, or (4) by transfer to an escrow account, or (5) by transfer to an earmarked account if (i) the amount thereof is not in excess of ten percent of the loan, or (ii) the loan is one submitted by a lender of the class specified in section 500 (d) or section 508 of the act.

(q) "Guaranty"—the obligation of the United States, assumed by virtue of Title III of the act, to repay a specified percentage of a loan upon the default of the primary debtor.

(r) "Holder"—the lender or any subsequent assignee or transferee of the guaranteed or insured obligation.

(s) "Home"—place of residence.

(t) "Improvements"—any alteration that improves the property for the purpose for which it is occupied, operated, or employed.

(u) "Indebtedness"—the unpaid principal and interest plus any other amounts allowable under the terms of a loan including those authorized by statute and consistent with §§ 36.4300 to 36.4375, inclusive, which have been paid and debited to the loan account.

(v) "Insurance"—the obligation assumed by the United States to indemnify a lender to the extent specified in §§ 36.4300 to 36.4375, inclusive, for any loss incurred upon any loan insured under section 508 of the act.

(w) "Insurance account"—the record of the amount available to a lender or purchaser for losses incurred on loans insured under section 508 of the act.

(x) "Lender"—the payee or assignee or transferee of an obligation at the time it is guaranteed or insured.

(y) "Lien"—any interest in, or power over, real or personal property, reserved by the vendor, or created by the parties or by operation of law, chiefly or solely for the purpose of assuring the payment of the purchase price, or a debt, and irrespective of the identity of the party in whom title to the property is vested, including but not limited to mortgages, deeds with a defeasance therein or collaterally, deeds of trust, security deeds, mechanics' liens, lease-purchase contracts, conditional sales contracts, consignments.

(z) "Non-real estate loan"—any obligation incurred for the purchase, alteration, improvement or repair of personal property; or any loan which is not a real estate loan.

(aa) "Purchase price"—the entire legal consideration paid or payable upon or on account of the sale of property, exclusive of acquisition costs, or for the cost of materials and labor to be applied thereto.

(bb) "Real estate loan"—any obligation incurred for the purchase of real property or a leasehold estate as limited in §§ 36.4300 to 36.4375, inclusive, or for the construction of fixtures or appurtenances thereon or for alterations, improvements or repairs thereon required by §§ 36.4300 to 36.4375, inclusive, to be secured by a lien on such property or is so secured.

(cc) "Reasonable value"—that figure which represents the amount a designated appraiser, unaffected by personal interest or prejudice, would recommend as a proper price or cost to a prospective purchaser, whom the appraiser represents in a relationship of trust, as being a fair price or cost in the light of prevailing conditions.

(dd) "Repairs"—any alteration of existing realty, machinery, or equipment which is necessary or advisable for protective, safety, or restorative purposes.

(ee) "Residential property"—(1) any improved real property or leasehold estate therein as limited by §§ 36.4300 to 36.4375, inclusive, the primary use of which is for occupation as a home, consisting of not more than four family units, plus an added unit for each eligible veteran if more than one participates in the ownership thereof; or (2) any land to be purchased out of the proceeds of a loan for the construction of a dwelling, and on which such dwelling is to be erected.

(ff) "Repossession-repossessed"—recovery or acquisition of such physical control of property (pursuant to the provisions of the security instrument or as otherwise provided by law) as to make

further legal or other action unnecessary in order to obtain actual possession of the property or to dispose of the same by sale or otherwise.

General Provisions

§ 36.4302 *Computation of guaranties or insurance credits.* (a) The sum of all guaranties and credits to insurance accounts covering loans made to an individual veteran shall not exceed $2,000 for non-real estate loans, nor $4,000 for real estate loans, nor a proper proportion of such maxima on loans of both types or any combination thereof.

(b) Excepting loans fully guaranteeable under section 505 (a), not more than 50% of the original principal amount of any loan may be guaranteed. The maximum credit to the insurance account of a lender relative to any insured loan shall be 15% of the original principal amount of such loan or the amount thereof which could be guaranteed, whichever is less.

(c) The following formula shall govern the ascertainment of the amount of the guaranty benefit which is available to an eligible veteran:

(1) To compute unused guaranty, add to realty guaranty used for prior loans twice the non-realty guaranty used. Subtract this sum from $4,000. The sum remaining is, subject to the limitations of the act, the amount of realty guaranty available. The non-realty guaranty available is one-half of said sum.

(2) To compute the amount of guaranty on combination loans:

Allow not to exceed 50% of the cost of the real estate but not to exceed the maximum real estate guaranty available;

If any real estate guaranty remain available, not to exceed one-half thereof may be allowed on the non-real estate portion of the loan.

(d) For the purpose of computing the remaining guaranty or insurance benefit to which a veteran is entitled, loans guaranteed prior to the effective date of §§ 36.4300 to 36.4375, inclusive, shall be taken into consideration as if made subsequent thereto.

(e) A loan made by an insurable lender may be either guaranteed or insured at the option of the borrower and the lender: *Provided*, That if the Administrator is not advised of the exercise of such option at the time the loan is reported pursuant to § 36.4303 such loan will not be eligible for insurance.

(f) A guaranty is reduced or increased pro rata with any reduction or increase in the amount of the guaranteed indebtedness, but in no event will the amount payable on a guaranty exceed the amount of the original guaranty or the percentage of the indebtedness corresponding to that of the original guaranty.

(g) The amount of any guaranty or the amount credited to a lender's insurance account in relation to any insured loan shall be charged against the original or remainder of the guaranty benefit of the borrower. Complete or partial liquidation, by payment or otherwise, of the veteran's guaranteed or insured indebtedness does not increase the remainder of the guaranty benefit, if any, otherwise available to the veteran. When the maximum amount of guaranty or insurance legally available to a veteran shall have been granted, no further guaranty or insurance is available to him.

§ 36.4303 *Reporting requirements.* (a) With respect to loans automatically guaranteed under section 500 (a) of the act, evidence of the guaranty will be issuable to a lender of a class described under section 500 (d) of the act if the loan is reported to the Administrator within 30 days following full disbursement, and upon the certification of the lender that:

(1) There has been no default thereunder;

(2) An construction, repairs, alterations, or improvements effected subsequent to the appraisal of reasonable value, and paid for out of the proceeds of the loan, which have not been inspected and approved upon completion by a compliance inspector designated by the Administrator have been completed properly in full accordance with the plans and specifications upon which the original appraisal was based, and any deviations or changes of identity in said property have been approved as required in § 36.4304 concerning guaranty or insurance of loans to veterans;

(3) The loan conforms otherwise with the applicable provisions of the act and of the regulations concerning guaranty or insurance of loans to veterans;

Provided, however, That if the report shows that any part of the proceeds of a loan is held in escrow or earmarked as provided in the definition of "full disbursement" contained in the regulations concerning guaranty or insurance of loans to veterans, approval of the loan for guaranty or insurance shall be evidenced by a certificate of commitment.

(b) Loans made pursuant to section 505 (a) or section 508 of the act although not entitled to automatic guaranty or insurance thereunder, may, when made by a lender of a class described in section 500 (d) thereof, be reported for issuance of a guaranty or of an insurance credit, or a certificate of commitment as provided in paragraph (a) of this section.

(c) Each loan proposed to be made to an eligible veteran by a lender not within a class described in section 500 (d) of the act shall be submitted to the Administrator for approval prior to closing. Section 500 (d) lenders shall have the optional right to submit any loan for such prior approval. The Administrator upon determining any loan so submitted to be eligible for a guaranty, or for insurance, will issue a certificate of commitment with respect thereto.

(d) A certificate of commitment shall entitle the holder to the issuance of the evidence of guaranty or insurance upon the ultimate actual payment of the full proceeds of the loan for the purposes described in the original report and upon the submission within 30 days thereafter of a supplemental report showing that fact and:

(1) The identity of any property purchased therewith,

(2) That all property purchased or acquired with the proceeds of the loan has been encumbered as required by the regulations concerning guaranty or insurance of loans to veterans,

(3) That any construction, repairs, alterations, or improvements paid for out of the proceeds of the loan which have not been inspected and approved subsequent to completion by a compliance inspector designated by the Administrator have been completed properly in full accordance with the plans and specifications upon which the original appraisal was based and that any deviations or changes of identity in said property have been approved as required by § 36.4304, and

(4) That the loan conforms otherwise with the applicable provisions of the act and the regulations concerning guaranty or insurance of loans to veterans.

(e) Upon the failure of the lender to report in accordance with the provisions of paragraph (d) of this section, the certificate of commitment shall have no further effect, or the amount of guaranty or insurance shall be reduced pro rata, as may be appropriate under the facts of the case: *Provided, nevertheless*, That if the loan otherwise meets the requirements of this section, said certificate of commitment may be given effect by the Administrator, notwithstanding the report is received after the date otherwise required.

(f) Evidence of a guaranty will be issued by the Administrator by appropriate endorsement on the note or other instrument evidencing the obligation, or by a separate certificate at the option of the lender. Notice of credit to an insurance account will be given to the lender. No evidence of a guaranty or insurance will be issued on any transaction unless the lender, the veteran, and the loan are shown to be eligible, and any unused, and unreserved entitlement of a veteran shall be applied to loans in the order in which they are reported to the Veterans' Administration. On and after the effective date of this section, unused certificates of eligibility issued prior to March 1, 1946 shall be void.

§ 36.4304 *Deviations; changes of identity.* (a) A deviation of more than 5 percent between the estimates upon which a certificate of commitment has been issued and the report of final payment of the proceeds of the loan, or a change in the identity of the property upon which the original appraisal was based, will invalidate the certificate of commitment unless such deviation or change be approved by the Administrator. Any deviation in excess of 5 percent or change in the identity of the property upon which the original appraisal was based must be supported by a new or supplemental appraisal of reasonable value: *Provided*, That substitution of materials of equal or better quality and value approved by the veteran and the designated appraiser shall not be deemed a "change in the identity of the property" within the purview of this section. A deviation not in excess of 5 percent will not require the prior approval of the Administrator.

(b) Subject to compliance with the regulations concerning guaranty or insurance of loans to veterans, the certificate of guaranty, or the evidence of insurance credit will be issuable within the available entitlement of the veteran on the basis of the amount of the loan stated in the final loan report.

(c) Any amounts which are disbursed for an ineligible purpose shall be excluded in computing the amount of the guaranty or insurance credit.

§ 36.4305 *Partial disbursement.* In cases where intervening circumstances make it impracticable to complete the actual paying out of the loan originally proposed, or justify the lender in declining to make further disbursements on a construction loan, evidence of guaranty or of insurance of the loan or the proper pro rata part thereof will be issuable if the loan is otherwise eligible for automatic guaranty or a certificate of commitment was issued thereon: *Provided:*

(a) A report of the loan is submitted to the Administrator within a reasonable time subsequent to the last disbursement, but in no event more than 90 days thereafter, unless report of the facts and circumstances is made and an extension of time obtained from the Administrator.

(b) There has been no default on the loan, except that the existence of a default shall not preclude issuance of a guaranty certificate or insurance advice if a certificate of commitment was issued with respect to the loan,

(c) The Administrator determines that a person of reasonable prudence similarly situated would not make further disbursements in the situation presented,

(d) There has been full compliance with the provisions of the act and of the applicable regulations up to the time of the last disbursement.

Provided further, however, That in the case of a construction loan when the construction is not fully completed the lender shall further certify as follows:

(e) The amount disbursed out of the proceeds of the loan and any other payments made by or on behalf of the veteran to the builder or contractor do not exceed 80 percent of the value of that portion of the construction performed (basing value on the contract price) plus the sum, if any, disbursed by the lender out of the proceeds of the loan for the land on which the construction is situated;

(f) Any amount advanced for land is protected by title or lien as provided in the regulations concerning guaranty or insurance of loans to veterans; and

(g) No enforceable liens, for any work done or material furnished for that part of the construction completed and for which payment has been made out of the proceeds of the loan, exist or can come into existence.

§ 36.4306 *Refunding of outstanding indebtedness.* (a) The proceeds of a guaranteed or insured loan if otherwise eligible may be used to refinance existing obligations of the veteran-applicant or to repay advances made by him provided:

(1) The obligation was incurred or the advance made within 60 days prior to the date of application to the lender, or

(2) The obligation represents the balance due on a land sale contract (see § 36.4354), or

(3) The obligation represents the balance due for the purchase of land on which new construction is to be financed through the proceeds of the loan, or

(4) Such obligation is eligible under section 507 of the act.

(b) If any part of an obligation which is refinanced with the proceeds of the loan submitted for guaranty or insurance is ineligible that portion of the loan which serves to refinance such part of the obligation shall be excluded in computing the amount of guaranty or credit to the insurance account of the lender in respect of that loan.

§ 36.4307 *Joint loans.* (a) The fact that other parties (1) will have an undivided interest with the veteran in the ownership of property, or (2) have joint and several liability with the veteran on a guaranteed or insured obligation shall not make a loan ineligible, but the amount of the loan upon which the guarantee or insurance shall be based in the case of a real estate loan, shall be proportional to the value of the veteran's interest in the property or estate; or, in the case of a non-real estate loan, shall be the reasonable value to the veteran of his participating share in or on his individual contribution to the enterprise. If the property so purchased is an interest in real property or a leasehold estate, the obligation shall be secured by a first lien (or by a second lien if under section 505) on the entire property or estate, or if an interest in personalty, shall be secured to the extent "legal and practicable."

(b) If two or more eligible veterans are joint-obligors and request a guaranty or credit to an insurance account, the total amount guaranteed or credited shall be charged equally to their respective guaranty benefits, or apportioned otherwise as they may designate. Regardless of the number of eligible veterans who are joint-obligors the maximum guaranty or insurance shall be calculated as if the obligation were several.

(c) Notwithstanding the interest of a veteran's spouse, as such, the full amount of the loan my be the basis for guaranty or insurance. If both spouses be eligible veterans, the maximum proportion of the loan which may be guaranteed or insured will not be increased, but either or both may, within such limitations, utilize available guaranty or insurance entitlement.

§ 36.4308 *Transfer of title by borrower.* The conveyance of, or other transfer of title to property by operation of law or otherwise, after the creation of a lien thereon to secure a loan which is guaranteed or insured in whole or in part by the Administrator, shall not constitute an event of default, or acceleration of maturity, elective or otherwise, and shall not of itself terminate or otherwise affect the guaranty or insurance.

§ 36.4309 *Amortization.* (a) All loans the maturity date of which is beyond 5 years from date of loan, or date of assumption by the veteran, shall be amortized. The schedule of payments thereon shall be in accordance with any generally recognized plan of amortization requiring approximately equal periodic payments and shall require a principal reduction not less often than annually during the life of the loan, except that on farm real estate loans the principal repayments may be postponed for not more than two years from the date of the loan. The final installment on any loan shall not be in excess of two times the average of the preceding installments, except that on a construction loan such installment may be for an amount not in excess of five per centum of the original principal amount of the loan. The limitations imposed herein on the amount of the final installment shall not apply in the case of any loan extended pursuant to § 36.4314 (a).

(b) Any plan of repayment on loans required to be amortized which does not provide for approximately equal periodic payments shall not be eligible unless approved by the Administrator.

(c) Every guaranteed or insured loan shall be repayable within the estimated economic life of the property securing the loan.

(d) Subject to paragraph (a) of this section, any amounts which under the terms of a loan do not become due and payable on or before the last maturity date permissible for loans of its class under the limitations contained in the act shall automatically fall due on such date. (See § 36.4334.)

§ 36.4310 *Prepayment.* The debtor shall have the right to prepay at any time, without premium or fee, the entire indebtedness or any part thereof not less than the amount of one installment, or $100, whichever is less, provided that any prepayment made on other than an installment due date need not be credited until the next following installment due date or 30 days after such prepayment, whichever is earlier. The holder and the debtor may agree at any time that any prepayment not previously applied in satisfaction of matured installments shall be re-applied for the purpose of curing or preventing any subsequent default. The initial four percent payment made by the Administrator may be considered a prepayment for the purposes of this section.

§ 36.4311 *Interest rates.* (a) Excepting non-real estate loans insured under section 508 of the act, the interest rate on any loan guaranteed or insured wholly or in part may not exceed four per centum per annum on the unpaid principal balance.

(b) On a non-real estate insured loan the interest rate may not be in excess of:

(1) Discount note—An amount equivalent to $3 discount per $100 of original face amount of a 1-year note, payable in equal monthly installments, or

(2) Interest bearing note—5.70 per centum per annum on the unpaid principal balance.

(c) Interest in excess of the applicable rate specified in the act shall not be payable on any advance, or in the event of any delinquency or default: *Provided*, That a late charge not in excess of an amount equal to 4 percent on any installment paid more than 15 days after due date shall not be considered a violation of this limitation.

§ 36.4312 *Closing costs.* (a) Any costs or expenses incurred in closing a loan or

financing a purchase and normally required to be paid by a purchaser or lienor incident to the making of a loan under local lending customs may be included in the amount paid out of the proceeds of a guaranteed or insured loan, except that no brokerage or service charge or their equivalent may be charged against the debtor or the proceeds of the loan either initially, periodically or otherwise: *Provided*, That a lender shall not be precluded from making a customary charge in construction loan cases for supervision and inspection during the course of construction. Loans guaranteed or insured pursuant to section 505 (a) of the act shall not exceed 20% of the purchase price as defined in § 36.4301 (aa).

(b) Brokerage or other charges shall not be made against the veteran for obtaining any guaranty, or insurance under section 508 of this title, nor shall any premiums for insurance on the life of the borrower be paid out of the proceeds of a loan, except that there may be paid out of the proceeds of a non-realty loan for farm or business purposes premiums on insurance not in excess of the amount of the loan and for a period not in excess of 2 years, or the term of the loan, whichever is less.

(c) Any commission or other consideration paid or payable by the veteran to a sales broker or another, as agent of the veteran or otherwise, shall not be considered as acquisition or closing costs and shall be treated as part of the purchase price for the purpose of determining that the purchase price of the property is not in excess of the reasonable value thereof, and when so treated any such commission or consideration may be paid out of the proceeds of the loan.

§ 36.4313 *Advances and other charges.* (a) A holder may include in a guaranteed or insured indebtedness or charge against the proceeds of the security therefor, any reasonable expense necessary and proper for the maintenance or repair of the security or for the payment of accrued taxes, special assessments, ground or water rent, or premiums on fire or other casualty insurance against loss of or damage to such property. Any expenses other than those expressly permitted may be debited against the indebtedness or deducted from the proceeds of the sale of the security if lawfully authorized by the loan agreement: *Provided*, That such other expenses shall not be considered in determining the amount payable by the Administrator, except as provided in paragraph (b) of this section.

(b) The holder may charge (1) against the proceeds of the sale of the security, (2) against gross amounts collected, (3) in any accounting to the Administrator after payment of a claim under the guaranty, (4) in the computation of a claim under the guaranty, subject to § 36.4321 (a), or (5) in the computation of an insurance loss, any of the following items actually paid:

(i) Any expense which is reasonably necessary for preservation of the security,

(ii) Court costs in a foreclsoure or other proper judicial proceeding involving the security,

(iii) Other expenses reasonably necessary for collecting the debt, or repossession or liquidation of the security,

(iv) Reasonable trustee's fees or commissions not in excess of those allowed by statute and in no event in excess of 5 percent of the unpaid indebtedness,

(v) Reasonable amount for legal services actually performed not to exceed 10 percent of the unpaid indebtedness as of the date of the first uncured default, or $250, whichever is less,

(vi) Any other expense or fee that is approved in advance by the Administrator.

(c) Nothing in this section shall be construed to authorize any charge against the debtor unless he otherwise be liable therefor.

§ 36.4314 *Extensions and re-amortizations.* (a) The terms of repayment of any loan may by written agreement between the holder and the debtor be extended in the event of default, to avoid imminent default, or in any other case where the prior approval of the Administrator is obtained. Except with the prior approval of the Administrator, no such extension shall set a rate of amortization less than that sufficient to fully amortize at least 80 percent of the loan balance so extended within the maximum maturity prescribed for loans of its class.

(b) In the event of a prepayment pursuant to § 36.4310, the balance of the indebtedness may, by written agreement between the holder and the debtor, be re-amortized, provided the re-amortization schedule will result in full repayment of the loan within the original maturity.

(c) In the event an additional loan is proposed to be made pursuant to § 36.4351 for the repair, alteration or improvement of real property on which there is an existing loan guaranteed or insured under the act, the terms of repayment of the prior loan may, by written agreement between the holder and the debtor, be recast to combine the schedule of repayments on the two loans, provided the entire indebtedness is repayable within the permissible maximum maturity of the original loan.

(d) Unless the prior approval of the Administrator has been obtained, any extension or re-amortization agreed to by a holder which relieves any obligor from liability will release the liability of the Administrator under the guaranty or insurance on the entire loan.

(e) The holder shall promptly forward to the Administrator an advice of the terms of any agreement effecting a re-amortitzation or extension of a guaranteed or insured loan.

§ 36.4315 *Reporting of defaults.* The holder of any guaranteed or insured loan shall give notice to the Administrator within 45 days after any debtor:

(a) is in default by reason of nonpayment of any installment for a period of 60 days from the date of first uncured default (see § 36.4301 (g)); or

(b) is in default by failing to comply with any other covenant or obligation of such guaranteed or insured loan which failure persists for a continuing period of 90 days after demand for compliance therewith has been made, except that if the default is due to non-payment of real estate taxes, the notice shall not be required until the failure to pay when due has persisted for a continuing period of 180 days.

§ 36.4316 *Continued default.* (a) In the event any failure of the debtor to discharge his obligations under the loan continues for a period of three months, or for more than one month on an extended loan or on a term loan, the holder may at his option, then or thereafter, submit a claim for payment of the guaranty. He may also then or thereafter give the notice prescribed in § 36.4317.

(b) A claim for the guaranty, or the notice prescribed in § 36.4317 may be submitted prior to the time prescribed in paragraph (a) of this section in any case where any material prejudice to the rights of the holder or to the Administrator or hazard to the security warrants more prompt action.

§ 36.4317 *Notice of intention to foreclose.* (See also § 36.4319.) Except upon the express waiver of the Administrator, a holder shall not begin proceedings in court or give notice of sale under power of sale, or otherwise take steps to terminate the debtor's rights in the security until the expiration of 30 days after delivery by registered mail to the Administrator of a notice of intention to take such action: *Provided*, That (a) immediate action may be taken if the property to be affected thereby has been abandoned by the debtor, or has been or may be otherwise subjected to extraordinary waste or hazard, or if there exist conditions justifying the appointment of a receiver for the property (without reference to any contractual provisions for such appointment), and (b) any right of a holder to repossess personal property may be exercised without prior notice to the Administrator; but notice of any such action taken shall be given by registered mail to the Administrator within ten days thereafter.

§ 36.4318 *Refunding of loans in default.* (a) Upon receiving a notice of default or a claim for a guaranty or a notice under § 36.4317, the Administrator may within 30 days thereafter require the holder upon penalty of otherwise losing the guaranty or insurance to transfer and assign the loan and the security therefor to the Administrator or to another designated by him upon receipt of payment in full of the balance of the indebtedness remaining unpaid to the date of such assignment. Such assignment may be made without recourse but the transferor shall not thereby be relieved from the provisions of § 36.4325.

(b) If the obligation is assigned or transferred to a third party pursuant to paragraph (a) of this section the Administrator may continue in effect the guaranty or insurance issued with respect to the previous loan in such manner as to cover the assignee or transferee.

§ 36.4319 *Legal proceedings.* (a) When the holder institutes suit or otherwise becomes a party in any legal or equitable proceeding brought on or in connection with the guaranteed or insured indebtedness, or involving title to, or other lien on, the security, such holder, within the time that would be required if the Administrator were a party to the proceeding, shall deliver to the Administrator, by mail or otherwise, by making such delivery to the loan guaranty officer at the office which granted the guaranty or the insurance, or other office to which the holder has been notified the file is transferred, a copy of every procedural paper filed on behalf of holder, and shall also so deliver, as promptly as possible, a copy of each similar pleading served on holder or filed in the cause by any other party thereto. Notice of, or motion for, continuance and orders thereon are excepted from the foregoing.

(b) A copy of a notice of sale under power by a holder or one acting at his behest (e. g. trustee or public official) shall be similarly delivered to the Administrator at or before the date of first publication, posting, or other notice, but in any event, except in emergency or when waived by the Administrator, not less than ten days prior to date of sale. Copy of any other notice of sale served on the holder or of which he has knowledge shall be similarly delivered to the Administrator, including any such notice of sale under tax or other superior lien or any judicial sale.

(c) The procedure prescribed in paragraphs (a) and (b) of this section shall not be applicable in any proceeding to which the Administrator is a party, after his appearance shall have been entered therein by a duly authorized attorney.

(d) In any legal or equitable proceeding (including probate and bankruptcy proceedings) to which the Administrator is a party, original process and any other process prior to appearance, proper to be served on the Administrator, shall be delivered to the loan guaranty officer of the regional office of the Veterans' Administration having jurisdiction of the area in which the court is situated. Within the time required by applicable law, or rule of court, the Administrator will cause appropriate special or general appearance to be entered in the cause by his authorized attorney.

(e) After appearance of the Administrator by attorney all process and notice otherwise proper to serve on the Administrator before or after judgment, if served on his attorney of record shall have the same effect as if the Administrator were personally served within the jurisdiction of the court.

(f) If following a default the holder does not begin appropriate action within 2 months after requested in writing by the Administrator to do so, or does not prosecute such action with reasonable diligence, the Administrator may at his option intervene in, or begin and prosecute to completion any action or proceeding, in his name or in the name of the holder, which the Administrator deems necessary or appropriate, and may fix a date beyond which no further charges may be included in the computation of the guaranty claim or an insured loss. The Administrator shall pay, in advance if necessary, any court costs or other expenses incurred by him, or properly taxed against him, in any such action to which he is a party, but may charge the same, and also a reasonable amount for legal services, against the guaranteed or insured indebtedness, or the proceeds of the sale of the security to the same extent as the holder (see § 36.4313), or otherwise collect from the holder any such expenses incurred by the Administrator because of the neglect or failure of the holder to take or complete proper action. The rights and remedies herein reserved are without prejudice to any other rights, remedies or defenses, in law or in equity, available to the Administrator.

§ 36.4320 *Sale of security.* (a) If any security for a guaranteed or insured loan is to be disposed of through a private sale, the amount to be realized therefrom shall be reported in the notice required under § 36.4317, or by subsequent written advice at least 10 days in advance of the sale, and the Administrator may thereupon either assent to such sale, or upon agreement to indemnify the holder to the extent of any increased or resultant loss consequent thereon, may establish an upset price which shall govern in adjusting the rights and liabilities of the holder and the Administrator.

(b) Upon receipt of notice of a public sale to liquidate any security for a guaranteed or insured loan the Administrator may appraise such security and notify the holder in advance of the sale of the amount required to be credited to the indebtedness on account of the sale thereof, subject to the following alternatives:

(1) If a third party acquires the security at the sale the holder shall credit against the indebtedness the net proceeds of the sale, or the amount specified by the Administrator, whichever is the greater.

(2) If the holder acquires the security at the sale he shall credit the indebtedness for the purpose of accounting to the Administrator, the amount specified by the Administrator, paying over to the Administrator, the excess if any by which such credit exceeds the sum required to satisfy the indebtedness and may further dispose of the security in accordance with the rights he derived through the sale, or he may within 15 days after the date of the sale advise the Administrator of his election to transfer or convey the security, or the rights therein derived through the sale, to the Administrator in return for payment of the specified amount required to be credited to the indebtedness, or the amount required to satisfy the indebtedness, whichever is the less.

(3) Upon receiving repayment in full of all payments made on the guaranty or insurance, or upon such other terms as may be agreed, the Administrator shall deliver appropriate release of all rights in the property accruing by reason of the guaranty or insurance of the loan.

(c) When a debtor proposes to transfer or convey any security or other property to a holder to avoid foreclosure or other judicial, contractual, or statutory disposition or relinquishment of the obligation or of the security the consent of the Administrator to the terms of such proposal shall be obtained in advance of such transfer or conveyance. Prior to giving such consent the Administrator shall appraise the property which is to be transferred or conveyed and shall fix the amount which the holder shall be required to allow for the value of any such property in any subsequent accounting to the Administrator for a surplus resultant after payment of a guaranty, or in computing the net loss on a loan insured under section 508. The holder shall be entitled to elect to transfer or convey the property to the Administrator upon payment by the Administrator of the stated valuation up to the amount thereof required to satisfy in full the remaining balance of the indebtedness. Such election must be exercised by the holder within 15 days after receiving the transfer or conveyance of the property or he will be deemed to have elected to retain the property and to allow the required credit.

(d) If under the applicable State law, or decree of foreclosure or order of sale a minimum acceptable bid is provided, and the maximum bid for the property fails to equal such amount at the sale or if the court refuses to confirm a foreclosure sale, the creditor may submit to the Administrator a proposal for an agreement as to value of such property for purposes of a claim for guaranty, or insurance, or for accounting to the Administrator in respect of the property pursuant to § 36.4321 (b) and (c). The Administrator thereupon shall proceed in the manner provided in paragraph (c) of this section and fix the value of the property. The value so fixed by the Administrator shall govern as between the Administrator and the creditor if the creditor elects to proceed with further sale of such property pursuant to said decree or order. If the creditor does not so elect the rights and liabilities of all parties will remain unaffected by such submission.

§ 36.4321 *Computation of guaranty claims; subsequent accountings.* (a) Subject to the limitation that the total amounts payable shall in no event exceed the amount originally guaranteed, the amount payable on a claim for the guaranty shall be the percentage of the loan originally guaranteed applied to the indebtedness computed as of the date of claim but not later than (1) the date of judgment or of decree of foreclosure, or (2) in non-judicial foreclosures the date of publication of the first notice of sale, or (3) in cases in which the security is repossessed without a judgment, decree or foreclosure the date the holder repossesses the security, or (4) if no security is available or no repossession takes place, the date of claim but not more than 6 months after the first uncured default. Deposits or other credits or setoffs legally applicable to the indebtedness on the date of computation shall be applied in reduction of the indebtedness on which the claim is based. Any escrowed or earmarked funds not subject to superior claims of third persons must likewise be so applied.

(b) Credits accruing from the proceeds of a sale or other disposition of the security subsequent to the date of computation, and prior to the submission of the claim, shall be reported to the Administrator incident to such submission, and the amount payable on the claim shall in no event exceed the remaining balance of the indebtedness.

(c) The claimant shall be deemed to have received as trustee for the benefit of the United States any amounts received on account of the indebtedness after the date of the claim, from the proceeds of a sale of the security or otherwise, to the extent such credits exceed the balance of the indebtedness unsatisfied by the payment of the guaranty. He shall forthwith pay such amounts to the Administrator to the extent of the debtor's liability to the Administrator as guarantor.

(d) Any allowable expenditures or costs paid subsequent to the date of computation of the claim and before accounting to the Administrator, and accrued interest from the date of claim to the date of sale, may be deducted by the holder from the proceeds of the sale of the security, or may be included in the accounting to the Administrator on such loan.

§ 36.4322 *Computation of indebtedness.* In computing the indebtedness for the purpose of filing a claim for payment of a guaranty or for payment of an insured loss, or in the event of a transfer of the loan under § 36.4318 (a), or other accounting to the Administrator, the holder shall not be entitled to treat repayments theretofore made as liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note, or mortgage, or otherwise, to the contrary.

§ 36.4323 *Subrogation and indemnity.* (a) The Administrator shall be subrogated to the contract and the lien or other rights of the holder to the extent of any sum paid on a guaranty or on account of an insured loss, which right shall be junior to the holder's rights as against the debtor or the encumbered property until the holder shall have received the full amount payable under his contract with the debtor. No partial or complete release by a creditor shall impair the rights of the Administrator with respect to the debtor's obligation.

(b) The holder, upon request, shall execute, acknowledge and deliver an appropriate instrument tendered him for that purpose, evidencing any payment received from the Administrator and the Administrator's resulting right of subrogation.

(c) The Administrator shall cause the instrument required by paragraph (b) of this section to be filed for record in the office of the recorder of deeds, or other appropriate office of the proper county, town or State, in accordance with the applicable State law. The filing or failure to file such instrument for record shall have the legal results prescribed by the applicable law of the State where the real or personal property is situated, with respect to filing or failure to so file mortgages and other lien instruments and assignments thereof.

The references herein to "filing for record" include "registration" or any similar transaction, by whatever name designated when title to the encumbered property has been "registered" pursuant to a Torrens or other similar title registration system provided by law.

(d) As a condition to paying a claim for an insured loss the Administrator may require that the loan, including any security or judgment held therefor, be assigned to the extent of such payment, and if any claim has been filed in bankruptcy, insolvency, probate, or similar proceedings such claim may likewise be required to be so assigned.

(e) Any amounts paid by the Administrator on account of the liabilities of any veteran guaranteed or insured under the provisions of the act shall constitute a debt owing to the United States by such veteran.

§ 36.4324 *Release of security.* (a) Except upon full payment of the indebtedness the holder shall not release a lien or other right in or to real property held as security for a guaranteed or insured loan, or grant a fee or other interest in such property, without the prior approval of the Administrator, unless in the opinion of the holder such release does not involve a decrease in the value of the security in excess of $300, *Provided*, That the aggregate of the reduction in the original value of the security resultant from such releases without the Administrator's prior approval does not exceed $300.

(b) Holder may release from the lien personal property including crops without the prior approval of the Administrator.

(c) Except upon full payment of the indebtedness or upon the prior approval of the Administrator, the holder shall not release a lien under paragraphs (a) or (b) of this section unless the consideration received for the release is commensurate with the fair market value of the property released and the entire consideration is applied to the indebtedness, or if encumbrance on other property is accepted in lieu of that released it shall be the holder's duty to acquire such lien on property of substantially equal value which is reasonably capable of serving the purpose for which the property released was utilized.

(d) Failure of the holder to comply with the provisions of this section shall not in itself affect the validity of the title of a purchaser to the property released.

(e) The holder shall notify the Administrator of any such release or substitution of security within 30 days after completion of such transaction.

(f) The release of the personal liability of any obligor on a guaranteed or insured obligation resultant from the act or omission of any holder without the prior approval of the Administrator shall release the obligation of the Administrator as guarantor or insurer, except when such act or omission consists of: (1) Failure to establish the debt as a valid claim against the assets of the estate of any deceased obligor provided no lien for the guaranteed or insured debt is thereby impaired or destroyed; or, (2) an election and appropriate prosecution of legally available effective remedies with respect to the repossession or the liquidation of the security in any case, irrespective of the identity or the survival of the original or of any subsequent debtor, if holder shall have given such notice as required by § 36.4317 and if after receiving such notice, the Administrator shall have failed to notify the holder within 15 days to proceed in such manner as to effectively preserve the personal liability of the parties liable, or such of them as the Administrator indicates in such notice to the holder.

(g) Nothing herein shall be construed to restrict the expenditure of working capital, the processing of materials, or the sale of merchandise or inventory in the ordinary course of business.

(h) Increase derived from livestock which constitutes security is not required to be included in the lien, and when so included may be disposed of by agreement between holder and debtor without advising the Administrator of such disposition.

§ 36.4325 *Partial or total loss of guaranty or insurance.* (a) There shall be no liability on account of a guaranty or insurance with respect to a transaction in which a signature to either the note, the mortgage, or any other loan papers, or the application for guaranty or insurance is a forgery; or in which the discharge or certificate of eligibility is counterfeited, or falsified, or is not issued by the Government.

Except as to a claimant on a negotiable instrument who acquired same before maturity, for value, and without notice, any material misrepresentation or fraud by the lender, or by the holder, or the agent of either, in procuring the guaranty, the insurance credit, or a transfer thereof, shall relieve the Administrator of liability.

(b) In taking security required by the act and the regulations in this subpart, a holder shall obtain the required lien on property the title to which is such as to be acceptable to prudent lending institutions, informed buyers, title companies, and attorneys, generally in the community in which the property is situated, and if any holder fails in this respect or fails to comply with the act and the regulations in this subpart with respect to:

(1) Obtaining and retaining a lien of the dignity required on all property reported as being encumbered to secure a loan,

(2) Inclusion of power to substitute trustees (§ 36.4327),

(3) The procurement and maintenance of insurance coverage (§ 36.4326),

(4) Advice to Administrator as to default (§ 36.4315),

(5) Notice of intention to begin action (§ 36.4317),

(6) Notice to the Administrator in any suit or action, or notice of sale (§ 36.4319),

(7) The release, conveyance, substitution or exchange of security, except as provided in the regulations in this subpart,

(8) Lack of legal capacity of a party to the transaction incident to which the guaranty or the insurance is granted (§ 36.4328),

(9) Failure of the lender to see that any escrowed or earmarked account is expended in accordance with the agreement,

no claim on the guaranty or insurance shall be paid on account of the loan with respect to which such failure occurred until the loss, if any, resulting from such failure is determined. The burden shall be upon the holder to establish that such loss or any part thereof is not attributable to such failure. If so established, the amount payable, if any, shall be calculated as though the amount of the loss attributable to such failure had been paid on the indebtedness. If after the payment of a guaranty or an insurance loss, or after a loan is transferred pursuant to § 36.4318 (a), the failure to comply with the regulations as provided in this paragraph is discovered and the Administrator claims that a loss resulted the transferor or person to whom such payment was made shall reimburse the Administrator except as to so much of the loss as such person or transferor establishes was not attributable to such failure.

§ 36.4326 *Hazard insurance.* The holder shall require insurance policies to be procured and maintained in an amount sufficient to protect the security against the risks or hazards to which it may be subjected to the extent customary in the locality. All monies received under such policies covering payment of insured losses shall be applied to restoration of the security or to the loan balance.

§ 36.4327 *Substitution of trustees.* In jurisdictions in which valid, any deed of trust or mortgage securing a guaranteed or insured loan, if it names trustees, or confers a power of sale otherwise, shall contain a provision empowering any holder of the indebtedness to appoint substitute trustees, or other person with such power to sell, who shall succeed to all the rights, powers and duties of the trustees, or other person, originally designated.

§ 36.4328 *Capacity of parties to contract.* Nothing in §§ 36.4300 to 36.4375, inclusive, shall be construed to relieve any lender of responsibility otherwise existing, for any loss caused by the lack of legal capacity of any person to contract, convey, or encumber, or caused by the existence of other legal disability or defects invalidating, or rendering unenforceable in whole or in part, either the loan obligation or the security therefor.

§ 36.4329 *Geographical limits.* Any real property purchased, constructed, altered, improved, or repaired with the proceeds of a guaranteed or insured loan, and the principal place of business of any enterprise in connection with which a loan is obtainable under sections 503 or 507 of the act, shall be situated within the United States, defined in the act as the several States, territories and possessions and the District of Columbia.

§ 36.4330 *Accounting records.* (a) The holder shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto, and the dates thereof. Any holder who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim for default, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such holder.

(b) The Administrator has the right to inspect, examine, or audit, at a reasonable time and place, the records or accounts of a holder pertaining to loans guaranteed or insured by the Administrator.

§ 36.4331 *Disqualification of lenders.* Whenever a loan guarantee officer finds with respect to loans guaranteed or insured under the act that any lender or holder has failed to maintain adequate loan accounting records, or to demonstrate proper ability to service loans adequately, or to exercise proper credit judgment, or has willfully or negligently engaged in practices otherwise detrimental to the interests of veterans or of the Government, he may temporarily suspend the right of such lender or holder to secure guaranty or insurance on loans under Title III of the act pending reference of the matter to the central office for investigation or action as may be necessary and appropriate. Upon a proper hearing at which the lender or holder shall have an opportunity to appear in person or by counsel, or both, and to introduce evidence, the Administrator, if he deems sufficient cause has been shown therefor, may decline for a specified period to issue further evidence of guaranty or insurance.

§ 36.4332 *Delivery of notice.* Any notice required by §§ 36.4300 to 36.4375, inclusive, to be given the Administrator must be in writing, and delivered, by mail or otherwise, to the Veterans' Administration office at which the guaranty or insurance was issued, or to any changed address of which the holder has been given notice. Such notice must plainly identify the case by setting forth the name of the original veteran obligor and the file number assigned to the case by the Administrator, if available, or otherwise the name and serial number of the veteran. If mailed, the notice shall be by registered mail when so provided by §§ 36.4300 to 36.4375, inclusive. This section does not apply to legal process (see § 36.4319).

§ 36.4333 *Satisfaction of indebtedness.* Upon full satisfaction of a guaranteed loan by payment or otherwise it shall be the duty of the holder to cancel the endorsement, if any, of the Administrator; and forthwith inform the Administrator of such cancellation. In the event the Administrator's liability thereon is evidenced by an instrument separate from the instrument evidencing the debtor's obligation, the instrument evidencing the obligation of the Administrator shall be returned to the Veterans' Administration office issuing same, or to the central office, with the holder's cancellation or endorsement of release thereon.

§ 36.4334 *Incorporation by reference.* Regulations issued under the act, and in effect on the date of any loan which is submitted and accepted or approved for a guaranty or for insurance thereunder shall govern the rights, duties and liabilities of the parties to such loan and any provisions of the loan instruments inconsistent with such regulations are hereby amended and supplemented to conform thereto.

§ 36.4335 *Supplementary administrative action.* Notwithstanding any requirement, condition, or limitation stated in or imposed by the regulations concerning guaranty or insurance of loans to veterans, the Administrator, within the limitations and conditions prescribed in the act, may take such action as may be necessary or appropriate to relieve any undue prejudice to a debtor, holder, or other person, which might otherwise result, provided such action shall not impair the vested rights of any person affected thereby. If such requirement, condition or limitation is of an administrative or procedural nature, such action may be taken by any employee authorized to act under § 36.4342 of the regulations concerning guaranty or insurance of loans to veterans.

§ 36.4336 *Eligibility of loans; reasonable value requirements.* No loan is guaranteeable or insurable the proceeds of which have been expended or will be expended for property, or for construction, alterations, repairs or improvements, the purchase price or cost of which is in excess of the reasonable value of the same as determined by a proper appraisal made by an appraiser designated by the Administrator. Nor in any case in which a lien is required by §§ 36.4300 to 36.4375, inclusive, may such purchase price or cost when added to the amount remaining unpaid on obligations secured by prior liens, be in excess of the reasonable value of the subject property as so improved.

§ 36.4337 *Security; non-real estate loans.* To the extent legal and practicable under customary business practice, all loans made for the purchase, alteration, improvement, repair or production of tangible personal property will be secured by such property in the usual legal form employed in the locality in transactions where rights in personal property are reserved as security for the payment of its purchase price or for the cost of work done or materials applied thereto.

§ 36.4338 *Death or insolvency of holder.* (a) Immediately upon the death of the holder and without the necessity of request or other action by the debtor or the Administrator, all sums then standing as a credit balance in a trust, or deposit, or other account to cover taxes, insurance accruals, or other items in connection with the loan secured by the encumbered property, whether stated to be such or otherwise designated, and which have not been credited on the note shall, nevertheless, be treated as a set-off and shall be deemed to have been credited thereon as of the date of the last debit to such account, so that the unpaid balance of the note as of that dated will be reduced by the amount of such credit balance: *Provided*, That any unpaid taxes, insurance premiums, ground rents, or advances may be paid by the holder of the indebtedness, at his option, and the amount which otherwise would have been deemed to have been credited on the note reduced accordingly. This paragraph shall be applicable whether the estate of the deceased holder is solvent or insolvent.

(b) The provisions of paragraph (a) of this section shall also be applicable in the event of:

(1) Insolvency of holder;

(2) Initiation of any bankruptcy or reorganization, or liquidation proceedings as to the holder, whether voluntary or involuntary;

(3) Appointment of a general or ancillary receiver for the holder's property; or in any case

(4) Upon the written request of the debtor if all secured and due insurance premiums, taxes, and ground rents have been paid, and appropriate provisions made for future accruals.

(c) Upon the occurrence of any of the events enumerated in paragraphs (a) or (b) of this section, interest on the note and on the credit balance of the deposits mentioned in paragraph (a) shall be set off against each other at the rate payable on the principal of the note, as of the date of last debit to the deposit account. Any excess credit of interest shall be treated as a set-off against the unpaid advances, if any, and the unpaid balance of the note.

(d) The provisions of paragraphs (a), (b) and (c) of this section shall apply also to corporations. The dissolution thereof by expiration of charter, by forfeiture, or otherwise shall be treated as is the death of an individual as provided in paragraph (a).

§ 36.4339 *Qualification for designated appraisers.* (a) To qualify for approval as a designated appraiser, an applicant must show to the satisfaction of the Administrator that his character, experience, and the type of work in which he has had experience for at least five years, qualifies him competently to appraise and value within a prescribed area the type of property to which the approval relates.

§ 36.4340 *Restriction on designated appraisers.* A designated appraiser shall not make an appraisal, excepting of alterations, improvements or repairs to real property entailing a cost of not more than $1,000, if such appraiser is an officer, director, trustee, employer or employee of the lender, contractor, or vendor: *Provided,* That appraisals of nonreal estate loans may be made by an officer, director, trustee, employer or employee of a lender of a class specified under sections 500 (d) or 508 of the act.

§ 36.4341 *Suspension or removal of appraisers.* Upon it appearing that an appraiser designated by the Administrator is not qualified to make appraisals of the type for which he was appointed, or has engaged in any practice detrimental to the interests of the veteran, the lender, or the Government, he may be suspended or removed by the Administrator: *Provided,* That such action shall not prejudice the guaranty or insurance right of a lender who has in good faith acted in reliance upon a designation of such appraiser prior to receiving notice of such suspension or removal.

§ 36.4342 *Delegation of authority.* (a) Except as hereinafter provided each employees of the Veterans' Administration heretofore or hereafter appointed to, or lawfully filling, any position designated in paragraph (b) of this section is hereby delegated authority, within the limitations and conditions prescribed by law, to exercise the powers and functions of the Administrator with respect to the guaranty or insurance of loans and the rights and liabilities arising therefrom, including but not limited to, the adjudication and allowance, disallowance, and compromise of claims, the collection or compromise of amounts due, in money or other property, the extension, rearrangement, or acquisition of loans, the management and disposition of secured and unsecured notes and other property, and those functions expressly or impliedly embraced within paragraphs (2) to (6), inclusive, of section 509 (a) of the act. Incidental to the exercise and performance of the powers and functions hereby delegated each such employee is authorized to execute and deliver (with or without acknowledgment) for, and on behalf of, the Administrator evidence of guaranty or of insurance credits and such certificates, forms, conveyances, and other instruments as may be appropriate in connection with the acquisition, ownership, management, sale, transfer, assignment, encumbrance, rental or other disposition of real or personal property, or of any right, title or interest therein, including, but not limited to, contracts of sale, installment contracts, deeds, leases, bills of sale, assignments and releases; and to approve disbursements to be made for any purpose authorized by Title III of the act.

(b) Designated positions:

Assistant Administrator for Finance
Director, Loan Guaranty Service
Assistant Director, Loan Guaranty Service
Division Chief, Loan Guaranty Service
Assistant Division Chief, Loan Guaranty Service
Chief, Loan Guaranty Division
Assistant Chief, Loan Guaranty Division
Loan Guaranty Officer
Assistant Loan Guaranty Officer

(c) Nothing in this section shall be construed (1) to authorize any such employee to exercise the authority vested in the Administrator under section 504 or section 508 (b) of the act or to sue, or enter appearance for and on behalf of the Administrator or confess judgment against him in any court without his prior authorization; or, (2) to include the authority to exercise those powers reserved to the Administrator under §§ 36.4335, 36.4343 and 36.4344, or those delegated to the Assistant Administrator for Finance, or Director, Loan Guaranty Service, under § 36.4343 or § 36.4344 of the regulations concerning guaranty or insurance of loans to veterans.

§ 36.4343 *Loans which may not be processed automatically.* (a) Any loan which is (1) related to an enterprise in which more than ten individuals will participate; or (2) to be made for the purchase or construction or residential units in any housing development, cooperative or otherwise, the title to which development or to the individual units therein is not to be held directly by the veteran participants, or which contemplates the ownership or maintenance of more than three units or of their major appurtenances in common; or (3) to be made for business or farm purposes in the amount of $25,000 or more, to be eligible for guaranty or insurance shall require prior approval of the Administrator, the Assistant Administrator for Finance or of the Director, Loan Guaranty Service, who may issue such approval upon such conditions and limitations as he may deem appropriate, not inconsistent with the provisions of the act, and subject to §§ 36.4301, 36.4302, 36.4317, 36.4319 to 36.4330 inclusive, 36.4332, 36.4333, 36.4335, 36.4336, 36.4340, 36.4345, 36.4350, 36.4352, 36.4354, 36.4360, and, as to insured loans, §§ 36.4370 to 36.4375 inclusive.

(b) The issuance of such approval with respect to a residential development under paragraph (a) (2) of this section also shall be subject to such conditions and stipulation as in the judgment of the approving officer are possible and proper to (1) afford reasonable and feasible protection to the rights of the Government as guarantor or insurer, and as subrogee, and to each veteran participant against loss of his respective equity consequent upon the failure of other participants to discharge their obligations; (2) provide for a reasonable and workable plan for the operation and management of the project; (3) limit the personal liability of each veteran participant to those sums allocable on a proper ratable basis to the purchase, cost, and maintenance of his individual unit or participating interest; (4) limit commercial features to those reasonably calculated to promote the economic soundness of the project and the living convenience of the participants, retaining the essential character of a residential project.

(c) No such project, development, or enterprise may be approved which involves an initial grouping of more than 500 veterans, or a cost of more than five million dollars, unless it is conclusively shown to the satisfaction of the approving officer that a greater number of veterans or dollar amount will assure substantial advantages to the veteran-participants which could not be achieved in a smaller project.

(d) When approved as in this section provided, and upon performance of the conditions indicated in the prior approval, proper guaranty certificate or certificates may be issued in connection with the loan or loans to be guaranteed on behalf of eligible veterans participating in the project, development or enterprise not to exceed in total amount the sum of the guaranties applied for by the individual participants and for which guaranty each participant is then eligible.

(e) In lieu of guaranty as authorized in paragraph (d) of this section, insurance shall be available on application by the lender and all veterans concerned. In such case the insurance credit shall be limited to 15 percent of the obligation of the veteran applicant (subject to available eligibility) and the total insurance credit in respect to the veterans' loans involved in the project shall not exceed 15 percent of the aggregate of the principal sums of the individual indebtedness incurred by the veterans participating in the project for the purpose of acquiring their respective interests therein.

(f) There is reserved to the Administrator the power to approve loans not meeting the requirements or exceeding the limits prescribed in this section, and

there is hereby delegated to the Assistant Administrator for Finance, and the Director, Loan Guaranty Service, the authority to approve loans permitted or authorized by this section, to issue commitments to lenders and to authorize loan guaranty officers to issue certificates of guaranty or certificates of insurance credit in accordance with such prior approval.

§ 36.4344 *Loans for corporate or partnership purposes.* A loan of less than $25,000 to an eligible veteran for the purchase of an interest in a corporation or partnership to enable him to engage in business, may be guaranteed or insured, if otherwise eligible, provided such veteran has, or upon completion of the loan transaction will have control of the management of the enterprise through ownership of more than 50% of the outstanding voting stock of the corporation or at least a 50% interest in the partnership, and such veteran is, or as a result of the purchase will become, actively engaged in the conduct of the business on a full or part-time basis. Any loan to be made for the purchase of an interest in a business in which the veteran does not have or will not acquire the control above prescribed for loans eligible for automatic guaranty shall require the prior approval of the Administrator, the Assistant Administrator for Finance, or the Director, Loan Guaranty Service. A loan, otherwise eligible, may be approved for guaranty or insurance under this section provided that the conditions under which the veteran will engage in the business are such as reasonably to assure the right to an active participation by the veteran in the operation, management, supervision and control of the business during the life of the loan.

§ 36.4345 *Waivers, consents, and approvals; when effective.* No waiver, consent, or approval required or authorized by the regulations concerning guaranty or insurance of loans to veterans shall be valid unless in writing signed by the Administrator or the subordinate officer to whom authority has been delegated by the Administrator.

Real Estate Loans

§ 36.4350 *Eligibility for guaranty or insurance.* (a) No loan for the purchase of an interest in residential, farm, or business realty, or for the cost of any construction, repairs, alterations or improvements thereon shall be eligible for a guaranty or insurance unless the veteran has or will become vested with an estate in the subject property not less than:

(1) A fee simple estate therein, legal or equitable; or

(2) A leasehold estate running or renewable at the option of the lessee for a period of not less than 14 years from the maturity of the loan, or to any earlier date at which the fee simple title will vest in the lessee, which is assignable or transferable, if the same be subjected to the lien, or

(3) A life estate, provided that the remainder and reversionary interests are subjected to the lien.

(b) Any such property or estate will not be ineligible by reason of encroachments, easements, servitudes, reservations for water, timber, or subsurface rights, or building and use restrictions whether or not enforceable by a reverter clause if there has been no breach of the conditions affording a right to an exercise of the reverter: *Provided,* That such limitations on the quantum or quality of the estate or property, insofar as they may materially affect the value of the property for the purpose for which it is used, are taken into account in the appraisal of reasonable value required by the act.

§ 36.4351 *Loans, first, second, or unsecured.* (a) Loans for the purchase of real property or a leasehold estate as limited in the regulations concerning guaranty or insurance of loans to veterans, or for the alteration, improvement or repair thereof and for more than $1,000 and more than 40 percent of the reasonable value of such property or estate prior thereto shall be secured by a first lien on the property or estate. Loans for such alteration, improvement, or repairs for more than $1,000 but 40 percent or less of the prior reasonable value of the property shall be secured by either a first or second lien. Those for $1,000 or less need not be secured, and in lieu of the title examination the lender may accept a statement from the borrower that he has an interest in the propery not less than that prescribed in § 36.4350 (a).

(b) Loans for the installation of equipment which will become fixtures upon, or for the repair, alteration or improvement of property being occupied under a lease with an unexpired term not less than the duration of the loan, and which property is used in connection with the business or farming operation of a veteran, may, if otherwise eligible, be guaranteed or insured: *Provided,* That the prospective income from the business or farming operation will permit retirement of the indebtedness within the term of the loan: *And provided further,* That the loan is secured to the extent required by § 36.4337.

§ 36.4352 *Tax or special assessment.* Tax or special assessment liens or ground rents shall be disregarded with respect to any requirement that loans shall be secured by a lien of a specified dignity.

§ 36.4353 *Dual purpose loans, residential and business property.* If otherwise eligible a loan for the purchase or construction of a combination or residential property and business property which the veteran proposes to occupy in part as a home will not be ineligible under section 501 if not more than two business units are included. A loan for the purchase or construction of residential property containing more than four separate family units plus an added unit for each veteran participating in the ownership thereof, or more than two business units, must be classed as a business loan and satisfy the requirements of eligibility prescribed under section 503.

Section 505 (a) Loans

§ 36.4354 *Land sale contracts.* Loans to refinance the balance owed by a veteran on an existing land sale contract may be guaranteed or insured, *Provided,* That (1) if the contract was executed within one year of the date of application for the loan the purchase price contained in the terms of the contract shall not be in excess of the current appraised reasonable value of the property; and (2) if the contract was executed more than one year prior to the date of the application the purchase price contained in its terms shall not be in excess of the appraised reasonable value of the property as of the date of the execution of the contract and the unpaid amount of the contract shall not be in excess of the current appraised reasonable value of the property.

§ 36.4360 *Concurrent with primary loan.* A second loan is eligible for guaranty or insurance under section 505 (a) only if the proceeds thereof are used concurrently with and as part of the same transaction which is partially financed through the proceeds of the primary loan, or by continuing the primary loan in effect by assumption or otherwise.

Refinancing—Section 507

§ 36.4365 *Indebtedness eligible for refinancing.* (a) No loan shall be made to refinance delinquent indebtedness less than 60 days in default without a written statement from the holder of the delinquent obligation or other evidence satisfactory to the Administrator that it is delinquent.

(b) Any loan proposed to be made to refinance a delinquent obligation which was incurred within one year of the date of the application for refinancing shall be referred in advance to the Administrator with a report of the proposed borrower's income and expenses, and his affidavit stating the purchase price of the property purchased with the proceeds of the delinquent loan. The Administrator may hold any such case to be ineligible if it appears the guaranty or insurance of such refinancing would effect an evasion of any of the limitations imposed by the act.

(c) No loan guaranteed or insured by the Administrator under Title III may be refinanced under section 507 of that title.

Section 508 Loans

§ 36.4370 *Insured loan and insurance account.* (a) Loans otherwise eligible may be insured when purchased by a lender eligible under section 508 if the purchaser (lender) submits with the loan report evidence of an agreement, general or special, made prior to the closing of the loan, to purchase such loan subject to its being insured.

(b) A current account shall be maintained in the name of each insured lender or purchaser. The account shall be credited with the appropriate amounts available for the payment of losses on insured loans made or purchased. The account shall be debited with appropriate amounts on account of transfers, purchases under § 36.4318, or payment of losses. The Administrator may on six months' notice close any lender's insurance account. Such account after expiration of the 6-month period shall be available only as to loans embraced therein.

(c) Amounts received or recovered by the Administrator or the holder with respect to a loan after payment of an insured claim thereon will not restore any amount to the holder's insurance account.

§ 36.4371 *Amount payable by Administrator for credit on loan.* The amount payable by the Administrator for credit on the loan in accordance with section 508 (c) of the act will be 4% of the amount credited to the lender's insurance account for the particular loan.

§ 36.4372 *Transfer of insured loans.* (a) In cases involving the transfer from one insured financial institution to another insured institution of loans which are transferred without recourse, guaranty, or repurchase agreement, if no payment on any loan included in the transfer is past due more than one calendar month at the time of transfer there shall be transferred from the insurance account of the transferor to the insurance account of the transferee an amount equal to the original percentage credited to the insurance account in respect to each loan being transferred applied to the unpaid balance of such loans, or to the purchase price, whichever is the lesser.

(b) Transfers between insurance accounts in a manner or under conditions not provided in paragraph (a) of this section must have the prior approval of the Administrator.

(c) Where loans are transferred with recourse or under a guaranty or repurchase agreement no insurance credit will be transferred or insurance account affected and no reports will be required.

(d) In all cases of transfer of loans from one insured financial institution to another insured institution, except as provided in paragraph (c) of this section, a report on a prescribed form executed by the parties and showing their agreement with regard to the transfer of insurance credits shall be made to the Administrator.

§ 36.4373 *Debits and credits to insurance account under § 36.4318.* In the event that an insured loan is transferred under the provisions of § 36.4318, there shall be charged to the insurance account of the transferor a sum equal to the amount paid transferor on account of the indebtedness less the current market value of the property transferred as security therefor as determined by an appraiser designated by the Administrator, or the amount chargeable to such insurance account in the event of a transfer under § 36.4372, whichever sum is the greater. The credit to the insurance account of the transferee will be computed in accordance with § 36.4372 (a).

§ 36.4374 *Payment of insurance.* (a) In the event that pursuant to notice under § 36.4317 the holder forecloses or otherwise liquidates and applies the proceeds of security toward reduction of an insured loan, the net loss shall be reported to the Administrator with proper claim, whereupon the holder shall be entitled to payment of the claim within the amount then available for such payment under the payee's related insurance account. Subject to the provisions of paragraph (b) of this section and to § 36.4370 (b) a supplemental claim for any balance of an insurance loss may be filed at any time within five years after the date of the original claim.

(b) The basis of the claim for an insurance loss shall consist in the unrealized principal or the amount paid for the obligation, if less, plus unrealized interest, subject to the applicable dates specified in § 36.4321 (a), and those expenses, if any, allowable under § 36.4313, but subject to proper credits because of payments, set-off proceeds of security, or otherwise.

§ 36.4375 *Reports of insured institutions.* An insured financial institution shall make such reports respecting its insurance accounts as the Administrator may from time to time require, not more frequently than semiannually.

ASSISTANCE TO CERTAIN DISABLED VETERANS IN ACQUIRING SPECIALLY ADAPTED HOUSING

AUTHORITY: §§ 36.4401 to 36.4410 issued under Pub. Law 702, 80th Cong.

NOTE: Those requirements, conditions, or limitations expressly set forth in the act and not restated herein must be taken into consideration in conjunction with these regulations.

§ 36.4401 *Definitions.* Wherever used in the act or §§ 36.4401 through 36.4410, unless the context otherwise requires, the terms defined in this section shall have the meaning herein stated; namely:

(a) "Act": Public Law 702, 80th Congress, 2d Session.

(b) "Administrator": The Administrator of Veterans' Affairs or any employee of the Veterans' Administration authorized by him to act in his stead.

(c) "Movable facilities": Such exercising equipment and other aids as may be allowed or required by the approving medical officer.

(d) "Necessary land": Any plot of land the cost and area of which are not disproportionate to the type of improvements thereon and which is in keeping with the locality.

(e) "Special fixtures": Construction features which are specially designed to overcome the physical limitations of the individual beneficiary and which are allowed or required by the approving medical officer as necessary by nature of the qualifying disability.

(f) "Housing unit": A family dwelling or unit approved by the medical service as medically feasible for occupation as a home by the individual beneficiary including the land, improvements, and all appurtenances, together with such movable facilities or special features as are authorized under the definitions of those terms in §§ 36.4401 through 36.4410.

(g) "Remodeling": Any alterations, repairs, or improvements necessary or desirable to the housing unit as defined in §§ 36.4401 through 36.4410.

§ 36.4402 *Eligibility.* No beneficiary shall be eligible for assistance under the act for the purpose of reimbursing him for the cost of an existing structure acquired by him prior to applying for assistance or for constructing or remodeling a dwelling unless it is determined pursuant to §§ 36.4401 through 36.4410, in respect of the beneficiary that:

(a) It is medically feasible for such beneficiary to reside in the existing or proposed housing unit and in the locality where such is or will be situated;

(b) The nature and condition of the proposed housing unit are such as to be suitable to the veteran's needs for dwelling purposes;

(c) Such unit bears a proper relation to the veteran's present and anticipated income and expenses;

(d) The veteran has or will acquire an estate in the property not less than a fee simple estate, or a leasehold estate, the unexpired term of which, including renewals at the option of the lessee, is not less than 50 years, and such title as is acceptable to prudent lending institutions, informed buyers, title companies, and attorneys, generally, in the community.

§ 36.4403 *Joint ownership of housing unit.* The construction or remodeling of a housing unit, or reimbursement to a veteran who has acquired a suitable unit at his own expense, shall be permissible notwithstanding that title to the home is or will be vested in an eligible veteran and his spouse. If an undivided interest is or will be owned by a person other than the spouse of the veteran the cost of the unit to the veteran shall be computed to be such part of the total cost of the unit as is proportionate to the undivided interest of the veteran in the entire property, and the percentages and amounts prescribed in the act shall be calculated only upon such cost to the veteran.

§ 36.4404 *Computation of cost of housing unit.* For the purpose of computing the amount of benefits payable to a veteran beneficiary there may be included in the total cost to the veteran the following:

(a) The cost of the necessary land and the grading, landscaping, and improvement thereof for use for residential purposes;

(b) The cost of the improvements erected thereon, and of the appurtenances thereto, including such heating, cooking, laundry and refrigeration equipment as may be suitable to equip a housing unit for residential use;

(c) The cost of remodeling a housing unit;

(d) The cost of movable facilities and special fixtures;

(e) Reasonable architects' and attorneys' fees for services rendered to the veteran which are necessary to and are in connection with the transaction;

(f) Any charges for the customary necessary connections to or extensions of public facilities and improvements;

(g) Such other reasonable costs or expenses incurred in closing a loan or financing the acquisition of the housing and land, including unpaid taxes, ground rents, or assessments, which are normally required to be paid by a lienor or a purchaser.

§ 36.4405 *Submission of proof to the Administrator.* As a condition precedent to the grant the Administrator may require submission of such proof of costs and other matters as he may deem necessary.

§ 36.4406 *Disbursement of benefit authorized.* After approval of an application for a grant the Administrator shall decide upon a method of disbursement which in his opinion is appropriate and advisable in the interest of the veteran and the Government and disburse the benefit payable accordingly. Disbursements may be made to the veteran or to third parties who have contracted with the veteran.

§ 36.4407 *Supplementary administrative action.* Notwithstanding any requirement, condition, or limitation stated in or imposed by §§ 36.4401 through 36.4410 the Administrator, within the limitations and conditions prescribed in the act, may take such action as may be necessary or appropriate to relieve undue prejudice to a veteran or a third party contracting or dealing with such veteran which might otherwise result.

§ 36.4408 *Delegation of authority.* (a) Except as hereinafter provided, each employee of the Veterans' Administration heretofore or hereafter appointed to, or lawfully filling, any position designated in paragraph (b) of this section is hereby delegated authority, within the limitations and conditions prescribed by law, to exercise the powers and functions of the Administrator with respect to assisting eligible veterans to acquire specially adapted housing.

(b) Designated positions:

Assistant Administrator for Finance.
Director, Loan Guaranty Service.
Assistant Director, Loan Guaranty Service.
Division Chief, Loan Guaranty Service.
Loan Guaranty Officer.
Assistant Loan Guaranty Officer.

(c) Nothing in this section shall be construed to authorize any employee designated in paragraph (b) of this section to determine basic eligibility or medical feasibility.

§ 36.4409 *Guaranteed or insured loans under Servicemen's Readjustment Act.* In any case where, in addition to the benefits of Public Law 702, 80th Congress, the veteran will utilize his entitlement to the loan guaranty or insurance benefits of title three of the Servicemen's Readjustment Act of 1944, as amended, the complete transaction must be in accord with applicable regulations promulgated thereunder excepting § 36.4306 thereof.

§ 36.4410 *Allocation of the funds of the grant.* Any amount payable as a grant under the act may be required by the Administrator to be utilized as he deems advisable for payment of any of the following costs or debts which are obligations of the veteran before any part of grant may be paid to the veteran directly:

(a) Cost of necessary land,

(b) Cost of constructing or remodeling a housing unit,

(c) Delinquent taxes secured by a lien on the housing unit,

(d) Reduction or retirement of any indebtedness incurred in connection with the purchase, construction, or remodeling of a housing unit on which the grant is made.

SUBPART B—TITLE V; READJUSTMENT ALLOWANCE

§ 36.501 *Readjustment allowances for former members of armed forces*—(a) *Definitions.* (1) "Act" means the Servicemen's Readjustment Act of 1944, Public No. 346, 78th Congress.

(2) "Administrator" means the Administrator of Veterans' Affairs.

(3) "Agency" means any agency administering a State Unemployment Compensation Law or the Railroad Unemployment Insurance Act, which has entered into an agreement with the Administrator to assist him in the payment of allowances.

(4) "Allowance" means the readjustment allowance payable under the act.

(5) "Employment Office" means a public employment office which is utilized by the agency in administering its unemployment compensation law, and also means any facility designated as an employment office for the purposes of the act by the Railroad Retirement Board.

(6) "Agent" means the readjustment allowance agent appointed by the Administrator under section 1100 (a) of the act, as his representative assigned to a given agency.

(7) "Value of Remuneration other than Cash," as used in this act, shall be determined by the agency pursuant to its rules and regulations as to such valuation under its unemployment compensation law.

(b) *Starting date of readjustment allowance payment.* (1) With respect to agencies paying benefits on a flexible week basis, allowances for unemployment are first payable for the week starting Monday, September 4, 1944. With respect to agencies then paying benefits on a calendar week basis, (i. e. the week beginning Sunday) the first week for which allowances may be paid starts September 10, 1944.

(2) Allowances for the self-employed are first payable for the month of October, 1944.

(3) The allowances will be in the amount authorized in chapter IX of the act.

(c) *Applications for allowances.* (1) The veteran's initial application shall be made through local offices or facilities of an agency on a form supplied by the Administrator. Applications may be made by mail pursuant to agency regulations and procedures.

(2) The veteran, at the time he files his application, shall present sufficient evidence of the nature of his discharge or separation from military or naval service and the date and length of his active service. Original or properly authenticated copies of discharge or separation papers, or certificates in lieu of lost or destroyed discharges, shall be deemed sufficient evidence upon which to base a determination of entitlement and the number of weeks of allowances to which the veteran is entitled. A copy of a discharge or separation paper may be considered properly authenticated if such copy is certified by a notary public or other officer authorized by law to administer oaths or take acknowledgments. Photostats of original documents or of certified copies of records may be accepted if the original would be acceptable.

(3) The agency may require any veteran who files an application and has no social security account number to secure such a number.

(d) *Determination of entitlement.* (1) (i) Any person who served in the active military or naval service of the United States at any time after September 16, 1940, and prior to the termination of the present war and who is discharged or released from active service under conditions other than dishonorable, after active service of 90 days or more or by reason of an injury or disability incurred in service in line of duty, has potential entitlement to allowances under Title V. In the computation of service under any law, there should be excluded periods of agricultural, industrial or indefinite furlough; time under arrest, in the absence of acquittal; time for which the soldier or sailor was determined to have forfeited pay by reason of absence without leave, and time spent in desertion or while undergoing sentence of court martial. Time lost through intemperate use of drugs or alcoholic liquor or through disease or injury the result of his own misconduct, should not be excluded in such computation. Service with the Women's Army Auxiliary Corps is not considered active service.

(ii) An application for allowances under Title V of the act made by a person who served in the active military or naval service of the United States after September 16, 1940, and prior to the termination of the present war, and who asserts that he was discharged after active service of less than 90 days by reason of injury or disability, shall be cleared with the Veterans' Administration through the agent unless the statement is made on the discharge or separation papers that he was discharged for disability incurred in service in line of duty.

(iii) An application for allowances under Title V of the act will be denied if the applicant (*a*) was dishonorably discharged; (*b*) was discharged on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority; (*c*) was discharged as a deserter; (*d*) in the case of an officer if his resignation was accepted for the good of the service; or (*e*) was discharged or separated from the military or naval service to escape trial by general court martial.

(iv) Where the applicant was discharged or separated under other than honorable conditions for an offense other than one of those specified in paragraph (c) of this section the application shall be cleared with the Veterans' Administration through the agent.

(2) In determining the maximum number of weekly allowances potentially payable to the veteran under section 900 (b), the agency shall count "each calendar month or major fraction thereof of active service". For the purpose of such determination the term "calendar month" means the month starting with

the date of the veteran's entry upon active service, and each such corresponding month ensuing consecutively thereafter (i. e., the first "calendar month" starts on the beginning date of active service and ends on the day preceding the same date in the succeeding month: *Provided however*, That if the succeeding month does not include enough days to have a corresponding date, his first "calendar month" will end at the close of such succeeding month. The second "calendar month" starts immediately after the end of the first "calendar month" and its termination is likewise determined, and so on with the beginning and ending dates similarly determined.) When a fraction of such a month had elapsed on the veteran's discharge date, any balance of days remaining after the determination of calendar months as herein above described shall be treated as a "major fraction" if it includes 16 days or more.

(3) All the period between the veteran's entry upon active service and his discharge or separation is considered active service, except those periods enumerated in subparagraph (1) (i) of this paragraph. When the discharge, including remarks on the reverse of the certificate, does not show the date of entry upon active service but does show the date of induction (or date of enlistment), the latter shall be accepted as date of entry into active service except where active service of ninety days or more is in doubt. In those cases where such doubt exists, the application shall be cleared with the Veterans' Administration through the readjustment allowance agent.

(4) The agency shall make determinations of entitlement following the criteria stated herein, if sufficient evidence to support determinations is presented. If the veteran is unable to present sufficient evidence upon which to base such determination, including a determination as to the period of active service, the application involved will be cleared with the Veterans' Administration through the readjustment allowance agent. The agency will make determinations of entitlement based upon the information received as a result of the clearance through the readjustment allowance agent and enter that determination on the application forms.

(e) *Registration for work and reporting unemployment.* (1) Unemployed veterans shall be registered for work in accordance with the employment office regulations, policies and procedures applicable to claimants under the Unemployment Compensation Law of the agency.

(2) Unemployed veterans shall report their unemployment at such times and in such manner as is required by the agency for claimants under its Unemployment Compensation Law.

(3) No unemployed veteran shall be eligible to receive an allowance for any week in which he was not so registered or with respect to which he did not so report: *Provided*, That such failure to be registered or to report may be waived by the agency on the same basis as would justify such a waiver as to its unemployment compensation claimants. Registration may be waived in case of illness as provided in paragraph (m) of this section.

(f) *Use of agency's type of week.* Claims for allowances filed by unemployed veterans with a given agency shall be based on the weekly time unit which currently applies to claimants under the agency's Unemployment Compensation Law: *Provided*, That any agency which applies other than a weekly time unit to unemployment compensation claimants shall adopt suitable procedures to provide for a weekly basis for allowances to unemployed veterans.

(g) *Time and frequency of allowance payments.* Allowances for unemployment shall be paid at the intervals prescribed for unemployment compensation payments by the law or regulations of the agency. Allowances for self-employment shall be paid following the receipt of valid claims.

(h) *Required content of agency records.* (1) Each agency shall maintain files containing all correspondence and other papers relating to individual veteran's claims, and such files shall be readily accessible to the agent, or other authorized representative of the Administrator.

(2) Each agency shall maintain a separate record for each veteran whose application is allowed. This record shall be maintained in such manner as will facilitate a prompt compilation of required statistical data and shall contain at least the following information:

(i) The veteran's name.

(ii) His last service serial number, and branch of service.

(iii) The date and place of the veteran's birth.

(iv) The maximum number of weekly allowances to which the veteran was originally entitled.

(v) Number of weekly allowances paid, and total amount of weekly allowances paid during each consecutive period of unemployment.

(vi) Number of monthly payments made to the self-employed and allowance weeks charged.

(vii) Disqualifications imposed (current or past) and weeks involved.

(viii) Record of transfer to or from another agency.

(i) *Required content of claims for total unemployment.* (1) The initial, or additional first claim (i. e. the first claim taken after an intervening period of employment) filed by a veteran during any period of total unemployment shall contain a signed statement covering at least the following information:

(i) Residence.

(ii) Ability and availability for work.

(iii) Registration for work.

(iv) Name of last employer.

(v) Reason for separation from last employer.

(vi) Recent refusal of job offer or job referral.

(vii) Recent failure to attend a free training course.

(2) Continued claims shall contain a signed statement covering at least the following information with respect to the week for which allowance is claimed:

(i) Ability and availability for work.

(ii) Registration for work.

(iii) Refusal of job offer or referral.

(iv) Failure to attend free training courses.

(v) Wages earned.

(vi) Benefits, received or accrued under other programs, which are deductible from allowances.

(j) *Allowance checks; repayments, etc.* (1) Each agency shall supply its checks or other forms for payment of allowances in such form as is best suited to its own procedures and equipment, provided that the face of each such check (or order for payment) shall bear the following statement: "In payment for readjustment allowances under the Servicemen's Readjustment Act of 1944."

(2) Repayment to the agency of the amount of readjustment allowances paid veterans will be made promptly following receipt of certified vouchers (Standard Form 1034) by the agent. Form 1034 will show the designation of the fund to be credited, the total amount to be repaid, the period covered, etc., and will be supported by a schedule or list of the individual items totaling the amount of the repayment claimed.

(3) The amount of canceled checks and collections on account of items for which repayment had been made to the agency will be shown as a deduction from the amount stated on a subsequent Form 1034 and there will be attached a list of the checks canceled and the collections made.

(4) The agency will establish and maintain a separate depositary (banking) account for benefit payments under Title V of the act and following each reconciliation of the account will furnish the agent a summary statement showing the balance at the beginning and end of the period, the total charges and total credits during the period, and the total of the checks outstanding at the end of the period.

(k) *Partial unemployment claims.* (1) Each agency whose law provides for partial unemployment benefits shall take and pay veteran's claims for weeks of partial unemployment in a manner consistent with its methods under its unemployment compensation law.

(2) Any agency whose unemployment compensation law does not provide for the payment of partial unemployment benefits, shall provide for payment of veteran's partial unemployment benefits by adopting and putting into effect procedures which are insofar as practicable consistent with those of other agencies.

(3) Each agency's claim-form for veterans' claims for weeks of partial unemployment shall contain a signed statement by the veteran covering the following information with respect to the week covered by the claim:

(i) Items (i), (ii), (iii), (iv), (vi), and (vii) listed in subparagraph (1) of paragraph (i) of this section.

(ii) Wages payable (i. e. earned).

(iii) That work was for less than a full work week.

(iv) Reason for less than a full work week.

(l) *Transfer of claims between agencies.* (1) When a veteran, who has been receiving allowances through a given agency, transfers to the jurisdiction of another agency, he may continue his claims against the original agency under the interstate benefit payment plan (or, by direct mail with the consent of the original agency), or, at his option, he may request the new agency to have his allowance record transferred so that the new agency may pay his allowances.

(2) The form used by each agency for transferring a veteran's allowance record under subparagraph (1) of this paragraph 5 shall contain the same minimum information specified under paragraph (h) (2) of this section.

(m) *Allowances during periods of illness or of disability.* (1) Under the provisions of section 700 (b) (4) of the act, a period of continuous unemployment will be deemed to start on the effective date of the veteran's first claim for allowances during the period of continuous unemployment.

(2) Each agency shall initially, if practicable, secure evidence of the veteran's illness or disability through a certificate of his attending physician. The veteran's signed statement or other suitable evidence shall be obtained.

(3) So far as practicable, the agency shall assist the veteran in reporting weekly his continued unemployment, due to his illness or disability, by mail or through his designated representative.

(4) The first claim for allowance filed by a veteran for a period of illness or disability shall bear a signed statement by the veteran that he is unable to work and shall specify the nature of his illness or disability. Such claims shall also provide space for a physician's certification to the same effect, or for an explanation as to why such a certification could not practicably be secured.

(5) Continued claims for allowances filed by a veteran for a period of illness or disability under this regulation shall bear a signed statement by the veteran that he was unable to work throughout the week or weeks in question.

(n) *Allowances to the self-employed.* (1) Each agency shall determine whether a veteran is engaged in self-employment, consistently with the definition of the employment relationship provided in its unemployment compensation law.

(2) A veteran shall be treated as having been fully engaged in self-employment during a given calendar month only if, throughout that month, he was engaged in his self-employment to the exclusion of any services in an employment relationship. For the purposes of this paragraph calendar month means one of the given twelve months of the calendar year.

(3) A veteran's net earnings from his self-employment include total income from self-employment less expenses incurred in securing such income. Personal or family expenditures shall not be deductible as expenses.

(4) Each self-employed individual shall maintain such records as are necessary for a determination of his net earnings. Such records shall reflect income received and expenses paid, and shall be open to inspection or audit by an authorized agency representative, or of the Veterans' Administration.

(5) Veterans' claims for allowances for months of self-employment shall be filed at a local office of the agency, or by mail on forms prescribed by the Administrator.

(6) Such claim shall be examined and a determination made in respect thereto by the State agency. This determination will include the eligibility of the claimant and the amount of the allowance. If the claim is allowed, the number of weeks of entitlement of the claimant will be decreased by five (5).

(7) Each such claim that is allowed shall be processed for payment by the State agency in accordance with procedures established similar to those under which payments of readjustment allowances are made to unemployed veterans and in accordance with paragraph (j) of this section.

(8) The determination of the State agency in respect to a self-employed claim shall be subject to the same procedures relating to appeals that now govern, or that shall be made to govern, appeals from a determination in respect to an unemployed claim.

(o) *Payment of claim after death.* (1) In case a veteran dies, and at the time of his death there is due and payable to him readjustment allowances, the amount thereof shall, upon claim therefor, be certified to the agent. The agent shall forward such certification to the Dependents Claims Service, Veterans' Administration, Washington, D. C., for adjudication. The amount of such allowances shall be awarded under the provisions of § 4.160 (a) and (b) of this chapter to the surviving spouse, or if there be no surviving spouse, to the child, or children, dependent mother or father, in the order named. In all other cases only so much of the unpaid allowances may be paid as may be necessary to reimburse a person who bore the expense of last illness and burial: *Provided*, That no part of the allowances due the deceased veteran shall be used to reimburse any political subdivision of the United States, or of any State, for expenses incurred in the veteran's last sickness or burial.

(p) *Agency application of disqualifications.* Each agency shall take appropriate steps consistent with its established administrative policies, procedures, and precedent (disregarding the provision "attributable to the employer") to enforce and apply the disqualifications provided in the act. Each agency shall interpret and apply such disqualifications so far as practicable consistently with decisions of the agent on second appeal, and with decisions of the Administrator on final review.

(q) *Additional disqualifications.* Pursuant to section 800 (c) (2) of the act, the Administrator hereby prescribes that each agency may apply the following additional disqualifications. In the case of successive (consecutive) disqualifications and the assessing of additional disqualifications (except as determined by the Administrator upon referral by the agency) the aggregate number of weeks to be assessed by the agency shall not exceed thirteen (13).

(r) *Determinations and appeals with respect to unemployment.* (1) Each determination of the agency with respect to a veteran's application or claim shall be in writing and shall bear a clear statement of his right to appeal.

(2) Such determination shall be final unless within the time limit set by the agency's law and regulations for the filing of appeals from initial determinations an appeal is taken therefrom. Except as provided in this section, or where another referee or tribunal is designated by the Administrator, such appeal shall be heard and decided by the same referee or tribunal which would hear and decide the appeal if it had arisen under the law of the agency. The hearing shall be conducted in accordance with the agency's law and regulations, in the same manner as are appeals from the agency's unemployment compensation benefit determinations, except as otherwise prescribed by the Administrator.

(3) Each decision of such referee or tribunal shall contain: The name of the agency whose determination is appealed; the name, most recent serial number, and last known address of the claimant; a complete statement of the case; findings of fact; conclusions of law; and the decision. Such decision shall be signed and dated.

(4) Unless an appeal is heard and decided by the referee or tribunal within thirty days after the date upon which the appeal was filed with the agency the claimant may make written application to the agent to have such appeal transferred to, and heard and decided by the agent. Upon receiving such application the agent may, if after consultation with the agency, he finds that such delay was unreasonable, order the appeal transferred to him for hearing and decision.

(5) The claimant shall be promptly notified of the referee's or tribunal's decision and such decision shall be final unless within thirty days after the date of mailing of notice to the claimant's last known address or in the absence of such mailing within thirty days after the delivery of such notice a written appeal pursuant to section 1102 of the act is filed with the agency, the referee or tribunal, or the agent.

(6) When such appeal is filed the record shall be transmitted to the agent. Upon such agent's request he shall be furnished with a transcript of the hearing on appeal.

(7) Interstate appeal proceedings shall be conducted in accordance with the law and regulations of the agency conducting the hearing and appeal.

(8) The phrase in section 1103 of the act, "the appellate procedures being subject to final appeal to the Administrator" is hereby construed to mean "the appellate proceeding and the decision being subject to final appeal to the Administrator".

(9) For the purpose of this section the veteran shall be deemed to be the only interested party, other than the United States, except that in cases involving a strike, lock-out or other labor dispute the employer shall be deemed to be an interested party.

(10) Any appeal to the Administrator from the decision of the agent must be made in writing within sixty (60) days from the date of mailing of notice of decision to last known address of the veteran.

(s) *Prosecutions and penalties.* In case an agency discovers an apparent violation of the act, subject to penalty under section 1300 or 1301, the agency shall report the relevant facts to the agent, who will be responsible for further proceedings.

(t) *Force of instructions on forms.* The Administrator's instructions appearing on forms supplied by him under this instruction shall have the same force and effect as if they were set out in full in this instruction.

(u) *Statistical reports.* Each agency shall report to the agent promptly after the close of each calendar week the number of veterans who, during that week, were paid allowances by the agency on account of unemployment, the total amount so paid, and the number of veterans whose entitlement expired during the week. The agency shall furnish such other reports or information which the Administrator finds necessary. It will be the policy of the Administrator, where feasible, to consult with the agencies before requiring additional statistical reports.

(v) *Individual reports.* Each agency shall, with respect to each veteran whose right to benefits has been exhausted or has expired, or whose record has been transferred to another agency, or at intervals as prescribed by the Administrator, report the following information on forms supplied by the Administrator.

(1) The name of the veteran.

(2) His serial number and branch of service.

(3) Total number of weekly allowances and amount paid during each consecutive period of unemployment and the beginning and ending dates thereof. (Veterans' Administration Insts. 1, 1–B, 1–C, 1–D, 1–E, 1–F) (Title V, 58 Stat. 295; 38 U. S. C., 696)

§ 36.502 *Determination of entitlement to readjustment allowances.* (a) For the purpose of determining entitlement to readjustment allowances under section 700, Public No. 346, 78th Congress, a veteran must have been discharged or released from active service under conditions other than dishonorable after ninety days or more of active service, or by reason of an injury or disability incurred in line of duty, and must have served after September 16, 1940, and prior to the termination of the war. This means that in determining eligibility under section 700, the fact that the major portion of the active service covered a period prior to September 16, 1940, or subsequent to the termination of the war, is not material.

(b) Computation of number of weeks of readjustment allowances. For the purpose of computing the number of weeks of readjustment allowances under section 900 (b) of the act, only periods of active service after September 16, 1940, and prior to the termination of the war will be taken into account; thus, a veteran whose active service covered the period March 14, 1940, to October 15, 1940, would be entitled to eight weeks of readjustment allowances; but a veteran who served for a period of ninety days or more ending September 28, 1940, would have eligibility for benefits under Title V, but have no entitlement to readjustment allowance since his active service after September 16, 1940, was less than the major portion of a month. (Veterans' Administration Inst. 2) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.503 *Procedure for determinations of net earnings under section 902 (b) of the Servicemen's Readjustment Act of 1944.* — (a) *Claims by self-employed.* Claims for readjustment allowance by the self-employed, under section 902 (b) of the act cited above, will be prepared on a form prescribed by the Administrator.

(b) *Definition of "net earnings".* The term "net earnings" as used herein means the net amount realized in earnings by the veteran in any given month which may serve the purpose of his immediate livelihood. It covers earnings received by him in connection with his self-employment, reduced by the amount of expenses incurred during such month which are directly related to his self-employment. Personal or family expenditures shall not be deductible as expenses.

(c) *Valuation of products in determining "net earnings".* The value of any product produced as a result of his self-employment enterprise used by the veteran for the livelihood, maintenance or sustenance of himself or his family, will be taken into account in determining "net earnings". This value will be estimated on the basis of prevailing market prices; that is, the estimated amount that the veteran would have received had he sold the product at the nearest market.

(d) *Keeping of "net earnings" records.* A veteran's "net earnings" shall be shown in keeping with sound accounting practices. The records which each self-employed individual is required to maintain (§ 36.501 (n) (4)) may be kept on either a cash or an accrual basis. The method used should be that best calculated to reflect the true "net earnings" of the veteran's enterprise considering the customs, incidents and advantages of the business itself and should be used consistently throughout the duration of the veteran's claiming.

(e) *Two or more types of self-employment.* When a self-employed veteran is engaged in two or more types of self-employment, such information shall be incorporated on the claim form and total income and expenses with respect thereto shall be appropriately reported.

(f) *Net earnings when enterprise is partly owned or is a partnership.* When a self-employed veteran shows that his business venture is partly owned or the business is a partnership, the entire income and expenses of the business shall be reported in the space provided therefor on the claim form. The names of all owners or partners, together with the percentage of division of profits applicable to each shall be entered on the claim form. In arriving at the net earnings of the veteran filing the claim the rate applicable to the veteran shall be used.

(g) *Labor performed during month of filing claim.* Labor performed by a self-employed veteran during a month for which he files a claim for allowances will not, in itself, preclude him from receiving an allowance for that month, provided such labor was casual or incidental to his business and did not conflict with, interrupt, or cause the abandonment, either completely or in part, of his activities in the pursuit of his business. Earnings from such labor shall be treated as income for the month during which the labor was performed.

(h) *Period during which claim may be filed.* The veteran's claim for readjustment allowance and statement of net earnings from self-employment shall be filed not later than the last day of the month following that for which the claim is filed; provided that if the claimant shows extenuating circumstances, the period during which the claim may be filed may be extended not later than the 10th day of the second month following that for which the claim is filed. (Veterans' Administration Insts. 3, 3–A, 3–B) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.504 *Operations of the Readjustment Allowance Office, San Juan, Puerto Rico.*—(a) *Applicability.* The provisions of § 36.501, as modified by this section shall govern operations of the Readjustment Allowance Office, Puerto Rico, established by Administration Order No. 42 of September 6, 1944.

(b) *Definitions.* (1) "Agency", as used in § 36.501, includes the Readjustment Allowance Office, Puerto Rico.

"Manager" means the individual administratively responsible for the operation of the Readjustment Allowance Office, Veterans' Administration, Puerto Rico.

(3) "Main office" means the principal office of the agency at San Juan, Puerto Rico.

(4) "Local office" means an office, either stationary or itinerant, established for the purpose of carrying out the provisions of Title V of the act, and the regulations issued pursuant thereto.

(5) "Employment office" means a free public employment office operated by the United States Employment Service.

(6) "Itinerant service" means a service with respect to the payment of allowances maintained by either the Readjustment Allowance Office, Puerto Rico, or the United States Employment Service.

(7) "Week of unemployment" means a week during which a person performed no service and received no wages, or one during which he worked less than a full work week due to lack of work and earned less than $23.

(8) "Week" and "workweek" means a period of seven consecutive days commencing Sunday and ending at midnight, Saturday.

(c) *Filing of claims for allowances.* (1) A person in the vicinity of an employment office shall present himself at such office and register for work and file his claim for allowances. The effective date of such registration and claim for allowances shall be the first day of the week in which he files his claim, except that registration at such employment office within a period of seven days following an individual's first day of unemployment shall be deemed effective as of the first day of the week in which the

individual's termination of employment occurred if good cause to justify or excuse the delay is shown. When a claimant's allowances cannot be determined due to absence or incompleteness of the discharge or separation paper, or in the presence of a claim or indication of insanity as provided in the first proviso, section 300, Public No. 346, 78th Congress, the claimant's application (Form 1382) together with a statement of the facts shall be forwarded to the Veterans' Claims Service, Veterans' Administration, Washington 25, D. C., for appropriate action. The section of the act just cited relates to a discharge or dismissal which bars benefits and provides: "That in the case of any such person, if it be established to the satisfaction of the Administrator that at the time of the commission of offense such person was insane, he shall not be precluded from benefits to which he is otherwise entitled under the laws administered by the Veterans' Administration."

(2) A person in a locality wherein itinerant service is provided may register for work and file a claim for allowances with such itinerant service. His registration shall be effective as of the first day of the week of unemployment in which his registration occurs, except that the effective date of his claim shall be the first day of the week in which his termination of employment occurred if he registers for work with such itinerant service at its first regular visit following his termination of employment, or at its second regular visit, provided good cause is shown for his failure to register at the first regular visit.

(3) A person in a locality designated as one wherein registration for employment and filing of claims may be made by mail, may register and file his claim by forwarding his discharge or separation paper to and requesting the required registration and allowance claim forms from the main office. If such person completes and remails such forms not later than seven days following the date upon which they were mailed to him by the agency, his claim shall be effective as of the first day of the week in which he mailed his written request. If he fails to complete and mail his registration within the period above prescribed, his registration shall be effective as of the first day of the week in which such completed forms were mailed: *Provided, however,* That for good cause shown, the agency may permit such registration to be effective as first provided above.

(4) To maintain continuing eligibility for allowances with respect to any week of unemployment during any continuous period of unemployment, an individual shall continue to register and report as provided in subparagraphs (1), (2), and (3) of this paragraph, once each week at a time designated by the agency, or at intervals of more or less than one week when so directed by the agency. No continued claim for allowances shall be allowed until the claimant shall furnish to the agency a signed continued claim for allowances on the form prescribed.

(d) *Extended period for registration and filing claims for good cause.* (1) If the failure of any person to register and file a claim for allowances within the time set forth in these regulations was due to failure of the agency to discharge its responsibilities promptly in connection with such claim, the period during which such claim may be filed shall be extended to a date which shall be not less than one week after the person has received appropriate notice from the agency of his potential rights to allowances.

(2) The agency may for good cause shown to its satisfaction waive the registration requirements herein provided and further extend the time during which registration for allowances may be made: *Provided, however,* That no extension may be granted beyond the period of limitation for payment of allowance provided in section 700 (a) of the act.

(e) *Determination of suitability of employment offered.* In determining whether or not any work is suitable for any person claiming allowances, consideration shall be given, but not limited, to the following factors:

(1) The degree of risk involved to his health, safety and morals.

(2) His physical fitness.

(3) His prior training, earnings and experience.

(4) His prospects of securing work in keeping with his prior training, experience and earnings.

(5) The distance of the available proffered work from his residence.

(6) The length of his unemployment.

Under no condition will work be determined suitable if, as a condition of being employed, the claimant would be required by a prospective employer to join a company union or to resign from or to refrain from joining a bona fide labor organization.

(f) *Determination of good cause for quitting, refusing to apply for, or accept suitable work.* In determining whether any person claiming allowances has good cause for quitting suitable work, failing to apply for or accept suitable work, consideration shall be given, but not limited, to the following factor: Did the claimant act as a reasonable, prudent and careful person would have acted under the same or similar conditions? Under no condition shall the question of good cause for quitting, for refusing to apply for or accept work, be confined to the employment itself, but may rest upon reasons entirely personal to the claimant. The personal reasons must be substantial, such as the preservation of home, family and its education; claimant's health, age and percentage of disability; health of the dependents of the claimant; the preservation of useful skills, etc.

(g) *Determination and review of claims.* (1) Claims for allowances shall be promptly determined on the basis of the facts presented. Notice of such determination shall be promptly given to each claimant. Such notice to the claimant shall advise him of the number of weeks of potential allowances and other data pertinent to his allowances, and if disqualified, the time and reason for such disqualification. If a claimant is ineligible, he shall be advised of such ineligibility and the reason therefor. Unless the claimant, within seven days after the delivery of such notification, or within ten days after such notification was mailed to his last known address, files with the agency a written request for review of or an appeal from such determination, it shall be final: *Provided,* That if the claimant subsequently, within the time limits provided in section 700 of the act, presents additional facts revealing his eligibility to allowances, a redetermination of the claim shall be made.

(2) Upon receiving a written request for review, the agency may, on the basis of such facts as it may have in its possession or may acquire, affirm, modify, or reverse the prior decision, or refer the claim to the chief of allowances. The claimant shall be promptly notified of such decision or referral. Unless the claimant files an appeal within seven days after the date of mailing or within five days after delivery of such notification, such latter decision shall be final and allowances shall be paid or denied in accordance therewith.

(h) *Time and frequency of allowance payments.* Allowances shall be paid at intervals of one week.

(i) *Allowance checks.* Vouchers covering allowances certified by the agency will be forwarded for payment to the designated office of the Division of Disbursement, Treasury Department, San Juan, Puerto Rico.

(j) *Allowances to the self-employed.* The duties imposed upon the readjustment allowance agent under paragraph (n) of § 36.501, will be discharged for the agency by the chief of allowances or the senior claims examiner.

(k) *Appeal from the initial readjustment allowance determination.* (1) Appeals from initial readjustment allowance determinations shall be heard and decided by the chief of allowances. The person appealing shall file a written notice of appeal with the main office of the agency, or at the nearest employment office, which may be:

(i) Upon an appeal form provided by the agency, or

(ii) A writing setting forth: The name of the appellant; the name and serial number of claimant; and the grounds upon which the appeal is made: *Provided,* That nothing herein contained shall limit the issues presented at the hearing to the grounds for appeal submitted by the appellant.

(2) All hearings shall be conducted informally and in such manner as to ascertain the substantial rights of the parties. All issues relevant to the appeal shall be considered and passed upon. Any other party to an appeal before the chief of allowances may present such evidence as may be pertinent. The chief of allowances may take such additional evidence as he deems necessary. The testimony of all parties and witnesses shall be given under oath.

(3) The parties to an appeal, with the consent of the chief of allowances, may stipulate as to the facts involved. He may decide the appeal on the basis of such stipulation, or, in his discretion, may set the appeal for hearing and take such further evidence as he deems necessary to enable him to render his decision.

(4) The chief of allowances may indicate to the reporter portions of the evi-

dence which he wishes transcribed to aid him in preparing his findings of fact and decision.

(5) The chief of allowances is authorized to grant or deny requests for adjournment or continuance of a hearing. If any party to a hearing fails to appear at the appointed time and place of hearing and has not requested a continuance or postponement showing good cause, prior to the time of the hearing, the chief of allowances in his discretion may continue the hearing to a later date or write his decision on the facts of record.

(6) The claimant and any other interested parties shall be notified promptly in writing of the decision and such decision shall be final unless within thirty days after the date of the mailing of the notice to the last known address, or in the absence of such mailing, within thirty days after the delivery of such notice, a written appeal by the claimant is filed with the agency.

(l) *Appeal from decision of the chief of allowances.* (1) Appeals from the decision of the chief of allowances will be heard and decided by the manager. The claimant's appeal shall be filed with the main office of the agency or at the nearest employment office and may be presented upon an appeal form provided by the agency or may be in any written form that sets forth:

(i) The name and serial number of the claimant.

(ii) The grounds upon which the appeal is made: *Provided, however,* That nothing herein contained shall limit the issues presented at the hearing to the grounds for appeal submitted by the appellant. The claim may contain references to or excerpts from the original minutes on the appeal before the chief of allowances.

(2) The acceptance of an appeal from a party other than the claimant will be conditioned upon such party obtaining prior authorization from the manager. This may be obtained by filing a notice of application for leave to appeal. Unless the notice of application discloses a direct relation to the case and sets forth the specific grounds for the application, the manager will deny the request.

(3) The manager in his discretion may decide the appeal upon the record, may take additional evidence or remand the issue or issues to the chief of allowances for the purpose of taking additional evidence.

(4) In the hearing of an appeal the manager may limit the parties to oral argument, or the filing of written argument, or both. If, in the discretion of the manager, additional evidence is necessary, the parties shall be notified by the manager, in writing, of the time and place such evidence will be taken. Any party to any proceeding in which testimony is taken may present such evidence as may be pertinent to the issue on which the manager directed the taking of evidence.

(5) If the manager should remand any issue or issues to the chief of allowances, additional evidence shall be taken by him in the manner prescribed for the conduct of hearings on appeals.

(6) The decision of the manager shall be in writing and shall set forth his finding of fact, the reason for his decision, and his decision. Each interested party shall be promptly notified of the decision by mailing a copy of such decision to such party's last known address.

(m) *Notice of hearings and transmittal of decisions.* (1) Notices of hearings, specifying the time and place, shall be mailed by either the chief of allowances or the manager, as appropriate, to all interested parties at least seven days before the date of the hearing. Such notice shall set forth the reasons for such appeal as submitted by the appellant and shall be deemed good and sufficient if mailed to the last known address of each of the interested parties.

(2) The decision or the letter transmitting the decision to the interested parties shall set forth the rights of such parties to further appeal and the time limits relative thereto.

(3) One copy of all appeals decisions shall be forwarded to the chief readjustment allowance division.

(n) *Representation before the chief of allowances or the manager.* (1) The veteran, or his authorized representative, and any person having a direct relation to the case may appear in any proceedings before the chief of allowances or the manager.

(2) The Administrator (by attorney or other representative) shall be deemed an interested party to any hearing.

(3) Hearings before the chief of allowances or the manager shall not be open to the public.

(o) *Nondisclosure of information.* All matters relative to an application for allowances shall be treated as confidential and shall not be open to public inspection. Any interested party may have access to as much of the record as is necessary to prosecute a claim or appeal.

(p) *Appeal to the Administrator.* Any interested party may appeal to the Administrator from the decision of the manager. Such appeal shall be in writing and be made within sixty (60) days from the date of mailing of the decision of the manager to the party's last known address. (Veteran's Administration Inst. 4) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.505 *Determination as to applicability of the provisions of section 1300 Title V of the Servicemen's Readjustment Act of 1944*—(a) *Delegation of authority to State unemployment compensation agencies.* The State unemployment compensation agencies are hereby vested with authority to hold hearings and to make findings of fact as to whether or not a claimant knowingly accepted an allowance to which he was not entitled under the provisions of Title V, Public No. 346, 78th Congress.

(b) *Requirement for hearing and determination by agency and review by readjustment allowance agent.* In all cases where it is indicated that a veteran knowingly accepted the payment of an allowance to which he was not entitled, or knowingly accepted an allowance where fraudulent representations were made to secure or increase the allowance, it is the responsibility of the State agency to hold a hearing and make a determination of the applicability of the provisions of section 1300, Title V, Public No. 346, 78th Congress. The determination will be reviewed by the readjustment allowance agent and the provisions of section 1300 will not be applied until the readjustment allowance agent has approved the determination of the State agency.

(c) *Veterans right to request review of decision.* Where the readjustment allowance agent concurs with the determination of the State agency holding the claimant ineligible to receive any further allowance under Title V, the veteran will be informed by the State agency of his right to request the Administrator to review the decision.

(d) *Penalty imposed under section 1300.* The provisions of section 1300 may be imposed irrespective of the disposition of cases submitted for action under the provisions of section 1301 and the method of handling thereunder. (Veterans' Administration Inst. 6) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.506 *Waiving recovery of overpayments*—(a) *Delegation of authority to State unemployment compensation agencies.* The State unemployment compensation agencies are hereby vested with authority, in those cases where it shall appear that an overpayment exists in the accounts of any claimant for readjustment allowances, to hold hearings, to make findings of fact and to determine whether or not recovery of such overpayment shall be waived under the provisions of section 28, World War Veterans' Act, 1924, as amended (section 453, U. S. C., Title 38), which is for application under the terms of section 1500, Servicemen's Readjustment Act of 1944.

(b) *Determination by State agency subject to approval by readjustment allowance agent.* A determination by the State agency that recovery of an overpayment shall be waived will not become effective until the facts of the case shall have been briefed and submitted to, and the determination therein reviewed and approved by, the readjustment allowance agent.

(c) *Delegation of authority to readjustment allowance agent to approve determination of State agency.* Each readjustment allowance agent is hereby vested with authority to review and to approve or disapprove a determination of the State agency waiving recovery of an overpayment. Upon his approval, the agent is hereby authorized to execute, for the Administrator, an appropriate Certificate of Waiver of Overpayment.

(d) *Right of veteran to appeal decision.* In every case where recovery of an overpayment is ordered, or waiver is denied, the veteran will be informed by the State agency of his right to appeal the decision, or to request a review by the Administrator, as the case may be, in accordance with appeal procedure set forth in § 36.501.

(e) *Provisions governing the granting of waiver of recovery of overpayment.* In their consideration and determination of the propriety of granting a waiver of recovery of an overpayment, both the State agencies and the readjustment allowance agents will be governed by the provisions of applicable law and guided by the principles set forth in regulations and decisions interpretive thereof. (Veterans' Administration Inst. 7) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.507 *Operation of State cooperating agencies and others*—(a) *Authority of State agencies under section 800 (a) (3).* The State agencies are hereby vested with authority to investigate and determine cases arising under the above section of the act. This determination shall be subject to appeal in the same manner as any other determination made by the State agency.

(b) *Courses included in "free training courses".* The words "free training course" shall include training courses provided under either a State or Federal or Federal-State training program. Such a training course must be one which would appear to hold out a prospect of reemployment within a reasonable period not too far in the future.

(c) *Courses under Part VII and Part VIII, Veterans' Regulation No. 1 (a) as amended (38 U. S. C., ch. 12).* A training course under Part VII which looks to rehabilitation of the applicant (including vocational counseling or aptitude evaluations) within a reasonable period of time into an employment objective in which there are employment opportunities which can be foreseen, is within the meaning of the phrase "free training course." A retraining course under Part VIII, Veterans' Regulation No. 1 (a), as amended, is within the meaning of the language, if the veteran can be retrained in an employment objective as to which there is a favorable opportunity of employment when and if retraining is completed. As to either Part VII or Part VIII, however, a failure or refusal to apply for, or to accept, education as distinguished from training, is not a failure to avail oneself of a free training course.

(d) *Determination of "good cause" in claimant's failure to attend.* In determining the question of good cause with respect to a claimant's failure to attend an available free training course, consideration shall be given, but not limited, to the following factors:

(1) Personal or family considerations affecting the claimant's decision.

(2) Prospects of employment in claimant's primary occupations or related occupations for which he is fitted by training, experience and skills.

(3) Comparison of claimant's prospects for employment in his primary or secondary occupations with that of other persons seeking employment in those occupations.

(4) Duration of claimant's unemployment.

(5) Suitability of occupation for which claimant is to be trained with respect to:

(i) The existence of entry jobs in the community.

(ii) The opportunities for employment in entry and non-entry jobs.

(iii) The wages, hours and working conditions in entry and non-entry jobs.

(6) Suitability of training for claimant with respect to:

(i) The duration of the course.

(ii) The claimant's age, aptitudes, experience, skills and physical ability.

(iii) Increasing the claimant's employability.

(iv) Increasing the claimant's opportunities to secure suitable employment. (Veterans' Administration Inst. 8) (Title V, 58 Stat. 295; 38 U. S. C. 696)

§ 36.508 *Delegation of authority to readjustment allowance agents and State unemployment compensation agencies*—(a) *Subpoena power.* The readjustment allowance agent located in each of the several States and the administrative head of each participating State unemployment compensation agency are hereby vested with authority to issue subpoenas for and compel the attendance of witnesses within a radius of 100 miles from the place of the hearing, to require the production of books, papers, documents and other evidence, to take affidavits, to make investigations, and to conduct hearings and examine witnesses upon any matter relating to Title V, Public No. 346, 78th Congress.

(b) *Delegation of authority to invoke aid of courts in disobedience cases.* In case of disobedience to any such subpoena or contumacy by or on the part of any person so subpoenaed, the readjustment allowance agents and the State unemployment compensation agencies are hereby vested with authority to invoke the aid of any District Court or the District Court of the District of Columbia in requiring the attendance and testimony of witnesses and the production of documentary evidence. (Veterans' Administration Inst. 9) (Title V, 58 Stat. 284; 38 U. S. C. 693)

§ 36.509 *Offset of subsistence allowance overpayments*—(a) *Statement of policy.* The payment of readjustment allowances to a veteran against whom there is outstanding an overpayment of subsistence allowances as to which all other means of collection have been exhausted is not in accord with Federal disbursement practice, and is not a proper expenditure of Government funds.

(b) *Responsibility of State agencies.* Readjustment allowances are not payable when the State Employment Security Agency has been notified of an outstanding uncollectible overpayment of subsistence allowances, until the overpayment has been offset against readjustment allowances otherwise payable or the agency has been notified by the Veterans' Aministration regional office that the outstanding overpayment has been liquidated. (Veterans' Administration Inst. 10) (Title V, 58 Stat. 295; 38 U. S. C. 696)

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 927—MILK IN THE NEW YORK METROPOLITAN MILK MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 1946 ed., 601 et seq.), hereinafter referred to as the "act," and of the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

(a) The following provisions of the order do not tend to effectuate the declared policy of the act with respect to all milk subject to the provisions of the order during the month of December 1948:

(1) All of the first proviso appearing in § 927.5 (a) (11) except "plus eight cents";

(2) All of the proviso appearing in § 927.5 (a) (12);

(3) All of the second proviso appearing in § 927.5 (a) (13).

(b) In accordance with the Administrative Procedure Act (Public Law 404, 79th Cong., 60 Stat. 237), notice of proposed rule making, public procedure thereon, and 30 days' prior notice of the effective date hereof are found to be impracticable, unnecessary, and contrary to the public interest in that it is necessary to issue immediately and make effective not later than December 1, 1948, this suspension order to reflect current marketing conditions, and to facilitate, promote, and maintain the orderly marketing of milk produced for the New York metropolitan milk marketing area. The changes caused by this suspension do not require of persons affected substantial or extensive preparation prior to the effective date. The time intervening between the date of issuance of this suspension and its effective date affords persons affected a reasonable time to prepare for its effective date.

It is therefore ordered, That the following provisions of the order be and they hereby are suspended with respect to all milk subject to the provisions of

the order during the month of December 1948:

(1) All of the first proviso appearing in § 927.5 (a) (11) except "plus eight cents";

(2) All of the proviso appearing in § 927.5 (a) (12);

(3) All of the second proviso appearing in § 927.5 (a) (13).

(48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 26th day of November 1948.

[SEAL] CHARLES F. BRANNAN, *Secretary of Agriculture.*

[F. R. Doc. 48-10468; Filed, Nov. 29, 1948; 11:16 a. m.]

PART 930—MILK IN THE TOLEDO, OHIO, MARKETING AREA

ORDER, AMENDING THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE TOLEDO, OHIO, MARKETING AREA

§ 930.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq., 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area; and a decision was made with respect to amendments by the Secretary on November 17, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions, and to insure the production of an adequate supply of milk. Any further delay in the effective date of this order, as amended, and as hereby further amended, will seriously threaten the supply of milk for the Toledo, Ohio, marketing area and will disrupt orderly marketing. The changes effected by this order, amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (sec. 4c, Administrative Procedure Act, Pub. Law 404, 79th Cong. 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended, and as hereby further amended, which is marketed within the Toledo, Ohio, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers, who during September 1948 (said month having been determined to be a representative period) were engaged in the production of milk for sale in the said marketing area.

The foregoing determinations are supplementary and in addition to the determinations made in connection with the issuance of the aforesaid order and the determinations made in connection

with the issuance of each of the previously issued amendments thereto; and all of said previous determinations are hereby ratified and affirmed except insofar as such determinations may be in conflict with the determinations set forth herein.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Toledo, Ohio, marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete from § 930.5 (a) (1) the proviso contained therein and substitute therefor the following: "*Provided*, That such Class I milk price shall be not less than $4.70 from the effective date of this amendment through January 31, 1949; and not less than $4.48 for the delivery period of February 1949."

2. Add to § 930.5 (a) (2) the following proviso: "*Provided*, That such Class II milk price shall be not less than $4.10 from the effective date of this amendment through January 31, 1949; and not less than $3.88 for the delivery period of February 1949."

Issued at Washington, D. C., this 26th day of November 1948, to be effective on and after the 1st day of December 1948.

(48 Stat. 31, 670, 675; 49 Stat. 730; 50 Stat. 246; 7 U. S. C. 601 et seq.; § 102, Reorg. Plan I of 1947; 12 F. R. 4534)

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

PART 946—MILK IN THE LOUISVILLE, KENTUCKY, MARKETING AREA

ORDER AMENDING THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE LOUISVILLE, KENTUCKY, MARKETING AREA

§ 946.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary to and in addition to the previous findings and determinations made in connection with the issuance of this order and each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, governing the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq.), a public hearing was held on November 5, 1948, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Louisville, Kentucky, marketing area. The decision was made by the Secretary on November 19, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect the market supply of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary, in the public interest, to make the amendment hereafter set forth effective by not later than December 1, 1948, so as to reflect current marketing conditions. Any delay beyond December 1, 1948, in the effective date of this amendment to the order, as amended, will seriously threaten the supply of milk for the Louisville, Kentucky, marketing area. The changes effected by this order amending the order, as amended, do not require substantial or extensive preparation by persons affected prior to the effective date. Accordingly it is concluded that good cause exists for making this amendment effective within less than 30 days after the date of publication. (Sec. 4 (c), Administrative Procedures Act, Pub. Law 404, 79th Cong., 60 Stat. 237)

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the Louisville, Kentucky, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order, further amending the aforesaid order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (September 1948), were engaged in the production of milk for sale in the said marketing area.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Louisville, Kentucky, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete the period (.) at the end of § 946.4 (b) (1) and add the following: ": *Provided*, That for the delivery periods from the effective date of this order through January 1949 the price for Class I milk shall not be less than $5.16; and that for the delivery period of February 1949 the price for Class I milk shall not be less than $4.94."

2. Delete the period (.) at the end of § 946.4 (b) (2) and add the following: ": *Provided*, That for the delivery periods from the effective date of this order through January 1949 the price for Class II milk shall not be less than $4.61; and that for the delivery period of February 1949 the price for Class II milk shall not be less than $4.39."

(48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C., 601 et seq.; sec. 102 Reorg. Plan 1 of 1947, 12 F. R. 4534)

Issued in Washington, D. C., this 26th day of November 1948 to be effective on and after the 1st day of December 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48-10469; Filed, Nov. 29, 1948; 11:16 a. m.]

PART 965—MILK IN THE CINCINNATI, OHIO, MARKETING AREA

ORDER, AMENDING THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE CINCINNATI, OHIO, MARKETING AREA

§ 965.1 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq.; 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Cincinnati, Ohio, marketing area; and a decision was made with respect to amendments by the Secretary on November 17, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions and to insure the production of an adequate supply of milk. Any further delay in the effective date of this order, as amended, and as hereby further amended, will seriously threaten the supply of milk for the Cincinnati, Ohio, marketing area and will disrupt orderly marketing. The changes effected by this order, amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the aforegoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication. (Sec. 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong. 60 Stat. 237)

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended, and as hereby further amended, which is marketed within the Cincinnati, Ohio, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who, during September 1948 (said month having been determined to be a representative period) were engaged in the production of milk for sale in the said marketing area.

The foregoing determinations are supplementary and in addition to the determinations made in connection with the issuance of the aforesaid order and the determinations made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous determinations are hereby ratified and affirmed except insofar as such determinations may be in conflict with the determinations set forth herein.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Cincinnati, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended, as follows:

1. Delete from § 965.6 (a) (1) the proviso contained therein and substitute therefor the following: "*Provided*, That such price for Class I milk shall be not less than $5.40 from the effective date of this amendment through January 31, 1949; and not less than $5.18 for the delivery period of February 1949."

2. Delete from § 965.6 (a) (2) the proviso contained therein and substitute therefor the following: "*Provided*, That such price for Class II milk shall be not less than $4.95 from the effective date of this amendment through January 31, 1949; and not less than $4.73 for the delivery period of February 1949."

Issued at Washington, D. C. this 26th day of November, 1948, to be effective on and after the 1st day of December 1948.

(48 Stat. 31, 670, 675; 49 Stat. 730; 50 Stat. 246; 7 U. S. C. 601 et seq.; sec. 102, Reorg. Plan I of 1947; 12 F. R. 4534)

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

PART 972—MILK IN THE TRI-STATE MARKETING AREA

ORDER, AMENDING THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE TRI-STATE MARKETING AREA

§ 972.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq.; 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Tri-State marketing area; and a decision was made with respect to amendments by the Secretary on November 17, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions, and to insure the production of an adequate supply of milk. Any further delay in the effective date of this order, as amended, and as hereby further amended, will seriously threaten the supply of milk for the Tri-State marketing area and will disrupt orderly marketing. The changes effected by this order, amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication. (Sec. 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237)

(c) *Determinations.* It is hereby determined that handlers (excluding coop-

erative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended and as hereby further amended, which is marketed within the Tri-State marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who, during September 1948 (said month having been determined to be a representative period) were engaged in the production of milk for sale in the said marketing area.

The foregoing determinations are supplementary and in addition to the determinations made in connection with the issuance of the aforesaid order and the determinations made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous determinations are hereby ratified and affirmed except insofar as such determinations may be in conflict with the determinations set forth herein.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Tri-State marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete from § 972.5 (b) the proviso contained therein and substitute therefor the following: *"Provided*, That such price for Class I milk shall not be less than $5.00 at Huntington district plants and $4.80 at other plants from the effective date of this amendment through January 31, 1949; and not less than $4.78 at Huntington district plants and $4.58 at other plants for the delivery period of February 1949."

2. Delete from § 972.5 (c) the proviso contained therein and substitute therefor the following: *"Provided*, That such price for Class II milk shall not be less than $4.70 at Huntington district plants and $4.50 at other plants from the effective date of this amendment through January 31, 1949; and not less than $4.48 at Huntington district plants and $4.28 at other plants for the delivery period of February 1949."

Issued at Washington, D. C., this 26th day of November 1948, to be effective on and after the 1st day of December 1948.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 210—CHECK CLEARING AND COLLECTION

MISCELLANEOUS AMENDMENTS

On April 16, 1948, the Board of Governors of the Federal Reserve System, acting in accordance with section 4 of the Administrative Procedure Act and section 2 of the Rules of Procedure of the Board of Governors of the Federal Reserve System (12 CFR 1946 Supp. 262.2), published in the FEDERAL REGISTER (13 F. R. 2050) notice of proposed amendments to Part 210, relating to the clearing and collection of checks by Federal Reserve Banks. After due and careful consideration of all relevant matter presented, the Board hereby adopts the following amendments to Part 210 to become effective January 1, 1949:

1. Paragraph (b) of § 210.5 is amended by adding at the end of such paragraph the following sentence: "A Federal Reserve Bank, or any agent to which such checks are forwarded by a Federal Reserve Bank, may present such checks pursuant to any special collecting agreement not inconsistent with the terms of this regulation or may present them through a clearing house subject to the rules and practices thereof."

2. Section 210.5 is amended by inserting therein a new paragraph (d) reading as set forth below and by changing the designations of present paragraphs (d) to (h), inclusive, so that such paragraphs will be designated (e) to (i), inclusive:

§ 210.5 *Terms of collection.* • • •

(d) Any check which a Federal Reserve Bank or an agent thereof presents to the drawee bank for payment or sends to the drawee bank for collection, and for which remittance or settlement is made by the drawee bank on the day on which it receives[3] such check, may be returned for credit or refund at any time prior to midnight of the drawee's next business day following such day of receipt or prior to the time provided by applicable clearing house rule or special collection agreement, whichever is earlier, except that this paragraph shall not apply to checks presented over the counter.

3. Section 210.6 is amended to read as follows:

§ 210.6 *Other rules and regulations.* Each Federal Reserve Bank may also promulgate rules not inconsistent with the terms of the law or of the regulations of this part, governing the details of its operations in clearing and collecting checks and other cash items. Such rules shall be set forth by the Federal Reserve Bank in its letters of instruction to its member and nonmember clearing banks and shall be binding upon any member or nonmember clearing bank which sends any check or other cash item to such Federal Reserve Bank for collection or to any other Federal Reserve Bank for the account of such Federal Reserve Bank for collection.

(Secs. 11 (i), 16, 38 Stat. 262, 265, sec. 4, 40 Stat. 234; 12 U. S. C. 248 (i), (o) 342, 360)

Issued this 24th day of November 1948.

BOARD OF GOVERNORS OF THE
FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

[F. R. Doc. 48-10357; Filed, Nov. 29, 1948; 8:49 a. m.]

[3] A check received by a drawee bank on a day other than its business day, or received on a business day after its regular business hours or during afternoon or evening periods when it has reopened (or remained open) for limited functions, shall be deemed to have been received on its next succeeding business day.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration

[Amdt. 11]

PART 600—DESIGNATION OF CIVIL AIRWAYS

MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic between certain points necessitates, in the interest of safety in air commerce, the immediate realignment and establishment of civil airways between such points; (2) the realignment and establishment of the civil airways referred to in (1) above, have been coordinated with the civil operators involved, the Army, and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (3) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable, unnecessary, and contrary to the public interest, and therefore is not required;

Now therefore, acting under authority contained in sections 205, 301, 302, 307, and 308 of the Civil Aeronautics Act of 1938, as amended, and pursuant to section 3 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 600, as follows:

Designation and Redesignation of Civil Airways: Amber Civil Airway No. 9; Red Civil Airways Nos. 20, 21, 75 and 77; Blue Civil Airways Nos. 20, 32 and 56

1. Section 600.4 (b) (9) is amended to read:

(9) *Amber civil airway No. 9 (Charleston, S. C., to New York, N. Y.).* From the intersection of the northeast course of the Charleston, S. C., radio range and the southwest course of the Myrtle Beach S. C., VHF radio range via the Myrtle Beach, S. C., VHF radio range station; Wilmington, N. C., VHF radio range station; New Bern, N. C., VHF radio range station; Williamston, N. C., VHF radio range station (excluding the area between 9,500 feet and 18,500 feet mean sea level during the hours of darkness between the Wilmington, N. C. VHF radio range station and the Williamston, N. C., VHF radio range station); the intersection of the northeast course of the Williamston, N. C., VHF radio range and the southwest course of the Norfolk, Va., radio range; Norfolk, Va., radio range station. From the Norfolk, Va., VHF radio range station via the intersection of the north course of the Norfolk, Va., VHF radio range and the southwest course of the Salisbury, Md., VHF radio range; Salisbury, Md., VHF radio range station; the intersection of the northeast course of the Salisbury, Md., VHF radio range and the southwest course of the Atlantic City, N. J., VHF radio range; Atlantic City, N. J., VHF radio range station; the intersection of the northeast course of the Atlantic City, N. J., VHF radio range and the south course of the Matawan, N. J., VHF radio range; Matawan, N. J., VHF radio range station (excluding that portion more than 2 miles either side of the northeast course of the Atlantic City, N. J., VHF radio range and the south course of the Matawan, N. J., VHF radio range) to the intersection of the north course of the Matawan, N. J., VHF radio range and the east course of the Allentown, Pa., radio range.

2. Section 600.4 (c) (20) is amended to read:

(20) *Red civil airway No. 20 (Lansing, Mich., to Washington, D. C.).* From the Lansing, Mich., radio range station via the intersection of the northwest course of the Romulus, Mich., radio range and the northwest course of the Selfridge Field, Mich., radio range and the intersection of the northwest course of the Windsor, Ontario, Canada, radio range and the northwest course of the Selfridge Field, Mich., radio range to the intersection of the northwest course of the Windsor, Ontario, Canada, radio range and the United States-Canadian Border. From the intersection of the northwest course of the Cleveland, Ohio, radio range and the United States-Canadian Border via the Cleveland, Ohio, radio range station and the Akron, Ohio, radio range station to the intersection of the southeast course of the Cleveland, Ohio, radio range and the west course of the Pittsburgh, Pa., radio range. From the Pittsburgh, Pa., radio range station via the intersection of the southeast course of the Pittsburgh, Pa., radio range and the northwest course of the Washington, D. C., radio range; the Washington, D. C., radio range station to the intersection of the southeast course of the Washington, D. C., radio range with Red Civil Airway No. 77, excluding that portion which lies more than 3 miles north of the southeast course of the Washington, D. C., radio range between the intersection of the southeast course of the Washington, D. C., radio range and the south course of the Baltimore, Md., radio range and Red civil airway No. 77."

3. Section 600.4 (c) (21) is amended to read:

(21) *Red civil airway No. 21 (Lansing, Mich., to Boston, Mass.).* From the Lansing, Mich., radio range station to the intersection of the southeast course of the Lansing, Mich., radio range and the west course of the Romulus, Mich., radio range. From the Romulus, Mich., radio range station to the intersection of the southeast course of the Romulus, Mich., radio range and the west course of the Cleveland, Ohio, radio range. From the intersection of the west course of the Cleveland, Ohio, radio range and the northwest course of the Akron, Ohio, radio range via the Akron, Ohio, radio range station; Pittsburgh, Pa., radio range station; the intersection of the northeast course of the Pittsburgh, Pa., radio range and the north course of the Altoona, Pa., radio range to the Sunbury, Pa., radio marker station. From the intersection of the northeast course of the Allentown, Pa., radio range and the west course of the Newark, N. J., radio range to the Newark, N. J., radio range station. From the intersection of the east course of the New York, N. Y. (LaGuardia) radio range and the southwest course of the Bridgeport, Conn., radio range via the Bridgeport, Conn., radio range station to the intersection of the northeast course of the Bridgeport, Conn., radio range and the southeast course of the Hartford, Conn., radio range. From the intersection of the southeast course of the Hartford, Conn., radio range and the west course of the Quonset Point, R. I. (Navy), radio range via the intersection of the west course of the Quonset Point, R. I. (Navy), radio range and the southwest course of the Providence, R. I., radio range; Providence, R. I., radio range station, excluding that portion more than 2 miles east of the southwest course of the Providence, R. I., radio range; Squantum, Mass. (Navy), radio range station, excluding that portion which lies more than 4 miles east of the southwest course of the Squantum, Mass. (Navy), radio range between the Providence, R. I., radio range station and a point 5 miles northeast to the intersection of the northeast course of the Squantum, Mass. (Navy), radio range and the east course of the Boston, Mass., radio range.

4. Section 600.4 (c) (75) is added to read:

(75) *Red civil airway No. 75 (U. S.-Canadian Border, Vancouver, B. C., to U. S.-Canadian Border, Abbotsford, B. C.).* From the Vancouver, B. C., radio range station to the intersection of the northwest course of the Bellingham, Wash., radio range and the west course of the Abbotsford, B. C., radio range; Abbotsford, B. C., radio range station to the intersection of the east course of the Abbotsford, B. C., radio range and the northeast course of the Bellingham, Wash., radio range, excluding those portions lying outside the limits of the continental United States.

5. Section 600.4 (c) (77) is added to read:

(77) *Red civil airway No. 77 (Richmond, Va., to Millville, N. J.).* From the intersection of the north course of the Richmond, Va., radio range and the southwest course of the Patuxent River, Md. (Navy), radio range via the Patuxent River, Md. (Navy), radio range station to the Millville, N. J., radio range station, excluding that portion below 6,000 feet between the eastern boundary of Blue civil airway No. 56 and the southwest boundary of Red civil airway No. 20.

6. Section 600.4 (d) (20) is amended to read:

(20) *Blue civil airway No. 20 (Atlantic City, N. J., to Allentown, Pa.).* From the Atlantic City, N. J. (Navy), radio range station via the intersection of the west course of the Atlantic City, N. J. (Navy), radio range and the southeast course of the Millville, N. J., radio range; Millville, N. J., radio range station; the intersection of the northwest course of the Millville, N. J., radio range and the southwest course of the Philadelphia, Pa., radio range; Philadelphia, Pa., radio range station to the Allentown, Pa., radio range station.

7. Section 600.4 (d) (32) is amended to read:

(32) *Blue civil airway No. 32 (Pendleton, Oreg., to Fairbanks, Alaska).* From the Pendleton, Oreg., radio range station via the intersection of the northwest course of the Pendleton, Oreg., radio range and the southeast course of the Yakima, Wash., radio range to the Yakima, Wash., radio range station. From the Seattle, Wash., radio range station via the intersection of the northwest course of the Seattle, Wash., radio range and the south course of the Patricia Bay, B. C., radio range to the intersection of the south course of the Patricia Bay, B. C., radio range and the U. S.-Canadian Border. From the Skwentna, Alaska, radio range station via the intersection of the northeast course of the Skwentna, Alaska, radio range and the southwest course of the Summit, Alaska, radio range to the Summit, Alaska, radio range station.

8. Section 600.4 (d) (56) is amended to read:

(56) *Blue civil airway No. 56 (Elizabeth City, N. C., to Washington, D. C.).* From the Weeksville, N. C. (Coast Guard), radio range station via the inter-

section of the northwest course of the Weeksville, N. C. (Coast Guard), radio range and the southwest course of the Norfolk, Va., VHF radio range to the Norfolk, Va., VHF radio range station. From the intersection of the northwest course of the Norfolk, Va., radio range and the south course of the Langley Field, Va. (AFB), radio range via the Langley Field, Va. (AFB), radio range station; the intersection of the north course of the Langley Field, Va. (AFB), radio range and the southeast course of the Brandywine, Md., radio range to the Brandywine, Md., radio range station, excluding that portion more than 3 miles east of the south and north courses of the Langley Field, Va. (AFB), radio range and the southeast course of the Brandywine, Md., radio range, and excluding that portion more than 3 miles west of the southeast course of the Brandywine, Md., radio range and the north course of the Langley Field, Va. (AFB), radio range between the Brandywine, Md., radio range station and a point 18 miles south of the intersection of the north course of the Langley Field, Va. (AFB), radio range and the southeast course of the Brandywine, Md., radio range.

9. Section 600.4 (e) *Other civil airways—(2) Norfolk, Va., to Washington, D. C.*, civil airway is revoked.

This amendment shall become effective 0001 e. s. t., December 1, 1948.

(Sec. 205, 301, 302, 307, and 308, 52 Stat. 984, 985, 986; 54 Stat. 1233, 1235; Public Law 872, 80th Cong.; 49 U. S. C., 425, 451, 452, 457, 458)

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[Amdt. 15]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic between certain points necessitates, in the interest of safety in air commerce, the immediate redesignation and establishment of control areas, including control zones at, and reporting points between, such locations; (2) the redesignation and establishment of the control areas referred to in (1) above, have been coordinated with the civil operators involved, the Army and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (3) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable; unnecessary, and contrary to the public interest, and therefore is not required;

Now therefore, acting under authority contained in Sections 205, 301, 302, 307, and 308 of the Civil Aeronautics Act of 1938, as amended, and pursuant to section 3 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 601, as follows:

Designation and Redesignation of Control Areas: Amber Civil Airway No. 9; Red Civil Airways Nos. 20, 53, 75 and 77; Blue Civil Airways Nos. 20, 32, and 56. Designation and Redesignation of Control Zones. Designation and Redesignation of Reporting Points: Green Civil Airway No. 4; Amber Civil Airway No. 9; Red Civil Airways Nos. 14, 20, 75 and 77; Blue Civil Airways Nos. 19, 20, 32 and 56

1. Section 601.4 (b) (9) is amended by changing caption to read:

(9) *Amber civil airway No. 9 control areas (Charleston, S. C., to New York, N. Y.).* * * *

2. Section 601.4 (c) (20) is amended by changing caption to read:

(20) *Red civil airway No. 20 control areas (Lansing, Mich., to Washington, D. C.).* * * *

3. Section 601.4 (c) (53) is amended to read:

(53) *Red civil airway No. 53 control areas (Joplin, Mo., to Springfield, Mo.).* All of Red civil airway No. 53.

4. Section 601.4 (c) (75) is added to read:

(75) *Red civil airway No. 75 control areas (U. S.-Canadian Border, Vancouver, B. C., to U. S.-Canadian Border, Abbotsford, B. C.).* All of Red civil airway No. 75.

5. Section 601.4 (c) (77) is added to read:

(77) *Red civil airway No. 77 control areas (Richmond, Va., to Millville, N. J.).* All of Red civil airway No. 77.

6. Section 601.4 (d) (20) is amended by changing caption to read:

(20) *Blue civil airway No. 20 control areas (Atlantic City, N. J., to Allentown, Pa.).* * * *

7. Section 601.4 (d) (32) is amended to read:

(32) *Blue civil airway No. 32 control areas (Pendleton, Oreg., to Fairbanks, Alaska).* From the Pendleton, Oreg., radio range station to the United States-Canadian Border and from the Skwentna, Alaska, radio range station to a line extended at right angles across such airway through a point 25 miles northeast of the radio range station.

8. Section 601.4 (d) (56) is amended by changing caption to read:

(56) *Blue civil airway No. 56 control areas (Elizabeth City, N. C., to Washington, D. C).* * * *

9. Section 601.4 (e) (65), *Control area extension (Pendleton, Oreg.)*, is revoked.

10. Section 601.4 (e) (65) is added to read:

(65) *Control area extension (Yakima, Wash.).* From the Yakima, Wash., radio range station extending 5 miles either side of the northwest course of the Yakima radio range to a point 20 miles northwest of the radio range station.

11. Section 601.4 (e) (136) is added to read:

(136) *Control area extension (San Juan, P. R.).* Within a 150 nautical mile radius from the Isla Grande Aerodrome, San Juan, P. R., excluding the mainland of the Dominican Republic and overlapping portions of existing danger areas and airspace warning areas.

12. Section 601.4 (e) (137) is added to read:

(137) *Control area extension (Albany, Ga.).* From the Albany, Ga., radio range station extending 5 miles either side of the east course of the radio range to a point 20 miles east of the radio range station.

13. Section 601.4 (e) (138) is added to read:

(138) *Control area extension (Orlando, Fla.).* From the Orlando, Fla., radio range station extending 5 miles on the southeast side and parallel to the northeast course of the Orlando, Fla., radio range to the intersection of the northeast course of the Orlando, Fla., radio range and the northwest course of the Melbourne, Fla., radio range including all that area north of the northeast course of the Orlando radio range between Red civil airway No. 47 and Amber civil airway No. 7.

14. Section 601.4 (e) (139) is added to read:

(139) *Control area extension (Lexington, Ky.).* From the Lexington, Ky., nondirectional radio marker beacon extending 5 miles either side of a line 225° magnetic to a point 20 miles southwest of the marker beacon and extending 5 miles either side of a line 45° magnetic from the marker beacon to its intersection with the northwest course of the Lexington, Ky., VHF radio range.

15. Section 601.8 (c) (240) is added to read:

(240) *Milton, Fla., control zone.* Within a 5 mile radius of North Whiting Naval Air Station extending 2 miles either side of the northwest course of the North Whiting (Navy) radio range to a point 10 miles northwest of the radio range station.

16. Section 601.8 (c) (241) is added to read:

(241) *Albany, Ga., control zone.* Within a 5 mile radius of the Municipal Airport extending 2 miles either side of the west and east courses of the Albany radio range to a point 10 miles east of the radio range station, including a 5 mile radius of Turner Air Force Base, and extending 2 miles either side of the north and south courses of the Albany radio range to a point 10 miles south of the radio range station.

17. Section 601.8 (c) (242) is added to read :

(242) *Lexington, Ky., control zone.* Within a 5 mile radius of the Blue Grass Airport extending 2 miles either side of a line 225° magnetic from the Lexington, Ky., non-directional radio marker beacon to a point 10 miles southwest of the radio marker beacon.

18. Section 601.9 (a) (4) is amended to read:

(4) *Green civil airway No. 4 (Los Angeles, Calif., to Philadelphia, Pa.).* Los Angeles, Calif., radio range station; the intersection of the north course of the Los Angeles, Calif., radio range and the southwest course of the Palmdale, Calif., radio range or the Newhall, Calif., radio range station; Palmdale, Calif., radio range station; Daggett, Calif., radio range station; Needles, Calif., radio range station; Prescott, Ariz., radio range station; Winslow, Ariz., radio range station; El Morro, N. Mex., radio range station; Acomita, N. Mex., radio range station; Albuquerque, N. Mex., radio range station; the intersection of the east course of the Otto, N. Mex., radio range and the southwest course of the Las Vegas, N. Mex., radio range; Tucumcari, N. Mex., radio range station; Amarillo, Tex., radio range station; Gage, Okla., radio range station; Wichita, Kans., radio range station; Lebo, Kans., radio range station; Kansas City, Mo., radio range station; Columbia, Mo., radio range station; St. Louis, Mo., radio range station; Effingham, Ill., radio range station; Terre Haute, Ind., radio range station; Indianapolis, Ind., radio range station; the intersection of the northeast course of the Indianapolis, Ind., radio range and the northwest course of the Cincinnati, Ohio., radio range or the Greenfield, Ind., radio marker beacon; the intersection of the west course of the Columbus, Ohio, radio range and the north course of the Dayton, Ohio, radio range; Columbus, Ohio, radio range station; the intersection of the west course of the Pittsburgh, Pa., radio range and the southeast course of the Cleveland, Ohio, radio range; Pittsburgh, Pa., radio range station; Altoona, Pa., radio range station; Harrisburg, Pa., radio range station; the intersection of the southwest course of the Allentown, Pa., radio range and the east course of the Harrisburg, Pa., radio range; Philadelphia, Pa., radio range station.

19. Section 601.9 (b) (9) is amended by changing caption to read:

(9) *Amber civil airway No. 9 (Charleston, S. C., to New York, N. Y.).* * * *

20. Section 601.9 (c) (14) is amended to read:

(14) *Red civil airway No. 14 (Lone Rock, Wis., to Louisville, Ky.).* Rockford, Ill., radio range station; Chicago, Ill., radio range station; the intersection of the east course of the Harvey, Ill., radio range and the southeast course of the Chicago, Ill., radio range; the intersection of the northeast course of the Lafayette, Ind., radio range and the northwest course of the Indianapolis, Ind., radio range.

21. Section 601.9 (c) (20) is amended to read:

(20) *Red civil airway No. 20 (Lansing, Mich., to Washington, D. C.).* Akron, Ohio, radio range station; the intersection of the northwest course of the Washington, D. C., radio range and the northeast course of the Martinsburg, W. Va., radio range; the intersection of the southeast course of the Washington, D. C., radio range and the northeast course of the Patuxent River, Md. (Navy), radio range.

22. Section 601.9 (c) (75) is added to read:

(75) *Red civil airway No. 75 (U. S.-Canadian Border, Vancouver, B. C., to U. S.-Canadian Border, Abbotsford, B. C.).* No reporting point designation.

23. Section 601.9 (c) (77) is added to read:

(77) *Red civil airway No. 77 (Richmond, Va., to Millville, N. J.).* No reporting point designation.

24. Section 601.9 (d) (19) is amended to read:

(19) *Blue civil airway No. 19 (Miami, Fla., to Orlando, Fla.).* The intersection of the north course of the Miami, Fla., radio range and the west course of the West Palm Beach, Fla., radio range.

25. Section 601.9 (d) (20) is amended by changing the caption to read:

(20) *Blue civil airway No. 20 (Atlantic City, N. J., to Allentown, Pa.);* * * *

26. Section 601.9 (d) (32) is amended by changing the caption to read:

(32) *Blue civil airway No. 32 (Pendleton, Oreg., to Fairbanks, Alaska).* * * *

27. Section 601.9 (d) (56) is amended by changing the caption to read:

(56) *Blue civil airway No. 56 (Elizabeth City, N. C., to Washington, D. C.).* * * *

This amendment shall become effective 0001 e. s. t., December 1, 1948.

TITLE 24—HOUSING CREDIT

Chapter VIII—Office of the Housing Expediter

[Controlled Housing Rent Reg.[1], Amdt. 51]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§§ 825.1–825.12) is amended in the following respect:

1. Schedule B is amended by incorporating item 36 as follows:

36. Provisions relating to Jamestown Defense-Rental Area, State of New York.

Increase in Maximum Rents Based Upon the Recommendation of the Local Advisory Board.

Pursuant to the provisions of, and subject to the limitations contained in, the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Jamestown Defense-Rental Area, State of New York, are increased, effective November 27, 1948, in the amount of 8 percent.

Any maximum rent for housing accommodations in said defense-rental area which is substantially lower than the rent generally prevailing in said defense-rental area for comparable housing accommodations on March 1, 1942 plus 8 percent shall be eligible for adjustment on the basis of such generally prevailing rent plus 8 percent, on the filing of an individual petition for adjustment under § 825.5 (a) (11).

All provisions of §§ 825.1 to 825.12 insofar as they are applicable to the Jamestown Defense-Rental Area are hereby amended to the extent necessary to carry there provisions into effect.

(Sec. 204 (d), 61 Stat. 197, as amended by 62 Stat. 37 and by 62 Stat. 94; 50 U. S. C. App. 1894 (d). Applies sec. 204 (e), 61 Stat. 197, as amended by 62 Stat. 37 and by 62 Stat. 94; 50 U. S. C. App. 1894 (e))

This amendment shall become effective November 27, 1948.

Issued this 24th day of November 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement To Accompany Amendment 51 to the Controlled Housing Rent Regulation

The Local Advisory Board for the Jamestown Defense-Rental Area, State of New York, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in said Defense-Rental Area.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 8 percent, and is therefore issuing this amendment to effectuate such portion of the recommendation.

[F. R. Doc. 48-10398; Filed, Nov. 26, 1948; 1:12 p. m.]

[Rent Reg. for Controlled Rooms in Rooming Houses and Other Establishments,[1] Amdt. 51]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

RENT REGULATION FOR CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

The Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92) is hereby amended in the following respect:

1. Schedule B is amended by incorporating item 37 as follows:

37. Provisions relating to Jamestown Defense-Rental Area, State of New York.

[1] 13 F. R. 5706, 5788, 5783, 5937, 6246, 6283, 6411, 6556, 6881.

[1] 13 F. R. 5750, 5789, 5875, 5937, 5938, 6247, 6283, 6411, 6556, 6882.

Increase in Maximum Rents Based Upon the Recommendation of the Local Advisory Board. Pursuant to the provisions of, and subject to the limitations contained in, the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Jamestown Defense-Rental Area, State of New York, are increased, effective November 27, 1948, in the amount of 8 percent.

Any maximum rent for housing accommodations in said defense-rental area which is substantially lower than the rent generally prevailing in said defense-rental area for comparable housing accommodations on March 1, 1942 plus 8 percent shall be eligible for adjustment on the basis of such generally prevailing rent plus 8 percent, on the filing of an individual petition for adjustment under § 825.65 (a) (8).

All provisions of §§ 825.81 to 825.92 insofar as they are applicable to the Jamestown Defense-Rental Area are hereby amended to the extent necessary to carry these provisions into effect.

(Sec. 204 (d), 61 Stat. 197, as amended by 62 Stat. 37 and by 62 Stat. 94; 50 U. S. C. App. 1894 (d). Applies sec. 204 (e), 61 Stat. 197, as amended by 62 Stat. 37 and by 62 Stat. 94; 50 U. S. C. App. 1894 (e))

This amendment shall become effective November 27, 1948.

Issued this 24th day of November 1948.

TICHE E. WOODS,
Housing Expediter.

Statement To Accompany Amendment 51 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments

The Local Advisory Board for the Jamestown Defense-Rental Area, State of New York, has in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in said Defense-Rental Area.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 8 percent, and is therefore issuing this amendment to effectuate such portion of the recommendation.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5673]

PART 101—TAXES ON ADMISSIONS, DUES, AND INITIATION FEES

ORIGINAL RETURN TO BE FILED WITH COLLECTOR AND DUPLICATE RETAINED

Regulations 43 (1941 edition) (26 CFR, Part 101), relating to the taxes on admissions, dues and initiation fees under the provisions of the Internal Revenue Code, are hereby amended as follows:

PARAGRAPH 1. Section 101.32, as amended by Treasury Decision 5385, approved June 30, 1944 (26 CFR 101.32), is further amended by adding at the end thereof a paragraph reading as follows:

§ 101.32 *Records; admissions.* • • •

(c) *Duplicate returns.* Subject so far as applicable to the conditions prescribed as to other records required by this section each person required to keep such other records shall also retain in his records the duplicate returns required by § 101.33.

PAR. 2. Section 101.33 (26 CFR 101.33) is hereby amended as follows:

(A) By altering the first paragraph thereof as follows:

(i) By striking from the first sentence the word "make" and inserting in lieu thereof the word "prepare".

(ii) By inserting in the second sentence immediately following the first word thereof the word "original".

(iii) By inserting in the third sentence immediately following the first word thereof the word "original."

(iv) By inserting immediately preceding the last sentence the following: "The duplicate return shall be retained as provided by § 101.32 (c)."

(B) By altering the second paragraph as follows:

(i) By striking from the third sentence the word "triplicate" and inserting in lieu thereof the word "duplicate".

(ii) By striking from the last sentence the word "copies" and the words "and duplicate" and inserting in lieu of the word "copies" the word "copy".

PAR. 3. Section 101.38 (26 CFR 101.38) is amended by adding at the end thereof a sentence as follows: "Likewise to be kept as part of the records are the duplicate returns required by § 101.39."

PAR. 4. Section 101.39 (26 CFR 101.39) is amended by altering the first paragraph thereof as follows:

(A) By inserting in the second sentence immediately following the first word thereof the word "original".

(B) By inserting in the third sentence immediately following the first word thereof the word "original".

(C) By inserting immediately preceding the last sentence the following: "The duplicate return shall be retained as provided by § 101.38."

(53 Stat. 467; 26 U. S. C. 3791)

Because this Treasury decision makes only a minor procedural change in net effect reducing the burden of persons subject to the regulations, it is found that it is unnecessary to issue such Treasury decision under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10373; Filed, Nov. 29, 1948; 8:55 a. m.]

[T. D. 5672]

PART 130—TAXES ON SAFE DEPOSIT BOXES AND ON CERTAIN TRANSPORTATION AND COMMUNICATIONS SERVICES

ORIGINAL RETURN TO BE FILED WITH COLLECTOR AND DUPLICATE RETAINED

Regulations 42 (1942 edition) (26 CFR, Part 130), relating to the taxes on safe deposit boxes, transportation of oil by pipe line, telephone, telegraph, radio and cable messages and services, and transportation of persons under the provisions of the Internal Revenue Code, are hereby amended as follows:

PARAGRAPH 1. Section 130.71 (26 CFR 130.71) is amended by changing the designation of paragraph (e) to (f) and inserting a new paragraph (e) to read as follows:

§ 130.71 *Records.* • • •

(e) In addition to the records prescribed in paragraph (a), (b), (c) or (d) each person required to keep such records shall also retain the duplicate returns prescribed by § 130.72.

PAR. 2. Section 130.72, as amended by Treasury Decision 5347, approved March 15, 1944 (26 CFR 130.72), is further amended by altering paragraph (e) thereof as follows:

(A) By striking from the first sentence the words "under oath" and the comma immediately following, and inserting in such sentence immediately preceding the words "must be sworn" the words "the original."

(B) By inserting in the second sentence immediately following the first word thereof the word "original."

(C) By inserting immediately following the second sentence a new sentence as follows: "The duplicate return shall be retained as prescribed by § 130.71 (e)."

(53 Stat. 423, 467, 55 Stat. 722; 26 U. S. C. and Sup., 3472, 3791)

Because this Treasury decision makes only a minor procedural change in net effect reducing the burden of persons subject to the regulations, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10371; Filed, Nov. 29, 1948; 8:55 a. m.]

[T. D. 5678]

PART 143—TAX WITH RESPECT TO THE TRANSPORTATION OF PROPERTY

ORIGINAL RETURN TO BE FILED WITH COLLECTOR AND DUPLICATE RETAINED

In order to conform Regulations 113 (1943 edition) (26 CFR, Part 143), relating to the tax on the amount paid for the transportation of property, to a change of system for the verification of returns, such regulations are hereby amended as follows:

PARAGRAPH 1. Section 143.51 (26 CFR 143.51) is amended by inserting immediately following the first sentence thereof another sentence reading as follows: "Such person shall also retain as part of his records the duplicate returns required by § 143.52."

PAR. 2. Section 143.52 (26 CFR 143.52) is amended by altering the first paragraph thereof as follows:

(A) By striking from the second sentence the word "made" and inserting in lieu thereof the word "prepared."

(B) By striking from the second sentence thereof "under oath," and inserting therein immediately preceding the words "must be sworn to" the words "the original."

(C) By inserting in the third sentence immediately following the first word thereof the word "original."

(D) By inserting immediately following the third sentence another sentence reading as follows: "The duplicate return shall be retained as prescribed by § 143.51."

(E) By inserting in the last sentence, immediately after the word "sections" the following: "143.51, relating to records,"

(53 Stat. 423, 467, 55 Stat. 722; 26 U. S. C. and Sup., 3472, 3791)

Because this Treasury decision makes only a minor procedural change in net effect reducing the burden of persons subject to the regulations, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10367; Filed, Nov. 29, 1948; 8:54 a. m.]

[T. D. 5676]

PART 302—EXCISE TAX ON SALE OF PISTOLS AND REVOLVERS

RETURN AND OATH REQUIREMENTS MODIFIED

Regulations 47 (1928 edition) (26 CFR, Part 302), relating to tax on pistols and revolvers sold by the manufacturer, producer, or importer, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4885, approved February 11, 1939 (26 CFR, Cum. Supp., p. 5876), are hereby amended as follows:

PARAGRAPH 1. Article 12 (26 CFR 302.12) is amended as follows:

(A) By altering the first paragraph thereof as follows:

(i) By striking therefrom the words "make monthly returns under oath" and inserting in lieu thereof the words "prepare a monthly return."

(ii) By adding at the end thereof a new sentence reading as follows: "The original return must be under oath."

(B) By altering the third paragraph thereof as follows:

(i) By striking therefrom the opening words "The return must be rendered" and inserting in lieu thereof the words "The original return must be filed."

(ii) By adding at the end thereof a new sentence reading as follows: "The duplicate return shall be retained."

(C) By striking from the first sentence of the eighth paragraph the concluding words "of the taxable sale" and inserting in lieu thereof the words "the tax becomes due".

PAR. 2. Article 15 (26 CFR 302.15) is amended by striking from the fourth sentence of the first paragraph thereof the word "sworn".

PAR. 3. Article 17 (26 CFR 302.17) is amended as follows:

(A) By striking from the first paragraph the words "an affidavit" and inserting in lieu thereof the words "a statement".

(B) By striking from the second and third paragraphs the word "affidavit" and inserting in lieu thereof the word "statement".

(53 Stat. 467, 26 U. S. C. 3791)

Because this Treasury decision makes only procedural changes in net effect relieving restrictions, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10369; Filed, Nov. 29, 1948; 8:55 a. m.]

[T. D. 5674]

PART 314—TAXES ON GASOLINE, LUBRICATING OIL, AND MATCHES

RETURN AND OATH REQUIREMENTS MODIFIED

Regulations 44 (1944 edition) (26 CFR, Part 314) relating to taxes on gasoline, lubricating oil, and matches, are amended as follows:

PARAGRAPH 1. Section 314.23 (26 CFR 314.23) is amended by striking from the first sentence of the second paragraph thereof the word "sworn".

PAR. 2. Section 314.25 (26 CFR 314.25) is amended by striking from the second and third paragraphs the word "sworn" wherever it appears therein.

PAR. 3. Section 314.26 (26 CFR 314.26) is amended as follows.

(A) By striking from the first paragraph thereof the word "sworn".

(B) By altering the second paragraph thereof as follows:

(i) By striking from the first sentence the words "an affidavit" and inserting in lieu thereof the words "a statement".

(ii) By striking from the second and third sentences the word "affidavit" and inserting in lieu thereof the word "statement".

PAR. 4. Section 314.29 (26 CFR 314.29) is amended by striking from the last sentence of the second paragraph the word "sworn".

PAR. 5. Section 314.60 (26 CFR 314.60) is amended as follows:

(A) By altering the first paragraph thereof as follows:

(i) By striking from the first sentence of the first paragraph the words "make a return" and inserting in lieu thereof the words "prepare a return for each calendar month in duplicate".

(ii) By striking from the second sentence the words "in duplicate" and the words "for each calendar month" and inserting before the word "return" the word "original".

(iii) By striking from the fourth sentence the opening word "Such" and inserting in lieu thereof the words "The original".

(B) By adding at the end thereof a new paragraph reading as follows:

The duplicate return shall be retained as prescribed by § 314.62.

PAR. 6. Section 314.62 (26 CFR 314.62) is amended by inserting in the first sentence of the first paragraph after the word "records" the following: ", including the duplicate returns prescribed by § 314.60,".

PAR. 7. Section 314.64 (26 CFR 314.64) is amended as follows:

(A) By striking out the word "sworn" wherever it appears.

(B) By striking out the word "affidavit" wherever it appears and inserting in lieu thereof the word "statement".

(C) By amending the "Statement of Ultimate Vendor" as follows:

(i) By striking out the first paragraph and inserting in lieu thereof the following:

The undersigned certifies that he himself or the _____
(Name of vendor if other than undersigned)
of which he is _____ is the ultimate vendor
(Title)
of the articles specified below or on the reverse side hereof;

(ii) By striking out "Subscribed and sworn to before me this ____ day of _____, 19____. _____" and inserting in lieu thereof the following: "_____".
(Date)

(D) By striking out the tenth paragraph.

(53 Stat. 419, 467; 26 U. S. C. 3450, 3791)

Because this Treasury decision makes only procedural changes in net effect relieving restrictions, it is found that it is unnecessary to issue such Treasury Decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective

date limitation of section 4 (c) of said act.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10372; Filed, Nov. 29, 1948; 8:55 a. m.]

[T. D. 5675]

PART 316—EXCISE TAXES ON SALES BY THE MANUFACTURER

RETURN AND OATH REQUIREMENTS MODIFIED

Regulations 46 (1940 edition) (26 CFR, Part 316), relating to taxes on articles sold by the manufacturer, producer, or importer, are hereby amended as follows:

PARAGRAPH 1. Section 316.22 (26 CFR 316.22) is amended by striking from the first sentence of the second paragraph thereof the word "sworn".

PAR. 2. Section 316.23 (26 CFR 316.23) is amended by striking from the first sentence of the second paragraph thereof the word "sworn".

PAR. 3. Section 316.25 (26 CFR 316.25) is amended by striking from the second and third paragraphs thereof the word "sworn" wherever it appears therein.

PAR. 4. Section 316.26 (26 CFR 316.26) is amended as follows:

(A) By striking from the first paragraph thereof the word "sworn".

(B) By altering the second paragraph as follows:

(i) By striking from the first sentence the words "an affidavit" and inserting in lieu thereof the words "a statement".

(ii) By striking from the second and third sentences the word "affidavit" and inserting in lieu thereof the word "statement".

PAR. 5. Section 316.29 (26 CFR 316.29) is amended by striking from the second sentence of the second paragraph the word "sworn".

PAR. 6. Section 316.200, as renumbered and amended by Treasury Decision 5099, approved November 28, 1941 (26 CFR 316.200), is amended as follows:

(A) By altering the first paragraph thereof as follows:

(i) By striking from the first sentence the words "make a return" and inserting in lieu thereof the words "prepare a return for each calendar month in duplicate".

(ii) By striking from the second sentence the words "in duplicate", and the words "for each calendar month", and inserting immediately preceding the word "return" and word "original".

(iii) By striking from the fourth sentence the opening word "Such" and inserting in lieu thereof the words "The original".

(B) By striking from the first sentence of the third paragraph the word "made" and inserting in lieu thereof the word "prepared".

(C) By adding at the end thereof a new paragraph reading as follows:

The duplicate return shall be retained as prescribed by § 316.202.

PAR. 7. Section 316.202, as renumbered by Treasury Decision 5099 (26 CFR 316.202), is amended by inserting in the first sentence of the first paragraph immediately following the word "records" the following: ", including the duplicate returns prescribed by § 316.200,".

PAR. 8. Section 316.204, as amended by Treasury Decision 5348, approved March 15, 1944 (26 CFR 316.204), is amended as follows:

(A) By striking out the word "sworn" wherever it appears therein.

(B) By striking out the word "affidavit" wherever it appears in the ninth and tenth paragraphs, and inserting in lieu thereof the word "statement".

(C) By altering the "Statement of Ultimate Vendor" as follows:

(i) By changing the first paragraph to read as follows:

The undersigned certifies that he himself, or the _____ of
(Name of vendor if other than undersigned)
which he is _____, is
(Title)
the ultimate vendor of the articles specified below or on the reverse side hereof;

(ii) By striking out "Subscribed and sworn to before me this _____ day of _____ 19____." and inserting in lieu thereof the following: "_____".
(Date)

(D) By striking out the eleventh paragraph.

(53 Stat. 419, 467; 26 U. S. C. 3450, 3791)

Because this Treasury decision makes only procedural changes in net effect relieving restrictions, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 48-10370; Filed, Nov. 29, 1948; 8:55 a. m.]

[T. D. 5677]

PART 320—RETAILERS' EXCISE TAXES

RETURN AND OATH REQUIREMENTS MODIFIED

Regulations 51 (1941 edition) (26 CFR, Part 320), relating to taxes on articles sold at retail, are hereby amended as follows:

PARAGRAPH 1. Section 320.70, as renumbered and amended by Treasury Decision 5353, approved March 31, 1944 (26 CFR 320.70), is amended by altering the first paragraph thereof as follows:

(A) By striking from the first sentence the words "make a return" and inserting in lieu thereof the words "prepare a return for each calendar month in duplicate".

(B) By striking from the second sentence the words "made in duplicate" and the words "for each calendar month" and inserting immediately preceding the word "return" the word "original".

(C) By striking from the fourth sentence the opening word "Such" and inserting in lieu thereof the words "The original".

PAR. 2. Section 320.72, as renumbered by Treasury Decision 5353 (26 CFR 320.72), is amended by inserting in the first sentence of the first paragraph, immediately after the word "records" the following: ", including the duplicate copy of each return as prescribed by § 320.70,".

PAR. 3. The third paragraph of § 320.76 as renumbered by Treasury Decision 5353 (26 CFR 320.76), is amended by striking out the word "sworn" wherever it appears therein.

(53 Stat. 467, 55 Stat. 720; 26 U. S. C. and Sup., 3791, 2410)

Because this Treasury decision makes only procedural changes in net effect reducing the burden incident to compliance with the regulations, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: November 23, 1948.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter IV—Secret Service, Department of the Treasury

EDITORIAL CHANGES INCIDENT TO PUBLICATION OF CODE OF FEDERAL REGULATIONS, 1949 EDITION

In order to conform Chapter IV of Title 31 to the scope and style of the Code of Federal Regulations, 1949 Edition, as prescribed by the regulations of the Administrative Committee of the FEDERAL REGISTER and approved by the President effective October 12, 1948 (13 F. R. 5929), the following editorial changes are made, effective upon their publication in the FEDERAL REGISTER.

1. In Part 400, §§ 400.1, 400.4 and 400.5 are deleted, and §§ 400.2 and 400.3 are redesignated §§ 400.1 and 400.2, respectively.

2. In Part 401, § 401.1 is deleted, and §§ 401.2 to 401.6 are redesignated §§ 401.1 to 401.5, respectively.

3. In Part 402, §§ 402.1 and 402.3 are deleted, and § 402.2 is redesignated § 402.1.

4. In Part 403, §§ 403.1 and 403.3 are deleted, and § 403.2 is redesignated § 403.1.

5. In Part 405, §§ 405.1 and 405.3 are deleted, and § 405.2 is redesignated § 405.1.

6. The codification of Part 406—Organization, is discontinued. Future amendments to this material will appear in the Notices section of the FEDERAL REGISTER.

7. Part 407 is deleted.

[SEAL] E. H. FOLEY, Jr.,
Acting Secretary of the Treasury.

PART 33—APPOINTMENTS OF CIVILIANS AS COMMISSIONED OFFICERS, CHIEF WARRANT OFFICERS, AND WARRANT OFFICERS

SUBPART 33.05—APPOINTMENTS OF LICENSED OFFICERS OF THE UNITED STATES MERCHANT MARINE AS COMMISSIONED OFFICERS, CHIEF WARRANT OFFICERS, AND WARRANT OFFICERS

The following regulations are prescribed and shall be effective on and after the date of publication of this order in the FEDERAL REGISTER:

Sec.
33.05–1 Purpose.
33.05–3 Appointments.
33.05–5 Precedence.
33.05–7 General requirements for eligibility.
33.05–9 Specific requirements for commissioned officers.
33.05–11 Exceptions to general and specific requirements for commissioned officers.
33.05–13 Specific requirements for chief warrant and warrant officers.
33.05–15 Scope of examinations.
33.05–17 Procedure for making application.
33.05–19 Determination of eligibility and notification for examination.
33.05–21 Conducting of examination.
33.05–23 Notification.
33.05–25 Requirements for examination and re-examination.
33.05–27 Physical standards.

AUTHORITY: §§ 33.05–1 to 33.05–27 issued under section 8, 18 Stat. 127, as amended, and sections 3, 4, 5, 6, and 7, 61 Stat. 410–412; 14 U. S. C., 6c, 6d, 20a–1, 20a–2, 21a and 92.

NOTE: The text of §§ 33.05–1 to 33.05–27 is also contained in the "Regulations Governing Appointments of Licensed Officers of the United States Merchant Marine to Commissioned, Chief Warrant and Warrant Rank in the United States Coast Guard," which may be obtained upon request from the Commandant (PTP), U. S. Coast Guard Headquarters, Washington 25, D. C.

§ 33.05–1 *Purpose.* The regulations in this subpart govern the appointments of licensed officers of the United States Merchant Marine as commissioned officers, chief warrant officers, and warrant officers in the United States Coast Guard.

§ 33.05–3 *Appointments.* The appointments will be made in ranks or specialties appropriate to the qualifications and experience of the applicants. Any person who accepts such an appointment as a commissioned officer shall serve a probationary period of two years. During this period his commission may be revoked if his services are unsatisfactory. The commissioned officer while serving a probationary period will be subject to the same rules of conduct and performance of duty as are applicable to all officers in the Coast Guard.

§ 33.05–5 *Precedence.* (a) Officers appointed under this subpart who, during any period of World War II, did not serve temporarily as commissioned officers of the Coast Guard, or as commissioned officers who were regular members of the Coast Guard Reserve, shall take precedence with other officers in their respective ranks in accordance with the dates of commission in such ranks. Appointees whose dates of commission are the same shall take precedence with each other in the order recommended by the selecting and examining board as approved by the Secretary of the Treasury.

(b) Officers appointed under this subpart who, during any period of World War II, served temporarily as commissioned officers of the Coast Guard, or as commissioned officers who were regular members of the Coast Guard Reserve on active duty, shall assume a lineal position on the precedence list of regular Coast Guard officers as determined by the following formulae:

(1) The highest grade in which the appointee served on active duty for a period of at least three months, and the

date of rank held while so serving will be determined.

(2) The date of rank determined by subparagraph (1) of this paragraph will be adjusted by adding thereto one-half of the period of time served in inactive Reserve status since release from active duty or one-half of the period of time served on active duty as a chief warrant officer, warrant officer, or enlisted man of the Coast Guard, since termination of temporary commissioned status, plus any period of time since release from active duty, or termination of temporary commissioned status, during which the appointee had no Coast Guard or Coast Guard Reserve status.

(3) If the grade determined by subparagraph (1) of this paragraph is captain, and the adjusted date of rank as such is subsequent to March 25, 1945, the adjustment will be made upon the appointee's former date of rank in the grade of commander, and the appointment will be made in the latter grade.

(4) If the grade determined by subparagraph (1) of this paragraph is commander, and the adjusted date of rank as such is subsequent to March 15, 1944, the adjustment will be made upon the appointee's former date of rank in the grade of lieutenant commander, and the appointment will be made in the latter grade.

(5) If the grade determined by subparagraph (1) of this paragraph is lieutenant commander, and the adjusted date of rank as such is subsequent to April 1, 1944, the adjustment will be made upon the appointee's former date of rank in the grade of lieutenant, and the appointment will be made in the latter grade.

(6) If the grade determined by subparagraph (1) of this paragraph is lieutenant, and the adjusted date of rank as such is subsequent to January 1, 1944, the adjustment will be made upon the appointee's former date of rank in the grade of lieutenant (junior-grade), and the appointment will be made in the latter grade.

(7) If the grade determined by subparagraph (1) of this paragraph is lieutenant (junior-grade) or ensign, the appointment will be made in the grade determined.

(8) Precedence will be established in accordance with the adjusted date of rank in the grade to which appointed. If there is any officer on active duty in the same grade with the same date of rank, the appointee shall take precedence next after him, or next after the most junior of such officers if there is more than one.

(9) If the adjusted date of rank of two or more appointees is identical, the lineal position among them will be determined in accordance with their relative seniority on January 1, 1946, or at the time of release of the first officer released from active duty, whichever is the earlier.

(10) In the event that the Secretary of the Treasury finds that the grade and precedence determined for any person who, during any period of World War II, served temporarily as a commissioned officer of the Coast Guard is such that the position of the appointee on the lineal list would be manifestly in disagreement with the established precedence of other officers, the Secretary may establish a different precedence which is better suited to the established precedence of other officers and shall assign a date of rank which will correspond to that precedence.

(11) In the event that the permanent regular officer next senior to the appointee, who has not failed to qualify for permanent promotion, is serving in that grade under an appointment for temporary service, the appointee will be permanently commissioned in the next lower grade with such date of rank as will afford him the same relative precedence, and then be advanced for temporary service to the grade as determined by this section.

(12) Notwithstanding the provisions of subparagraphs (1), (2), (3), (4), (5), (6), (7), (8), (9), (10) and (11) of this paragraph, any Reserve officer who is appointed to permanent commissioned grade in the regular Coast Guard, and who has served continuously on active duty since 1 March, 1948, shall have the date of rank and precedence which was established for him as of that date.

§ 33.05–7 *General Requirements for eligibility.* In order to be considered for appointment as a commissioned officer, chief warrant officer, or warrant officer in the Coast Guard, an applicant must:

(a) Be a male citizen of the United States.

(b) Reach at least his 21st birthday in the year in which application is made. No applicant will be commissioned who has not reach his 21st birthday.

(c) Not reach his 40th birthday in the year in which application is made. No applicant will be commissioned who has reached his 40th birthday.

(d) Satisfy the Commandant of the Coast Guard as to his good moral character. No person who has been convicted of a felony is eligible for appointment as a commissioned officer, chief warrant officer, or warrant officer.

(e) Be physically sound, not less than five feet six inches in height, stripped, nor more than six feet four inches in height, stripped.

(f) Meet specific requirements of the grade for which considered.

§ 33.05–9 *Specific requirements for commissioned officers.* In order to be considered for appointment as a commissioned officer in the Coast Guard, an applicant must:

(a) Have served four or more years aboard a vessel of the United States in the capacity of a licensed officer.

(b) Receive a satisfactory grade in a written examination in each of the following subjects:

(1) Laws and regulations pertaining to the United States Merchant Marine.

(2) Mathematics.

(3) English.

(4) General science.

(5) Ship construction.

(6) Tests of emotional stability, social adjustment, vocational interest, study habits, background, or personality characteristics as may be administered.

(c) If a licensed deck officer, receive a satisfactory grade in a written examination in each of the following additional subjects:

(1) Navigation.

(2) Seamanship.

(d) If a licensed engineer officer, receive a satisfactory grade in a written examination in each of the following additional subjects:

(1) Marine engineering.

(2) Electrical engineering.

(e) Be interviewed by a Board of at least three Coast Guard officers of the rank of Lieutenant Commander or above, who will assign the applicant a mark in general adaptability.

(f) Meet physical standards prescribed for original entry into the U. S. Coast Guard as outlined in § 33.05–27.

§ 33.05–11 *Exceptions to general and specific requirements.* Notwithstanding the limitations prescribed in §§ 33.05–7 (c) and 33.05–9 (b), (c) and (d), the Commandant may, when the needs of the Service so require, recommend to the Secretary of the Treasury the appointment of an individual possessing outstanding professional qualifications for a particular assignment requiring special knowledge which is not available in the commissioned corps of the Coast Guard.

§ 33.05–13 *Specific requirements for chief warrant and warrant officers.* In order to be considered for appointment as a chief warrant officer or warrant officer in the Coast Guard, an applicant must:

(a) Be a licensed officer of the United States Merchant Marine.

(b) Receive a satisfactory grade in a written examination in each of the following subjects:

(1) Laws and Regulations pertaining to the United States Merchant Marine.

(2) Mathematics.

(3) English.

(4) Tests of emotional stability, social adjustment, vocational interest, study habits, background, or personality characteristics as may be administered.

(c) Receive a satisfactory grade in a written examination in each of the following additional subjects:

(1) Navigation.

(2) Seamanship.

(3) Electrical engineering.

(4) Marine engineering.

(d) Be interviewed by a Board of at least three Coast Guard officers of the rank of Lieutenant Commander or above who will assign the applicant a mark in general adaptability.

(e) Meet physical standards prescribed for original entry into the U. S. Coast Guard as outlined in § 33.05–27.

§ 33.05–15 *Scope of examinations—*(a) *General.* The scope of the examinations listed in §§ 33.05–9 and 33.05–13 are described generally in this section. The examination in any one subject may not cover all the topics described under that subject. However, to insure adequate preparation for the examination, all topics should be studied.

(b) *Laws and regulations pertaining to the United States Merchant Marine.* The topics included are: Life saving apparatus; safety equipment; regulations governing safety and comfort of passengers and crews; pratique; annual and special inspections; notices to be posted; procedures in disputes and casualties.

(c) *Mathematics.* The topics included are: Principles and theorems of algebra, plane geometery, and plane trigonometry, with practical problems therein.

(d) *English.* The topics included are: Principles of English grammar and composition; clearness, effectiveness, and correctness of expression; spelling; punctuation; demonstration of ability to write clear and well organized paragraphs in a short essay or composition on a work of literature, or a recent current event.

(e) *General science.* The topics included are: Basic principles of physics and chemistry, with practical problems therein.

(f) *Ship construction.* The topics included are: Hull systems, structure, fittings and equipment; buoyancy; stability; ship maintenance, preservation, and repair; subdivision; damage and control thereof; shipyard practices.

(g) *Navigation.* The topics included are: Use and care of instruments used in navigation; definitions of nautical astronomy; buoyage system of the United States; piloting; principles of compass compensation; practical problems in determining latitude, longitude, azimuths, compass error, times of sunrise and sunset, and tides and currents.

(h) *Seamanship.* The topics included are: Types and characteristics of ships and boats; ropes, knots, and splices; standing and running rigging; ground tackle; deck seamanship; watchstanding; signals; rules of the road; weather; ship handling.

(i) *Marine engineering.* The topics included are: Principles of operation of marine boilers and fittings, turbines, steam reciprocating engines, internal combustion engines, and fireroom and engineroom auxiliaries; lubrication; maintenance and repair.

(j) *Electrical engineering.* The topics included are: Definitions; measurements; magnets and magnetism; Ohm's Law; Kirchoff's Laws; solutions of D. C. networks; D. C. generators; D. C. motors; inductance, capacitance, and impedance; power factor; A. C. measurements; solutions of A. C. networks; A. C. generators; A. C. motors; safety precautions; batteries.

§ 33.05–17 *Procedure for making application.* (a) Those persons who consider themselves eligible under the regulations in this subpart and desire to apply for an appointment as a commissioned officer, chief warrant officer, or warrant officer in the U. S. Coast Guard should address a letter to the Commandant (PTP), United States Coast Guard, Washington 25, D. C., requesting an application, Coast Guard form CG–10116.

(b) Coast Guard form CG–10116 shall be completed in its entirety and mailed, with all the inclosures required, to the Commandant (PTP), U. S. Coast Guard, Washington 25, D. C.

§ 33.05–19 *Determination of eligibility and notification for examination.* (a) Upon receipt of Coast Guard form CG–10116 and inclosures at Coast Guard Headquarters, a determination will be made as to whether the applicant is eligible to participate in examinations for appointment as commissioned officer, chief warrant officer, or warrant officer in the Coast Guard. A list will then be prepared of those applicants who are in all respects qualified to compete in any examinations to be held in the calendar year in which application is made.

(b) When it is determined when examinations are to be conducted, all candidates on the list will be notified at least two months prior to the date of the examination. Instructions will be issued as to place, time, schedule of examination, etc.

(c) Lists of candidates eligible to take examinations are good only for a calendar year, and if the needs of the Coast Guard do not require the holding of the examination during any calendar year applicants on the list will be so notified. Applicants who desire to place their names on the new eligibility list for the following calendar year need only to re-affirm their desire and their names will be placed on the list. Complete renewal of original application is not required.

§ 33.05–21 *Conducting of examinations.* (a) Examinations will be conducted at various centers throughout the country. The schedule of examinations will normally be as follows:

(1) Commissioned officers.

First day: 8:00 a. m. to 12 noon—Laws and Regulations pertaining to the United States Merchant Marine; Mathematics; 1:00 p. m. to 4:30 p. m.—English; Aptitude Tests.

Second day: 8:00 a. m. to 12 noon—Navigation; Seamanship or Marine Engineering; Electrical Engineering; 1:00 p. m. to 4:30 p. m. Ship Construction; General Science.

Third day: 8:00 a. m. to 12 noon—Interviews.

(2) Chief warrant officers and warrant officers.

First day: 8:00 a. m. to 12 noon—Laws and Regulations pertaining to the United States Merchant Marine; Mathematics; 1:00 p .m. to 4:30 p. m.—English; Aptitude Tests.

Second day: 8:00 a. m. to 12 noon—Examination in Specialty; 1:00 p. m. to 4:30 p. m.—Interviews.

(b) Each candidate will appear before a Board of three commissioned officers of the Coast Guard, of the rank of Lieutenant Commander or above, for an interview. The Boards will be appointed by the Commanders of the Coast Guard Districts in which examinations are being conducted. Based upon this interview each applicant will receive a grade which reflects the judgment of the Board as to his adaptability for service as a Coast Guard commissioned or warrant officer.

§ 33.05–23 *Notification.* (a) All examination papers will be graded and reviewed, and adaptability of applicants for entrance into the Coast Guard determined by a Board of officers, Coast Guard Headquarters, Washington, D. C. This Board will be appointed by the Secretary of the Treasury and the Board's findings, when approved by the Secretary, are final.

(b) Applicants for appointments as commissioned, chief warrant, or warrant officers in the Coast Guard who are determined to be mentally and morally suited for the appointment will be so notified and directed to report for a final physical examination.

(c) When the results of the final physical examinations are received at Coast Guard Headquarters and it is determined that eligible applicants are physically qualified, they will be so notified.

(d) All candidates for appointments as commissioned, chief warrant, or warrant officers in the Coast Guard who are found to be not mentally, morally, or physically qualified for the appointment will be so notified.

(e) Appointments to commissioned, or chief warrant officer rank, will be made by the President, by and with the advice and consent of the Senate. Appointments to warrant officer rank will be made by the Secretary of the Treasury. Appointments will be offered to successful candidates to such extent as the needs of the Coast Guard require. Upon acceptance by the candidate he will be ordered immediately to active duty in the Coast Guard.

§ 33.05–25 *Requirements for examination and re-examination.* (a) All expenses in connection with application, physical examination, and travel to point of examination and interview must be borne by the candidate. Examinations will be given at specified times and places. Candidates will be given sufficient notice to arrange their personal affairs for the time necessary for examination.

(b) Examinations will be held simultaneously for all approved applicants and no exceptions will be made to permit holding special examinations at another time if a candidate is unable to participate in the scheduled examination. All candidates will be notified as promptly as possible as to the results of the examinations.

(c) Candidates who have failed an examination will be permitted to undertake subsequent examinations if they are, in all other respects, qualified for consideration for appointment in the United States Coast Guard.

§ 33.05–27 *Physical standards.* Examining medical officers in the field will prepare medical certificates on applicants in strict accordance with the regulations in this subpart. They have no authority to deviate in any respect from the requirements. The medical certificates will contain the actual facts as disclosed by the physical examination, together with the opinion of the examining physicians as to whether or not the candidate is physically qualified for appointment. Final determination as to physical qualification based on the facts disclosed by this report and the opinion of the examining medical officers will be made by the Commandant. The following are the general disqualifications, but it is impossible to specify every disease or condition which would disqualify an applicant, and an applicant will be rejected in case he presents any disease or physical condition which manifestly renders him unfit for duty, although such disease

or condition may not be specifically mentioned herein:

(a) Any acute disease.

(b) Mental infirmities: Insanity; idiocy; imbecility; dementia; feeble-mindedness.

(c) Diseases of the cerebrospinal system: Epilepsy; chorea; all forms of paralysis; tabes dorsalis; neuralgia; stuttering or other impediment of speech.

(d) Constitutional diseases: Feebleness of constitution; poor physique; impaired general health; suspected tuberculosis or syphilis. Wassermann test is obligatory in all cases.

(e) The skin: All chronic, contagious, and parasitic diseases of the skin; extensive nevi; deep and adherent cicatrices; chronic ulcers; vermin.

(f) The head: Abnormally large head; considerable deformities the consequence of fracture; serious lesions of the skull, the consequence of complicated wounds or the operation of trephining; caries and exfoliation of the bone; injuries of cranial nerves; tinea capitis; alopecia; performation or marked deviation of nasal septum; ozena; nasal polypi; chronic nasal catarrh.

(g) The spine: Caries; spina; bifida; lumbar abscess; rickets; fracture and dislocation of the vertebra; angular curvatures, including gibbosity of the anterior and posterior parts of the thorax.

(h) The ears: Deafness of one or both ears; all catarrhal and purulent forms of acute and chronic otitis media; perforated ear drum; polypi and other growths or diseases of the tympanum; closure of the auditory canal, partial or complete, except from acute abscess; furuncle, or impacted cerumen; malformation or loss of the external ear and all diseases thereof, except those which are slight and nonprogressive.

(i) (1) The eye: Loss of eye; total loss of sight of either eye; conjunctival affections, including trachoma; entropion; opacites of the cornea, if covering a part of moderately dilated pupil; petrygium, if extensive; strabismus; hydrophthalmia; exophthalmia; conical cornea; cataract; loss of crystalline lens; diseases of the lachrymal apparatus; ectropion; ptosis; incessant spasmodic motion of the lids; adhesion of the lids; large encysted tumors; abscess of the orbit; muscular asthenopia; nystagmus; any affection of the globe of the eye or its contents; defective vision, including anomalies of accommodation and refraction; myopia; hypermetropia, if accompanied by asthenopia; astigmatism; amblyopia; glaucoma; diplopia; color blindness. The candidate must have 20/30 vision, uncorrected, in each eye.

(2) Defective vision due to disease of the eye grounds, shall be cause for rejection at any time.

(j) The face: Extensive nevi; unsightly hairy spots; extensive cicatrices on the face.

(k) The mouth and fauces: Harelip, simple, double, or complicated; loss of the whole or a considerable part of either lip; unsightly mutilation of the lips from wounds, burns, or disease; loss of the whole or part of either maxilla; ununited fractures; ankylosis; deformities of either jaw interfering with mastication or speech; loss of certain teeth; cancerous or erectile tumors; hypertrophy or atrophy of the tongue; mutilation of the tongue; adhesions of the tongue; chronic ulceration; fissures or perforations of the hard palate; salivary of bucconasal and thyroglossal fistulae; hypertrophy of the tonsils sufficient to interfere with respiration or phonation.

(l) The neck: Goiter, scrofulous adenitis of the cervical glands; tracheal openings; thyroglossal or cervical fistulae; wry neck; chronic laryngitis, or any other disease of the larynx which would produce aphonia; stricture of the esophagus.

(m) The chest: Malformation of the chest or badly united fracture of the ribs or sternum sufficient to interfere with respiration; caries or necrosis of ribs; deficient expansive mobility; evident predisposition to tuberculosis; chronic pneumonia; emphysema; chronic pleurisy; pleural effusions; chronic bronchitis; previous operation for empyema; asthma; organic diseases of the heart or large arteries; serious protracted functional derangement of the heart; distinct predisposition to disease of heart or lungs.

(n) The abdomen: All chronic inflammations of the gastrointestinal tract, including diarrhea and dysentery; diseases of the liver or spleen, including those caused by malaria poisoning; ascites; obesity; hemorrhoids; prolapsus ani; fistula in ano; marked fissures of the anus; hernia in all situation; tumors.

(o) Genito-urinary organs: Any acute affection of the genital organs, including gonorrhea, syphilis, and venereal sores; loss of penis; phimosis, if complete; stricture of the urethra; atrophy or loss of both testicles; undescended testicle or permanent retraction of one or both testicles; chronic disease of the testicle or epididymitis; hydrocele of the tunic and cord unless the hydrocele of the cord is small and inconsequential; varicocele causing symptoms; malformations of the genitalia (epispadias or hypospadias not preventing the normal passage of urine may not cause rejection); incontinence or retention of urine; urinary fistulae; enlargement of the prostate; calculus; cystitis; all organic diseases of the kidney.

(p) Affections common to both the upper and lower extremities: Chronic rheumatism; chronic diseases of joints or movable cartilage; acquired or congenital deformities such as old or irreducible dislocations or false joints; severe sprains; relaxation of the ligaments or capsules of joints; dislocations; fistulae connected with joints or any parts of bones; effusions into joints; badly united or nonunited fractures; defective or excessive curvature of the long bones; rickets; caries; necrosis; exostoses; atrophy or paralysis of a limb; extensive, deep, or adherent cicatrices, especially of burn; contraction or permanent retraction of a limb or portion thereof; loss of a limb or portion thereof.

(q) The upper extremities: Acquired or congenital deformities, such as fracture of the clavicle or fracture of the radius and ulna; webbed fingers; permanent flexion or extension of one or more fingers, as well as irremedial loss of motion of these parts; mutilation or loss of either thumb or index finger; loss of the second and third phalanges of all fingers of either hand; total loss of any two fingers of the same hand.

(r) The lower extremities: Acquired or congenital deformities, such as, varicose veins, knock-knees, club feet, flat feet (causing symptoms), webbed feet, the affected toes doubled or branching, the great toe crossing the other toes, hammer toe, bunions, large corns; overriding or superposition of any of the toes to an extreme degree; loss of a great toe; loss of any two toes of the same foot; permanent retraction of the last phalanx of any of the toes or flexion at a right angle of the first phalanx of a toe upon the second, with ankylosis of the articulation; ingrowing of the nail of the great toe; bromidrosis; chronic ulcers.

(s) *Hearing.* An applicant who cannot hear conversational speech 30 feet and whispered speech 15 feet will be rejected. The applicant will be placed at one end of the room with the ear to be tested toward the other end of the room and will insert his moistened index finger into the other ear. The examining surgeon will approach within a few feet of the applicant and pronounce words or phrases and direct the applicant to repeat what he has heard. The surgeon will then gradually recede from the applicant until he ceases to repeat correctly what is spoken to him and the distance entered on the examination record. The applicant will then face about and the other ear will be similarly tested and recorded. The above technique will be carried out in testing whispered speech, the examiner using residual air in whispering. The applicant's eyes will be covered to prevent lip reading. Any chronic disease of the external, middle, or internal ear will be sufficient cause for rejection.

(t) *Teeth.* An applicant will not be accepted unless he has a minimum of 20 teeth, 14 of which must be serviceable for masticating and incising food, and so arranged as to have 4 masticating teeth in the upper jaw opposed to 4 masticating teeth in the lower jaw, and 3 incisor teeth in the upper jaw opposed to 3 incisor teeth in the lower jaw. By "serviceable teeth" is meant sound teeth or those which have been restored by fillings or well-fitting crowns, which are not involved with pyorrhea or pus pockets around the roots, and which are not placed so irregularly as to prevent opposed teeth entering into serviceable occlusion. Masticating teeth will be considered as molars (including wisdom teeth) and bicuspids. Incisor teeth will include incisor and canine teeth. Bridge teeth or teeth on plates will not be considered as serviceable teeth. Teeth used as abutments for bridges may be considered as serviceable teeth. Artificial teeth used in plates or bridges will not be so considered, but if the prosthetic appliances are well fitting the teeth so supplied may be computed in addition to the 14 necessary serviceable teeth in order to allow the applicant sufficient teeth for entrance. Such bridge or prosthetic appliances, as well as missing or unsound teeth, will be indicated in the record of physical examination.

(u) A careful urinalysis (including microscopical examination) will be made in each case, and a quantitative examination, when practicable, if albumen or sugar is present.

(v) Blood pressure readings are required on all examinations. In considering the blood pressure, due regard will be given to the age of the applicant and to physiological causes, such as excitement, recent exercises, and digestion. The condition of the arteries, the tenseness of the pulse, and the degree of accentuation of the aortic second sound will be taken into consideration, as will also the relation between the systolic and diastolic pressure. No applicant will be rejected as a result of a single reading. When the blood pressure reading at the first examination is regarded as abnormal, or in case of doubt, the procedure will be repeated twice daily, in the morning and in the afternoon, for a sufficient number of days to enable the examiner to arrive at a definite conclusion. Hypertension evidenced by a persistent systolic blood pressure above 150 or hypotension with less than 110 is a cause for rejection. In a person under 25 years of age a persistent systolic pressure of or above 140 or a persistent diastolic pressure of 95 or over is a cause for rejection.

(w) (1) Attention will be paid to the stature and physical proportions of the candidate, and no one under 5 feet 6 inches nor over 6 feet 4 inches (stripped) will be accepted.

(2) The following tables of physical proportions are for information and guidance. Mere fulfillment of the requirements of the standard tables does not determine eligibility.

Height		Weight	Allowance for underweight or overweight	Chest measurement	
In feet—	In inches—			At expiration	Mobility
		Pounds	*Pounds*	*Inches*	*Inches*
5 ft.	66	132	8	32½	2
5 ft.	67	134	8	33	2
5 ft.	68	141	12	33¼	2½
5 ft.	69	148	15	33½	2½
5 ft.	70	155	20	34	2½
5 ft.	71	162	20	34¼	2½
6 ft.	72	169	20	34¾	3
6 ft.	73	176	20	35¼	3
6 ft.	74	183	20	35¾	3½
6 ft.	75	190	20	36¼	3¾
6 ft.	76	197	20	36¾	3¾

(3) If an applicant weighs more than the number of pounds stated in the above table, including allowance for overweight, he may be accepted if the overweight is due to muscle and bone, but will be rejected if it is due to fat.

[SEAL] E. H. FOLEY, Jr.,
Acting Secretary of the Treasury.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 927]

[Docket No. AO 71-A-17]

HANDLING OF MILK IN NEW YORK METROPOLITAN MILK MARKETING AREA

HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO THE ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR Supps., 900.1 et seq.; 12 F. R. 1159, 4904), notice is hereby given of a hearing to be held at the Commodore Hotel, New York, New York, beginning at 10:00 a. m., e. s. t., December 8, 1948, and at the State Office Building (Hearing Room 1), Albany, New York, beginning at 10:00 a. m., e. s. t., December 9, 1948, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. These proposed amendments have not received the approval of the Secretary of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to the economic or marketing conditions which relate to the establishment of minimum Class I-A prices for a limited period of time beginning January 1, 1949. Evidence will be received on the following proposals:

1. (Proposed by Metropolitan Cooperative Milk Producers Bargaining Agency Inc.; Dairymen's League Cooperative Association, Inc.; and Eastern Milk Producers Cooperative Association, Inc.)

Amend § 927.5 (a) (1) (ii) to read:

(ii) The Class I-A price shall be $5.68 per hundredweight for each of the months of January, February, and March 1949, and $5.24 per hundredweight for each of the months of April, May, and June 1949.

2. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.)

Amend § 927.5 (a) (1) (ii) to read:

(ii) The Class I-A price per hundredweight for each of the months of January, February, and March 1949 shall be the 201-210 mile zone price per hundredweight established under Order No. 4 for Class I milk containing 3.7 percent butterfat for the Greater Boston Marketing Area, minus 19 cents.

Copies of this notice of hearing, the said order, as amended, now in effect, and the said tentative marketing agreement may be procured from the Market Administrator, 205 East 42d Street, New York, New York, or from the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: November 24, 1948.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator.

[7 CFR, Part 975]

[Docket No. AO-179-A-4]

HANDLING OF MILK IN CLEVELAND, OHIO, MILK MARKETING AREA

HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT, AND ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of prac-

tice and procedure, as amended (7 CFR, Supps. 900.1 et seq.; 11 F. R. 7737, 12 F. R. 1159, 4904), notice is hereby given of a public hearing to be held at the Carter Hotel, Cleveland, Ohio, beginning at 10:00 a. m., e. s. t., December 7, 1948, for the purpose of receiving evidence with respect to a proposed amendment to the tentative marketing agreement as heretofore approved and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area (12 F. R. 5840, 13 F. R. 2332, 13 F. R. 5653). The amendment proposed has not received the approval of the Secretary of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to economic and emergency conditions which relate to the proposed amendment hereinafter set forth:

The following amendment has been proposed by the Milk Producers Federation of Cleveland:

1. Amend § 975.6 (b) (1) to delete the proviso contained therein and to provide that the price for Class I milk shall not be less than $5.25 per hundredweight prior to April 1, 1949.

Copies of this notice of hearing and of the tentative marketing agreement, and the order, as amended, now in effect, may be procured from the market administrator, 2163 East Second Street, Cleveland, Ohio, or from the Hearing Clerk, United States Department of Agriculture, in Room 1844, South Building, Washington 25, D. C., or may be there inspected.

Dated: November 24, 1948.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator.

[7 CFR, Part 989]

[Docket No. AO-198]

HANDLING OF RAISINS PRODUCED FROM RAISIN VARIETY GRAPES GROWN IN CALIFORNIA

NOTICE OF HEARING WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Correction

In F. R. Doc. 48-10196, appearing at page 6884 of the issue for Tuesday, November 23, 1948, the following changes are made:

1. In § 989.4 (f) the word "delivery" in the first line of subparagraph (3) should read "delivered", and in subparagraph (6) the phrase "or (6)" should be deleted.

2. In the last paragraph before the signature "P. O. Box 775" should read "P. O. Box 773".

3. In Exhibit A, under "Biola District 3", the figure "1319" in the third line should read "13-19".

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 1]

[Docket No. 9126]

COMMERCIAL RADIO OPERATORS

PROPOSED RULE MAKING

In the matter of amendments §§ 13.61 and 13.62 of the Commission's rules governing commercial radio operators, docket No. 9126.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Commission proposes to amend §§ 13.61 and 13.62 of its rules governing commercial radio operators for three purposes:

(a) To include in the scope of authority of the various classes of commercial radio operator licenses as set forth in Part 13 of the Commission's rules, appropriate provision for stations using pulsed and frequency modulated types of emission.

(b) To define more clearly the basic scope of authority of the various classes of commercial radio operator licenses by reference to types of transmission employed (radiotelephone, radiotelegraph, facsimile, television, etc.) in lieu of the present references to types of emission. This change is made desirable by the fact that provision in Part 13 for stations employing pulsed and frequency modulated techniques would, under the present system of reference to types of emission, lead to the use of approximately 22 different standard symbols in defining the scope of authority of commercial operator licenses. It is believed that such a system is unnecessarily complicated and cumbersome.

(c) To expand the scope of operating authority under the radiotelephone classes of license so as to include therein certain transmissions technically classified as telegraphy but which the holder of a radiotelephone class of license is considered to be qualified to handle. These types of transmission consist generally of telegraphy of any form except by any type of the Morse code; telegraphy transmitted automatically for distress, identification or testing purposes by a station normally using some other type of transmission; telegraphy transmitted automatically by a relay station on frequencies above 30 Mc; and telegraphy transmitted as an incidental part of a program intended to be received by the general public.

APPENDIX

1. Section 13.61 of the rules governing commercial radio operators is amended in the following particulars:

(a) Paragraph (a) is amended to read as follows:

(a) *Radiotelephone second-class operator license.* Any station, except stations transmitting telegraphy by any type of the Morse Code and except standard broadcast stations, international broadcast stations, FM broadcast stations, noncommercial educational FM broadcast stations with transmitter power rating in excess of 1 kw, television broadcast stations licensed for commercial operation, or ship stations licensed to use power in excess of 100 watts for communication with coastal telephone stations.

(b) Paragraph (b) is amended to read as follows:

(b) *Radiotelephone first-class operator license.* Any station, except stations transmitting telegraphy by any type of the Morse Code and except ship stations licensed to use power in excess of 100 watts for communication with coastal telephone stations.

(c) Paragraphs (c) and (d) are amended by deleting the words "any station while using type B, A-O, A-1, A-2, A-3 or A-4 emission except—" and substituting the following: "Any station except stations transmitting television and except—".

(d) Paragraph (e) is amended by deleting the words "any station while using type A-O, A-3, or A-4 emission" and substituting the following: "Any station except stations transmitting television or transmitting telegraphy by any type of the Morse Code."

(e) Paragraph (f) is amended by deleting the words "any station while using type B, A-O, A-1, A-2, A-3, or A-4 emission; *Provided*, That, in the case of equipment designed for and using type A-3 or A-4 emission—" and substituting the following: "Any station except stations transmitting television: *Provided*, That, in the case of equipment designed for and using telephone or facsimile transmissions—".

3. The proposed amendments, authority for which is contained in sections 4 (i) and 303 (l) and (r) of the Communications Act of 1934, as amended, are set forth in an appendix attached to this notice.

4. Any interested party who is of the opinion that the proposed amendments should not be adopted, or should not be adopted in the form set forth in the appendix hereto, may file with the Commission on or before December 31, 1948, a statement or brief setting forth his comments. At the same time, persons favoring the amendments as proposed may file statements in support thereof. The Commission will consider all such comments that are presented before taking action in the matter, and if any comments are submitted which appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

5. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and fourteen copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: November 22, 1948.

Released: November 23, 1948.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

FEDERAL TRADE COMMISSION

[16 CFR, Ch. I]

[File No. 21-305]

PROPOSED TRADE PRACTICE RULES FOR THE CANVAS COVER INDUSTRY

NOTICE OF ADDITIONAL TIME WITHIN WHICH TO FILE SUGGESTIONS OR AMENDMENTS

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 26th day of November 1948.

Opportunity is hereby extended by the Federal Trade Commission to all members of the Canvas Cover Industry and all other interested or affected parties to prepare and file in writing with the Commission specific or additional suggestions or amendments to the proposed trade practice rules for this industry which were released for consideration on October 29, 1948, and the hearing on which was held November 22, 1948, in Washington, D. C. For this purpose copies of the proposed rules may be obtained upon request to the Commission. Such suggestions or amendments may be submitted by letter, memorandum, brief, or other written communication, to be filed with the Commission not later than January 22, 1949. All such matters filed in the proceeding will receive due consideration by the Commission before final action on the proposed rules.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

NOTICES

NATIONAL MILITARY ESTABLISHMENT

Department of the Army

DESCRIPTION OF CENTRAL AND FIELD AGENCIES

The Description of Central and Field Agencies, which formerly appeared in the Code of Federal Regulations as Part 1, Subtitle A, Title 10, is amended as follows:

1. In section 1.13, delete the words "As Senior Army Planner".

2. Sections 1.1 (c), 1.1 (d) (3), 1.6, 1.9, 1.12, 1.14, 1.23 (b) and (c), 1.24 (c), and 1.29 (a) (2), are amended, sections 1.5a, 1.5b, 1.5c, 1.7 (c) and 1.22a are added, and sections 1.15, 1.16, 1.17, 1.23 (a) (2) and 1.24 (a) (8) are revoked, as follows:

SEC. 1.1 *General.* • • •

(c) This organization provides, under the Chief of Staff, a General and a Special Staff; an Office, Chief, Army Field Forces, under the Chief, Army Field Forces; Administrative Staffs and Services under the Director of Personnel and Administration; Technical Staffs and Services under the Director of Logistics; six army areas; the Military District of Washington; and such oversea commands as the Secretary of the Army may find necessary.

• • • • • •

(d) The following principles have been applied in designing the organization of the Department of the Army and described in this part:

• • • • • •

(3) The structure of the staff organization supporting the Chief of Staff, Vice Chief of Staff, and Deputy Chiefs of Staff must be as simple as possible with a minimum of individuals habitually reporting direct to the Chief of Staff, Vice Chief of Staff, or the Deputies.

• • • • • •

SEC. 1.5a *Vice Chief of Staff, United States Army.* The Vice Chief of Staff is responsible to, and is the principal adviser and assistant to the Chief of Staff, and acts for him in his absence. The Vice Chief of Staff performs and exercises such of the functions, duties and powers devolved upon the Chief of Staff by law, regulation, or otherwise, as the Chief of Staff may direct. All orders, recommendations, and other official acts of the Vice Chief of Staff are considered as emanating from the Chief of Staff and shall have full force and effect as such.

SEC. 1.5b *Deputy Chief of Staff for Plans and Combat Operations.* The Deputy Chief of Staff for Plans and Combat Operations is responsible to the Chief of Staff for the supervision and correlation of:

(a) Planning activities of the Army.

(b) Direction of combat of operations including such as may be charged to the Chief of Staff as the executive agent of the Joint Chiefs of Staff.

(c) Deployment of forces and the allocation of resources assigned to the Department of the Army in peace and war.

(d) Assignment of strategic and tactical missions of commanders operating overseas or in the zone of the interior.

SEC. 1.5c *Deputy Chief of Staff for Administration.* The Deputy Chief of Staff for Administration is responsible to the Chief of Staff for the supervision and correlation of all administrative and current operational activities of the Army other than those assigned to the Deputy Chief of Staff for Plans and Combat Operations in section 1.5b.

SEC. 1.6 *Chief of Information.* The Chief of Information advises the Secretary of the Army and the Chief of Staff on matters of policy relating to public understanding and support of the Army, and is responsible to the Chief of Staff for supervision and coordination throughout the Department of the Army in the information and education field, both at home and abroad. He coordinates the public information and legislative (except for appropriations) policies and programs of the Army, and troop information and education policies and programs of the Army and the Air Force by exercising supervision over the following agencies whose heads are responsible to him for the performance of functions assigned to them:

(a) *Public Information Division.* The Chief, Public Information Division, coordinates, processes, and releases all Department of the Army announcements of public interest, including photographs and motion pictures, to news-gathering agencies, radio stations and networks, film producers, and other public and private organizations in the field of public information; supervises Department of the Army contacts with these agencies; and assists outside writers by gathering material and arranging interviews with officials within and outside the Department of the Army.

(b) *Legislative and Liaison Division.* The Chief, Legislative and Liaison Division formulates, coordinates, and accomplishes the Department of the Army legislative program, except appropriations bills; participates in official Department of the Army contacts with the Congress and its individual members, except in matters pertaining to appropriations; and coordinates contacts of other Department of the Army agencies with the Congress.

(c) *Army-Air Force Troop Information and Education Division.* The Chief, Army-Air Force Troop Information and Education Division is charged with developing basic plans and policies for information and education activities for military personnel. He supervises the execution of information and education programs, but in so doing does not engage in operations or administrative duties where an agency exists for that purpose.

SEC. 1.7 *Army Comptroller.* • • •

(c) The Chief of Finance is under the supervision of the Army Comptroller and is responsible through him and the Chief of Staff to the Secretary of the Army.

• • • • • •

SEC. 1.9 *Director of Personnel and Administration.* (a) The Director of Personnel and Administration, General Staff, United States Army, is the military personnel manager of the Department of the Army. He has the primary General Staff interest in manpower. He is the adviser to and assistant to the Chief of Staff for administrative matters and for matters relating to manpower as a whole and to military personnel as individuals throughout the Army. He has over-all Department of the Army responsibility for the procurement, allocation, and reallocation of personnel in bulk in accordance with established requirements and priorities, and for the separation of individuals from the military service. He exercises General Staff supervision and direction of the Army Safety Program.

(b) Under the direction of the Chief of Staff, the Director of Personnel and Administration directs and controls the operations and administrative activities of the heads of Administrative Services. In exercising such direction and control, he receives from the other General Staff Directors and the Army Comptroller the same staff direction previously exercised by them over the heads of Administrative Services and is assisted by the General Staff Directors and the Army Comptroller in the implementation of this additional responsibility.

* * * * *

SEC. 1.12 *Director of Logistics.* (a) The Director of Logistics, General Staff, United States Army, has General Staff responsibility for logistical planning; service activities; supply control; distribution, storage, and maintenance of supplies; purchasing; production and other industrial matters; disposal of surplus property, initiation, allocation, coordination, and progress of research and development programs; conduct of research and development activities in consonance with user interest; and for the development of Army service, supply, procurement, research and development plans, policies, objectives, and programs in consonance with Army-wide plans, policies, objectives, and programs.

(b) Under the direction of the Chief of Staff, and The Assistant Secretary of the Army on procurement and related industrial matters, the Director of Logistics directs and controls the operations and administrative activities of the heads of Technical Services. In exercising such direction and control, he receives from the other General Staff Directors and the Army Comptroller the same staff direction previously exercised by them over the heads of Technical Services and is assisted by the General Staff Directors and the Army Comptroller in the implementation of this additional responsibility. Civil functions of the Corps of Engineers are specifically exempted from direction and control by the Director of Logistics; in regard to these matters the Secretary of the Army deals directly with the Chief of Engineers.

* * * * *

SEC. 1.14 *Special Staff, United States Army.* The following agencies, because of their fields of activity, report direct to the Chief of Staff and are designated as the Special Staff:

(a) National Guard Bureau.
(b) Office of the Executive for Reserve and ROTC Affairs.
(c) Office of the Inspector General.
(d) Historical Division.
(e) Civil Affairs Division.
(f) Office of the Judge Advocate General.

SEC. 1.15 [Revoked.]

SEC. 1.16 [Revoked.]

SEC. 1.17 [Revoked.]

* * * * *

SEC. 1.22a *Office of the Judge Advocate General.* The Office of the Judge Advocate General, Special Staff, United States Army, is charged throughout the Army with supervising the system of military justice; providing legal advice and services; and with operating the system of appellate review of records of general courts martial provided by the Articles of War. The Judge Advocate General is the chief law officer of the Department of the Army and the chief legal adviser to the Secretary of the Army and the Chief of Staff. He reports direct to the Secretary of the Army with respect to courts martial and certain legal matters.

SEC. 1.23 *Administrative Staffs and Services.* (a) The Administrative Services are as follows:

* * * * *

(2) [Revoked.]

* * * * *

(b) The heads of the Administrative Services are also Administrative Staff officers of Headquarters, Department of the Army. As such, they function according to the principles referred to in section 1.24 (b). The General and Special Staffs will decentralize appropriate functions to the Administrative Staffs and Services to the maximum extent practicable. Communication between the appropriate staff division and the Administrative Staffs and Services is conducted through the Director of Personnel and Administration except as authorized herein or as may be specifically prescribed by the Director of Personnel and Administration.

(c) The Administrative Staffs and Services are directed and controlled in their operations and administrative activities by the Director of Personnel and Administration in accordance with the provisions of section 1.9 (b).

SEC. 1.24 *Technical Staffs and Services.* (a) The Technical Services are as follows:

* * * * *

(8) [Revoked.]

* * * * *

(c) The Technical Staffs and Services are directed and controlled in their operations and administrative activities by the Director of Logistics in accordance with the provisions of section 1.12 (b). The General and Special Staffs will decentralize appropriate functions to the Technical Staffs and Services to the maximum extent practicable. Communication between the appropriate staff division and the Technical Staffs and Services is conducted through the Director of Logistics except as authorized herein or as may be specifically prescribed by the Director of Logistics.

(1) through (10) [Revoked.]

* * * * *

SEC. 1.29 *Communications*—(a) *How addressed.*

* * * * *

(2) Matters requiring the attention of the Chief of Staff, the Vice Chief of Staff, or a Deputy Chief of Staff, United States Army, or the attention of more than one of the divisions of the General or Special Staffs will be addressed to the Chief of Staff, United States Army, Washington 25, D. C. Correspondence requiring the attention of a single division of the General or Special Staffs may be addressed to the head of the division by title, General or Special Staff (as the case may be), United States Army, Washington 25, D. C.

DEPARTMENT OF AGRICULTURE

Bureau of Animal Industry

AMENDMENT TO ORGANIZATION STATEMENT

The statement on organization of the Bureau of Animal Industry, Agricultural Research Administration (formerly Part 2403), is amended by adding the following:

The Agriculture Remount Service administers the Act of April 21, 1948 (Public Law 494, 80th Congress) which transferred to this Department the former Remount Service Quartermaster Corps, Department of the Army, and consists of a program to improve the breeding of light horses in such manner as will best advance the livestock and agricultural interests of the United States.

The work of this Service is carried on directly and in cooperation with public and private organizations and individuals. The horses are available for the use of breeders upon showing of proper qualifications.

The use of breeding stallions is customarily made available through agents under contract with the Bureau. Persons desiring use of the breeding service may apply to the agent in their locality if known, or should communicate with the nearest Agriculture Remount station. A fee of not to exceed $20.00 may be charged by an agent for breeding a mare. Stations are located at Fort Robinson, Nebraska; Fort Reno, Oklahoma; and Pomona, California.

F. H. SPENCER,
Acting Administrator, Agricultural Research Administration.

[SEAL] A. J. LOVELAND,
Acting Secretary of Agriculture.

DEPARTMENT OF COMMERCE

Office of Industry Cooperation

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR TANK AND OIL FIELD PRODUCTION EQUIPMENT

NOTICE OF PUBLIC HEARING ON PROPOSED CONTINUATION AND OTHER MATTERS

Notice is hereby given that a public hearing will be held on Wednesday, December 8, 1948, at 10:00 a. m., e. s. t., in the Auditorium on the fifth floor of the National Archives Building, Pennsylvania Avenue between Seventh and Ninth Streets NW., Washington, D. C., for the purpose of affording to industry, labor and the public generally an opportunity to present their views with respect to (1) the proposed continuation beyond February 28, 1949, of the voluntary plan, under Public Law 395, 80th Congress, for the allocation of steel products for tank and oil field production equipment, approved by the Attorney General on August 24, 1948 and by the Secretary of Commerce on August 25, 1948 and subsequently published in the FEDERAL REGISTER (13 F. R. 5666) and (2) several proposed changes in the operational details of the plan.

The proposed continuation involves two procedures. One would remain effective if the present authority contained in Public Law 395 is not extended. The other would become effective if the present authority contained in Public Law 395 is appropriately extended. The two procedures are represented by documents attached hereto as Exhibits A and B. They are in draft form and are subject to revision at or after the public hearing.

Under one procedure (Exhibit B), it is proposed that the Secretary of Commerce will make a request, with the approval of the Attorney General, for unilateral action by steel producers in continuing deliveries for the program during the six-month period March 1, 1949 through August 31, 1949, in accordance with section 2 (f) of Public Law 395.

Under the other procedure (Exhibit A), it is proposed to amend the existing plan to provide that, in the event of statutory extension, the plan itself will automatically continue in effect during the seven-month period March 1, 1949 through September 30, 1949, which would round out the full third calendar quarter.

Exhibit A also contains the proposed changes in the operational details of the plan.

The proposed actions have been formulated after consulting with representatives of the steel producing and tank and oil field production equipment industries and with interested government agencies, including the Department of the Interior, the National Military Establishment, and the Department of Justice.

Any person desiring to participate in the public hearing should file a written notice of appearance with the Director of the Office of Industry Cooperation, Room 5847, Department of Commerce Building, Washington 25, D. C., not later than 5 p. m., e. s. t., on Friday, December 3, 1948. Persons desiring to present written statements or memoranda should submit them, in triplicate, at the hearing.

JOHN R. ALISON,
Acting Secretary of Commerce.

EXHIBIT A—AMENDMENT

PROPOSED AMENDMENT TO VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR TANK AND OIL FIELD PRODUCTION EQUIPMENT

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919, after consultation with respresentatives of the steel producing industry and manufacturers of tank and oil field production equipment and after expression of the views of industry, labor and the public generally at an open public hearing held on December 8, 1948, has determined that, in order to carry out the program begun under the voluntary plan (13 F. R. 5666) entered into by steel producers to furnish certain steel products to manufacturers of tank and oil field production equipment, it will be necessary, and is practicable and appropriate to the successful carrying out of the policies set forth in the said Public Law 395, that (1) steel producers make further deliveries of steel products to such manufacturers beyond February 28, 1949 and (2) that certain changes be made in the existing plan to cover this and other matters.

Therefore, the abovementioned voluntary plan is amended as follows:

1. By adding the following after the certification at the end of subparagraph 3 (b):

In addition, certifications on orders placed after December 31, 1948 shall carry the following additional sentence:

The undersigned further certifies that the quantities ordered herewith, when added to all other quantities certified by the undersigned under the plan for the same delivery month, do not exceed the undersigned's allocations under the plan for that month.

Purchase orders shall be placed not less than 60 days before the first of the month in which delivery is required.

2. By adding the following as a new subparagraph (c) at the end of paragraph 3:

(c) Participation in the benefits of this plan shall at all times be contingent upon each participating Manufacturer's continued strict compliance with the provisions hereof. In the event of any actual or prospective noncompliance by any participating Manufacturer, the Secretary of Commerce may, after written notice to the participating Manufacturer, take such action as he deems warranted with respect to the Manufacturer's participation in the Plan, including partial or total suspension or termination of participation privileges and notification to the participating steel producers not to make any or certain further shipments under the Plan to such Manufacturer.

3. By adding the following at the end of paragraph 5: "However, if the time limitation of March 1, 1949 now specified in subsection 2 (b) of Public Law 395 is extended or otherwise changed by legislative action in a form which permits the continuation of this plan, the plan shall thereupon automatically continue in effect through September 30, 1949 (or through the date specified in such legislative action if a date earlier than September 30, 1949 is so specified) subject to other applicable provisions in this plan regarding earlier termination by the Secretary of Commerce and withdrawal by any individual participant. During the continuation period, steel products shall be made available at the rate of approximately 16,530 net tons per month, distributed by types as specified in subparagraph 2 (a) of this plan."

4. By inserting the following new paragraph at the end of the plan:

7. Any interpretation issued by the Secretary of Commerce (after consultation with the Attorney General), in writing, to clarify the meaning of any terms or provisions in this plan shall be binding upon all participants notified of such interpretation.

After approval of this amendment by the Attorney General and by the Secretary of Commerce, and after any steel producer or any manufacturer of tank and oil field production equipment has made a written acceptance of a request by the Secretary of Commerce for compliance herewith, this amendment shall become effective as to such steel producer or such manufacturer and shall be subject to the terms and conditions set forth in the original voluntary plan.

[To be signed by the Attorney General and the Secretary of Commerce upon approval.]

EXHIBIT B—REQUEST

PROPOSED REQUEST UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR TANK AND OIL FIELD PRODUCTION EQUIPMENT

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919, after consultation with representatives of the steel producing industry and manufacturers of tank and oil field production equipment, and after expression of the views of industry, labor and the public generally at an open public hearing held on December 8, 1949, has determined that, in order to carry out the program begun under the voluntary plan (13 F. R. 5666) entered into by steel producers to furnish certain steel products for manufacturers of tank and oil field production equipment it will be necessary, and is practicable and appropriate to the successful carrying out of the policies set forth in said Public Law 395, that steel producers make further deliveries of steel products to such manufacturers after the expiration of the plan on February 28, 1949.

Therefore, the Secretary of Commerce, in accordance with subsections 2 (c) and 2 (f) of Public Law 395, 80th Congress, and with the approval of the Attorney General, hereby requests:

1. That steel producers participating in the above-mentioned voluntary plan continue to make approximately 16,530 net tons of steel products available monthly, during the period March 1, 1949, through August 31, 1949, on certified orders from manufacturers of tank and oil field production equipment; and that such products be made available in accordance with delivery procedures established under the said plan.

2. That manufacturers of tank and oil field production equipment place purchase orders hereunder only for the quantities and types of steel products established for them individually by the Secretary of Commerce; that they put identifying certifications on such purchase orders; and that they use all steel products obtained hereunder solely for the manufacture of tank and oil field production equipment.

In the event that an amendment to the abovementioned voluntary plan extending its effectiveness beyond February 28, 1949 takes effect pursuant to appropriate legislation, this request will be superseded by said extended plan.

[To be signed by the Attorney General and the Secretary of Commerce upon approval.]

[F. R. Doc. 48-10439; Filed, Nov. 29, 1948; 10:32 a. m.]

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, RECONVERSION AND REPAIR OF MERCHANT VESSELS

NOTICE OF PUBLIC HEARING ON PROPOSED INCREASE AND OTHER CHANGES AND ON CONTINUATION

Notice is hereby given that a public hearing will be held on Wednesday, December 8, 1948, at 4:00 p. m., e. s. t., in the Auditorium on the fifth floor of the National Archives Building, Pennsylvania Avenue between Seventh and Ninth Streets NW., Washington, D. C., for the purpose of affording to industry, labor and the public generally an opportunity to present their views with respect to (1) the proposed increase in the quantity of steel products to be made available under the voluntary plan, under Public Law 395, 80th Congress, for the allocation of steel products for the construction, reconversion and repair of merchant vessels, approved by the Attorney General on November 3, 1948 and by the Secretary of Commerce on November 5, 1948, (2) several proposed changes in the operational details of the plan, and (3) proposed completion of the procedures for continuation beyond February 28, 1949.

The increase in the monthly allocation quantity from 10,190 net tons of steel products to 15,415 net tons, beginning with the month of February 1949, and other changes in the operational details are set out in Exhibit A hereto.

Exhibit B hereto is a proposed request, to be made by the Secretary of Commerce, with the approval of the Attorney General, for unilateral action by participants in continuing the program for six months beyond February 28, 1949, in accordance with section 2 (f) of Public Law 395. This would remain effective in the event the authority now contained in the Law is not extended. The plan already provides for automatic continuation in the event of appropriate statutory extension.

Both Exhibits are in draft form and are subject to revision at or after the public hearing.

The proposed actions have been formulated after consulting with representatives of the industries involved and with interested government agencies, including the U. S. Maritime Commission, the National Military Establishment, and the Department of Justice.

Any person desiring to participate in the public hearing should file a written notice of appearance with the Director of the Office of Industry Cooperation, Room 5847, Department of Commerce Building, Washington 25, D. C., not later than 5 p. m., e. s. t., on Friday, December 3, 1948. Persons desiring to present written statements or memoranda should submit them, in triplicate, at the hearing.

JOHN R. ALISON,
Acting Secretary of Commerce.

EXHIBIT A—AMENDMENTS

PROPOSED AMENDMENT TO VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, RECONVERSION AND REPAIR OF MERCHANT VESSELS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919, after consultation with representatives of the steel producing and shipbuilding industries, and after expression of the views of industry, labor and the public generally at an open public hearing held on December 8, 1948, has determined that, in order to carry out the program begun under the voluntary plan (13 F. R. ——) entered into by steel producers to furnish certain steel products for builders, reconverters, and repairers of merchant vessels, it will be necessary, and is practicable and appropriate to the successful carrying out of the policies set forth in the said Public Law 395, that (1) steel producers make larger quantities of steel products available to such builders, reconverters, and repairers and (2) that certain changes be made in the existing plan to cover this and other matters.

Therefore, the abovementioned voluntary plan is amended as follows:

1. Paragraph 2 (*Agreement by Steel Producers*) is amended to read as follows:

2. *Agreement by Steel Producers.* During the period this plan remains in effect, producers will make available, out of their own production or that of their producing subsidiaries or affiliates, to participating builders a total of 10,190 net tons of steel products for the month of January 1949 and a total of 15,415 net tons per month thereafter, distributed by types approximately as follows:

Type	Net tons per month	
	January 1949	After January 1949
Structural shapes	939	2,016
Bars	165	689
Pipe	206	717
Plate—under 5/8"	3,303	11,240
Plate—5/8" and over	2,294	
Sheets—black	126	289
Sheets—galvanized	266	473
Miscellaneous—for repairs [1]	2,801	(2)
Total net tons per month	10,190	15,415

[1] Classifications to be determined later.
[2] Including above.

Producers will, from time to time, however, upon request of the Secretary of Commerce, give consideration to making additional quantities available.

2. By redesignating subparagraph 7 (c) *Other Reports* as 7 (d) and inserting the following as a new subparagraph 7 (c):

(c) *Report on orders placed.* In addition to the other reports provided for in this paragraph, each participating builder will, no later than the first day of each month, submit to the Secretary of Commerce, by letter or telegram, a report on the quantities and kinds of steel products covered by certified orders placed by it under this plan and accepted by participating steel producers for delivery in the second succeeding month.

3. By inserting the following, as an unnumbered subparagraph, at the end of paragraph 8 (*Obligations of participating builders*):

Participation in the benefits of this plan shall at all times be contingent upon each participating builder's continued strict compliance with the provisions hereof. In the event of any actual or prospective noncompliance by any participating builder, the Secretary of Commerce may, after written notice to the participating builder, take such action as he deems warranted with respect to the builder's participation in the plan, including partial or total suspension or termination of participation privileges and notification to the participating steel producers not to make any or certain further shipments under the plan to such builder.

4. By inserting the following after the certification in paragraph 9 (*Procedure for placing orders*):

In addition, certifications on orders placed after December 31, 1948 shall carry the following additional sentence:

The undersigned further certifies that the quantities ordered herewith, when added to all other quantities certified by the undersigned under the plan for the same delivery month, do not exceed the undersigned's allocations under the plan for that month.

Purchase orders shall be placed not less than 60 days before the first of the month in which delivery is required.

After approval of this amendment by the Attorney General and by the Secretary of Commerce, and after any steel producer or any builder, reconverter, or repairer of merchant vessels has made written acceptance of a request by the Secretary of Commerce for compliance herewith, this amendment shall become effective as to such producer, builder, reconverter, or repairer and shall be subject to the terms and conditions set forth in the original voluntary plan.

[To be signed by the Attorney General and the Secretary of Commerce upon approval.]

EXHIBIT B—REQUEST

PROPOSED REQUEST UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, RECONVERSION AND REPAIR OF MERCHANT VESSELS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919, after consultation with representatives of the steel producing and shipbuilding industries and with the interested government agencies and after expression of the views of industry, labor and the public generally at an open public hearing held on December 8, 1948, has determined that, in order to carry out the program begun under the voluntary plan (13 F. R. —) entered into by steel producers to furnish certain steel products for builders, reconverters and repairers of merchant vessels, it will be necessary, and is practicable and appropriate to the successful carrying out of the policies set forth in said Public Law 395, that steel producers make further deliveries of steel products to such builders, reconverters and repairers after the expiration of the plan (as amended) on February 28, 1949.

Therefore, the Secretary of Commerce, in accordance with subsections 2 (c) and 2 (f) of Public Law 395, 80th Congress, and with the approval of the Attorney General, hereby requests:

1. That steel producers participating in the abovementioned voluntary plan continue to make approximately 15,415 net tons of steel products available monthly, during the period March 1, 1949 through August 31, 1949, on certified orders from builders, reconverters and repairers of merchant vessels; and that such products be made available in accordance with delivery procedures established under the said plan.

2. That builders, reconverters and repairers of merchant vessels place purchase orders hereunder only for the quantities and types of steel products established for them individually by the Secretary of Commerce; that they put identifying certifications on such purchase orders; and that they use all steel products obtained hereunder solely for the construction, reconversion or repair of merchant vessels (as defined in the abovementioned voluntary plan).

In the event that an extension of the effectiveness of the above-mentioned voluntary plan beyond February 28, 1949 takes effect pursuant to appropriate legislation, this request will be superseded by said extended plan.

[To be signed by the Attorney General and the Secretary of Commerce upon approval.]

CIVIL AERONAUTICS BOARD

[Docket No. 3277]

PAN AMERICAN AIRWAYS, INC.; GUATEMALA CITY-LOS ANGELES/SAN FRANCISCO OPERATION

NOTICE OF HEARING

In the matter of the application of Pan American Airways, Inc., for amendment of its certificate of public convenience and necessity authorizing air transportation between the United States and various points in Latin America so as to authorize direct service carrying persons, property and mail beyond the intermediate point Guatemala City, Guatemala, to the coterminal points Los Angeles, Calif., and San Francisco, Calif., in both directions.

For further details of the operations proposed and the route modification requested, the parties are referred to the application, the Examiner's prehearing conference report, and the correspondence with respect thereto which are on file with the Civil Aeronautics Board.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, that the above application is assigned for hearing on December 13, 1948, at 10:00 a. m. (P. s. t.) in Room 535, U. S. Post Office and Court House Building, 312 Spring Street, Los Angeles, Calif., before Examiner Ralph L. Wiser.

Without limiting the scope of the issues to be considered, particular attention will be directed to the following matters:

(1) Whether the proposed certificate amendment is required, in whole or in part, by the public convenience and necessity.

(2) Whether the applicant is fit, willing, and able to perform the proposed new transportation properly and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder.

Notice is further given that any person other than the parties of record desiring to be heard in this proceeding shall file with the Board on or before December 6, 1948, a statement setting forth the issues of fact and law raised by this proceeding which he desires to controvert.

Dated at Washington, D. C., November 26, 1948.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 9072]

OLNEY BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Robert E. Thompson and Sidney R. Sanders, d/b as Olney Broadcasting Company, Olney, Texas, Docket No. 9072, File No. BP-6767; for construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 19th day of November 1948;

The Commission having under consideration the above-entitled application requesting a permit to construct a new standard broadcast station to operate on the frequency 1410 kilocycles, with 250 watts power, daytime only, at Olney, Texas, and also having under consideration petitions filed by Stephens County Broadcasting Company, licensee of Station KSTB and David W. Ratliff, licensee of Station KDWT, that the above-entitled application be designated for hearing and that petitioners be made parties thereto;

It is ordered, That the said petitions of Stephens County Broadcasting Company and of David W. Ratliff be, and they are hereby, granted; and that, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of Olney Broadcasting Company be, and it is hereby, designated for hearing, at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

2. To determine whether the operation of the proposed station would involve objectionable interference with Station KSTB, Breckenridge, Texas or with Station KDWT, Stamford, Texas, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

3. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

4. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's Rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations with particular reference to the assignment of a Class IV station to a regional channel.

It is further ordered, That Stephens County Broadcasting Company, licensee of Station KSTB, and David W. Ratliff, licensee of Station KDWT, be, and they are hereby, made parties to this proceeding.

FEDERAL COMMUNICATIONS COMMISSION,

[F. R. Doc. 48-10379; Filed, Nov. 29, 1948; 8:56 a. m.]

[Docket No. 8961]

JOHN A. BOHN

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of John A. Bohn, Martinez, California, Docket No. 8961, File No. BP-6696; for construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 19th day of November 1948;

The Commission having under consideration the above-entitled application of John A. Bohn for a construction permit for a new standard broadcast station to operate on the frequency 1330 kc, 500 w power, daytime only, at Martinez, California;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

2. To determine whether the operation of the proposed station would involve objectionable interference with Station KWBR, Oakland, California, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

3. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

4. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's Rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

It is further ordered, That E. N. and S. W. Warner, d/b as Warner Brothers, licensee of Station KWBR, Oakland, California, be, and they are hereby, made a party to this proceeding.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

[Docket Nos. 8178, 9190]

STEEL CITY BROADCASTING CO. AND RADIO STATION WGES

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of George M. Whitney, Caroline L. Whitney and Fredrik K. Feyling, d/b as Steel City Broadcasting Company, Gary, Indiana, Docket No. 8178, File No. BP-5681; John A. Dyer, V. I. Christoph, E. M. Hinzman, F. A. Ringold and W. F. Moss, d/b as Radio Station WGES (WGES), Chicago, Illinois, Docket No. 9190, File No. BP-6700; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 19th day of November 1948;

The Commission having under consideration a petition, filed January 16, 1948, for reconsideration and grant without a hearing on the above-entitled amended application of George M. Whitney, Caroline L. Whitney and Fredrik K. Feyling, d/b as Steel City Broadcasting Company, requesting authorization to construct a new standard broadcast station at Gary, Indiana, to operate on 1370 kc, with 500 w power, daytime only; opposition to the petition filed January 29, 1948, by the licensee of Station WGES, Chicago, Illinois; and the above-entitled application of J. A. Dyer, V. I. Christoph, E. M. Hinzman, F. A. Ringold and W. F. Moss, d/b as Radio Station WGES, requesting authorization to change the daytime directional pattern of Station WGES, operating on 1390 kc, with 5 kw power, DA, U, filed April 9, 1948;

It appearing, that the aforesaid application of Steel City Broadcasting Company was, on October 16, 1947, designated for hearing and that the hearing is currently scheduled to commence on March 17, 1949, in Washington, D. C.; and

It further appearing, that the Radio Station WGES and Steel City Broadcasting Company applications as amended would involve an overlap of their respective 2 mv/m and 25 mv/m contours;

It is ordered, That the said petition of Steel City Broadcasting Company be, and it is hereby, denied, and that, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of J. A. Dyer, V. I. Christoph, E. M. Hinzman, F. A. Ringold and W. F. Moss, d/b as Radio Station WGES be, and it is hereby, designated for hearing in a consolidated proceeding with the application of George M. Whitney, Caroline L. Whitney and Fredrik K. Feyling, d/b as Steel City Broadcasting Company, at the time and place aforesaid, upon the following issues:

1. To determine the technical, financial, and other qualifications of the applicant partnership and the partners to construct and operate station WGES as proposed.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of station WGES as proposed and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of station WGES as proposed would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of station WGES as proposed would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of station WGES as proposed would be in compliance with the Commission's Rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations, with particular reference to those provisions of the Standards concerning the licensing of stations with less than 30 kc frequency separation.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the Commission's October 16, 1947 order designating the aforesaid Steel City Broadcasting Company application for hearing be, and it is hereby, amended to include the above-entitled application of Radio Station WGES, to include among the issues for hearing, Issue No. 7, set forth above, and to change Issue No. 6 thereof to read as Issue No. 6 above.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

[F. R. Doc. 48-10381; Filed, Nov. 29, 1948; 8:57 a. m.]

KWKW

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE [1]

The Commission hereby gives notice that on November 8, 1948 there was filed with it an application (BAL-797) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of station KWKW, Pasadena, California from Marshall S. Neal, Paul Buhlig, E. T. Foley and Edwin Earl, d/b as Southern California Broadcasting Company to Southern California Trade Unions Broadcasting Association. Under the terms of an agreement dated August 13, 1948, Marshall S. Neal, Paul Buhlig, E. T. Foley and Edwin Earl have agreed to sell and assign their interest in the said partnership of Southern California Broadcasting Company to the Southern California Trade Unions Broadcasting Association for a sum of not less than $392,500 nor more than $420,000, payable as follows: $25,000 in cash upon consummation of the assignment within thirty days following approval thereof by the Federal Communications Commission; $35,000 annually on the first and second anniversary of the assignment, plus two-thirds of the net profits of the station for each of said years (said additional amount not to exceed $27,500 for either or both of said years); and the remaining unpaid portion ($297,500) in five equal annual installments with interest at 2½% per annum on the unpaid balance. Full information concerning the transaction may be obtained from the application which is on file at the Federal Communications Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on November 8, 1948 that starting on November 12, 1948 notice of the filing of the application would be inserted in a newspaper of general circulation at Pasadena, California in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from November 12, 1948 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract. ELECTRONIC ENTERPRISES, INC. (WITA)

PUBLIC NOTICE CONCERNING PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on November 17, 1948 there was filed with it an application (BTC-699) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of Electronic Enterprises, Inc., licensee of station WITA, San Juan, Puerto Rico to Antonio Ayuso Valdivieso. The proposal to transfer control arises out of a contract of October 26, 1948 pursuant to which Bernard and Elizabeth Rubell propose to sell 125 shares (50%) of the licensee's capital to Antonio Ayuso Valdivieso for a cash consideration of $25,000. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on November 17, 1948 that starting on November 16, 1948 notice of the filing of the application would be inserted in El Imparcial a newspaper of general circulation at San Juan, Puerto Rico, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from November 16, 1948 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract. (Sec. 310 (b), 48 Stat. 1086; 47 U. S. C. A. 310 (b))

ALMA BROADCASTING CO., INC. (WFYC)

PUBLIC NOTICE CONCERNING PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on November 16, 1948 there was filed with it an application (BTC-704) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of Alma Broadcasting Co., Inc., permittee of station WFYC, Alma, Michigan from Cleon Van Ripper and Merle E. Rhoads to Merle E. Rhoads. The proposal to transfer control arises out of a contract of October 29, 1948 providing that transferee shall receive from Alma Broadcasting Company, Inc. forty-five shares of its common stock in repayment of a loan of $4,500 to said corporation previously made by said transferee. The agreement further provides that the said transferee shall purchase from the said transferor thirty shares of stock now owned by said transferor and that in consideration therefor, said transferee has loaned the said transferor three thousand dollars ($3,000) for which a promissory note bearing interest at 5% per annum, payable on demand of said transferee, has been executed by said transferor. The said thirty shares of stock have been endorsed in blank by said transferor and have been deposited with said transferee as collateral for the said note. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

[1] Section 1.321, Part 1, Rules of Practice and Procedure.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on November 16, 1948 that starting on November 22, 1948, notice of the filing of the application would be inserted in The Central Michigan Tribune of Mt. Pleasant, Michigan, a newspaper of general circulation at Alma, Michigan in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from November 22, 1948 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract. WBTH

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE [1]

The Commission hereby gives notice that on November 15, 1948 there was filed with it an application (BAL-800) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of station WBTH, Williamson, West Virginia, from Williamson Broadcasting Corporation to Mingo Broadcasting Corporation. The proposal to assign the license arises out of a contract of October 26, 1948 pursuant to which Williamson Broadcasting Corporation will assign its lease improvements, transmitting plant and radiating system, studio and office equipment, an automobile, technical supplies, unearned deposits and insurance premiums, leases, and goodwill for a cash consideration of $70,000 plus an amount equal to the face value of accounts receivable as of the date of Commission consent to the assignment. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases, including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on November 15, 1948 that starting on November 19, 1948 notice of the filing of the application would be inserted in the Williamson Daily News, a newspaper of general circulation at Williamson, West Virginia, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from November 19, 1948 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract. (Sec. 310 (b), 48 Stat. 1086; 47 U. S. C. A. 310 (b))

WRTB

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF CONSTRUCTION PERMIT [1]

The Commission hereby gives notice that on November 10, 1948, there was filed with it an application (BAPCT-8) for its consent under section 310 (b) of the Communications Act to the proposed assignment of construction permit for television station WRTB, Waltham, Massachusetts, from Raytheon Manufacturing Company to Columbia Broadcasting System, Inc. The proposal to assign arises out of a contract of October 16, 1948, pursuant to which Raytheon Manufacturing Company will assign to Columbia Broadcasting System certain properties and equipment for station WRTB for the sum of $242,122, subject to adjustments as provided in the agreement between the parties. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on November 10, 1948, that starting on November 12, 1948, notice of the filing of the application would be inserted in the Waltham News-Tribune, a newspaper of general circulation at Waltham, Massachusetts, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from November 12, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract. AGNES JANE REEVES GREER

ORDER REOPENING HEARING

In re application of Agnes Jane Reeves Greer, Dover, Ohio, Docket No. 8248, File No. BP-5319; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 22d day of November, 1948;

The Commission having under consideration the record in the above-entitled proceeding; and

It appearing, that the record contains conflicting and insufficient evidence with respect to the proposed service area of the above-named applicant and the interference problems involved; that a decision cannot be reached in this proceeding until proper and complete evidence is taken with respect to these matters; that in order properly to resolve the discrepancies in the evidence with respect to interference, groundwave field intensity measurements should be taken in the manner prescribed in the Commission's Standards of Good Engineering Practice to determine the nature and extent of the interference problems which would result from the operation proposed; and that the parties hereto should be required to take such measurements to determine the foregoing matters;

It is ordered, That the record in the above-entitled proceeding be, and it is hereby, reopened for further hearing at Washington, D. C., on a date to be specified by subsequent order, to determine the foregoing matters; and

It is further ordered, That the parties to this proceeding be, and they are hereby, directed to submit, at the further hearing, groundwave field intensity measurements taken in the manner prescribed in the Commission's Standards of Good Engineering Practice from which a determination can be made of the interference areas and populations which would result from the operation of the station proposed; and

It is further ordered, That the Hearing Examiner heretofore designated in this proceeding be, and she is hereby, directed to hold the further hearing herein ordered and submit a Recommended Decision based on the record heretofore compiled and the record made in the further hearing in this proceeding.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. G-1096]

TEXAS EASTERN TRANSMISSION CORP.

ORDER FURTHER POSTPONING HEARING

NOVEMBER 23, 1948.

Upon consideration of the motion filed November 18, 1948, by Texas Eastern Transmission Corporation for a further postponement of the hearing herein now set to commence on December 13, 1948;

It appearing to the Commission that:

(1) Texas Eastern has agreed that if such postponement is granted, and, by reason of its being so granted, the Commission is unable to make a determination of the issues involved in this proceeding within the period of suspension heretofore ordered, Texas Eastern will not move to put the proposed supplemental rate schedules into effect pursuant to section 4 (e) of the Natural Gas Act prior to a final determination by the Commission herein.

(2) Good cause exists for further postponing the date of hearing as hereinafter provided.

The Commission orders that:

The public hearing herein now set to commence on December 13, 1948, be and the same hereby is postponed to March 14, 1949, commencing at 10:00 a. m. (est) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: November 24, 1948.

By the Commission.

[Docket No. G-1151]

SOUTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

NOVEMBER 22, 1948.

Notice is hereby given that on November 12, 1948, an application was filed with the Federal Power Commission by Southern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business at Birmingham, Alabama, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described natural gas facilities:

(a) A tap and gate valve on Applicant's 12 inch pipe line located at or near the intersection between this line and the 10 inch pipe line of United Gas Pipe Line Company (United) in the Southwest Quarter of Section 18, Township 9 North, Range 18 West, Jefferson Davis County, Mississippi.

(b) A tap and gate valve on Applicant's 6 inch line together with a measuring station and appurtenant equipment located at or near the intersection between said line and United's 6 inch line in Panola County, Texas and facilities to connect said measuring station with the lines of the Applicant and United.

Applicant states that the facilities above described will be used by it to deliver gas to United in quantities not to exceed 50,000 Mcf per day from those described in (a) and not to exceed 25,000 Mcf per day from those described in (b); that its estimated reserves in the Gwinville field of Jefferson Davis County, Mississippi and Logansport field in Texas are sufficient for the service proposed; and estimate the capital cost of the proposed facilities at $20,750, which will be financed from current funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure (18 CFR 1.37) and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Southern Natural Gas Company, is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of § 1.8 or § 1.10, whichever is applicable, of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10).

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-1132]

ARKANSAS LOUISIANA GAS CO.

ORDER FIXING DATE OF HEARING

NOVEMBER 22, 1948.

Upon consideration of the application filed October 4, 1948, by Arkansas Louisiana Gas Company (Applicant), a Delaware corporation having its principal office at Shreveport, Louisiana, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities subject to the jurisdiction of the Commission, as more fully described in such application on file with the Commission and open to public inspection;

It appears to the Commission that:

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on October 22, 1948 (13 F. R. 6223).

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on December 9, 1948, at 9:30 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: November 23, 1948.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

INTERSTATE COMMERCE COMMISSION

[No. 30035]

KANSAS INTRASTATE RATES

NOTICE OF PETITION

In the matter of petition of respondent rail carriers for leave to amend petition dated July 13, 1948, and for modification of the order of August 6, 1948, instituting the above-entitled proceeding.

It appearing, that upon petition dated July 13, 1948, filed by common carriers by railroad operating to, from and between points in the State of Kansas, averring that the Corporation Commission of the State of Kansas has refused to authorize or permit said petitioners to apply to the transportation of certain commodities and traffic moving intrastate by railroad in Kansas, increases in freight rates and charges corresponding to those approved for interstate application in Ex Parte No. 162, Increased Railway Rates, Fares, and Charges, 1946, and Ex Parte No. 148, Increased Railway Rates, Fares, and Charges, 1942, 266 I. C. C. 537, and Ex Parte No. 166, Increased Freight Rates, 1947, 269 I. C. C. 33, 270 I. C. C. 81, and 270 I. C. C. 93, the Commission, by Division 1, entered an order on August 6, 1948, instituting an investigation thereon under section 13 (4) of the Interstate Commerce Act, as amended:

It further appearing, that said petitioners have filed a petition dated November 13, 1948, for leave to amend said petition dated July 13, 1948, and for corresponding modification of the Commission's order of August 6, 1948, to supplement and clarify the issues in the light of the report of the Commission on further consideration, decided July 27, 1948, in Ex Parte No. 166, Increased Freight Rates, 1947, 270 I. C. C. 403, and the Sixth Supplemental Order, dated October 27, 1948, of the State Corporation Commission of the State of Kansas, in its Docket 33880-R, granting petitioners, with certain exceptions, increases in Kansas intrastate freight rates and charges corresponding to those approved for interstate application in said report of the Commission on further consideration, and for good cause appearing:

It is ordered, That said petition dated July 13, 1948, be, and it is hereby, amended in accordance with respondents' petition dated November 13, 1948.

It is further ordered, That the first paragraph of said order of August 6, 1948, instituting this investigation, be, and it is hereby, amended to read as follows:

"It appearing, that a petition, as amended, has been filed on behalf of the Atchison, Topeka and Santa Fe Railway Company and other common carriers by railroad operating to, from, and between points in the State of Kansas, averring (1) that in Ex Parte No. 162, Increased Railway Rates, Fares, and Charges, 1946, and Ex Parte No. 148, Increased Railway Rates, Fares, and Charges, 1942, 266 I. C. C. 537, this Commission authorized certain increases in interstate rates and charges throughout the United States, which were established January 1, 1947, and that the Corporation Commission of the State of Kansas, by order dated February 5, 1947, in its dockets Nos. 23850-R and 30400-R, has refused to authorize or permit said petitioners to apply to the transportation of agricultural limestone; brick and articles taking brick rates; sand; gravel; chatt; fluxing stone; stone, broken, ground or crushed; road building aggregates; sugar beets; furnace slag; and cinders, moving intrastate by railroad in Kansas, increases in freight rates and charges corresponding to those approved for interstate application in the proceedings above cited, or to apply an increased minimum charge per shipment, in less than carloads, or in any quantity, or to apply an increased minimum rate for pick-up and/or delivery services in connection with less-than-carload or any-quantity shipments, moving intrastate by railroad in Kansas, corresponding to those approved for interstate application in said proceedings; and (2) that in Ex Parte No. 166, Increased Freight Rates, 1947, 269 I. C. C. 33, 270 I. C. C. 81, 270 I. C. C. 93, and 270 I. C. C. 403, this Commission authorized certain increases in interstate rates and charges throughout the United States, which were established October 13, 1947, January 5 and 13, 1948, May 6, 1948, and August 21, 1948, and that the Corporation Commission of the State of Kansas; by orders dated March 31, 1948, June 16, 1948, and October 27, 1948, in its docket No. 33880-R, has refused to authorize or permit said petitioners to apply to the transportation of hay and related articles; agricultural limestone; brick and articles taking brick rates; livestock; sand, gravel, chatt; fluxing stone; stone, broken, ground or crushed; road building aggregates; sugar beets; and cement, increases in rates and charges corresponding to those approved for interstate application in the proceeding last hereinabove cited;"

It is further ordered, That the State of Kansas be notified of this amendment of the order by sending copies of this order and of said petition dated November 13, 1948, by registered mail to the Governor of the said State and to the Corporation Commission of the State of Kansas, at Topeka, Kans.

And it is further ordered, That notice of this amendment of the order be given to the public by depositing a copy of this order in the office of the Secretary of the Commission, at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.

Dated at Washington, D. C., this 19th day of November A. D. 1948.

By the Commission.

[SEAL] W. P. BARTEL,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 59-11, 59-17, 54-25]

UNITED LIGHT & RAILWAYS CO. ET AL.

NOTICE OF FILING WITH RESPECT TO A PROPOSED ACCOUNTING REORGANIZATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 22d day of November A. D. 1948.

In the matter of the United Light and Railways Company, American Light & Traction Company, et al. File Nos. 59-11, 59-17, 54-25.

Notice is hereby given that American Light & Traction Company ("American Light"), a registered holding company, has filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), an application-declaration, designated Application No. 5 in response to Commission's order of December 30, 1947, with respect to a proposed accounting reorganization. The application-declaration designates sections 11 (e) and 6 (a) (2) of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than December 6, 1948, at 5:30 p. m., e. s. t., request in writing that a hearing be held with respect to said application-declaration stating the nature of his interest, the reasons for such request and the issues of fact or law raised by said application-declaration which he desires to controvert or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

At any time after December 6, 1948 said application-declaration may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

By Order dated December 30, 1947, the Commission approved a plan filed by American Light and its parent, the United Light and Railways Company, pursuant to section 11 (e) of the act, which plan, among other things, provided for American Light's disposition during the year 1948, by sales or through dividend distributions, of all of its holdings of common stock of Detroit Edison, the offer by American Light to purchase at $33 per share plus accrued dividends its outstanding preferred stock, and the distribution in kind by American Light among its stockholders of the common stock of Madison Gas and Electric Company, and the Commission in the order of December 30, 1947, reserved jurisdiction, among other things, with respect to accounting entries in connection with the plan.

American Light proposes to establish reserves, as of January 2, 1948, adequate in amount to cover all charges to earned surplus required to be made in connection with the dividend payments, distributions, sales, and other transactions contemplated by the plan, together with a provision for contingencies arising in connection with the plan. These charges will result in an earned surplus deficit and it is proposed to eliminate such deficit by a charge to paid-in surplus.

It is stated that the proposed reserves will aggregate $35,053,940 and will be for the following purposes and in the following amounts:

Dividends declared on common stock during 1948	$8,362,664
Dividends declared on preferred stock during 1948	603,865
Losses on sales of the common stock of The Detroit Edison Co.	22,824,572
Excess of purchase price of preferred stock to be retired over par value thereof plus accrued dividends	4,368,806
Distribution of the common stock of Madison Gas and Electric Co.	3,144,533
Contingencies, including fees and expenses in connection with the consummation of the plan	750,000
	35,053,940

The establishment of such reserves will exhaust the entire earned surplus existing as at December 31, 1947, in the amount of $21,630,812 and will result in an earned surplus deficit of $13,423,128, which deficit will be eliminated by transfer to the paid-in surplus account. Paid-in surplus in the amount of $18,621,001 as at December 31, 1947, will be reduced to $5,197,873 as at January 2, 1948. Upon completion of all transactions contemplated by the plan any balance in such reserves will be transferred to the paid-in surplus account. It is also proposed that the earned surplus of the subsidiaries of American Light at January 2, 1948 be transferred to the paid-in surplus account in consolidated statements.

The application-declaration requests the Commission to enter an order authorizing American Light to record on its books the accounting entries proposed or releasing jurisdiction heretofore reserved over accounting entries to be made by American Light in connection with the plan with the understanding that the accounting entries proposed will be recorded on the books of the company.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2000]

MILWAUKEE GAS LIGHT CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 23d day of November A. D. 1948.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Milwaukee Gas Light Company ("Milwaukee"), a public utility subsidiary of American Light & Traction Company ("American Light"), a registered holding company. Applicant designates section 6 (b) of the act and Rule U-50 (a) (2) promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said application, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Milwaukee proposes to enter into a credit agreement which will expire July 1, 1949, with certain banks hereinafter named which will commit such banks to advance to Milwaukee on or before July 1, 1949, a maximum of $4,500,000 as follows:

The National City Bank of New York	$1,100,000
Central Hanover Bank & Trust Co. of New York	1,100,000
Mellon National Bank & Trust Co. of Pittsburgh, Pa.	1,100,000
First Wisconsin National Bank of Milwaukee	1,200,000

An aggregate of $2,500,000 is to be advanced on or before December 31, 1948. The remaining $2,000,000 will be advanced from time to time upon request of the company prior to July 1, 1949 in amounts of not less than $1,000,000 each. The respective amounts, dates of maturity and interest rates of the notes to be issued evidencing the $4,500,000 of advances are to be as follows:

Amount due	Date due	Annual rate of interest (percent)
$450,000	May 31, 1950	2¼
450,000	Nov. 30, 1950	2¼
450,000	May 31, 1951	2¾
450,000	Nov. 30, 1951	2¾
450,000	May 31, 1952	2¾
2,250,000	Nov. 30, 1952	3

A commitment fee will be paid computed at the rate of 1 percent per annum on the average daily unused balance of the commitment from date of the first advance until July 1, 1949 or until the entire $4,500,000 shall have been taken down, whichever shall occur first.

The application states that of the proceeds $1,400,000 will be used to retire outstanding 2¼% short term bank loans maturing January 3, 1949 and the remainder will be used to finance the company's construction program through the year 1949.

It is stated that the Public Service Commission of Wisconsin has jurisdiction over the proposed transactions, that an appropriate application will be made to and the requisite authority obtained from that Commission with respect to the proposed transaction.

Milwaukee requests that the Commission enter an order on or before November 30, 1948, or as soon as possible thereafter approving the proposed transactions and that such order become effective upon its entry.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said application and that the same shall not be granted except pursuant to further order of the Commission:

It is ordered, Pursuant to the applicable sections of the act, that a hearing on said application be held on December 2, 1948, at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held.

It is further ordered, That Robert P. Reeder, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application and that, on the basis thereof, without prejudice to the presentation of additional matters and questions upon further examination, the following matters and questions are presented for consideration:

(1) Whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with applicable requirements of the act and of the rules and regulations promulgated thereunder, or, if not, whether any terms and conditions should be required or imposed in the public interest or for the protection of investors and consumers and if so the nature of such terms and conditions;

(2) Whether the securities to be issued are reasonably adapted to the security structure and earnings of the applicant and of the holding company system of which it is a part, and if not what terms and conditions should be imposed in the public interest or in the interest of investors and consumers;

(3) Whether the consideration to be received for the proposed notes is fair and reasonable; and

(4) Whether the fees, commission, or other remuneration to be paid in connection with the issue and sale of said notes are reasonable.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matters and questions.

It is further ordered, That any person desiring to be heard in connection with this proceeding or proposing to intervene herein shall file with the Secretary of the Commission on or before November 30, 1948, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this notice and order by registered mail to Milwaukee Gas Light Company, the Mayor of the City of Milwaukee, and the Public Service Commission of Wisconsin; that further notice be given to all persons by publication of this notice and order in the FEDERAL REGISTER, and that a general release of this notice and order be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[Vesting Order 12266]

ERNST SCHLUND ET AL.

In re: Debts owing to Ernst Schlund, Meta Schlund and Arcadius Voiss, and securities owned by the personal representatives, heirs, next of kin, legatees and distributees of Fred Tollner, deceased. F-28-26306-D-1, F-28-4279-D-3, F-28-25639-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law after investigation, it is hereby found:

1. That Ernst Schlund and Meta Schlund, whose last known address is Huptmarket, 21 Zwickau Sacheen, Germany, and Arcadius Voiss, whose last known address is Immelmann Str. 21, Gad-Godesberg, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of Fred Tollner, deceased, who there is reasonable cause to believe are residents of Germany; are nationals of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation of the American National Bank and Trust Company of Chicago, 33 North La Salle Street, Chicago, Illinois, in the amount of $464.50, representing the proceeds of sale and final distribution, allocable to 10 beneficial interest shares of the Yates Apartments, Chicago, Illinois, evidenced by a certificate bearing the number 112, registered in the names of Ernst Schlund and Meta Schlund, JTLY, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of or owing to, or which is evidence of ownership or control by Ernst Schlund and Meta Schlund, the aforesaid nationals of a designated enemy country (Germany);

4. That the property described as follows: a. All rights and interests in, to and under a participating certificate evidencing an interest in a voting trust for capital stock of Windermere Hotel Company, c/o Securities Service Corporation, 105 So. La Salle Street, Chicago, Illinois, said certificate numbered 1347 and registered in the name of Fred Tollner, and

b. That certain debt or other obligation matured or unmatured, evidenced by one (1) Windermere Hotel Company Bond, of $1,000 face value, bearing the number 6789, registered in the name of Fred Tollner, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation, together with any and all rights in, to and under the aforesaid bond,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Fred Tollner, deceased, the aforesaid nationals of a designated enemy country (Germany);

5. That the property described as follows: That certain debt or other obligation, matured or unmatured, evidenced by one (1) Certificate of Interest for ten (10) units of the Chatelaine Tower Building, of $100 par value each, said certificate bearing the number 474, registered in the name of Arcadius Voiss, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same, and any and all rights in, to and under the aforesaid certificate,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or an account of, or owing to, or which is evidence of ownership or control by, Arcadius Voiss; the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

6. That to the extent that the persons named in subparagraph 1 hereof and the personal representatives, heirs, next of kin, legatees and distributees of Fred Tollner, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on October 27, 1948.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON, *Deputy Director, Office of Alien Property.*

[F. R. Doc. 48-10375; Filed, Nov. 29, 1948; 8:56 a. m.]

[Vesting Order 12308]

ELIZABETH ALGAYER ET AL.

In re: Bank accounts and participation certificates owned by Elizabeth Algayer and others. F-28-9113-A-1/E-1, F-28-9114-A-1/E-1, F-28-9115-A-

1/E–1, F–28–9116–A–1/E–1, F–28–9117–A–1/E–1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Elizabeth Algayer, Johannes Algayer, Johann Georg Algayer, Eva Hiller and Katharine Hiller, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: a. That certain debt or other obligation owing to Elizabeth Algayer, by The Pennsylvania Company for Banking and Trusts, 15th and Chestnut Streets, Philadelphia, Pennsylvania, arising out of a Savings Fund Account, account number M–46729, entitled Elizabeth Algayer, maintained at the Germantown Branch of the aforesaid bank, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, and any and all rights to demand, enforce and collect the same, and

b. One (1) Depositors Participation Certificate of the Kensington Security Bank and Trust Company, Philadelphia, Pennsylvania, said Depositors Participation Certificate numbered 9867, registered in the name of the Germantown Trust Company for the blocked account of Elizabeth Algayer National of Germany, and presently in the custody of The Pennsylvania Company for Banking and Trusts, Germantown Branch, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Elizabeth Algayer, the aforesaid national of a designated enemy country (Germany);

3. That the property described as follows: a. That certain debt or other obligation owing to Johannes Algayer, by The Pennsylvania Company for Banking and Trusts, 15th and Chestnut Streets, Philadelphia, Pennsylvania, arising out of a Saving Fund Account, account number M–46731, entitled Johannes Algayer, maintained at the Germantown Branch of the aforesaid bank, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, and any and all rights to demand, enforce and collect the same, and

b. One (1) Depositors Participation Certificate of the Kensington Security Bank and Trust Company, Philadelphia, Pennsylvania, said Depositors Participation Certificate numbered 9863, registered in the name of the Germantown Trust Company for the blocked account of Johannes Algayer National of Germany, and presently in the custody of The Pennsylvania Company for Banking and Trusts, Germantown Branch, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Johannes Algayer, the aforesaid national of a designated enemy country (Germany);

4. That the property described as follows: a. That certain debt or other obligation owing to Johann Georg Algayer, by The Pennsylvania Company for Banking and Trusts, 15th and Chestnut Streets, Philadelphia, Pennsylvania, arising out of a Saving Fund Account, account number M 46727, entitled Johann Georg Algayer, maintained at the Germantown Branch of the aforesaid bank, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, and any and all rights to demand, enforce and collect the same, and

b. One (1) Depositors Participation Certificate of the Kensington Security Bank and Trust Company, Philadelphia, Pennsylvania, said Depositors Participation Certificate numbered 9865, registered in the name of the Germantown Trust Company for the blocked account of Johann Georg Algayer, National of Germany, and presently in the custody of The Pennsylvania Company for Banking and Trusts, Germantown Branch, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Johann Georg Algayer, the aforesaid national of a designated enemy country (Germany);

5. That the property described as follows: a. That certain debt or other obligation owing to Eva Hiller, by The Pennsylvania Company for Banking and Trusts, 15th and Chestnut Streets, Philadelphia, Pennsylvania, arising out of a Saving Fund Account, account number M 46730, entitled Eva Hiller, maintained at the Germantown Branch of the aforesaid bank, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, and any and all rights to demand, enforce and collect the same, and

b. One (1) Depositors Participation Certificate of the Kensington Security Bank and Trust Company, Philadelphia, Pennsylvania, said Depositors Participation Certificate numbered 9864, registered in the name of the Germantown Trust Company for the blocked account of Eva Hiller, national of Germany, and presently in the custody of The Pennsylvania Company for Banking and Trusts, Germantown Branch, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Eva Hiller, the aforesaid national of a designated enemy country (Germany);

6. That the property described as follows: a. That certain debt or other obligation owing to Katherine Hiller, by The Pennsylvania Company for Banking and Trusts, 15th and Chestnut Streets, Philadelphia, Pennsylvania, arising out of a Savings Fund Account, account number M 46728, entitled Katherine Hiller, maintained at the Germantown Branch of the aforesaid bank, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, and any and all rights to demand, enforce and collect the same, and

b. One (1) Depositors Participation Certificate of the Kensington Security Bank and Trust Company, Philadelphia, Pennsylvania, said Depositors Participation Certificate numbered 9866, registered in the name of the Germantown Trust Company for the blocked account of Katherine Hiller, national of Germany, and presently in the custody of The Pennsylvania Company for Banking and Trusts, Germantown Branch, Chelten and Germantown Avenues, Philadelphia, Pennsylvania, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Katherine Hiller, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

7. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on November 4, 1948

For the Attorney General.

FEDERAL REGISTER

Volume 13 INDEX, OCTOBER–DECEMBER 1948 Nos. 192–255

RETAIN QUARTERLY INDEXES

Subscribers are requested to retain the quarterly subject indexes for calendar 1948 for use in lieu of an annual index.

The regular annual codification guide included herewith is particularly valuable in view of the consolidation of the 1948 Supplement with the new Code.

The regular subject index covering the entire calendar year will not be published for 1948. Because of the number of documents reflecting editorial changes incident to the publication of the 1949 Edition of the Code of Federal Regulations, the last quarter of calendar 1948 has been separately indexed.

Beginning January 1949, the contents of the Federal Register will be separately indexed as follows: monthly for the months of January, February, April, May, July, August, October, November, and December; quarterly for the quarters ending March, June, and September; and annually for the calendar year.

- Civil air regulations:
  - Air navigation:
    - Air traffic rules:
      - Definitions; expected approach time, proposed rule making 8222
      - Flight rules:
        - General flight rules:
          - Aircraft lights; proposed rule making 8222
          - Operation on and in vicinity of an airport; segmented circle airport marker, right turn indicators, CAA rules 6079
        - Instrument flight rules:
          - IFR flight plan; international flights, proposed rule making 8222
          - Radio failure; proposed rule making 8222
    - Long distance domestic flights at certain altitudes; extension of effective period 6085, 8215
  - Airspace designations. *See main heading* Civil Aeronautics Administration.
  - Scheduled air carrier rules:
    - Airmen:
      - Dispatcher; route qualification, proposed rule making 6086
      - Flight engineer; when required 5909
      - Pilots:
        - Maintenance of pilot technique; proposed rule making:
          - Competency checks 6217
          - Training and maintenance of proficiency program 6217
        - Route and airport qualifications; proposed rule making 6086
    - Fire prevention; extension of effective period for meeting requirements respecting 6537
    - Flight operations:
      - Dispatching rules (for clearance); proposed rule making:
        - Additional clearance requirements 6213
        - Clearance weather information 6218
        - Flight equipment; airspeed, turn-and-bank, etc., indicators and altimeters, CAA rules 7737
      - Flight altitude rules; wartime maximum altitude of 17,000, proposed rescission 6086
      - Long distance domestic flights at certain altitudes; extension of effective period 6085, 8215
    - Reports, general; CAA rules:
      - Mechanical difficulties, monthly report of 5808, 5858, 5877
      - Mechanical hazards, daily report of 5808, 5858, 5877
    - Weather; source of weather reports and forecasts, proposed rule making 6218
  - Airworthiness:
    - Aircraft equipment; automatic pilots, CAA rules 7737
    - Airplane:
      - Airplane airworthiness (regulations effective to November 9, 1945); CAA rules:
        - Design and construction; detail design of wings, fabric covering 7725

Airman rules:
Dispatcher; route qualification, proposed rule making 6086
Flight engineer; when required 5909
Flight navigator; when required 5909
Flight radio operator; when required 5909
Pilot:
Flight crew, composition of 5909
Maintenance of technique; proposed rule making:
Competency checks 6217
Training and maintenance of proficiency program 6217
Route and airport qualifications; proposed rule making:
Maintenance of 6086
Requirements for 6086
Flight operation rules; dispatching rules, proposed rule making:
Maintenance release, load manifest, and clearance forms; clearance weather information 6217
Source of weather reports and forecasts 6217
Miscellaneous operation rules; reports of mechanical hazards and difficulties (CAA rules) 5808, 5858
Temporary authority to conduct scheduled air transportation between Alaskan points and Seattle, Wash 5908
Explosives and other dangerous articles, transportation of; proposed revision 6582
Appendix A 6586
General operation rules; CAA rules:
Aircraft certification and identification; identification marks and airworthiness classification marks 6300, 7659
Aircraft instruments and equipment; NC powered aircraft instruments and equipment:
Airspeed, turn-and-bank, etc., indicators and altimeters 7737
Life rafts and life preservers 7737
Economic regulations:
Accounts, records and reports; forms of reports of financial and operating statistics:
Air carriers holding certificates of public convenience and necessity; proposed 6814
Air freight forwarders; redesignation 6905
Alaskan air carriers; proposed 6814
Irregular air carriers and noncertificated cargo carriers; redesignation 6905
Waivers, modification, and interpretation; deletion 6905
Certificates of public convenience and necessity; terms, conditions and limitations of certificates authorizing interstate and overseas air transportation, proposed 6815
Classifications and exemptions:
Air freight forwarders; correction 6314
Applications for exemptions; notice of application, proposed 7788
Irregular air carriers:
Interpretation and illustrative examples of "Irregular" air transportation 7769
Proposed rule making 7785
Designation of subchapter 7861
Foreign air carriers, application for permits; transportation of persons, property, and mail between countries:
United States and Brazil 7387
United States and Latin America (Guatemala City-Los Angeles/San Francisco) 7313
Free and reduced-rate transportation; free travel for postal employees 6905
Mail, transportation and services:
By foreign air carriers. *See* Foreign air carriers.
Rates, facilities, etc.; notice of hearing 5814, 6066, 6110, 6593, 7455, 7685

COMMODITY CREDIT CORPORATION:
Debt settlement:
Delegation of authority — 6903
Redesignation — 6903
Loans, purchases, etc.; amendments prior to redesignation of chapter and parts:
Loan programs:
See also Loan and purchase agreement programs.
Cotton, 1948, loan instructions:
Advance loans — 6757, 8125
American-Egyptian cotton — 6075
Custodial offices; location and district served — 6345
Definitions; eligible cotton, and approved lending agency — 6345
Farm storage loans — 6346
Loans on bills of lading — 6347
Repayments; forms for — 6345
Schedule of base loan rates by counties for farm stored cotton — 6346
Time and manner of tendering loans; forms — 6345
Tobacco, 1948; advances to growers:
Burley, type 31 — 6311
Dark air-cured, types 35, 36 — 6140
Fire-cured:
Kentucky and Tennessee, types 22, 23, 24 — 6140
Virginia, type 21 — 6140
Sun-cured; Virginia, type 37 — 6140
Loan and purchase agreement programs:
Barley, 1948; purchase agreements — 6719
Beans (dry edible), 1948:
Loans and purchases, availability of:
Kansas — 6348
Oregon — 8175
Quantity under loan, determination of — 6348
Rates; loan and settlement — 6348, 8176
Storage, eligible; farm storage — 8176
Corn, 1948:
Forms, aproved; warehouse receipts — 6529
Loans and purchase agreements, availability of; purchase agreements — 5899
Maturity and satisfaction; purchase agreements — 5899
Rates, loan and purchase; State and county — 6227, 8175
Grain sorghums, 1948:
Loans:
Availability of; from time of harvest through February 28, 1949 — 5807
Forms, approved; State or documentary stamps affixed thereto, where required by law — 5807
Rates, schedule of; county loan rates — 5807, 6948
Purchase agreements:
Availability of; from time of harvest through February 28, 1949 — 5807
Purchase price — 6719
Rye, 1948; rates for loans and purchases:
County rates; additional counties and rates — 7291
Terminal market rate; Milwaukee, Wis — 7291
Seed:
Alfalfa seed, 1948 — 5695
Winter cover crop (hairy vetch, crimson clover, etc.), 1948; purchase agreements — 7797

TITLE 14—CIVIL AVIATION—Continued
Chapter I—Civil Aeronautics Board—Continued
Part 40—Air carrier operating certification—Continued
40.291 ---- [2127], 3459
40.4–40.46 ---- [3199] [8215]
Part 41—Certification and operation rules for scheduled air carrier operations outside continental limits of the United States:
Proposed rule making ---- 155, 1286, 3097, 3133, 3321, 3322, 4576, 5347, 6085, 6217.
Uncodified special regulations ---- 473, 747, 2413, 4498, 5147, 5908, 6537
41.000 ---- 6554
41.20 ---- 1898, [6537]
41.22 ---- 7737
41.24 ---- 1827, 3781
41.25 ---- [576], 7737
41.26 ---- 747
41.29 ---- 2159, 2792
41.309 ---- 2158, 5909
41.310 ---- 2159, 5909
41.320 ---- 2159, 5909
41.330 ---- 2159, 5909
41.500 ---- 4252
41.508 ---- 2127, 3460
41.509 ---- 2128, 3460
41.510 ---- 5808, 5858
41.511 ---- 5808, 5858
41.99 ---- 5909
Part 42—Nonscheduled air carrier certification and operation rules:
Proposed rule making ---- 155, 810, 3133, 3322, 3464, 4157, 4576, 5347.
Uncodified special regulations ---- 473, 4498, 5147, 6537
42.10 ---- 1899, [6537]
42.12 ---- 7737
42.13 ---- [576], 7737
42.14 ---- 2159, 2792
42.341 ---- [1423]
42.342 ---- [1423]
42.35–42.351 ---- 589
42.42 ---- 4252
Part 43—General operation rules:
Proposed rule making ---- 690, 1365, 2232, 2715, 3133, 6300
43.1010 ---- 474
43.102 ---- 2966, 7659
43.24 ---- 474
43.30 ---- [576], 2966, 7737
43.412 ---- 3782
Part 45—Commercial operator certification and operation rules:
Proposed rule making ---- 3473
Part 49—Transportation of explosives and other dangerous articles:
Proposed rule making ---- 6582
49.2 ---- 1087
Part 51—Ground instructor rating:
Proposed rule making ---- 1198
51.1 ---- 4315
Part 52—Repair station rating:
Proposed rule making ---- 4900
Part 53—Mechanic school rating:
Proposed rule making ---- 1955

TITLE 14—CIVIL AVIATION—Continued
Chapter I—Civil Aeronautics Board—Continued
Part 301—Organization, delegations of authority, and public information [*discontinued*] ---- 7861
Amendments listed only in Index.
Part 302—Description of functions; course and method by which functions are channeled; scope and contents of documents [*discontinued*] ---- 7861
Part 303—Substantive rules [*discontinued*] ---- 7861
Chapter II—Civil Aeronautics Administration, Department of Commerce:
Part 400—Organization of the Civil Aeronautics Administration [*discontinued*] ---- 9319
Part 405—Procedure of the Civil Aeronautics Administration:
See also Part 651.
Proposed rule making ---- 4199
405.51–405.53 ---- 5309
Part 406—Rules of practice governing proceedings to alter, amend, or modify certificates:
Redesignation of former Part 652 ---- 3047
Part 450—Inter-American aviation training grants:
See Part 690.
Part 503—Recordation of aircraft ownership:
Proposed rule making ---- 4200
503.1–503.3 ---- 5310
Part 504—Recordation of encumbrances against specifically identified aircraft engines:
Proposed rule making ---- 4200
504.1–504.3 ---- 5311
Part 505—Recordation of encumbrances against aircraft engines, propellers, appliances, or spare parts:
Proposed rule making ---- 4201
505.1–503.3 ---- 5311
Part 510—General regulations of Washington National Airport:
Redesignation as Part 570 ---- 3047
Part 511—Aeronautical rules for the Washington National Airport:
Redesignation as Part 571 ---- 3047
Part 525—Notice of construction or alteration of structures on or near civil airways:
Proposed rule making ---- 619
Redesignation as Part 625 ---- 3047
Part 531—Seizure of aircraft:
Proposed rule making ---- 7718
Part 532—Reproduction and dissemination of current examination materials:
Redesignation as Part 635 ---- 3047

TITLE 14—CIVIL AVIATION—Continued
Chapter II—Civil Aeronautics Administration, Department of Commerce—Con.
Part 533—Use of Civil Aeronautics Administration War Training Service insignia or emblems:
Revocation ---- 3047
Part 550—Federal aid to public agencies for development of public airports:
Revision:
550.1–550.10 ---- 1398
550.1 ---- 7705
550.2 ---- 7705
550.4 ---- 6500, 7705
550.6 ---- 7705
550.7 ---- 2338, 2339
550.9 ---- 2339
Appendix B ---- 2339
Appendix D ---- 2339, 2565
Appendix E ---- 2340
Appendix F ---- 2341
Appendix G ---- 2338, 3179
Appendix H ---- 2341
Appendix I ---- 2343
Appendix K ---- 2338, 3180
Appendix L ---- 2344
Appendix M ---- 2338, 3181
Appendix N ---- 2338, 3182
Prior to revision:
550.18 ---- 1159
Part 555—Acquisition by public agencies for public airport purposes of lands owned or controlled by the United States:
555.5 ---- 1792
555.11 ---- 1792
Part 560—Requests for reimbursement for the cost of necessary rehabilitation or repair of public airports substantially damaged by Federal agencies:
560.1–560.15 ---- 6144
Part 570—General regulations of Washington National Airport:
Redesignation of former Part 510 ---- 3047
570.28 ---- 8736
Part 571—Aeronautical rules for the Washington National Airport:
Redesignation of former Part 511 ---- 3047
Part 600—Designation of civil airways:
600.4 ---- 1224, 1225, 1226, 1227, 2255, 2256, 2257, 2648, 2649, 3579, 3580, 4728, 4729, 4730, 5656, 6045, 6147, 7297, 7298, 7399, 8603, 8604
Part 601—Designation of control areas, control zones, and reporting points:
601.4 ---- 1227, 1228, 1229, 2257, 2258, 2259, 2649, 3580, 3813, 4731, 5657, 6045, 6147, 7298, 7400, 8604, 8605, 8606
601.8 ---- 1229, 1230, 1231, 1232, 2259, 2260, 2650, 3581, 4035, 4731, 5657, 5658, 7298, 8606, 8607
601.9 ---- 1232, 1233, 2260, 2261, 2650, 3581, 3582, 4731, 4732, 5036, 5658, 6045, 6147, 7299, 7400, 8607, 8608

TITLE 14—CIVIL AVIATION—Continued
Chapter II—Civil Aeronautics Administration, Department of Commerce—Con.
Part 602—Inter-American aviation training scholarships:
Revocation ---- 2740
Part 609—Standard instrument approach procedures:
Revision of part:
609.1–609.3 ---- 1423
609.1 ---- 5312
609.2 ---- 5312
Prior to revision:
609.1 ---- 321
Part 610—IFR altitude minimums:
610.1 ---- 1827
610.2 ---- 1829
610.3 ---- 1829
610.4 ---- 1629
Part 615—"Hours of darkness" in Alaska:
Supersedure by 60.113 ---- 3228
Prior to supersedure:
615.1–615.3 ---- 196
Part 625—Notice of construction or alteration of structures on or near civil airways:
Redesignation of former Part 525 ---- 3047
625.0–625.2 ---- 3516
Part 635—Reproduction and dissemination of current examination material:
Redesignation of former Part 532 ---- 3047
Part 650—Organization of the Civil Aeronautics Administration [*discontinued*] ---- 3047, 9319
Amendments listed only in Index.
Part 651—Procedure of the Civil Aeronautics Administration:
Redesignation as Part 405 ---- 3047
Prior to redesignation:
651.2 ---- 3016
Part 652—Rules of practice governing proceedings under section 609 of the Civil Aeronautics Act of 1938, as amended, to alter, amend, or modify certificates issued by the Administrator:
Redesignation as Part 406 ---- 3047
Part 690—Inter-American aviation training grants:
Redesignation as Part 450 ---- 3047
Prior to redesignation:
690.1–690.8 ---- 2740
Part 701—Smoke detectors:
Supersedure by 04a.07 ---- 3861
Part 910—Proving flights and tests for scheduled air carriers:
Supersedure by 40.291 and 61.791 ---- 3460
Prior to supersedure:
910.1–910.6 ---- 2129

TITLE 33—NAVIGATION AND NAVIGABLE WATERS—Con.
Chapter V—Coast and Geodetic Survey, Department of Commerce—Continued
Part 503—Payment to participants in the training program of the United States Coast and Geodetic Survey under the Philippine Rehabilitation Act of 1946:
Transfer from T. 15 6631
Part 510—Organization and functions [*discontinued*] 7404
Part 511—Methods of operation and information available [*discontinued*] 7404
Part 520—Training grants in geodetic surveying, map and chart production and hydrographic surveying for citizens from other American republics:
Redesignation as Part 501 7404
Prior to redesignation:
520.1–520.7 2752

TITLE 34—NATIONAL MILITARY ESTABLISHMENT:
Redesignation of title 5006

NOTE: In order to group under a single title the rules and regulations issued by the Secretary of Defense and those issued by all components of the National Military Establishment, Title 34—Navy was redesignated Title 34—National Military Establishment, and the regulations appearing therein were transferred to Chapter VI of the redesignated title.

The regulations of the Navy Department were revised and renumbered under Chapter VI. Amendments issued prior to the revision are carried as originally numbered at the end of Chapter VI under the italic headnote "Prior to revision."

Subtitle A—Secretary of Defense:
Assignment of subtitle 5006
Incorporation of Renegotiation Act of 1948 in contracts for procurement of aircraft and aircraft parts 8640
Part 70—Standards for discharge under the Selective Service Act of 1948:
70.1–70.18 5879
Part 71—Organized unit and satisfactory participation therein defined:
71.1–71.2 5881
Part 73—Induction standards:
73.1–73.3 5938
Chapter I—Munitions Board:
Assignment of chapter 5006
Chapter II—Research and Development Board:
Assignment of chapter 5006

Page

TITLE 34—NATIONAL MILITARY ESTABLISHMENT—Con.
Chapter III—Joint Chiefs of Staff:
Assignment of chapter 5006
Chapter IV—Joint Regulations of the Armed Forces:
Assignment of chapter 5006
Incorporation of Renegotiation Act of 1948 in contracts for procurement of aircraft and aircraft parts 8640

NOTE: Parts 400–405 appear as Parts 851–856 of Title 10. For transfer to Title 34 see 13 F. R. 7345.

Part 400—General provisions:
400.100–400.404 3075
Part 401—Procurement by formal advertising:
401.000–401.505–3 3078
Part 402—Procurement by negotiation:
402.000–402.505 3081
Part 404—Interdepartmental procurement:
404.000–404.402 4916
Part 403—Coordinated procurement:
403.000–403.305 4914
Part 405—Foreign purchases:
405.000–405.304 4917
Parts 421–430—Military renegotiation regulations:
Assignment of subchapter 8640
Part 421—Authority and organization for renegotiation:
421.101–421.143 8641
Part 422—Procedure for renegotiation:
422.201–422.266 8644
Chapter V—Department of the Army:

NOTE: Amendments issued prior to the transfer of this material from Title 10 are listed in small type under their former numbers. The list appears under the italic heading "Prior to revision and transfer," and follows Part 633.

Assignment of chapter 5006
Amendment of joint procurement regulations 8219
Parts 501–516—Aid of civil authorities and public relations:
Revision and transfer from T. 10, Ch. I 5424
Part 501—Employment of troops in aid of civil authorities:
501.1–501.3 5425
Part 502—Relief assistance:
502.1–502.10 5425
502.11 6722
502.12 7328
Part 503—Arrest and confinement of persons not subject to military law:
503.1 5426
Part 504—Relations with agencies of public contact:
504.1–504.6 5426
